And if any person or persons, having obtained license as aforesaid, shall neglect to provide and keep in complete repair, a good and sufficient boat for the ready and safe conveyance of persons and property across the Ohio river as aforesaid, or to give due attendance at such Ferry, from daylight in the morning until dark in the evening with a sufficient number of hands to work and manage such boat, or shall neglect or refuse, upon the application of any person, at any hour of the day (when the river can be passed,) to convey such person or any property proper to be conveyed in a Ferry boat across the Ohio river as aforesaid, at such Ferry; or shall neglect or refuse, upon application for that purpose, at any hour of the night or day, (when the river can be passed,) without unnecessary delay, to convey the United States Mail or other public express across said river, at such Ferry; every person so offending, upon conviction thereof, before the Mayor, shall, in addition to the penalty aforesaid, for any such offence, forfeit his or their license.

For the Wives and Daughters of America!!

WOMAN, KNOW THYSELF.

The following is the title of a new and peculiarly valuable book, just from the press:—

WOMAN:

Her Diseases and their Treatment.

BY JOHN KING, M. D.,

Professor of Obstetrics and Diseases of Women and Children, in the Eclectic College of Medicine, Cincinnati; Author of the American Eclectic Dispensatory, the American Eclectic Obstetrics, the

AMERICAN PHYSICIAN.

This work was undertaken by the author only at the repeated and urgent solicitation of those who have listened to his lectures for the past six or seven years; and from his own well-grounded convictions that the health and happiness of the whole country demanded a reliable and scientific treatise on the subject. The women of America are far to ignorant of their peculiar organization, and of the diseases to which they are liable; the consequence of which is, that the sex is becoming proverbial for poor health, wretched existence and shortness of life. Physicians cannot remedy this state of things, self-knowledge, on the part of women themselves, in regard to the healthy action of their peculiar functions, the early symtoms of derangement, and the best methods of cure, can alone arrest the fatal tide of female mortality. Let the voice of warning be heeded.

In the composition of the present work, several objects have been held in view, viz:—to give a thorough account of the history, symptoms, causes, etc., of the various diseases referred to, in as condensed a manner as possible, so as to retain it within certain limits, and place it at a price within the reach of every mother and daughter in America; to state fully the treatment pursued in these affections by the most successful practitioners, as well as that which the author adopts in his own practice,—and to accomplish this end in addition to his own views, the most reputable authorities have been carefully examined.

The language of the author is chaste, and yet capable of being understood by any intelligent person.

The text is well illustrated with new and appropriatr engraving, of chaste and inoffensive design.

The volume contains 368 large octavo pages—the print is from clear, new type, and on the best white paper—and is substantially bound. Price, $2,25.

1000 WOMEN WANTED, [gentlemen will not be rejected] to canvass their respective neighborhoods for the sale of the above book, in doing which good wages may be made, and the blessing of health despensed to thousands.

Agents and others will be supplied with copies of the book, prepaid by mail, on receipt of the retail price, $2,25.

AYER'S

Ague Cure,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. *Prevention* is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

ROXBURY, MASS.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kid of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilfull physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in releaving all, and curing most of those diseases to which you are unfortionatly so liable. That most excruciating disease to an affectionate mother.

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household

In the more advanced states of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach, then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the acrimonous fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the duck, pain in the hip joint when you retire, irregularity of the bowls, and also, that most excruciating of diseases, the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this Great and good quality, that it will never under any circumstances, do you any injury.

No change of diet ever necessary—eat the best you get and enough of it.

DIRECTION FOR USE—Adults one table spoonful per day—Children over ten years dessert spoopful—children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, taken sufficient to operate on the bowels twice a day.

Yours truly,
