From the Crisis.

A RUMPUS IN TOPHET.

Come gentle muse and touch a strain,
'Twill echo back the sound again--
On scenes that pass'd we now must dwell,
When old John Brown arrived in Hell,

When Pluto heard old Brown was hung
Old Tophet with Hosannas rung;
For well they knew the lying thief,
Would make for them an honored chief.

Brown to receive they now prepare,
All eager in the joy to share;
Old Satan from his throne came down
And left his seat for Old John Brown.

Not long, indeed, for him they wait,
For soon he thunder'd at the gate.
"Come in," says Pluto, "Quickly come,
You're welcome to your fiery home,"

Three cheers roll'd forth in accents brief
To nail the abolition chief--
Old John chim'd in, and thank the Fates--
He'd safely passed the pearly gates.

While Arnold held him by the hand,
Old Satan took the Speaker's stand--
"Silence," cried he, "Now all sit down,
And hear me welcome brother Brown."

"You're welcome, John, to your reward,
You've cheated Bridde and the Lord--
Though pearly gates wide open flew,
They did not catch my servant true.

As oft you've murdered, lied and stole,
It did rejoice my burning soul;
You've run your length in earth's career,
And we are pleased to see you here.

You'll take your seat at my left hand,
Why I do this you'll understand;
Be not surprised when I tell you,
Old Abraham is coming too.

There on my right, that vacant chair,
Long since for him I did prepare--
And soon I know that he will come--
His earthly race is almost run.

John at my left. Abe at my right,
We'll give the heavenly hosts a fight;
A triune group we then shall be,
Yea, three in one and one in three.

Abe's Cabinet, 'tis very true,
Will soon knock here as loud as you--
In short the negrodizing clan,
Are traveling here unto a man.

I shall protest' most long and loud,
'Gainst taking in the motley crowd--
For well I know they'd me dethrone,
And swear that Tophet was the Union.

Let Sumner, Stevens and their host,
When they on earth give up their ghost--
Unto a lower hell appear;
We have no room for them up here.

The Clergy, too, I much do fear,
Attractions' laws will draw them here--
Their earthly teachings--though it tell,
Are doctrines long since preached in hell.

They, too, must find a lower home,
For hither sure they shall not come --
We are crowded now in every spot,
Save here and there a vacant lot.

These I've reserved through all our fights,
For those who have pre-emption rights;
That corner lot's for Buckstone Tod,
A renegade accursed of God.

The traitor here from his own place,
Can view the Scenes at Fortress Chase--
Laugh at the woes of his old friends,
Till his curs'd life in horror ends.

There's other traitors I could tell,
They are too m an to come to hell--
So let each go and hunt his hole,
For green backs here wont pay their toll.

And now. O! John, on earth oppress'd,
You are with us a welcome guest;
On earth you played our part full well,
So with us forever dwell."

P. GRIMES.

Wisdom and Pleasantries.

An officer of the Maine 25th, observing a soldier belonging to a regiment encamped near by, industriously scrateing himself, interrogated thus: "What's the matter, my man—fleas?" "Fleas!" said he, in a tone of unutterable scorn, "do you think I am a dog—no, sir, them is lice.

We once heard a Vermonter express his opinion of a person in the following style of classics; "I could take," said he "the little end of nothing, whittle it down to a point, punch out the pith of a horse hair, and put in it forty thousand such souls as his, shake them up, and *they'd rattle!*

A New York lawyer thus defines transcendentalism:—"It is two holes in a sand bank—a storm washes away the sand bank without disturbing the holes."

The past is God's, the future is thine—improve it well by repentance.

"My deceased uncle," says a humorous writer, was the most polite gentleman in the world. He was making a voyage on the Danube, and the boat sunk. My uncle was just on the point drowning. He got his head above the water for once, took off his hat, and said, 'Ladies and gentlemen, will you please excuse me?' and down he went."

Many a philosopher who thought he had an exact knowledge of the whole human race, has been miserably cheated in the choice of a wife.

A crusty old bachelor says that Adam's wife was called Eve because, when she appeared, man's day of happiness was drawing to a close.

Little girls believe in a man in the moon; young ladys believe in a man in the honeymoon.

People always express a great deal of sympathy for women who are unhappily married; but how about those who are unhappily single?

It is proposed to pass in Massachusetts a statute of limitation against the early marriage of army widows. Several who have gone off in new bonds of wedlock, are perplexed by hearing that their patriot husbands "still live."

Why is an owl in the day time like the President? Because he is always *a blinkin.*

The Petersburg *Express* boasts that a rebel sharp-shooter named Jay shot four Yankees in one skirmish. He must be a poppin Jay.

During the past three years there was received at San Francisco forty-three millions of dollars in gold. This amount of the precious metal would weigh a hundred tons, and would make the freight of a train of fourteen cars on a railroad.

The editor of the Woonsocket *Patriot* makes merry over the mistakes of a Shanghai hen of his, that had been sitting for five weeks upon—two round stones and a piece of brick! "Her anxiety," quoth he, "is no greater than ours to knw what she will hatch. It it proves a brick-yard—that hen is not for sale."

Waggs went to the station of one of our railroads the other evening, and finding the best car full, said in a loud tone, "wy this carriage isn't going!" Of course this caused a general stampede, and Waggs took the best seat. The train soon moved off, and in the midst of the excitement Waggs was questioned: "You said this carriage wasn't going?" "Well, it wasn't then," replied Waggs, "but 'tis now." The "sold" laughed, but Waggs came rather near a good thrashing.

A Dutchman was summoned in court to identify a stolen hog. On being asked if the hog had any ear-marks, he replied:

"Te only ear-mark dat I saw vas his tail vas out off."

The Early Physical Degeneracy
OF THE
AMERICAN PEOPLE.

JUST PUBLISHED, by Dr. A. STONE,

PHYSICIAN TO THE TROY LUNG AND HYGIENIC INSTITUTE,

A Treatise on the Causes of Early Physical Decline of American People: the cause of Nervous Debility, Consumption and Marasmus.

"THIS work is one of high, moral tone, written in chaste, yet thrilling language, and appeals directly to the moral consciousness of ALL PARENTS and Guardians especially, detailing scientific and reliable advice and treatment for cure.

It will be sent by mail on the receipt of two (2) cent Stamps.

☞ Parents and Guardians! Fail not to send and obtain this book.

☞ Young men! Fail not to send and get this book.

☞ Ladies! You too should at once obtain a copy of this book.

A WORD OF KOMPK CONSCIENTIOUS ADVICE TO THOSE WHO WILL REFLECT.

A class of maladies prevail to a fearful extent in the community, dooming at least 100,000 youth of both sexes annually to an early grave. Those diseases are very imperfectly understood. Their external manifestation, or symptoms, are Nervous Debility, Relaxation and Exhaustion; Marasmus or wasting and consumption of the tissues of the whole body; shortness of breathing or hurried breathing on ascending a hill or flight of stairs; great palpitation of the Heart; Asthma, Bronchitis and sore Throat; shaking of the Hands and Limbs; aversion to society and business or study; dimness of the Eye sight, loss of Memory, dizziness of the Head, Neuralgia, Pain in various parts of the body; Pain in the back or loins, Lumbago, Dyspepsia or Indigestion, irregularity of the bowels, deranged secretions of the Kidneys and other glands of the body, as Leucorrhœa or Fluor Albus, &c. In extreme Epilepsy, Hysteria and Nervous Spasms.

Now in ninety nine cases out of every one hundred all of the above disorders, and a host of others not named, as Consumption of the Lungs, and that most insidious and silly form of Consumption of the Spinal Nerves known as Tabes Dorsalis, and Tabes Mesenteria, have their seat and origin in diseases of the Pelvic Viscera. Hence the want of success on the part of old school practice in treating symptoms only.

Dr. Andrew Stone, Physician to the Troy Lung and Hygienic Institution is now engaged in treating this class of maladies successfully with the most astonishing success. The treatment adopted by the Institution is new; it is based upon scientific principles, with new discovered remedies, without minerals or poisons. The facilities of cure are such that patients can be cured at their home, in any part of the country, from accurate descriptions of their case by letter; and have the medicines sent by mail or express. Printed interrogatories will be sent to those who make application.

Consumption, Catarrh and diseases of the throat cured at the house of the patient as at the Institution, by sending the Cold Medicated Inhaling Balsamic Vapors, with inhaler and simple directions for their use, and direct respondence.

☞ Patients applying for interrogatories or advice, must enclose return stamps to insure attention.

☞ The attending Physician will be found at the Institution for consultation, from 9 a. m. to 9 p. m, each day. Sunday in the forenoon.

Address, DR. ANDREW STONE,
Physician to the Troy Lung and Hygienic Institute, and Physician for Diseases of the Heart, Throat and Lungs 96 Fifth str., Troy, New York. [o32y1]

Goodrich Sugar Evaporator.

Patented March 12th, 1861.

GOODRICH SUGAR EVAPORATOR IS CHEAP AND durable; is operated with little fuel; with little labor and in the hands of the experienced, operating with certainty and dispatch. The past success of the Evaporator establishes its reliability beyond all question. Based upon a natural law by which self skimming and self straining are combined with the process of boiling. It frees the syrup from all gross and foreign substances, at the same time depositing the gluten upon the cool surface of the condenser. The syrup has freed and purified gradually becomes sugar. Large manufacture of syrup made on this Evaporator last year having crystallized without any other process.

GOOD ADVICE.

"THE MAN WHO SOLD RECEIPTS to skin eels advised his customers to 'first catch thee eel.' So we advise the public first to come to the Book Store for what you want in your line, and if, afterward you prefer going elsewhere, you can take the amendment to yourself, that the eel did, after undergoing the skinning process, that, "it didn't hurt so much later you got used to it."" n28mg

The peculiarity of the

Blood Purifier and Pills

is that they strike at the root of Disease, by eradicating every particle of impurity

In the Blood,

for the life and health of the body depends upon the purity of the blood.

If the blood is poisoned, the body drags out a miserable existence. These medicines

Are Unequaled

for curing

Scrofula, Syphilis, Skin Diseases, Old Sores, Salt Rheum, Rheumatism, Dyspepsia, Sick Headache, Liver Complaint, Fever and Ague, Leucorrhœa, Female Complaints, Erysipelas, St. Anthony's Fire, Tumors, Eruptions, Fits, Scrofulous Consumption, etc.

ONE person writes, her daughter was cured of fits of nine years' standing, and St Vitus' dance of two years.

ANOTHER writes, his son was cured after his flesh had almost wasted away.

The doctors pronounced the case incurable.

ANOTHER was cured of Fever and Ague after trying every medicine in his reach.

ANOTHER was cured of Fever Sore which had existed fourteen years.

ANOTHER of Rheumatism of eight years.

Cases innumerable of Dyspepsia and Liver Complaint could be mentioned in which the Purifier and Pills

Work like a Charm.

The Blood Pills

are the most active and thorough pills that have ever been introduced.

They act so directly upon the Liver, exciting that organ to such an extent as that the system does not relapse into its former condition, which is too apt to be the case with simply a purgative pill.

They are really a

Blood and Liver Pill,

which, in conjunction with the

Blood Purifier,

will cure all the aforementioned diseases, and, of themselves, will relieve and cure

Headache, Costiveness, Colic Pains, Cholera Morbus, Indigestion, Pain in the Bowels, Dizziness, etc.

Try these medicines, and you will never regret it.

Ask your neighbors, who have used them, and they will say they are

Good Medicines,

and you should try them before going for a physician.

Get a Pamphlet or Almanac of my local agent, and read the certificates, and if you have ever doubted you will

Doubt no more.

As a proof that the Blood Purifier and Pills are purely vegetable, I have the certificates of those eminent chemists, Professors Chilton of N. Y., and Locke of Cincinnati.

Read Dr. Roback's Special Notices and Certificates published in a conspicuous part of this Paper from time to time.

Price of the Scandinavian Vegetable Blood Purifier, $1 per bottle, or $7 per half dozen. Of the Scandinavian Vegetable Blood Pills, 25 cents per box, or 5 boxes for $1.

AYER'S
Sarsaparilla
FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Stain of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. R. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration of the uterus.* The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *cancrous tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting,
