STOCK EXCHANGE IS SUSTAINED BY METAL SHARES

Inquiry for Coppers Incessant; Chino Scores Another Sharp Advance; Specialties Are Erratic, Bethlehem Lower.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

New York, Nov. 5.—Metal shares were the chief sustaining influence of today's market, other parts of the stock list showing an irregular or heavy trend. The inquiry for coppers was incessant, trading in that group attaining large proportions, with new records for Anaconda, which added a point to its recent rise at 87, Chino, 1⅛ at 55⅛, and Utah 2⅛ at 75⅝. Other coppers, including American Smelting, rose 1 to 3 points.

Specialties, more particularly those in the so-called war classes, were again erratic. Bethlehem Steel fluctuated within a narrow range and closed at 425, a loss of 5 points. United States Steel, which was less active relatively, though leading all other favorites, broke 1⅛ to 86⅛, and closed without recovery.

Railway shares were under greater pressure, their gains of the early week inducing further realizing sales. Canadian Pacific fell 2⅝ to 145, and Atchison, Union Pacific, Southern Pacific, New York Central and New Haven yielded ½ to over 2 points.

Sterling exchange was a trifle lower and the assurances respecting new London credits were helpful in imparting a stronger tone later. Total sales, par value, aggregated $7,040,000.

United States bonds were unchanged on call.

Closing prices:

Total sales, 980,000 shares.

CHICAGO BOARD OF TRADE.

Chicago, Nov. 5.—Signs of much enlarged receipts here next week brought about a setback in wheat values today after the market had reached a level 10c above the low point of October 25. The finish was heavy, at ⅞@⅞c to ⅝c net decline, with December at $1.04⅞@1.04⅝, and May at $1.07⅝. Corn closed ¼@⅜c up; oats with a gain of a shade, and provisions unchanged to 10c higher.

The export clearances today amounted to 3,474,000 bushels, the largest total in months.

Announcement from Liverpool that arrangements for uninterrupted shipment of supplies from Russia all winter had been effected by the completion of a railroad to a new port called Ekaterina did not appear to have much influence on the market.

Corn advanced in sympathy with wheat and owing to prospects of unsettled weather and to talk of export sales by way of the Gulf of Mexico. Disappointing returns from huskers were numerous. Oats kept within a narrow range. Packers' buying rallied provisions. At first, the market was weak because of lack of support.

Closing prices:

Wheat—Dec., $1.04⅝; May, $1.07⅝.
Corn—Dec., 60⅞c; May, 64⅞c.
Oats—Dec., 38⅝c; May, 39½c.
Pork—Dec., $14.25; Jan., $16.32.
Lard—Jan., $9.02; May, $9.20.
Ribs—Jan., $8.92; May, $9.15.

BRADSTREET'S REVIEW.

New York, Nov. 5.—Bradstreet's tomorrow will say:

Two features loom large in this week's reports, the ever-widening activity of trade and the increased momentum attained in many industries. One of these grow over-time in factory, mill and shop; progressive improvement in industries almost wholly dependent on domestic wants; large pay rolls; sustained, if not increased, demand upon jobbers and wholesale dealers; more confident futures buying accompanied, however, by urgent calls for goods already ordered, and, although mild weather has prevented retail trade in the cities from running in full course, much of the slack in this respect has been taken by increased buying in various country districts. Apparently pessimism has been altogether unseated, activity in the stock market continues, money is plethoric, legitimate demand is being supplied, at easy rates, collections are freer, railway traffic east and northwest is of record proportions, the grain movement from the leading producing states has reached a new high water mark, production of pig iron is the largest in the history of the country, prices for iron and steel continue on an ascending scale and railway buying indicates pressure to get orders booked. Weekly bank clearings, $4,482,962,000.

BOSTON WOOL.

Boston, Nov. 5.—The Commercial Bulletin will say tomorrow:

There has been a respectable volume of trade during the week and prices are very firm with the tendency higher.

Chamberlain's Tablets.

This is a medicine intended especially for stomach troubles, biliousness and constipation. It is meeting with much success and rapidly gaining in favor and popularity. Obtainable everywhere.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.
