SATURDAY, July 28—P. M.

Gold closes at 150.

The exports of specie for the week has been per Pereiere, $300,000; per City of Paris, $135,233; per Allemania, $79,222; per City of Limerick, $43,608; per Hermann, $33,300. The total is $1,515,447.

Government stocks continue in demand at full prices, and no large amounts of 7.3ds could be had at the quotations. State stocks are steady, and bank shares hard to get, except in small lots. The miscellaneous share list is stronger, and there is an increase of outside orders. Mariposa preferred is in request, and not offered in large amounts. The Railway share market is firm, and there is an increasing disposition to buy for a rise. Operators argue that they are full of a full supply of money at low rates, and that the roads are, from the crops, sure to have business enough to keep all their rolling stock in use, and yield an aggregate of earnings largely exceeding the traffic of 1865. The Western roads are favorites with buyers, and among them North-Western shares are prominent. Erie is neglected, and for a non-dividend paying concern is selling high. After the call the market was steady, but, as usual on Saturday afternoons, the business was limited. The last prices were, Canton Co., 52¼@53; Cumberland Coal Co. Preferred, 46@46½; Quicksilver Mining Co., 50@50½; Mariposa Mining Co., 12@12½; do. Preferred, 26½@26¾; New-York Central Railroad, 104½@104¾; Erie Railway, 64¼@64½; do. Preferred, 74; Hudson River, 119¼@119¾; Reading Railroad, 110¾; Michigan Central Railroad, 109¾; Michigan Southern and Northern Indiana Railroad, 84; Illinois Central Railroad, 121½; Cleveland and Pittsburgh Railroad, 86@86½; Chicago and North-Western Railroad, 36@36½; do. Preferred, 65¼@65¾; Cleveland and Toledo Railroad, 114@114½; Chicago and Rock Island Railroad, 100¾@101; Chicago, Burlington and Quincy Railroad, 124; Pittsburgh, Fort Wayne and Chicago Railroad 101½@101¾.

Money is abundant at 4@5 per cent, and banks and their depositors are alike ready to lend at low rates. Large sums are offered for stated periods at low rates without success. In commercial paper little doing. The rates are 5@6½ for prime to good, and 7 for fair. The flow of currency is still toward the Atlantic cities, and no borrower of reasonable credit here goes unsupplied. The abundance of capital is stimulating new speculative enterprises, and August and September promise to restore Wall-st. to its usual activity in the way of bubbles.

Foreign exchange closed dull and inactive for the steamer. Bills at 60 days on London are quoted at 107@108 for Commercial; 108¼@108¾ for Bankers'; do. at short sight, 109½@110¼; Paris at 60 days, 5.20@5.13¾; do. at short sight, 5.13¾@5.10; Antwerp, 5.17½@5.15; Swiss, 5.17½@5.15; Hamburg, 36½@37½; Amsterdam, 40@41; Frankfort, 42½@43; Bremen, 77½@79; Prussian Thalers, 73@74.

Freights are dull. The engagements to London per steamer, are 30,000 bush. Oats at 5d. A bark was chartered to London with Petroleum, at 5s.

The business of the Sub-Treasury was: Receipts, $1,780,002 79—for Customs, $454,000; Payments, $1,894,756 80; Balance, $85,904,202 83;—Gold Notes, $400,000.

A telegraphic statement from Washington, relative to the sale of railroads and railroad stocks in Southern States by the Quartermaster General, says that the amount of such sales for cash was $3,403,402 22, and for credit $7,418,922 30. Gen. McCullam says that the greater portion of this property had been on hand and in use a long time, and though the prices obtained were below the cost, with some exceptions they were believed to be very favorable to the Government. The sales on credit were better than those for cash. In order to secure the payment for sales on credit, companies purchasing were required to give bonds in double the amount of property transferred to them. These bonds are all on file in the War Department. They give the Government a lien upon the property and require prompt payments of all instalments of purchase money. A great number of companies have failed to comply strictly with their bonds, but owing to the prostrate condition of the roads and the expense of repairing them, it is believed that they are actually unable to meet their obligations. It is thought that an attempt to enforce immediate payment would arrest the operation of the roads and defeat the very purpose had in view in making credit sales. The roads all manifest a willingness to meet their engagements, and a large proportion of the payments already made have been cash. All moneys accruing to their credit for transportation of troops, supplies and the mails, are stopped against them and applied in liquidation of their indebtedness, and it is confidently believed that in this manner the whole amount will ultimately be secured.

The Chicago and North-Western Railroad Company will pay on presentation the August coupons of the following bonds: Preferred Sinking Fund, General First Mortgage, Appleton Extension, Green Bay Extension, Consolidated Sinking Fund, Galena and Chicago Union First Mortgage.

The Chicago and North-Western Railroad Company earned for the first six months of

N. Y. Wholesale Prices of Country Produce.

FOR THE WEEK ENDING July 28, 1866.

(Expressly for THE N. Y. TRIBUNE by our own Reporter.)

The following are the current rates of articles in good condition, as sold by commission houses at wholesale. Shippers receive 5 to 10 ₱ cent less, deducted for commissions beside freight and other charges. Parties receiving produce to sell, often with the request that immediate returns be made, cannot always obtain the prices which transient buyers have to pay. Our figures are intended more for the farmer than the merchant, and we prefer not to disappoint by giving the outside prices of very choice articles.

BEANS AND PEAS.

These are quiet at low prices for all except prime. A small lot superior mediums was sold at $2. We quote:	
Beans, pea, prime, ₱ bush	$2 10@$2 25
Beans, medium prime, ₱ bush	1 50@ 1 75
Beans, kidney ₱ bush., prime	2 45@ 2 55
Beans, marrow, prime	2 50@ 2 60
Beans, marrow, hand-picked or screened	2 60@ 2 75
Beans, inferior	1 00@ 1 25
Peas, Canadian, ₱ bush	1 25@ 1 38

BUTTER.

There is very little change in butter with a weak feeling pervading the market. It takes a good line of Western Reserve to bring 33c., though 34c. is occasionally reached, and some fine is held for 35c. Buyers generally get good Western for about 30c., and very little State will go above 38c., save the river pails. Trade is quiet with no appreciable outlet, the California market being full. Low grade Western is piling up and quite likely the market will first give way on this, followed by a better grade. Dealers are not anticipating much change for a few weeks when the Fall receipts coming in freely are expected to reduce quotations. We quote:

State, prime, ₱ lb	38@39
State medium, ₱ lb	32@37
Orange Co. and Up River pails, ₱ lb	40@45
Western Reserve, Fine	31@33

Chicago, Wisconsin, &c., ₱ lb	27@30
Pennsylvania tubs and pails	30@35
State tubs, Welsh	35@38

CHEESE.

With a further decline in Europe shippers are not anxious buyers to-day. Prices are unchanged here, choice Factory bringing 19c.; in some instances fancy cheese a little more. Common, heated, and skimmed cheese are selling very slowly. Dealers complain of the very little good farm dairy cheese now coming forward. We quote:

English Dairy skimmed, poor, ₱ lb	7@14
English Dairy, fine, ₱ lb	17@18
Factory, fair to good State, ₱ lb	17@18
Factory, prime, ₱ lb	18@19
Factory, Ohio ₱ lb	16@17
Farm Dairy, prime State	16@17
Ordinary to good State, ₱ lb	10@15
White, skimmed, ₱ lb	5@10
Vermont Dairy, ₱ lb	16@17
Pineapple, new, ₱ lb	20@25

EGGS.

With fair receipts and a moderate demand eggs are lower; very few of single bbls. even selling for more than 29c. Some lots are arriving from Norwalk. Western are selling at 22@27c. at the mark, and good State at 28c. We quote:

New-Jersey and Pennsylvania fresh, ₱ doz	29
State, good marks	26@29
Western, and Canada ₱ doz., good order	25@28
Egg Oats ₱ bush, good	42@52

FRUITS AND BERRIES.

Tuesday, the 24th, saw a rush of blackberries and a giving way in prices. The market broke down nearly one-half, leaving berries selling in the afternoon to preserve them at 12@16c. per quart. They are bringing, generally, 20@25c. to-day, though a few sold for 30c. this morning; but many late arrivals detained on the Delaware and Raritan Bay Railroad, had to be sold at 10@12c. this p. m. to the preserve men. Whortleberries, too, have had a heavy load, and canning men have come forward to relieve the market, which is still glutted. The best brought $5 this morning, mostly in quart boxes. Fair berries are selling in bulk this afternoon at $3 50, and some poor were offered at $1. Apples and pears, common fruit, are plenty. A few Delaware and Maryland peaches have been received, some of which sold as high as $5 per crate, or $4 per basket, but are now worth $4@$6 per crate. Fine Sweet Bough and Early Harvest apples will bring $5 per bbl. We quote:

Apples, good, ₱ bbl	$3 00@ 4 50

LIVE POULTRY.

After running up to 30@32c. fowls began to arrive more freely, and 25c. is now the top price. Chickens are improving in size and prices. There is still a wide range. We quote:

VEGETABLES.

Potatoes are lower, with heavy receipts from Long Island, N. J. and up the river. Farmers are now clearing their grounds for wheat, and so send in their potatoes as they dig them. Tomatoes and melons are also cheaper. We quote:

Markets—CAREFULLY REPORTED FOR THE N. Y. TRIBUNE.

SATURDAY, July 28, 1866.

ASHES—The market is firm, with a fair business, at $8 37½@$8 50 for Pots, and $15 50@$15 75 for Pearls.

COTTON—The market is very dull, there being no demand except to meet pressing necessities; prices are heavy, and we quote at about 36½@37½c. for Middling Uplands, and do. New-Orleans and Texas, though some holders ask yesterday's figures; sales of 325 bales.

COFFEE—Rio has been in demand, and prices are firmer. Sales of 4,700 bags, ex Orinoko, on private terms. Other kinds are fairly active and steady; sales of 300 pockets Java at 24@25c., and 1,000 bags Laguayra at 17½@18½c., gold.

FLOUR AND MEAL—The market for Western and State Flour is fairly active; the low grades are 5@10c. higher, and the medium and better brands closed firm; owing to the protracted wet weather at the West, holders of Family brands have in some cases withdrawn their Flour from the market; the sales are 7,800 bbls. at $6 20@$7 55 for Superfine State and Western; $7 15@$8 65 for ordinary and common Extra State; $9 05@$9 90 for Fancy State; $7 15@$8 90 for the low grades of Spring Wheat Western Extra; $9 05@$10 for Shipping Ohio; $10 10@$11 40 for trade and family brands of Ohio, Michigan and Indiana, and $10 30@14 50 for St. Louis Extra. Canadian Flour is in fair demand, and prices are well sustained; sales of 150 bbls. at $6 65@$9 75 for the low grades of Extra, and $9 80@$12 25 for Trade and Family brands. Southern Flour is without important change; the business is moderate; sales of 350 bbls. at $9 75@$11 for common to fair Baltimore and Country Extras, and $11 10@$15 25 for Trade and Family brands. Rye Flour is quiet, but firm; sales of 180 bbls. at $6 15@$6 75. Corn Meal is without material change.

GRAIN—At the opening of Change a very firm feeling prevailed for Spring Wheat, and toward the close, under light receipts and the heavy rains at the West, prices advanced 5c. per bush.; we notice a good speculative demand; the sales are 7,000 bush. SEVEN PER CENT FIRST MORTGAGE BONDS of the NORTH MISSOURI RAILROAD COMPANY.—We offer for sale the Seven Per Cent First Mortgage Bonds of the North Missouri Railroad Company, having 20 years to run. Coupons payable in New-York on January 1 and July 1 in each year.

Before accepting the agency for the sales of these bonds, we made careful inquiry into the condition and prospects of the road, which was examined by Mr. Wm. Milnor Roberts and others, on our behalf, and their highly satisfactory report enables us to recommend the bonds as first-class securities, and a safe and judicious investment.

The proceeds of these bonds ($10,000,000 in all) will be used in extending a road already completed 120 miles into North Missouri, to the Iowa State line, where it is to connect with the railroads of Iowa; and also westward to the junction with the Pacific Railroad (at Leavenworth) and other railroads leading up the Missouri River, so that this Mortgage of $6,000,000 will cover a complete and well-stocked road of 380 miles in length, costing at least $16,000,000, with a net annual revenue after the first year of over $1,500,000, or a sum nearly four times beyond the amount needed to pay the interest on these bonds, the income of the road of course increasing every year.

The Railroad connects the great City of St. Louis, with its 200,000 inhabitants, not only with the richest portions of Missouri, but with the States of Kansas and Iowa and the great Pacific Railroad.

To the first applicants we are prepared to sell $300,000 at the low rate of 80 cents, desiring to obtain a better price for the remainder. This will yield about 9 per cent income and adds 20 per cent to principal at maturity.

Any further inquiries will be answered at our office.
