TUESDAY, July 31—P. M.

Gold is higher, closing at 148¾, after selling at 148¼ and 149¼ during the day. A London dispatch of July 30 quoting 5-20s at 68¼, was reported in the street at an early hour, which explains in some degree the firmness in gold. The Aspinwall steamer brings $1,678,000 in treasure.

The Stock market continues firm and advancing, with a larger attendance of operators at the Stock Exchange than has been noticed for a long period. Old 5-20s were ¼ per cent lower under the quotation of 68¼ in London, but that was the only decline noticed in any leading Government security. New 5-20s rose ¼, and for 7.30s there was a good demand at full rates. The small stocks are strong and business in them more widely distributed. Mariposa Preferred sold up to 27¾ and was in demand. The Coal stocks were all steady. For Railway shares there was a good demand. In Erie common shares there was special activity, with sales as high as 77¼. There was a good deal of realizing upon small profits, but for every seller there was a new and confident buyer. Erie Preferred rose 1 per cent, and Michigan Central 1¼. Michigan Southern was firm and taken by strong buyers. Illinois Central rose ¼, Cleveland and Pittsburgh ¼, Rock Island ¼, Burlington and Quincy 1, and Fort Wayne ¼. North-Western shares were strong and the Preferred rose ¼ per cent. After the call prices were lower under sales to realize profits, but a firmer feeling was shown before the meeting of the Second Board, Erie selling at 66¾@67. At the Second Board the market was strong. New-York Central sold at 103¼, ex. div., an advance of ¼. Cleveland and Pittsburgh was active, selling at 88. After the call the market was lower, and there was more disposition to sell, and the market closed dull at quotations: Ohio and Mississippi, 28¼@28¾; Canton, 52¼@53; Cumberland Preferred, 46¼@46¾; Quicksilver, 50¼@50¾; Mariposa, 12@12¼; do. Preferred, 27¼@27¾; Western Union Telegraph, 56@56¼; New-York Central, 103¼@103¾; Erie, 66¼@66¾; Hudson River, 119@120; Reading, 111¼@111¾; Michigan Central, 112¼@112¾; Michigan Southern, 84@84¼; Illinois Central, 122¼@123; Cleveland and Pittsburgh, 87@87¾; Cleveland and Toledo, 115¼@115¾; Rock Island, 102¼@102¾; North-Western, 36¼@36¾; do. Preferred, 66¼@66¾; Fort Wayne, 102@102¾.

Money is offered in great abundance, and leading houses are borrowing at 3@4 per cent. The rate is 3@5 per cent. In commercial paper little doing; best names are wanted at low rates.

Exchange is dull and lower, and is quoted as follows: London, prime bankers', 60 days, 108@108¼; London, prime bankers', sight, 109¾@110¼; Paris, bankers, long, 5.16¼@5.15; Paris, bankers, short, 5.12½; Antwerp, 5.17½@5.16¼; Swiss, 5.17½@5.16¼; Hamburg, 37¼; Amsterdam, 41¼; Frankfort, 42, nominal; Bremen, 79; Berlin, 74@74¼.

The June product of the Portage Lake mines was as follows: Franklin Mine, 105 tuns, 175 lb; Pewabic Mine, 80 tuns, 527 lb; Huron Mine, 60 tuns, 1,016 lb; Isle Royal Mine, 31 tuns, 1,239 lb; Grand Portage Lake, 24 tuns, 875 lb; Albany and Boston Mine, 15 tuns, 1,475 lb; Sheldon-Columbian Mine, 10 tuns. The Aztec Mill is running by consent of those who attached the property, on rock that was already mined when their paper was dishonored. Product of the mine for June, 7 tuns.

From and after to-day instead of a tax of $5 per 100 shares of stocks sold, brokers are required to affix to every memorandum of sale stamps to the amount of one cent on each $100 of stocks, gold or bonds sold, recovering the balance in currency. The new act says:

"That there shall be paid on *all* sales made by brokers, banks or bankers, whether made for the benefit of others or on their own account, the following taxes, that is to say, upon all sales and contracts for the sale of stocks, bonds, gold and silver bullion or coin, promissory notes or other securities, a tax at the rate of one cent for every hundred dollars of the amount of such sales or contracts. * * * And on every sale or contract for sale, as aforesaid there shall be made and delivered by the *seller to the buyer a bill or memorandum of such sale or contract*, on which there shall be fixed a lawful stamp or stamps in value equal to the amount of tax on such sale. * * * And any person or persons liable to pay the tax as herein provided, or any one who acts the agent or broker of such person or persons, who shall make any such sale or contract, or who shall in pursuance of such sale or contract, deliver or receive any stocks, bonds, bullion, coin or promissory notes or other securities, without *a bill or memorandum as herein required*, or who shall deliver or receive such bill or memorandum, without affixing the proper stamps affixed thereto, shall forfeit and pay to the United States a penalty of $500 for each and every offense where the tax so evaded, or attempted to be evaded does not exceed $100, and a penalty of $1,000 when such tax shall exceed $100, &c."

The following statements show the earnings and expenses of the roads owned by the Chicago, Burlington and Quincy Railroad Company for the year ending April 30, 1866:

From Passengers	$1,717,387 99
From Freight	4,324,747 82
Miscellaneous	103,464 54
	$6,175,553 35
Ordinary expenditures	$3,029,461 78
State and National taxes	346,864 56
	$3,376,318 34
Leaving of earnings above ordinary expenses and taxes	$2,799,435 01

paid during the year for additional equipment, consisting of locomotives, passenger and freight cars, $426,214 86, and for lands purchased at Chicago, Burlington, Peoria and elsewhere along the line, new station-houses, buildings and other improvements, $275,373 59, and the usual dividends, interest, and all the accruing obligations of the Company, amounting in the aggregate to $1,536,172 72, and also into the sinking fund $129,000, according to the terms of the trust deed, securing the construction debt of the Company. The increase of gross revenues over those of the year before was:

From Passengers	$319,153 74
From Freight	284,869 99
Miscellaneous	30,466 40
Total	$634,591 13

When it is considered that the gross earnings during the last year of the war were greater by $1,541,939 41 than had ever before been realized, the earnings of the first year of peace will be deemed very satisfactory.

The capital stock of the Company now amounts to $10,193,010, and that of its funded and other outstanding liabilities, for construction, and for the purchase of the road from Galesburg to Quincy, including $70,000 money due on that purchase not called for, amounts altogether to $6,924,406 25. The whole aggregate amount of the capital stock and debt of the Company is therefore $16,217,416 25. This amount will be diminished by $231,664 86 in the trustees' hands not yet invested in the liabilities of the Company and placed in the sinking fund. The property charged with this aggregate liability is 490 miles of road, and depot grounds and other property, earning in the past year, gross, $6,175,553 35, and above the ordinary expenses and taxes, $2,799,435 01. By the statement of the Treasurer it appears that there is a balance to the credit of income account of $79,041 55. To which should be added the amount paid into the sinking fund, and to the Trustees of that fund, $778,125 93, making a total of $857,167 54, which represents that portion of the income above the ordinary expenses of operating and maintaining the road which has not been distributed in any form among the stockholders.

The San Francisco Price Current of 9th July reports the combined exports of treasure and merchandise during the past half year, compared with the same period of 1864 and 1865, as follows:

	1864.	1865.	1866.
Mds. exports	$6,537,600 78	$4,816,319 03	$8,691,823 04

	$35,531,401 65	$25,867,132 26	$31,439,551 28

The San Francisco receipts of treasure from different sources, during the past half year have been as follows through public channels:

From California, Northern mines	$12,327,731
From California, Southern mines	2,098,281
From Nevada	7,361,018
From Coast wise ports, Oregon, etc	2,370,609
Imports Foreign, British Columbia, etc	1,345,340
Total	$25,313,745

The following are the exports of quicksilver from San Francisco for the first six months of this year, as compared with the same period of 1865:

	1865.	1866.
To New-York	flasks. 2,000	3,000
To Great Britain	flasks. 4,500	3,000
To China	flasks. 7,000	5,552

To South America	flasks. 5,500	1,000
To Australia	flasks. 200	275
To British Columbia	flasks. 17	2
To other countries	flasks. —	41
Totals	21,263	17,427

The product of the silver mines of the State of Nevada for the half year ending June 30 exceeded $7,000,000, being at the rate of $14,000,000 per annum.

The anthracite coal trade continues large. The tunnage from the Schuylkill region last week reached 127,339 tuns, of which 87,730 tuns were brought down by the Reading Railroad, and 39,609 tuns by the Schuylkill Navigation Company. The total brought to market from that region so far this season, is 2,870,718 tuns, being an increase over the tunnage from the same region in the same time last year of 1,081,976 tuns. The Lehigh Valley Railroad has worked its coal business up over 30,000 tuns per week, and thus far this season has carried to market 1,639,873 tuns of coal, being an increase over its last year's tunnage to the same time of 324,487 tuns. The coal production thus far this season is 6,633,341 tuns against 4,462,551 tuns to the same time last year—being an increase of 2,172,790 tuns. There was no increase of tolls on the 1st of July, but on the 6th of August the Reading Railroad Company will increase its tolls.

The following is a statement of coal transported on the Delaware and Hudson Canal:

	Week.	Season.
Delaware and Hudson Canal Co.	30,528	673,656
Pennsylvania Coal Company	826	11,652
Total tuns	40,354	685,310
For the same period last year:		
Delaware and Hudson Canal Co.	14,976	392,622
Pennsylvania Coal Company	357	18,664
Total tuns	15,333	411,286

Attention is called to the advertisement headed "Capital Wanted." It is represented as being a very advantageous opportunity for a new business.

The Exports (exclusive of Specie) from the port of New-York to foreign ports for the week ending July 31, 1866, were $3,343,670.

The business of the Sub-Treasury was: Receipts $2,115,483 97—for Customs, $757,000; Payments $7,657,903 63; Balance, $80,131,227 07; Gold Notes, $341,000.

The coal shipped by the Pennsylvania Coal Company for the week ending July 28, 1866, was 16,673 tuns; previously, 125,223 tuns; total, 141,896 tuns; to same date, 1865, 305,868 tuns; decrease, 163,972.

At a meeting of the Board of Directors of the New-York Guaranty and Indemnity Company, Joshua C. Henry was unanimously chosen President.

ASHES—Pots are in fair demand at $8 37½@$8 50. Pearls are steady at $8 50@$8 75.

COTTON—There has been less activity in this market, and though we retain yesterday's figures, prices are nominal. Sales of some 1,000 bales at about 37@38c. for Middling Uplands and do. New-Orleans and Texas.

COFFEE—We have had a very active market for Rio to-day, and prices are extremely firm at 17@20c. for fair to prime, and 10@16c. for ordinary, gold, duty paid. Sales of 3,502 bags Ex. Anna at 19½c.; 2,258 do. Ex. Eleanor Thompson at 19½c.; 650 do. Ex. Caprinchi at 19½c.; and 5,320 Ex. Herzog Kruse at 14½c., all gold, in bond. In other kinds we hear of nothing doing. The stock of Rio in the country as made up by Messrs. Wm. Scott & Sons last evening was 117,679 bags, including 4,000 of New-Orleans, 1,700 at Mobile, 10,000 at Baltimore, and 100,979 at this port, though the stock is now reduced to about 90,000 bags.

FLOUR AND MEAL—The market for Western and State Flour is moderately active, especially for Family brands, these are lower and very irregular. The low grades are steady and less freely offered, the sales are 7,200 bbls. at $5 90@$7 60 for Superfine State and Western; $7@$8 75 for ordinary and common Extra State; $8 05@$9 75 for Fancy State; $7 10@$9 50 for the low grades of Spring Wheat Western Extra; $8 25@$8 80 for Shipping Ohio; $9 65@$11 15 for Trade and Family brands of Ohio, Michigan and Indiana, and $10 10@$14 20 for St. Louis Extras. In Canadian Flour, the supply is very light and prices are without change; sales of 150 bbls. at $8 50@$9 00 for common to low grades of Extra, and $9 05@$12 50 for Trade and Family brands. Southern Flour is more active and the supply of New is large. The demand is fair for the West Indies. Sales of 1,600 bbls. at $9 50@$11 for common to fair Baltimore and Country Extras, and $11 05@$15 for Trade and Family brands; included in the sales are 1,000 bbls. New Family Brandywine at $12 80. REMARKS ABOUT BEEF CATTLE.

The total number this week, 5,281 head, compares with 5,049 head last week, and with 5,255 head, average per week last year, and with 6,018 for the corresponding week one year ago.

The number sold yesterday and to-day at the principal market, 2,280 head, compares with 2,959 head last week, and with 3,659 head, the average per week last year, and with 3,601 head, at market one year ago.

THE OPENING, OR PRINCIPAL DAY, OF THE MARKET.

Monday, July 30.—Another light run of cattle, and another round or two added to the ladder. Butchers say it is now so high that one becomes dizzy while gazing from its top. Supply and demand, however, have their legitimate offices, and, this being the third week of scarcity, owners felt they could add about 1c. to the former rates, and if they made a little money by the operation, why, that was their business. They knew that butchers needed—in fact must buy—the 2,300 cattle in the Forty-fourth-st. yards, nearly every drove in second and some of them in third hands. Butchers were not prepared for such an advance, hence began to hang back, but, finding it unsafe to delay, took hold and nearly cleared the yards by noon. What are ordinarily termed fair droves of 60@67 cwt. Ill. steers, brought 17@17½c., with a good many not over fat at 16c. There were several very fine lots of Kentucky and Ohio grade Durhams; one lot of 42 of the former wholesaled at $150 each, or fully 19½c., and afterward retailed at a large profit. The best drove was 45 choice Ohio steers, wholesaled at $192 50 each, and then retailed at 18@19c., one butcher taking half of them at $164 per head. This gives an idea of what the best cattle brought; only so pertinaciously did salesmen maintain that the cattle would dress about 25 lb per bullock more than similar animals were sold at last week, that if some of them do not prove close upon 20c., we are greatly mistaken. Only fair, or even below 20c., we are greatly mistaken. Only fair, or even below medium steers, were sold in some instances at 18c. on the scales. Rough old cows brought 15c., and scarcely anything went below those figures. The advance was close upon 1c. per lb from last week. Finding the supply was likely to be light, a few State cattle were gathered up along the line of the Harlem Road, and some more may be in to-morrow. If they come they will find a ready sale. Sales at Bergen were 2,150 to butchers, beside several railroad loads here. The total for the week, so far reported, is about 5,200. This is the last week at the old yards, and notices to that effect are posted up about the premises, announcing the opening of the yards at One-hundred-th-st.

CLOSE OF THE MARKET.

Tuesday, July 31.—All the cattle were sold yesterday, and there were no fresh arrivals up to noon, hence buyers all left and laborers were busy at work removing the yard fences. The hotel furniture and other appendages of the cattle trade were being removed to the new locality at One-hundred-th-st. Some fifty 12 o'clock a drove of 80 fat Ohio cattle arrived from
