CLOVIS TO HAVE FREE DELIVERY AT EARLY DATE

Active Steps Taken by Postal Authorities of Live Eastern New Mexico Town for Improvement of Service.

[SPECIAL DISPATCH TO MORNING JOURNAL]

Clovis, N. M., June 21.—Postmaster A. H. Wagner, ever on the alert for any improvement in the postal service that will accommodate the patrons of the Clovis postoffice, recently took up with the postal department of Washington, D. C., the matter of city delivery service here, and has received the following letter in reply to the one he wrote:

Postmaster, Clovis, New Mexico.

Dear Sir—In reply to your letter of the 28th ultimo, relating to the establishment of city delivery service at Clovis, you are informed that the law provides that letter carriers may be employed for free delivery of mail at any city containing a population of not less than 10,000 with its corporate limits, according to the latest federal or state census, or at any postoffice which produced a gross revenue for the preceding fiscal year ended June 30th of not less than $10,000.

"In addition the department has adopted the policy of requiring that at least eighty-five per cent of the prospective patrons shall provide private receptacles or slots in their doors for the receipt of mail, and that street lights, street signs, street crossings, house numbers and good continuous sidewalks shall be provided throughout the territory to be served prior to the establishment of city delivery service.

"As the gross receipts of Clovis amounted to $11,714 for the fiscal year ended June 30, 1915, it is desired you advise this bureau the area in Clovis that is provided with the public improvements requisite for city delivery; state whether the sections so provided are contiguous; and approximate the population of the territory in which these improvements are installed.

"It is also desired that you forward a copy of the train schedules and indicate the hours of arrival of the important mails.

"If possible, you should secure map, without expense to the department, and note thereon the sections provided with the requisite public improvements, the location of the postoffice, the business center, and any unusual topographical conditions.

(Signed) "DANIEL C. ROPER,
"First Assistant."

Mr. Wagner has commenced working up the information called for by the postoffice department, and as he has the support of the citizens of Clovis in his endeavors to have free delivery established here, it is not at all unlikely that the service will be forthcoming in due time.

POSSE OF 200 IN SEARCH OF OUTLAW BAND

Escaped Prisoner of Marauders Tells Americans Bandit Leader Professed Allegiance to Carranza.

[BY MORNING JOURNAL SPECIAL LEASED WIRE]

San Antonio, Tex., June 21.—Two hundred men, under the direction of Sheriff John Tobin, were watching every trail on and near the Masterson ranch, eighteen miles northwest of here tonight, in the hope that before morning the little group of Mexican bandits that yesterday began raiding near here, would ride into the trap. The posse organized by Sheriff Tobin had been increased tonight by a large number of farmers, a few civilians from here and a contingent of city police.

The bandits were riding horses, but their pursuers were conducting their chase in a more modern method. The 200 possemen scoured the country in automobiles, while other automobiles carried provisions late today to camps that had been selected for the night.

Riding with the posse was Florencio Valdares, one of the Mexicans impressed yesterday by the bandits. He had escaped bringing with him the rifle and ammunition with which the bandits had equipped him. He said the leader of the bandits, whose number he placed at ten, was called by them "Pancho" Soso. Soso told his prisoners that he was authorized to recruit Mexicans wherever he could get them to fight for the first chief Carranza."

After they carried him and Manuel Lopez away yesterday morning, Valdares said the bandits had impressed in their service three or four others. Where the bandits expected to go or the details of their plan, he did not learn.

The trail found today indicated the bandits were moving northward toward San Marcos.

WIFE OF VILLA IS DEPORTED TO JUAREZ

[BY MORNING JOURNAL SPECIAL LEASED WIRE]

El Paso, Tex., June 21.—Mrs. Luz Torres de Villa, wife of Pancho Villa, was arrested by the police tonight and with her sister, her child, about five years old, and a German nurse, Marie Hagodor, was deported to Juarez upon orders from Mayor Lea, who gave no reason for the act.

Mrs. Villa arrived here this afternoon, ostensibly from New Orleans, but the police believe she came from Los Angeles. She said she intended to go to Chihuahua to look for her husband.

DANE INVENTS ICELESS 'ICEBOX'

(Associated Press Correspondence.)

Copenhagen, May 29.—A substitute for refrigerators with real ice in them has been discovered by an inventive Dane, namely boxes cooled by water. His invention has proved so popular that in all the newer apartment houses the feature is being incorporated.

The iceless refrigerator is accomplished by so constructing the piping in the house that all the cold water is conducted through pipes at the rear of the box. Since on an average of a great deal of cold water is drawn during the course of a day, the refrigerators stay fresh and cool.

would never give a child anything known to be harmful. Yet every time a mother gives her child a cup of coffee she is giving it from one to three grains of a drug—caffeine.

Little by little the caffeine in coffee and tea undermines health—much more rapidly in children—none the less surely in many adults.

There's a safe, delicious food-drink—

POSTUM

It is made of choice wheat roasted with a bit of wholesome molasses and contains the goodness of the grain—no caffeine, no harmful substance whatever. Children may drink it freely—everybody may—with pleasure and perfect comfort.

'Healthgrams' On Skin--Flashed to Thousands

One of Nature's signals is an unhealthy skin. It is a scientific fact that the skin indicates the condition of the blood and the blood is the building material for the body and all its vital parts. Unless the blood is nourished and kept rich and healthy, it will evenually react on the organs it feeds and reduce the individual to a pitiable condition. Little do people realize the physical ailments that drain away strength and vitality and that can be traced straight to the poor supply of blood. Pimples, Eczema, Salt Rheum, Rheumatism, Carbuncles, Boils, Catarrh with its obnoxious results and the tendency to easily catch cold, Malaria and scores of other equally serious ailments, are all manifestations of bad blood. For over 50 years S. S. S. has been a mighty remedy for these disorders. Thousands of men and women have been relieved or actually cured by S. S. S. Many of them had spent years and hundreds of dollars for other remedies in a fruitless endeavor to regain health—a marvelous tribute to S. S. S. S. S. S. is purely vegetable and when taken into the stomach is absorbed by the blood, supplying certain elements which stimulate the action of the blood corpuscles and help them drive out impurities and build up the system. With such a tried and true medicine awaiting you at the closest drug store, will you go on suffering and looking badly when so many others similarly afflicted have turned to S. S. S. and found the meaning of perfect health. Our Medical Department will gladly advise you about your case without cost to you if you wish to avail yourself of this service.
