BEARISH TREND IS APPARENT IN STOCK MARKET

Last Week's Selling Continues; Corn Products Court Order Increases Decline; Mexican Tangle Contributes.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

New York, June 26.—Last week's liquidation was resumed on a broader basis today the movement being one of almost steady decline with some slight recovery at the close. The Mexican situation was again the paramount factor although other developments such as the federal court order directing the dissolution of the Corn Products Refining company and less optimism regarding crop prospects helped to bring about the general shrinkage of values. Coppers and the zinc shares were heavy to weak, shipping issues were again adversely affected by rumors of further reductions in ocean-going rates and specialties of less definite description yielded sympathetically.

The weakness of standard rails, particularly Reading, which was also the most active feature, was perhaps the most disconcerting feature of the session. Offerings of these stocks were most insistent, Reading at its worst showing a loss of 5½ points, others coalers, Canadian Pacific, "Soo," Union Pacific, New Haven and Southern Railway preferred received one to two points. Total sales of stocks amounted to 370,000 shares.

The Atchison system reported a net increase of $1,554,000 for May, giving especial point to the continued high pressure of the western freight movement, which shows a general gains of 10 to 15 per cent over last week.

Bonds were heavy with general selling of the more speculative issues. Total sales, par value, $2,720,000.

United States bonds were unchanged on call.

Maternity! The Word of Words

It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; this relieves the strain on ligaments, natural expansion takes place without undue effect upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradfield Regulator Co., 407 Lamar Bldg., Atlanta, Ga., for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

CHICAGO BOARD OF TRADE.

Chicago, June 26.—Reports of black rust and other adverse crop conditions in the southwest together with increased prospect of war with the Carrancistas tended today to bring about an upturn in the wheat market here.

Largely as a result closing quotations, although unsettled, were ½ to ⅝c net higher with July at $1.01½ and September $1.04⅝. Corn finished unchanged to ⅛c up, oats varying from ⅛c decline to ¼c advance and provisions at a rise of 7½ to 20c.

Coarse grains were strengthened by an improved demand from shippers, including export sales of 200,000 bushels of oats. It was said 1,500,000 bushels of corn would be shipped from here this week. Higher temperatures though, acted somewhat as a bearish offset on corn. Current crop reports made the bulls timid regarding oats.

Highest prices of the season were reached for pork and ribs (bacon). The basis of the advance was a rise in the value of hogs.

Closing prices:

Wheat—July, $1.01½; Sept., $1.04⅝.

LATIN REPUBLICS NOT TO PRESENT MEDIATION OFFER

Secretary Lansing's Attitude Deters Diplomats From Attempting to Intervene in Mexican-American Trouble.

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, June 26.—South and Central American republics will not offer mediation to the United States in the Mexican crisis at this time. This announcement was made late today by Minister Calderon of Bolivia, after a conference with Secretary Lansing.

Minister Calderon said Secretary Lansing had indicated that the United States considered this was not the time for mediation. The minister added, however, that the Latin-American countries might consider the subject again after the United States had received a reply to the note to the de facto government of Mexico.

Acting on behalf of himself and other diplomats representing Salvador, Ecuador, Honduras, Costa Rica and Chile, Mr. Calderon called at the department to inquire whether the United States would entertain an offer of good offices from the other American republics. It is understood Minister Calderon, after explaining that he came in behalf of six American republics, declared they all considered a war between the United States and Mexico would be a calamity.

Mr. Lansing is said to have replied that the United States did not desire war, but that American lives and property were being constantly menaced, and that it had been determined that such menace must cease forthwith.

Later Mr. Lansing himself let it be known that the subject of mediation had not been directly referred to during the conference. The intimation was that the secretary made it so clear at the outset that a mediation proposal was considered timely, that the minister considered his question answered before it was asked.

Aerial Patrol Planned.

Washington, June 26.—Establishment of an aerial patrol along the entire Mexican border is planned by the war department should war come. More than thirty aeroplanes recently have been ordered, including fourteen high powered machines.

BERLIN ELATED OVER PROGRESS AT VERDUN

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Berlin, June 24 (via London, June 25.)—The Russian offensive, notwithstanding its initial successes, has not availed to stay the fate of hard pressed Verdun, where the Germans yesterday gained the most important individual success for some time. Their objective was the ridge known as Cote de Froide Terre, or Cold Earth ridge, which rises on the east bank of the river and runs northeasterly until it culminates in the peak crowned by Douaumont. The ridge and all the fortifications were carried, and the Germans swept down the reverse side until they set foot in the village of Fleury.

With the earlier gains at Vaux, this brings the German crown prince's forces into touch with the whole northern front of the inner girdle of the fortress from Fort de Beliville on the east bank of the river, over the Souville redoubt crowning 388 metre hill to Fort Tavannes, at the northeastern corner of Verdun's inside line of defenses.

While the crown prince was scoring this big success before Verdun, the Austrian and German troops in the east continued to throw back the Russians in Volhynia, military observers assert, at a rate which shows that not only has the Russian offensive here been definitely checked, but that the tide has begun to roll back toward Lutsk.

WASHINGTON OFFICIALS DESIRE CENSORSHIP

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Washington, June 26.—Administration officials today prepared to ask congress to authorize a military news censorship in connection with the Mexican situation. Upon recommendation of the army war college, a resolution was drafted empowering the president to promulgate censorship regulations. They would apply at the state, war and navy departments as well as along the border and in Mexico.

Secretary Baker also announced that a press bureau, under an army officer as censor, was being organized to handle the news from the war department.
