FRIDAY, Aug. 3—P. M.

Gold closed at 148⅞, after selling at 147⅞ and 148⅞ during the day.

Government Gold bearing stocks were steady with the exception of 5-20's of 1862, which rose ⅛ per cent. The 7-30's were sold in a small way at 104⅞@104⅞. In State and Railway Bonds less doing. A large business was done in Ohio and Mississippi Certificates at 29⅞@30. The miscellaneous shares were dealt in moderately. Water Power rose 1 per cent, and Western Union Telegraph ⅛. Pacific Mail rose 2 per cent. Mariposa Preferred was firm at 27⅞. The general share market was unsettled and somewhat lower. Erie sold as high as 69⅞, and closed at 69. A good many operators for an advance closed out at yesterday's quotations, and the market for the moment is quite irregular, but firm and tending upward. At the Second Board the market was firm, and after the call was quite active, closing firm at quotations: Ohio and Mississippi 30⅞@30⅞; Canton Company, 52⅞@53; Boston Water Power, 32⅞@33; Cumberland Preferred, 46⅞@47⅞; Quicksilver, 50⅞@51; Mariposa, 11⅞@12; do. Preferred, 27⅞@28; Western Union Telegraph, 55⅞@56; New-York Central, 104⅞@104⅞; Erie, 68⅞@69; Hudson River 120⅞@121⅞; Reading, 112⅞@112⅞; Cleveland and Pittsburgh, 87⅞@87⅞; Cleveland and Toledo, 116⅞@116⅞; Rock Island, 103⅞@103⅞; North-Western, 37⅞@37⅞; North-Western Preferred, 67⅞; Fort Wayne, 103⅞@103⅞.

Money continues abundant and cheap on call, and stock houses are fully supplied at 4@5 per cent. In commercial paper no change. The offerings of prime bills are small and readily taken at low rates.

Exchange is quoted as follows: London prime bankers', 60 days, 107⅞@108; London, prime bankers', sight, 108⅞@109⅞; London, prime commercial, 106@107; Paris, bankers, long, 5.22⅞@5.18⅞; Paris, bankers, short, 5.18⅞@5.15; Antwerp, 5.25@5.20; Swiss, 5.25@5.20; Hamburg, 37; Amsterdam, 40⅞@41; Frankfort, 42; Bremen, 79; Berlin, 73.

The business of the Sub-Treasury was: Receipts, $1,100,099 17—for Customs, $319,000; Payments, $921,879 83; Balance, $82,643,242 70; Gold Notes, $275,000.

The Chicago and North-Western Company have nearly completed a negotiation that will give them about two millions of dollars of additional rolling stock to be paid for gradually in cash, which is a new move on the part of railroad men, and a much better policy than issuing of bonds at a large discount. The friends of the road claim that this addition to their facilities will run the earnings of the Fall to a million and a quarter a month.

The agent sent out to California, last March, by the Directors of the Mariposa Company, returned by the last steamer. The report is known to be favorable. In his opinion there are at least one hundred thousand tuns of tailings on the grant, which will yield over $15 per tun at an expense of not more than $3 per tun for working, which would give a net profit of one million dollars in gold.

The Boston Traveller of Thursday says of monetary affairs in that city:

"A cheerful feeling is manifested in trade circles. The supply of currency is abundant, and in excess of demand, so that large balances are remaining idle for want of employment. The banks are lending freely on call, and for short periods of time, at five and six per cent, and discounting good business paper for their customers at the same rate of interest. In the open market the rates are a little lower than they are at the institutions; but private lenders are more particular in making their selections of collaterals, also in scrutinizing the strength of promissory notes."

The Chicago Tribune of Tuesday says:

"Here there is a good supply of money, and the market is easy at 10 per cent per annum, but the demand is very light. Inferior grades of paper are discounted on the street at rates equal to 12@18 per cent per month. The market for Eastern exchange to-day was quiet. As compared with the demand, the supply is more ample, but there is no change in rates. Round lots were sold to-day among bankers at a premium of 50@60c. per thousand, but counter rates were steady at par buying and 1-10 premium selling."

The Chicago Republican of Wednesday says:

There is no essential feature of change to note in the character or condition of the money market. Owing to the quiet which so generally prevails in commercial circles, there is but a very moderate demand for loans, and the banks readily accommodate all good paper at the legal rate of interest. Eastern exchange is still in very light supply, and the market is firm at par buying, and 1-10 of one per cent premium selling.

MARKETS—CAREFULLY REPORTED FOR THE N. Y. TRIBUNE.

FRIDAY, AUG. 3, 1866.

ASHES—The market is dull and unchanged; sales at $8 37½@8 50 for Pots, and $15 50@$15 75 for Pearls.

COTTON—There was nothing doing until about 2 o'clock, when two dispatches per Atlantic Cable, announcing the conclusion of peace in Europe, induced an active demand from shippers, and the sales have since been liberal, amounting to about 1,000 bales. Prices are without actual advance, but close very firm, at 36@37c. for Middlings, and 38@39c. for do. New Orleans and Texas.

COFFEE—Rio remains firm, and a good business is doing. We note further sales of 1,004 bags ex steamer South America, and 50,000 bags ex Minna, on private terms. Other styles are attracting attention, owing, in a measure, to the advanced rates at which Rio is held; sales of 450 bags St. Domingo, in bond, for export; 2,500 bags Marcaibo, on private terms; and late last evening 300 bags Laguayra port at 17⅞@18¼c., gold.

CANDLES are in moderate demand and steady; we quote at 22@23 for Adamantine, 40c. for Sperm, and 50c. for Patent.

COPPER—American Ingot is in fair demand and steady at 31@32c. for Lake and Baltimore; 44@45c. for New Sheathing, and 33c. for Yellow Metal.

FISH—The market for Dry Cod is poorly supplied, and is firm and fairly active at $6 50@$6 for Grand Bank and St. George's; Mackerel are firm and in fair demand at $22 50 for No. 1 Massachusetts; Herrings are dull and nominal.

FRUIT—Raisins are in good demand and firm at $3 65 for Bunch ⅝ box, and $4 25 for Layers; other descriptions are dull and unchanged; sales at 22@25¼c. for Almonds; 15@15¼c. for Currants, and 30@32c. for Citron.

FLOUR AND MEAL—The market for Western and State Flour is less active, but with limited arrivals prices ruled very firm. Fresh ground shipping brands are less plenty and are in fair demand. Family brands sell more freely and close steady; the sales are 7,600 bbls. at $5 80@$7 30 for superfine State and Western; $7@$8 60 for common extra do.; $8 65@$9 50 for fancy do.; $7@$8 60 for the low grades of Spring Wheat Western extra; $[illegible] for shipping Ohio; $9 70@$11 for trade and family brands of Ohio, Michigan, and Indiana; $[illegible] for extras. Canadian Flour is [illegible] $10@$14 50 for St. Louis of 70 bbls.; $8@$[illegible] for the low grades of Extra, and $9 60@$12 10 for Trade and Family do. Southern Flour is firmer; the supply is not large; the demand is fair; sales of 200 bbls. at $9 40@$11 for common to fair Baltimore and Country Extras, and $11@$15 for Trade and Family do. Rye Flour is in fair demand but easier; sales of 300 bbls. at $6@$6 40. Corn Meal is scarce and firm; we hear of no sales.

GRAIN—We have had a quiet market for Wheat to-day, and prices are somewhat irregular; common qualities are easier, but choice are firmly held; the demand is still confined to milling; sales of 16,000 bush. at $1 30 for No. 2 Chicago, and $1 95 for [illegible] No. 1 Milwaukee; we notice the first sample of New-York Amber North Carolina, the first of the season, and the only lot placed on our market for over five years; the quality is indeed very handsome. Barley is inactive and nominal. Barley Malt is steady, with a fair business; sales of 2,000 bush. at $1 40@$1 50 for State. Oats are in more active demand, but prices are irregular, the market closing better; sales of 80,000 bush., at 41@42c. for Heated, 43@45c. for fair to good Chicago, 60c. for Old Jersey, and 55c. for fair Iowa. Rye is easier; sales of 3,500 bush., at 75c. for inferior Western, and $1 10 for Canadian. Corn is quite active, but prices are lower; sales of 109,000 bush., at 79½c. for No. 2 Mixed Western, 80@81c. for No. 1 do., 83c. for Choice do., and 90c. for Yellow do.

HEMP—Manila is dull but firm at 10c., gold; other kinds are inactive and nominal.

Family Markets.

OR LIVING EXPENSES IN NEW-YORK.

FRIDAY, Aug 3—P. M.

Prime butter is scarce this week, and following the example of the Orange and Dutchess County boats, on board of which the best pails have been advanced to 50c., grocers are now charging that price for a choice article. Eggs are unchanged, though easier at wholesale. Fresh fish are plenty. Meats rather scarce, with a full supply indicated for the coming week. Coarse beef is lower—a good soup can now be got up at a little expense. Mutton and lamb are lower. Blackberries and whortleberries are not sufficiently plenty to be cheaper, while currants are fast going out of market. Peaches, though still very high, have waxed down materially within a week, and, if they do as well in future, will get within reach of common people. The last general importation of bananas has been received, so they will soon pass out of market, followed by pineapples. Common apples and pears are plenty, while choice fruit is scarce and high. This is the last week of raspberries. Poultry is tending onward, with a few new game birds added to the list. The vegetable markets are full supplied, with Lima beans and Egg-plants added. Coal continues steady.
