SATURDAY, AUGUST 4—P. M.

Gold has been heavy, opening at 138½, selling down to 137, and closing at 137½. The decline was based upon reports said to have been received by submarine telegraph that 5-20s were quoted at 71 at London, but the report could not be traced to any authentic source. The Bonanza takes $256,987, and the City of New-York $151,019; the total for the week will be about $[illegible].

Government bonds of all classes were very strong and in active demand at full prices. Miscellaneous shares were irregular. Pacific Mail was strong at 225. Mariposa preferred was heavy, and declined 1½ per cent. Western Union Telegraph and Quicksilver were steady at quotations. Coal shares were dull and neglected. The Railway list was very irregular. Erie sold down to 68½. New-York Central and Hudson River were strong. Cleveland and Pittsburgh declined 4 per cent. The South-Western shares were very active, and the amount of business done in them was very large. Rock Island and Fort Wayne were also strong, and but small amounts were offered at quotations. For Chicago Burlington and Quincy 130½ was bid without bringing any stock. Ohio and Mississippi Certificates were very active, selling at 30½. After the board the market was unsettled and prices generally lower, but at the 1 o'clock board and in the street the market was stronger, and closed steady at quotations: Ohio and Mississippi 30@30½; Canton Company, 52½@53; Boston Water Power, 32@32½; Cumberland Preferred, 47@47½; Quicksilver, 50½@50¾; Mariposa Preferred, 26½@26½; Western Union Telegraph, 35½@36; New-York Central, 104½@104¾; Erie, 68½@68¾; Hudson River 124½@122; Reading, 111@111½; Michigan Central, 110@111; Michigan Southern, 81½@81¾; Illinois Central, 122@122½; Cleveland and Pittsburgh, 86½@87; Cleveland and Toledo, 116@116½; Rock Island, 103½@103¾; North-Western, 36½@37; North-Western Preferred, 67½@67¾; Fort Wayne, 103½@103¾.

Money continues very easy at 4@5 per cent, with large transactions at the lower rates.

The Imports (other than Dry Goods and Specie) at the Port of New-York for the week ending August 3, 1866, were $2,424,784.

The New-York Fire Insurance Company has declared a semi-annual dividend of five per cent, free of Government tax, payable on demand.

The business of the Sub-Treasury was: Receipts, $2,888,263 89—for Customs, $246,000; Payments, $3,060,134 49; Balance, $82,467,634 19; Gold Notes, $350,000.

Foreign Exchange is nominal at 107½@108 for 60 days bankers' sterling and 5.25@5.22½ for long francs.

The total imports at New-York for the week compare as follows:

	Aug. 3.	July 27.	July 20.	July 13.

The Cincinnati Enquirer of Thursday says:

"Nothing has transpired since our last to indicate any change in the discount market. The receipts of currency are fair, and most of the houses report balances slowly increasing. The applications for loans are on a moderate scale only, and the supply of currency being ample for all legitimate purposes, the market is in a comfortable working condition. Rates of interest are steady at 6@10 per cent for first class signatures, and 12 per cent for good mercantile paper. Outside parties are still in many cases, obliged to seek accommodations on the street, where 15 per cent is the ruling rate, as this class of borrowers meet with but little encouragement at the regular discount houses. There is little or no paper of a speculative character offering, as there is no animation in our general markets."

The Boston Evening Traveller of Friday says:

The money market is overflowing with idle capital, consequently all borrowers in good credit, who have satisfactory collaterals to offer, experience no trouble in obtaining all the money they require for ordinary purposes at five and six per cent. The principal loans are made returnable either on call or after a few days' notice—the accommodations on long time being quite limited. There is almost nothing doing in mortgages of real estate, either by institutions or individuals. Since the expiration of the seven-thirty interest law, the transactions in mortgages have been much smaller than they were previously. The banks are discounting about all the good business paper offered to them, and within the legal rate, and very few notes and acceptances of the first class find their way into the outside market. To a moderate extent, choice names have been negotiated at 6@7 per cent, although the common rate is 6 per cent.

The Chicago Republican of Wednesday says:

There is no essential feature of change to note in the character or condition of the money market. Owing to the quiet which so generally prevails in commercial circles, there is but a very moderate demand for loans, and the banks readily accommodate all good paper at the legal rate of interest. Eastern exchange is still in very light supply, and the market is firm at par buying and 1@10 of one per cent premium selling.

The European circular of L. P. Morton & Co. makes the following allusion to the prospects of the cotton crop:

The prospect of the growing crop, we think, has improved within the past 30 days. From an actual inspection of the growth, and a personal investigation of the condition of labor, we incline to the belief that 2,000,000 bales may be made. Should the present month prove wet and windy, or should the frost be unseasonably early, this will not, in all probability, be reached. The extremes of judgment now appear to be 1,800,000 bales, and 2,200,000 bales in view of the above contingencies.

The traffic of the Chicago and Great Eastern Railway for the fourth week of July, was:

1866.....$27,374 17 | 1865.....$25,288 54 | Inc.....$2,085 63

From January 1 to date:

1866.....$711,076 33 | 1865.....$573,820 98 | Inc.....$137,255 35

The gross receipts of the Hartford Insurance Companies for the month of June were thus returned to the Revenue Assessor:

Rye is steady; sales of 6,000 bush. Western at 79@80c. In Pig Iron only a moderate business was done, but no prices no particular variation has occurred; we quote at $17@$18 for No. 1 American, and $46@$50 for No. 1 Scotch. N. Y. Wholesale Prices of Country Produce.

FOR THE WEEK ENDING Aug 4, 1866.
[Expressly for THE N. Y. TRIBUNE by our own Reporter.]

The following are the current rates of articles in good condition, as sold by commission houses at wholesale. Shippers receive 5 to 10 ¢ cent less, deducted for commissions, beside freight and other charges. Parties receiving produce to sell, often with the request that immediate returns be made, cannot always obtain the prices which transient buyers have to pay. Our figures are intended more for the farmer than the merchant, and we prefer not to disappoint by giving the outside prices of very choice articles.

BEANS AND PEAS.

These are quiet at low prices for all except prime. A small lot superior mediums was sold at $2. We quote:

Beans, pea, prime, ¢ bush	$2 10@$2 25
Beans, medium prime, ¢ bush	1 50@ 1 75
Beans, kidney ¢ bush., prime	2 45@ 2 55
Beans, marrow, prime	2 50@ 2 60
Beans, marrow, hand-picked or screened	2 60@ 2 75
Beans, inferior	1 00@ 1 25
Peas, Canadian, ¢ bush	1 25@ 1 38

BUTTER.

Butter remains quiet with a little improvement in fine State, due to scarcity. Orange County pails have been advanced 140c. on board the boats. This is only for the first choice, and of it selling at 45c. Receivers try to get 41@42c. for fine firkins and Welsh tubs, but they can only do it in a small way. Fair Western will occasionally bring 34c. A lot of prime State firkins was offered at 46c. Common Western butter is accumulating, and with little home demand and no outlet, it selvery slowly—scarcely at all, and there is a prospect of its going lower. We see nothing to encourage holding butter in the untry. A little more fine butter is wanted here. Much of inferior grade Western has to be sold at 25@28c. We quote:

State, prime, ¢ lb	38@40
State medium, ¢ lb	32@37
Orange Co. and Up-River pails, ¢ lb	45@50
Western Reserve, Fine	31@33
Mile and Southern Ohio	25@30
Wee and Mixed, store packed	25@28
Chago, Wisconsin, lb	26@28
Nothern Pennsylvania	32@38
Sotern Pennsylvania	26@30
Statuba, Welsh	38@40

CHEESE.

The cheese market is heavy; some 5,000 or 6,000 boxes were thrown on the market early in the week by a ruptured firm, and sell at about 1c. below the regular market price, they went so far to aply the wants of the shippers. Prices are declining, and there is a fall in exchange and the difficulty in finding shipping-room on board the steamers on account of the heavy shipments cotton, foreign buyers are doing very little—few of them take more than 17c. for good Factory, though 600 boxes of Skimer Cheese sold yesterday at 13c. Between 5,000 and 8,000 boxes have been shipped to Europe the past week at 16@16½c.—probably at a loss of $2 per box. Trade is now very dull and it is fortunate that the receipts are light. Still the heavy stock back must come forward, and holders may as well prepare for lower rates—at least present appearances point to a further decline. Much of the cheese is now sold subject to refusal they do not come fully up to the mark. We quote:

English Dairy skimmed, poor, ¢ lb	7 @14
English Dairy, fine, ¢ lb	16 @17
Factory, fair good State, ¢ lb	16 @17
Factory, prime, ¢ lb	17½@18
Factory, Ohio, ¢ lb	16 @17½
Farm Dairy, prime State	15½@16½
Ordinary toaded State, ¢ lb	10 @15
White, skimmed, ¢ lb	5 @10
Vermont Dairy, ¢ lb	16 @17
Pineapple, not ¢ lb	20 @25

EGGS.

With fresh receipts from Norfolk, the West and from this State, eggs are somewhat lower. Many of them are poor and are sold at 20@25c. at the mark. The best scarcely touch 28c. by the single barrel. Good marks are generally selling at about 25c. To quote:

New-Jersey and Pennsylvania fresh, ¢ doz	— @27
State, good mark	26 @27
Western, as Canada ¢ doz., good order	24 @25
Egg Oats, ¢ bush, good	45 @50

FRUITS AND NUTS DRIED.

We quote:

Apples, sliced, ¢ lb	20 @21
Apples, prime quarters, ¢ lb	17½@18
Apples, Southern & Western, ¢ lb	14 @16
Peaches, unpeel, ¢ lb	16 @18
Peaches, peeled, ¢ lb	18 @22
Peaches, peeled (imported), ¢ lb	23 @29
Peanuts, Wilmington, ¢ bush	$3 00@$3 20

FRUITS AND BERRIES.

The great trade at present is in Lawton blackberries, and these vary in price nearly every day—in fact, late arrivals often sell cheaper than early receipts. It is very important that all fruits be received early in the morning. Some days they run down to 12@15c., at which price preserve men will usually take them. They brought 20@22c. this morning—10c. before night. Peaches are scarce to-day, and good fruit brings $5@$7 per crate. Some fine barrels bell pears brought $8 per barrel, or $1 per peach basket. Choice Sweet Bough apples are bringing $3@$3 50. We quote:

Apples, good, ¢ bbl	$3 00 @ 4 50
Blackberries, common, ¢ qt	15 @ 18
Blackberries, Lawton, ¢ qt	18 @ 20
Blackberries, Lawton, pints	11 @ 13
Peaches, Delaware, ¢ crate	6 00 @ 7 00
Peaches, Maryland, ¢ crate	4 00 @ 5 00
Peaches, common, ¢ crate	4 00 @ 4 50
Pears, common, ¢ bbl	4 00 @ 5 00
Whortleberries, ¢ bush	4 50 @ 5 50

LIVE POULTRY.

Fowls and chickens are plenty and hard to sell. So many of these who can afford to eat poultry are now in the country, that the city demand is quite limited. A few very fine pure white Leghorns, received by Crosby, were held at $1@$2 each. They weighed 14@13 lb per pair. Young ducks sell slowly. We quote:

Chickens, dressed, ¢ pair	50 @$1 00
Chickens, ¢ pair	87 @ 1 12
Fowls and Chickens, ¢ lb	18 @ 22
Geese, young, each	1 00 @ 1 25
Ducks, young, ¢ pair	75 @ 1 12
Turkeys, ¢ lb	20 @ 22

MEATS.

We quote:

Mutton, Carcass, ¢ lb	8 @ 14
