THURSDAY, Aug. 23—P. M.

Gold closes at 140⅛, after selling at 149⅛ and 151 during the day. For cash gold as high as ⅞ per cent per day has been paid, and there is a growing scarcity, caused by the constant demand for duties. Relief can only come from sales by the Treasury, and the naming a price at which gold will be sold for Custom-House purposes.

Government stocks are lower and offered quite freely at the decline. New 5-20s are 108; 10-40s, 101⅛, and 7.30s could only be sold on the street at 105⅛. Considerable private sales of New-York Bounty Loan was made at 104⅛. There was more doing in Railway mortgages and State bonds at old rates. Bank stocks are strong, and Fourth National ¼ per cent higher. The miscellaneous list was steady. For Mariposa Preferred 28⅛@28⅞ was the rate, and little stock offered. Railway shares were generally higher. A good deal was done in Rock Island, which sold up to 109⅛, closing at 109⅞. Illinois Central was also firmer and ¼ per cent higher. Reading active and taken by strong buyers. Toledo, Wabash and Western rose 2 per cent, and Alton and Terre Haute Preferred 1⅛. After the call the share market was firm, with a moderate business. At the Second Board the market was strong. North-Western Common was very active and sold at 36⅞. After the call the market continued active and firm and closed strong at quotations: Ohio and Mississippi, 29⅞@29⅞; Canton Company, 56; Boston Water Power, 32⅛@32⅞; Cumberland Preferred, 47⅞@48⅛; Quicksilver, 50⅛@51; Mariposa Preferred, 28@28⅞; Western Union Telegraph, 57⅞@58; New-York Central, 103⅛@103⅞; Erie, 74⅛@74⅞; Reading, 115⅛@115⅞; Michigan Central, 113@114; Michigan Southern, 85⅛@85⅞; Illinois Central, 123⅛@123⅞; Cleveland and Pittsburgh, 88⅛@88⅞; Cleveland and Toledo, 115⅞@116⅛; Rock Island, 109⅞@109⅞; North-Western, 36⅞@37; North-Western Preferred, 68@68⅛; Fort Wayne, 104⅛@105.

Money is in more demand, and new business on call is done at 5@6 per cent. Loans are left running at 4 per cent, but this is under the market. Commercial paper is 5@7 per cent, and rates favor the lender. The Treasury balance at this city is steadily increasing by transfers from interior National banks, as well as from City banks. The amount of temporary loans payable at New-York is about $34,000,000, the remainder being held at Boston, Philadelphia, and other cities. The payments at this city will probably be in National Bank notes to a great degree, and this sort of currency will be in abundant supply next week. There is, however, a good demand for currency from the interior, and the surplus will soon be absorbed. With stock houses money is easy, but among merchants and with old bankers the feeling is not so buoyant. It is apparent to people of experience that the Secretary of the Treasury has reached a point where he is master of the money market, and able at any moment to set at work machinery which will send the country back smartly toward specie payments. He has not only ceased to be a borrower, but is now able not only to pay off his call loans, but to cancel the legal tenders. He is able, from his current income, to burn up $10,000,000 of greenbacks, and to continue the process at the rate of $4,000,000 per month thereafter. The 7.30s are now seen to be no substantial obstacle in the way of resumption, as they are morally sure to go into 5-20s at maturity, leaving nothing but the compounds to be provided for. Under the large receipts from Customs and from Internal Revenue, the Treasury has been strengthened until it is able to set about specie payments, to which the Secretary is so fully committed that he cannot escape, if he desires to retain the financial reputation of a long life. High water in the currency has passed. The ebb is not yet fully apparent to casual observers, but it has commenced, and a good many credulous people will soon be high and dry ashore.

Exchange is dull and lower. The following are the current quotations: London, prime bankers', 60 days, 107⅛@107⅞; London, prime bankers', sight, 109⅞@109⅞; Paris, bankers', long, 5.30⅞@5.28⅞; Paris, bankers', short, 5.27⅞@5.25; Antwerp, 5.35@5.30; Swiss, 5.35@5.30; Hamburg, 35⅞@36; Amsterdam, 40⅞@40⅞; Frankfort, 40⅞@41; Bremen, 78; Berlin, 71⅞@71⅞.

In freights the engagements to Liverpool are 14,000 bush. Corn at 4½d., and to Glasgow, per steamer, 100 bbls. Flour on private terms.

The Boston Traveller says:

The city banks have lost their deposits drawn down considerably, which makes them somewhat less able to lend currency as freely as they have done of late, particularly as the deposit from customers is a little more urgent than it has been for a few weeks past.

N. Y. Wholesale Prices of Country Produce.

FOR THE WEEK ENDING Aug 23, 1866.

(Expressly for THE N. Y. TRIBUNE by our own Reporter.)

The following are the current prices of articles in good condition, as sold by commission houses at wholesale. Shippers receive 5 to 10 ⅌ cent less, deducted for commissions, beside freight and other charges. Parties receiving produce to sell, often with the request that immediate returns be made, cannot always obtain the prices which transient buyers have to pay. Our figures are intended more for the farmer that the merchant, and we prefer not to disappoint by giving the outside prices of very choice articles.

BEANS AND PEAS.

Trade continues dull with a light stock on the market. We quote:

Beans, pea, prime, ⅌ bush	$2 10@$2 25
Beans, medium prime, ⅌ bush	1 75@ 1 90
Beans, kidney, ⅌ bush, prime	2 20@ 2 40
Beans, marrow, prime	2 50@ 2 60
Beans, marrow, hand-picked or screened	2 60@ 2 75
Beans, inferior	1 00@ 1 25
Peas, Canadian, ⅌ bush	1 20@ 1 35

BUTTER.

There are no new features or changes to regret in the butter market. Receipts are fully up to present requirements, and it will take but a little more to weaken prices. Still, the general belief is that prices eventually must go lower, and the nearer the present quotations are obtained the better for the farmer. Common Western is piling up, and it is almost impossible to get rid of it, all classes of buyers wanting something better. The California steamer of the 21st went out well loaded with butter, carrying about 4,000 packages, mostly Western Reserve, costing 28@33c. Of course such shipments cannot continue long—it is even questionable whether present shippers will come out without loss. There is no prospect of a foreign demand at other than much lower rates, and when Autumn receipts come in, as they usually do next month, it is more than probable that lower prices will obtain. Only fine lots of fresh made, sweet and yellow butter are in demand, and these go off quickly at quotations. We quote:

State, prime, ⅌ lb	43@45
State medium, ⅌ lb	35@40
Orange Co. and Up-River pails, ⅌ lb	50@55
Western Reserve, Fine	30@35

Chicago, Wisconsin, &c., ⅌ lb	26@28
Northern Pennsylvania	35@42
Southern Pennsylvania	22@30
Prime State tubs, Welsh	41@42

CHEESE.

The cheese trade has been very active during the past week, and large quantities have been sent abroad, generally at 18½@19c. for strictly fine Factory, and 18c. for good. To-day, however, it is a hard matter to get over 19½c. for strictly fancy; a little was sold this morning at 19c., but so little and so fine they hardly come into the general account. Receipts continue very free—7,000 this morning, and 38,000 since Monday. There is still considerable difficulty in procuring freight or shiproom on board the steamers, and freights are usually engaged a week in advance. Common cheese, and lots a little out of order, sell very slowly, at much lower rates. English Dairy sells slowly, at the advance recently put upon them. We quote:

English Dairy skimmed, poor, ⅌ lb	7@14
English Dairy, fine, ⅌ lb	17½@18½
Factory, fair to good State, ⅌ lb	17@17½
Factory, prime, ⅌ lb	18@19½
Factory, Ohio, ⅌ lb	17@18
Farm Dairy, prime State	16½@17½
Ordinary to good State, ⅌ lb	12@16
White, skimmed, ⅌ lb	15@16
Vermont Dairy, ⅌ lb	16@17
Pineapple, new, ⅌ lb	18@25

EGGS.

With heavy arrivals and a lighter demand, eggs are lower this p. m. the best scarcely bringing 30c. by the single bbl. Good State eggs, of marks which are equivalent to a guarantee, are selling at 28c., while some Western, not in the best order, are offering at 25c. We quote:

New-Jersey and Pennsylvania fresh, ⅌ doz	28@29
State, good marks	27@28
Western, and Canada ⅌ doz., good order	26@27
Egg Oats, ⅌ bush, good	45@50

FRUITS AND BERRIES.

Peaches run up to $8@$9 per crate early in the week, but with free receipts to-day, and bad weather for selling, they are much lower, rarely going over $6. Apples are not selling as well, and are lower. Occasionally a select barrel of Maiden's Blush, or some other fancy apple will, bring $5 50; but lots of good sorts rarely sell above $4. Some good Bartlett pears are coming from New-Jersey, and the first Concord grapes were received this morning from Hammonton, N. J. The person receiving them is trying to get 50c. ⅌ lb for the lot. Plums are coming in with a rush, and are generally selling at $3@$3 50 per bush. A few extra Magnum Bonum and Columbian Gage brought $3 50. Common pears are lower. Small lots of fancy or good sorts bring $2 50@$3 per peach basket. We quote:

Apples, ⅌ bbl, good	$3 50@$4 50
Apples, common, ⅌ bbl	1 50@ 2 50
Blackberries, Lawton, ⅌ qt	17@ 22

Plums, Gage, ⅌ bbl	9 00@ 10 00
Whortleberries, ⅌ bush	4 50@ 5 50

FRUITS AND NUTS DRIED.

New Southern Apples, which started off at about 18c. per lb, have declined 3c., owing to the very little demand. We quote:

Apples, Southern, new, ⅌ lb	14@15
Blackberries, new, ⅌ lb	28@30
Cherries, new, ⅌ lb	45@50
Peaches, unpeeled, ⅌ lb	16@18

Peanuts, Wilmington, ⅌ bush	$4 50@—

MEATS.

Beef and mutton are lower; pork nearly unchanged. We quote:

LIVE POULTRY.

Spring Chickens are very plenty and sell slowly; old fowls are also lower. Ducks and Geese sell best. Some large, fat, New-Jersey geese brought $3 50 per pair. We quote:

Chickens, Spring, ⅌ pair	62@$1 00
Fowls, ⅌ pair	1 00@ 1 25
Fowls and Chickens, ⅌ lb	22@ 28

Geese, young, ⅌ pair	1 75@ 3 00

HIDES, SKINS, AND FURS.

Trade in these continues very dull. We quote:
