Gold is higher and closes at 147¼. The range of the day has been 145¾@147¾. The Arisona, from Aspinwall, brings $1,137,148 in specie.

The stock market continues excited and very strong in the face of heavy and frequent sales to realize profits. The attendance at the boards and the crowd about the Stock Exchange rivals the days of the war, and buying for an advance is the general impulse. Government stocks are higher; old 5-20s rose ¼. In 7.30s a small business at full prices. State stocks are irregular; Tennessee 6s, new, rose ¾, and North Carolina 6s fell ¼. Railway mortgages are steady. The miscellaneous stocks are stronger; Canton rose 1¼; Cumberland, 1¼; Quicksilver, 1¼. New-York Central was less active. Erie sold upon the street at 88 and at 84¼, closing at 87¼. Michigan Southern was active and sold at 90. Chicago and North-Western shares were higher and in demand. Cleveland and Pittsburgh touched 91; Chicago and Great Eastern 50; Rock Island sold at 108¾, ex-dividend; Rutland Marble 33, s. 10. After the call the market was irregular but firm as whole, with a continued disposition to buy. Late in the day the market was excited and higher. New-York Central sold at 118¾, and that bid for large lots; Mariposa Preferred sold at 32, and Common at 13¾; the latter can only be converted by consent of the Preferred Shareholders, and is very high at the quotation. Michigan Southern was in special demand, and closed at 90 and in demand. The entire list was strong and the inclination to buy was as fully developed as when paper money was being issued by millions per day. The latest prices were: New-York Central, 118¼@118¾; Erie, 87¼@87¾; Reading, 118¼@118¾; Michigan Southern, 90@90¼; Cleveland and Pittsburgh, 91¼@91¾; Rock Island, 109@109¾; Northwestern, 40¼@40¾; North-Western Preferred, 73¾@73¾; Fort Wayne, 108@108¾; Ohio and Miss. C., 31¼@31¾; Cumberland Coal, 55¼@56; Quicksilver, 54¼@54¾; Mariposa Preferred, 32¾@33¾.

Money is offered in large amounts at 4 per cent on round sums and placed at 3 per cent. The range is 3 and 5 per cent. The offerings of commercial paper are small, and prime names are sold at 5 per cent; good bills 5¼@6. The bank returns show the falling changes:

The Boston Traveller says:

The week which ends the month closes on a superabundant money market, with mere lenders than borrowers of currency, on satisfactory pledges at five and six per cent. The supply of good business paper is quite moderate. The banks are discounting short dates at five per cent, but notes having three or four months to run are subjected to six.

At Philadelphia:

There is no sensible diminution to the amount of capital seeking temporary investment on the street. Brokers, bankers and others who can present good collaterals can readily procure all the money they desire at four per cent.

At Chicago:

The volume of currency is being rapidly reduced, in consequence of the urgent demand from Milwaukee and other country towns, and the market is working closer. Some of our banks received remittances from New-York to-day, and most of them telegraphed for currency. The discount houses are discriminating closely, and none but the best customers find accommodation. On the street, good paper sells at 1¾@2 per month, and less desirable at 4@5. Mortgage loans are easy at 7@8 per cent. The Exchange market was again flat, with sales of round lots between banks at ½ discount, with rumors of sales at a lower figure. There is considerable Milwaukee exchange offering, and we hear of sales at 1-5 off. There is a fairly active demand over the counter, and rates are steady at ½ discount buying, and par selling. Buffalo and Oswego bills were taken at 3-10@⅜ off.

ASHES—The market continues firm; sales at $9 50 for Pots and $12 50 for Pearls.

COTTON—The excitement and activity in this market continues without abatement, and the transactions have again been very heavy. The principal purchases are for investment, though spinners operate to a very fair extent, and but few small parcels have been taken by shippers; the sales and receipts foot up 6,150 bales, at 52½c. for Middling Uplands, with few if any lots to be had at the inside figure at the close, and about 44@44½c. for Orleans.

COFFEE—A very good demand prevails for Rio Coffee, principally from the trade, and though we cannot make any material advance in prices, a firmer feeling is noticeable; sales of 3,000 bags, ex Courier, and 3,416, ex Helmi, on private terms; other kinds are firm but quiet.
