A UNITED STATES DETECTIVE IN TROUBLE

HE IS CHARGED WITH SELLING COUNTERFEIT BILLS—ARREST AND COMMITTAL.

Yesterday morning a case came up before Justice Dowling at the Tombs of more than ordinary interest. The defendant in the case is one George Hyer, alias George May, alias "Black George," whom the police designate as a most notorious character. For several months past he has been in the employ of Mr. W. P. Wood, Chief of the Secret Service Division of the Treasury Department, in the capacity of detective.

The complainant is Mr. Thomas S. Knox of No. 345 Fourth-ave., who states that at the solicitation of Hyer he bought from him a quantity of counterfeit bank notes, paying therefor 27 cents on the dollar, and believing that Hyer intended he should utter these notes he caused his arrest by Sergeant Walsh of the Sixth Precinct. The following is the affidavit of Knox:

Thomas S. Knox of No. 345 Fourth-ave., being duly sworn, deposes and says that on the 30th day of September, 1866, at the City of New-York, George Hyer, alias George May, alias Black George, called upon the deponent at the corner of the Bowery and Bleecker-st. and importuned deponent to buy from him a quantity of State counterfeit bank notes; that deponent declined on account of the fact that he believed him, the said Hyer, to be a detective of the United States Government; that said Hyer then told said deponent that he need not be afraid of him as a Government detective, as the notes he had "laid over Wood's racket," and that none of Wood's detectives could arrest him for it; that said Hyer then agreed to meet deponent at the corner of Bleecker-st. and the Bowery, on the afternoon of yesterday, October 15, 1866, at 6 o'clock, but before the time for the appointment had expired deponent met the said Hyer in another quarter, accidentally, and made another agreement to meet at his (Hyer's) room, at No. 163 Greene-st. second floor, front room, as soon as deponent had obtained the money to pay for the counterfeit notes, which he was to sell deponent as agreed; that on the afternoon of Saturday, October 13, deponent met said Hyer, at his room aforesaid, as agreed; and the said Hyer gave deponent sixteen of the notes, similar and counterparts of the one hereto annexed, which purports to be of the issue of the Southport Bank of Southport, State of Connecticut, of the denominations of $3, and dated November 2, 1863, signed F. D. Perry, Cashier, and T. Alvord, President, payable to bearer on demand; also one bill, which is also hereto annexed, and purporting to be of the issue of the Lyons Bank of Lyons, Wayne County, State of New-York, of the denomination of $2, dated Jan. 1, 1862, signed by T. W. Palshaps, cashier, and D. M. Fasbell, banker, and payable to bearer on demand, all of which is counterfeit and of no value, and for which deponent paid 27 cents in United States Treasury and National Bank notes of the issue of the United States of America the sum of $15 50, which was at the rate of 27 cents upon the dollar, the price agreed to be paid to him (said Hyer) by him (this deponent); that said Hyer knew and intended that deponent should and would utter and pass the said false, forged and counterfeit notes, and that he well knew that the same were forged and counterfeit; and that said Hyer stated that he was safe as far as the United States authorities were concerned, as he (Hyer) was a Government detective upon the staff of W. P. Wood, Chief of the Secret Service Division in the Treasury Department, and that he could not and would not cause the arrest of deponent by the United States authorities, and that said Wood had no power to do so; and deponent bought the notes as aforesaid and after the transaction immediately gave notice to the Police authorities that deponent bought the said notes from the said Hyer, for the reason that he was afraid that said Hyer would have caused his arrest by the United States authorities if he did not do so, from the fact that deponent is informed and believes that said Hyer has placed counterfeit notes in the pocket of a person who had afterward been arrested upon the charge of having in his possession, with intent to utter at the instigation; and, fearing that said Hyer would arrest the deponent in the same manner, he bought the same from him.

The prisoner, on being asked his occupation, after considerable hesitation replied: "I am connected with the United States Government, and would rather not answer in what capacity."

He is a native of New-Jersey, aged 28 years, and resided at No. 97 Stanton-st. In reference to the charge preferred against him, he claims to be innocent, and says it is false in every particular. The police describe Hyer as a most notorious and hardened criminal. Several years since he was brought into public notice for the first time on the charge of having made five negroes "walk the plank" from a vessel which he commanded while off the Gulf coast. On his arrival in this city he was arrested and committed to the Tombs for trial, when he was incarcerated for eighteen months, and finally released, the evidence being insufficient to convict him of the revolting crime.

Soon after his release he was arrested on the charge of passing counterfeit money, convicted, sentenced, and served a term of five years imprisonment in the Sing Sing Prison. A few months after his release he was again arrested on a charge of passing counterfeit money, in the vicinity of Sag Harbor, in the western part of this State. While awaiting trial he managed to escape from the Sag Harbor jail, but was recaptured. He was ultimately tried, convicted, and again sentenced for a term of five years, but after serving out a portion of his term of sentence was released. He is a little above the medium hight, powerfully built, has black hair and dark complexion, and bears altogether the appearance of a daring, desperate man. The magistrate decided to hold him in the sum of $5,000 bail to answer the charge, and in default of bail he was committed to the Tombs to await the action of the Grand Jury. Knox, the complainant, was sent to the House of Detention as a witness.

BROOKLYN NEWS.

FUNERAL OF POLICE OFFICER HIPWELL.—On Saturday afternoon the remains of this much-respected officer, who came to his death by the bullet of the assassin, were conveyed for interment to the Cypress Hill cemetery. The numbers and respectability attending the funeral clearly indicated the respect and esteem in which the deceased was held. The religious services were performed by the Rev. Charles B. Sing, who, in his address, made special reference to the life and character of the deceased officer, and was followed by the Rev. Dr. Partridge of Christ Episcopal Church, Bedford-ave. The funeral was very largely attended, and there could not have been less than 400 policemen present. It is the intention of the friends of the deceased to raise a subscription for the wife and children.

ALLEGED DISHONEST CLERK.—George Bembell, a young German, acting clerk for Mr. Kinkell, corner of Washington and Tillary-sts., was charged with having appropriated to his own use the sum of $17 24. He was arrested yesterday on a warrant from Justice Cornwell, and gave the necessary bail to appear for further examination.

PLYMOUTH CHURCH SABBATH SCHOOL FESTIVAL.—The Annual Sabbath School Festival of Plymouth Church will be held on Wednesday and Thursday evenings next. These festivals are of a very interesting nature, and in addition to the usual attractions will be added that this year, of the large organ of the church which will be presided over by Dr. Warren.

ACCIDENTALLY RUN OVER.—Yesterday morning a man named James Morris, 52 years of age, was run over and knocked down by a horse and wagon, corner of Concord and Nassau-sts. His left thigh was badly fractured, and on being conveyed to Long Island College Hospital every attention and care were paid him. He is doing as well could be expected under the circumstances.

AN ATTEMPT TO SHOOT AN OFFICER.—Last evening, about 8½ o'clock, John Harman Long was arrested in Walworth-st., being much intoxicated. Previous to his arrest Officer Raiser had to pursue him, on which, Long drew a revolver. The ball missed the officer, and before he could prepare for another shot he was arrested. On appearing before Justice Cornwell he was held to await the action of the Grand Jury.

AN UNFORTUNATE STEP.—On Sunday evening at 10 o'clock a well-dressed man whose gait and utterance gave indications of his immoderate use of stimulants, reached Fulton Ferry and begged his way to cross. Having gone on board the ferry-boat, he walked to the furthest end, and then jumped into the water. The body has not yet been recovered, and the only remains of the unfortunate man is his hat, which was found floating on the water.

NEW-JERSEY NEWS.

GRAND PARADE OF THE JERSEY CITY FIRE DEPARTMENT.—The second regular triennial parade of the Jersey City Fire Department took place yesterday, and was by far the finest display that has ever taken place in the city. Special weather for the occasion could not have been more propitious; bright, warm sun, bracing air and clean streets, free from dust. The entire Department was out, together with several visiting companies from Philadelphia, Williamsburgh and Hoboken. The apparatus were made to look their best, having been repainted and otherwise improved, and decorated in holiday attire. "Old Liberty No. 1," which was the first engine ever introduced in Jersey City and went into service in 1829, at the time the company was organized, and which, on this occasion, was manned by exempt firemen, was assigned the post of honor. The antiquated old machine (which had been treated to a fresh coat of varnish) was the object of universal attraction, and was the means of calling up many a pleasing reminiscence among some of the exempts present, whose pride she was in former days. The line was formed between 10 and 11 o'clock, on Grand-st., right resting on Warren-st., and about 11 o'clock the procession marched in the following order:

Police, 45 men in platoons, under command of Aids Doyle and Killeen.

Newark Drum Corps.

Exempt members of the Fire Department, with old No. 1 Engine, manned by 29 men; Samuel Bridgen, the first Chief-Engineer of the Fire Department in command; Warren Stone, foreman, Henry W. Drayton, 1st assistant, Major Hughes, 2d assistant, and Charles F. Dumont, secretary.

Seventh Regiment Band.—Protection Steam Fire Engine No. 5, drawn by five of Herring's horses; 41 men. The steamer was tastefully decorated with elegant bouquets.

Eleventh Regiment Band.—Jackson Engine Company No. 6, John Shields, foreman; 85 men. The apparatus was decorated with a number of wreaths of flowers and bouquets, and presented a handsome and attractive appearance.

Fifty-fifth Regiment Band.—Delegation from Northern Liberty Hose and Steam Fire Engine Company No. 4 of Philadelphia: 25 men.

C. Minot Steam Fire Engine Company No. 7, Mr. Dennis, foreman; 70 men.

The procession, which was very imposing, and which was witnessed by many thousands of people, who came out in holiday attire, marched through all the principal streets of the city, taking in their line all the engine houses; they also proceeded to the Reservoir in Hudson City, and returning toward evening were dismissed at Washington-square. While passing the City Hall the firemen were reviewed by the Mayor, Common Council, Water Commissioners and Fire Commissioners.

In the evening collations were served up at the houses of most of the companies, and the whole affair passed off in a manner highly creditable to all concerned.

FATAL ACCIDENT.—Coroner Kirsten of Jersey City held an inquest, yesterday, on the body of Howard Barnes, an Englishman, 37 years of age, who died on Sunday from injuries received on Friday last on board the steamship Alleppo, lying at the Cunard Wharf. It appears that a sailor, while walking over the bridge on board the ship, accidentally dropped a "hole-stone," which fell down through the hatchway into the hold and struck deceased on the head, causing death as above stated. Deceased resided at No. 35 Canal-st., Jersey City, and leaves a wife and an adopted child. A verdict of accidental death was rendered.

READE AGT. THE ROUND TABLE.—It appears that the threats of a prosecution against *The Round Table* for publishing a libel upon Mr. Charles Reade in their criticism of "Griffith Gaunt" as an immodest publication, which were contained in the letter of that gentleman recently published, were not without foundation. Mr. Reade was as good as his word, and an action of this description was actually commenced on the 6th inst. by the service of a summons upon the editors of *The Round Table*, Wm. D. Booth, esq., appearing for the plaintiff, Mr. Reade. *The Round Table* have appeared by Dimock & Whitney and Robert E. Sewell as their attorneys, and demanded a copy of the complaint, so that the ball may be considered to have fairly opened. The parties to the suit are independent and bitter in their feelings, and spicy developments may be looked for before the matter is concluded. It is understood that Mr. Reade is about to visit this country with the view, it is supposed, of pushing the prosecution of the suit.

THE MONEY MARKET.

Monday, Oct. 15—P. M.

Gold opened at 153⅞, and sold down to 149¼ at noon, and closed at 149¼—the range of the day running from 150¼ to 153⅞. The import of gold last week was $510,320.

Government stocks were steady and in good investment demand. For 10-40s, the quotation is advanced to 99¾@100, rates which should make the Secretary of the Treasury a seller to the extreme capacity of the market. The Railway share market opened very strong, with a general disposition to buy anything upon the list at an advance in most cases over the extreme quotations of Saturday night. At the improvement there was the usual amount of selling to realize profits, and the customary reaction in prices. Old 5-20s rose ¼, and New ¼; 10-40s, ⅛. New Tennessee rose ⅛, and North Carolinas ⅛. Ohio and Mississippi Certificates fell ⅛. In Railway mortgages little done. Bank shares firm. Citizens' Gas Light Company of Brooklyn rose 10 per cent. American Coal rose 2 per cent. New-York Central rose ⅛; Erie, ¼; Hudson River, 3¼; Reading, 1⅝; Michigan Central, ⅛; Michigan Southern, ⅛; North-Western Common fell 1, and the Preferred rose 1. Cleveland and Pittsburgh was active, and rose ⅛; Rock Island rose 1; Toledo, Wabash and Western fell 1¼, and the Preferred rose ⅛; Fort Wayne rose 1¼ per cent, and Milwaukee and St. Paul Preferred ⅛. After the call the entire Railway share market was low, and in some cases a decline of 2 per cent was shown, and for some time the market was very soft and panicky. A reaction soon set in, and prices rose almost as rapidly as they fell. Late in the day the market was feverish, and closed as follows: Ohio and Mississippi, 33⅛@33¾; Canton Company, 55@55½; Boston Water Power, 31⅞@32; Cumberland Preferred, 58⅛@58½; Quicksilver, 54⅛@55; Mariposa, 13⅛@13⅜; do. Preferred, 29⅛@29½; Western Union Telegraph, 54⅛@54½; N. Y. Central, 117⅛@117¾; Erie, 83⅛@83¾; Hudson River, 126⅞@127⅛; Reading, 116⅞@117; Michigan Southern, 90⅞@90⅞; Illinois Central, 126⅛@127⅛; Cleveland and Pittsburgh, 92⅞@93; Cleveland and Toledo, 120⅞@120⅞; Rock Island, 108⅞@109; North-Western, 45⅛@45⅞; North-Western Preferred, 75⅛@75⅛; Fort Wayne, 110⅛@110⅞.

Money is wholly unchanged, and leading houses have an abundance of capital offered at 4@5 per cent on call. Prime commercial bills are sold at 5 per cent, and good at 5½@6 per cent. The Bank Statement shows a further increase in loans, with a reduction in the deposits, specie and legal tender items, with an increase in the circulation of $874,550.

Erie common shares have been very feverish and sold as low as 82½, and in demand. The stock, puzzles the street, but the impression is very current that higher prices are to be paid for it. The preferred stock has recovered the decline produced by the statements in regard to the finances of the road, and is strong. As the road is now fully employed, at fair rates, and will in the three closing months of the year probably earn, gross, close upon $1,500,000, the bulls in it are confident of forcing it into the nineties, with what success time will show.

Mining shares are in demand at full prices. Bullion Consolidated rose 5c. Consolidated Gregory sold at $16 80@$16 85. Corydon rose 20c., and closed at $6 70 bid. Smith & Parmelee sold at $14 30@$14 40.

At Cincinnati on Friday

There was a good demand for money, and lenders were freely supplied with paper, but the general features of the market were unchanged, and rates of interest remained at 6@10 ⅌ cent for first class names. Exchange ruled firm at par @ 50c. premium buying, and 1-10 premium selling. The supply is hardly equal to the demand.
