TUESDAY, NOV. 6—P. M.

Gold has been dull, opening at 148¼ and closing at 147¾. Government bonds have been firm and quite active. The new 5-20s of '65 were in demand at 110½. Seven-thirties, first series, were firm at 108 bid, and no large amount could be had at quotations. The miscellaneous share list was dull and neglected, with the exception of Atlantic Mail, which opened at 127, sold down to 110, and closed at 114½ bid. Mariposa Common was in good demand at 14, and the preferred stocks dull at 30½@36½. Pacific Mail was firm at 242½@243. The Railway share list opened dull, and continued without any special activity until after 1 o'clock, but all stocks offered were readily taken. After the 1 o'clock call, there was a better feeling, and all the leading shares were in demand at from ¼@¾ per cent advance. Later in the day the market was dull, and the leading shares were a shade lower, but the market closed firm at quotations: Ohio and Mississippi, 34¼@34¾; Canton Company, 56@56¼; Boston Water Power, 32¼@33¼; Cumberland Preferred, 67¼; Quicksilver, 53¼@54; Mariposa, 14@14¼; Mariposa Preferred, 30¼@30¾; Western Union Telegraph, 51¾@52; New-York Central, 122¼@123; Erie, 83@83¼; Hudson River, 124¼@124¾; Reading, 116¾@117; Michigan Southern, 93@93¼; Cleveland and Pittsburgh, 93¼@93¾; Cleveland and Toledo, 120¼@120¾; Rock Island, 110¼@110¾; North-Western, 58@58¼; North-Western Preferred, 80¼@80¾; Fort Wayne, 110¼@110¾.

Money remains unchanged at 4 ⅌ cent on Governments and 5 ⅌ cent on miscellaneous collaterals. Some weak houses were frightened into paying 6 ⅌ cent early in the day, but houses in first-class standing borrowed all they wanted at 5 ⅌ cent, and the market closed easy at that rate.

Sterling exchange is dull. Prime bankers' sterling is sold from second hands at 109¼, but 109⅜@109¾ is the general rate with drawers. We quote: London, prime bankers', 60 days, 109⅜@109¾; London, prime bankers', sight, 110¼@110¾; Paris, bankers', long, 5.16¼@5.15¼; Paris, bankers', short, 5.12½@5.11¼; Antwerp, 5.16¼@5.15; Hamburg, bankers', 36¼@36¾; Amsterdam, bankers', 41¼@41¾; Frankfort, bankers', 41¼@41¾; Bremen, bankers', 79@79½; Berlin, bankers', 72¼@72¾.

In Freights the business of the week has been limited and at lower and irregular rates, closing very dull at our quotations. In charters only a limited business doing at about former rates. The engagements to Liverpool are 25,000 bush. Barley at 3½d.; 15 tuns Oil Cake at 10s.; 400 bales Cotton at ⅛d., and per steamer, 2,100 bush. Barley at 4d. To London, 14,000 bush. Barley at 5½d., and to Glasgow per steamer, 9,000 bush. Barley at 4½d.

The business of the Sub-Treasury was: Receipts, $17,209,812 50—for Customs, $344,000; Payments, $16,827,042 15; Balance, $86,197,048 24—Gold Notes, $785,000.

Printing cloths, *The Providence Journal* says, are very dull, with a downward tendency. Manufacturers ask 13¼@13½c.; no buyers at those prices.

CHICAGO, ROCK ISLAND AND PACIFIC RAILROAD FIRST MORTGAGE SEVEN PER CENT BONDS (THIRTY YEARS TO RUN), FOR SALE BY CLARK, DODGE & CO., No. 51 WALL-ST.

## THE MARKETS.

[Carefully reported for THE TRIBUNE.]

TUESDAY, NOV. 6, 1866.

The buoyancy and activity which distinguished our Breadstuffs market has been followed by much depression and irregularity, and prices are decidedly lower, the more liberal arrivals here and at the lake portsincreasing the disposition to sell. The business in Pork has been very large, and the fluctuations very violent, the two extremes for the week showing a decline of $6 per bbl. Lard has declined materially. Bacon and Cut-meats have declined, and are unsettled. Cotton has been in fair demand, and closes steady. Petroleum has been in fair demand, has fluctuated, but closed steady.

ASHES have been in fair demand, and the market ruled quite firm, closing at $9 75 for Pots, and $13 75 for Pearls.

BEESWAX—There has been a fair demand for both Western and Southern and the market remains firm; sales of 3,500 ⅌ at 41@42c.

BRICKS—The market is firm and the demand fair; sales at $13@$14 for Common Hard; $18@$20 for Croton, and $60 for Philadelphia front.

BROOM-CORN—The supply is larger and the demand moderate; sales of hair to Prime at 8@13c.

CANDLES are without change in prices; the demand is moderate; sales of 300 boxes in lots at 22@22½c. Sperm and Patent are steady at 40c. for the former and 50c. for the latter.

CEMENT—Rosendale is without change; sales at $1 75 cash.

COAL—The inquiry for Domestic is moderate, and the consumption less than last year. Our stock is increasing daily, and the market is tame, at $4 10@$6 per ton, as to quality, the inside rate for Nut, deliverable at Elizabethport. Foreign has been in brisk demand, and is firmer; sales of 480 tons, including Liverpool Orrel at $20, Liverpool Cannel at $22, delivered Liverpool House Cannel at $17, and do. Orrel at $14 20, cash, ex ship.

COFFEE—The business in Rio is moderate, the trade buying only moderately as their wants compel them, and speculators having no disposition at the moment to operate. Holders, however, remain extremely steady in their views and no concessions are offered. West India descriptions are selling moderately without change to advise in figures. We quote Rio at 19½c. for prime, 18½@19c. for good, 17½@18c. for fair, 17@17½c. for ordinary, 16½@16½c. for fair to good cargoes, duty paid; and 19½@19¾c. for fair to good cargoes in bond. Java, duty paid, 25½@26c. Ceylon, 19½@20c. Maracaibo, 17½@20c. Laguayra, 17½@19½c., and St. Domingo, 16½@17c., all gold. The Rio Coffee on the way to the United States is 27,600 bags to New-York, 24,300 to Baltimore, 12,500 to New Orleans, and 4,200 to other ports. Messrs. Wm. Scott & Sons make the stock of Rio 46,735 bags, including 3,000 at New Orleans; 2,500 at Baltimore, and 39,235 at this port. The transactions to-day embrace 100 bags Ceylon at 20@20½c., and resales of 400 bags St. Domingo at 17@17½c.

COPPER—American Ingot has been only in moderate demand, but prices are without change; sales of 30,000 ⅌ at 30@30½c. for Baltimore and Lake; New Sheathing and Yellow metal are steady at full prices.

COTTON—The demand is not very active though fair, and chiefly from manufacturers and shippers for small parcels; prices are without change, closing steady at 39c. for Middling Uplands to 41c. for Middling New-Orleans. Sales of 1,750 bales.

DRUGS AND DYES—There is but little change to note in any article coming under this heading since the date of our last; the market is generally dull. We quote:

FLOUR AND MEAL—The demand for Flour since this day week has been less animated. The extreme prices accepted since the date of our last review greatly retarded business, and since then, with larger arrivals, local and countwise dealers have held off, and prices of the low and medium grades have declined rapidly, and are very unsettled, but Family brands are held much higher, though selling very slowly. We have added slightly to our stock, but it is now not above 100,000 bbls. against 500,000 bbls. the same time last year; this great difference cannot be made up, and we must, therefore, depend upon our railways for our daily wants. Should they be interrupted in any manner, fearful prices are apprehended. Only a moderate business has been done in Unsound for export, the current prices preventing the filling of orders. To-day (Tuesday) the market is less active, and with larger arrivals prices of the low grades are 10@15c. lower; family rivals prices of the low grades are 10@15c. lower; family brands are firmly held, but do not sell very freely; the sales are 8,600 bbls. at $5 25@$11 for Superfine State; $9 25@$11 10 for Extra State (Unsound); $11 15@$12 90 for Fancy do. (Sound); $11 95@$13 for Shipping Ohio; $13 10@$14 75 for Trade brands do.; $9 60@$12 for the low grades of Western Extra, and $15@$19 for St. Louis Extras. We notice a very handsome article of Flour offering from California by Messrs. Partridge, Wells & Co., held at $20 the sack of 200 ℔. Canadian Flour is in fair demand and is steady; sales of 200 bbls. at $14 75@$16 75. Southern Flour is unchanged and in limited demand; sales of 370 bbls. at $13@$14 75 for common to fair Extra Baltimore and Country, and $15@$18 for Trade and Family Extras. Rye Flour is quiet and is heavy; sales of 450 bbls. at $7@$6 25. Corn Meal is inactive and heavy at former prices. Buckwheat Flour is plenty at $3 50@$4 ⅌ 100 ℔.

FRUIT—There is not much doing, but prices remain very firm for all kinds. We quote:

Raisins, layer, new, ⅌ box ..... $4 40 @ —
Raisins, bunch, new, do. ..... 3 90 @4 00
Currants, ⅌ ℔ ..... 14 @ 14½
Citron, Leghorn, do. ..... 33½@ 34
Almonds, Provence, do. ..... 31 @ —
Almonds, shelled, do. ..... 45 @ 50
Sardines, ⅌ half-box ..... 38 @ 40
Sardines, ⅌ qr. box ..... 19 @ 19½
Brazil Nuts, ⅌ ℔ ..... 17 @ 18
Filberts, Sicily, do. ..... 12 @ 13

GRAIN—Wheat has been in brisk demand, but, with more liberal arrivals and a marked decline in Flour, millers and speculators have had the advantage, and prices have declined fully *ten cents* per bushel since the current prices of Wednesday and Thursday; we allude to Spring Wheat, but Winter, being extremely scarce, has advanced. Our stock has increased materially, and is now 604,000 bushels. The prospect is now that we shall add to it week after week until the close of navigation, but we cannot count on any thing like a liberal stock at the close of the season, though it may prove much larger than we have expected. To-day (Tuesday) the market opened stronger with limited arrivals of Spring, but millers held off, and ere the close of Change it could be had on lower terms. Winter opened firm, but closed lower; the sales are 7,000 bush. White Canadian on private terms; 7,000 bush. Common White Michigan at $3 35 and 5,000 bush. Prime Amber State at $3 30. Barley has been in limited demand for export, but at lower and variable prices. The large arrivals have checked the speculative demand, and prices are lower and unsettled. The stock has increased, and is now 822,000 bushels, and, with large arrivals in prospective, we are likely to close the season with an ample stock. Our exports since Sept. 1 have been 400,000 bush. To-day the supply is more plenty and the market is lower, the demand mainly for export; sales of 117,000 bush. at $1 00@$1 11 for Canada West in bond, and $1 20 for do. (common) free, and $1 12@$1 16 for two-rowed State. Barley Malt is quiet at $1 35@$1 40. Oats opened firmer, but at the close the market was heavy; sales of 37,000 bush. at 72@73c. for Chicago, and 73c. for State. Rye is quiet but firm for choice Canadian; sales of 27,000 bush. at $1 20 for Old Western, and $1 42@$1 43 for Canadian. Indian Corn has been less active, has declined and has fluctuated violently. The business of the week has been creeping to local dealers and speculators; the current prices personally, being far above the limits of shippers' orders. We have added daily to our stock, and it is now about 2,750,000 bushels. New Corn from the South has been offered to some extent, but it is too damp for present shipment; this crop at the South is represented as large and of very fine quality. At the close the market opened better with a fair demand, but closed easier and very quiet; the sales are 112,000 bush. at $1 28@$1 30 for Mixed Western, in store, closing at $1 28; $1 29@$1 30 for do. afloat, and $1 30@$1 32 for Western Yellow.

GUNNIES have undergone no essential change in prices. We quote nominally at 20c. for Bags and 31@31½c. for Cloth.

HAY—The demand is fair for shipping and the market is steady; sales of 270 bales at $1 10@$1 15 for shipping, and $1 25@$1 50 for retail lots. Long Rye Straw is scarce and wanted at $1 15@$1 20 ⅌ 100 ℔, cash.

HEMP—There has been an improvement in the demand for Manilla and the market ruled very firm; sales of 4,000 bales, chiefly in Boston, ex "Franklin," at 10½@11c. gold, closing at the latter rate. In other descriptions we note a very moderate demand without change to note in prices.

HIDES—The market has been quiet and closes somewhat unsettled. Wet Salted Domestic Hides are more plenty, and tending downward, which checks the demand for Dry Hides. We quote: Dry Hides—Buenos Ayres, 25 to 27 ℔, 21½@22½c.; Buenos Ayres, 20 to 23 ℔, 21½@22c.; Montevideo, 20 to 22 ℔, 19½@20c.; Corrientes, 21½ to 22 ℔, 18½@19½c.; Rio Grande, 20 to 22 ℔, 18½c.; Orinoco, 21 to 23 ℔, 18c.; California, 22 to 25 ℔, 18@18½c.; Central American, 18 to 21 ℔, 16@16½c.; Matamoras, 22 to 24 ℔, 17½@18c.; Vera Cruz, 18 to 19 ℔, 15½@16c.; Tampico, 20 to 22 ℔, 16@16½c.; Bogota, 18 to 20 ℔, 16½@17c.; Texas, 22 to 25 ℔, 12@13c.; Western, 18 to 25 ℔, 12@13c., all gold.

HOPS—There still prevails a good demand for home consumption and prices are well sustained; sales of 300 bales at from 20@40 and 60c. as to growth and quality.

INDIGO remains quiet, and we have only to note small sales on private terms. In prices there has been no essential change.

IRON—Pig Iron has met with a good demand, and prices for all kinds still tend upward; sales of 100 tuns Poughkeepsie, at $46; 75 tuns No. 1 Gareherrie, at $53; 75 tuns Glengarnock, from ship, at $52, and 100 tuns do. do., from yard, at $55. We quote:

MOLASSES—A fair inquiry prevails for the choice and prime grades, and prices are better; but the attention of buyers is still principally directed to the low grades for distilling purposes, and the stock of these being very materially reduced, they are held at extreme figures. We quote Cuba Muscovado at 50@53c., Clayed at 50@52c., Centrifugal 42@50c., and Porto Rico at 60@75c. The stock is estimated at about 2,600 hhds. Cuba and 2,500 hhds. Porto Rico, &c. Rosins are generally dull, but the prevailing low rates will, no doubt, soon induce operators to purchase for export; sales of about 3,000 bbls. Tar has advanced, and closes firm with a fair business. We quote:

OILS—City Linseed is lower, and the market at the close is depressed. In Fish Oils we notice a good demand without, however, any change in prices; sales of 305 bbls. Crude Whale; stock 16,634 bbls.; 550 bbls. Elephant Oil on private terms, and 832 bbls. Crude Sperm; stock 3,382 bbls. Lard and Red Oil remain firm, with a fair business. We quote:

OIL MEAL—The demand is moderate, and the stock is liberal; sales of 70 bags at $2 45@$2 50 per 100 ℔.

PROVISIONS—We have had a very excited and variable Pork market; the demand soon after our last was active to cover maturing contracts, and the price of Mess was forced up to $36, but after they were filled and the stock was made up quite a panic followed, and prices declined to $28; our present stock is 53,000 bbls., an increase over last month, and is large for the season; the business for the future has been limited, and there is very little confidence evinced in present prices being sustained; to-day there has been less doing in Pork and at very irregular prices, closing dull and heavy at our inside figures; for future delivery, sales of 250 bbls. Mess, seller all the year, at $27; the sales, cash and regular, are 7,000 bbls., at $28@$28 75 for Mess. New Beef has been in better demand, and has improved slightly; the stock is light for the season, closing more active and firm; sales of 400 bbls. at $9@$13 for Old Plain Mess, $13@$19 for New do., $16@$19 for Old Extra, and $19@$23 50 for New do. Tierce Beef is more plenty, but not enough has been done in it to guide us in giving quotations. Beef Hams are selling in jobbing lots, sales of 50 bbls. at $39@$40 50 for Western, and 21 bbls. Beef Tongues at $34. Cut-meats are plenty and quite dull at quotations. Hogs are more plenty and are lower; we quote Live at 9@9½c. Bacon has been in moderate demand for the Southern trade, and has declined, and closes unsettled; sales of Old Cumberland at 14½c., Short Ribbed at 15½@15¾c., and Short Clear at 16½c. Lard has again declined and has fluctuated; the demand has been chiefly for the trade, though firm for the West India, closing dull and heavy; sales of 475 pkgs. at 15@15½c. for City and fair to prime Steam and Kettle Dried, and 15½c. for strictly prime Kettle Rendered.

AFTERNOON PROVISION MARKET, 4½ O'CLOCK.—There was a fair business in Mess Pork, but prices are heavy; sales of 2,000 bbls. cash and irregular at $28. Lard is dull and heavy at 15½@15¾c. for Kettle Rendered, the latter rate an extreme.

RICE—The market remains dull and prices are somewhat nominal; we quote at about 13½@14½c. for Carolina, 9½@10½c. for Rangoon, currency, duty paid, and 3½@4½c. for Rangoon, gold, in bond.

SALT—With only a moderate stock on hand of both Bulk and Sack Salt, and most of the recent arrivals disposed of, we have had a very firm market, and with a good demand at the close, prices tend upward. We quote:

Duty: Sack, 23c. ⅌ 100 ℔; Bulk, 13c. ⅌ 100 ℔.

SOAP—We notice sales of 200 boxes Castile at 19@19½c.

SUGARS—The demand for Raw Sugars has been very light, and is mostly for small parcels as wanted by the trade and refiners. Holders ask former rates, and the market is nominally unchanged; but any attempt to force sales would undoubtedly result in a material decline. We quote about as follows: Cuba at 9½@10½c. for inferior to common Refining; 10½@11c. for fair to good do.; 11½@11½c. for fair to good Grocery; 12@12½c. for prime to choice do.; 9½@12½c. for Centrifugal (bhds. and boxes), and 10@12c. for Melado. No. 12 Havana boxes, in bond, are worth 4½@5c., gold. The stock is estimated at 46,681 hhds., 54,825 boxes and 62,441 bags. The sales to-day are 300 hhds. at 10½@11½c. for Cuba, and 13c. for Porto Rico. WHALEBONE—The market is dull. We have no sales to report and prices are nominal.

WOOL—Dullness and extreme heaviness are still the prevailing features of this market; prices have a downward tendency, and the only sales we learn of are confined entirely to the wants of manufacturers, which are indeed very moderate; the stock of Domestic Fleeces is large and is daily accumulating.

## N. Y. WHOLESALE PRICES OF COUNTRY PRODUCE.

FOR THE WEEK ENDING NOV. 6, 1866.

[Expressly for THE N. Y. TRIBUNE by our own Reporter.]

The following are the current rates of articles in good condition, as sold by commission houses at wholesale. Shippers receive 5 to 10 ⅌ cent less, deducted for commissions, beside freight and other charges. Parties receiving produce to sell, often with the request that immediate returns be made, cannot always obtain the prices which transient buyers have to pay. Our figures are intended more for the farmer than the merchant, and we prefer not to disappoint by giving the outside prices of very choice articles. Boxes or packages should be carefully marked with paint, and the name of the sender should also be painted upon one end. Mail an invoice or list of the articles upon the under side of the cover, and send a letter by mail, containing an invoice and directions, also stating how and when sent. Clean packages and care in putting up will add much to the value of the produce. The present being election week, people are too much absorbed in politics to do much in the trading line, hence business is very dull. There is scarcely anything doing to-day.

BEANS AND PEAS.

There are no new Beans to speak of arriving, and the presumption is that the crop is very light. At least the high prices fail to bring them forward. Our quotations are for old, which are firm. We quote:

Beans, pea, prime, ⅌ bush ..... $2 20@$2 60
Beans, medium prime, ⅌ bush ..... 2 25@ 2 40
Beans, kidney, ⅌ bush, prime ..... 2 35@ 2 60
Beans, marrow, prime ..... 2 50@ 2 75
Beans, marrow, hand-picked or screened ..... 3 00@ 3 10
Beans, inferior ..... 1 25@ 1 87
Peas, Canadian, ⅌ bush ..... 1 75@ 1 80
Peas, Southern, ⅌ bush ..... 2 25@ 2 40

BUTTER.

There is a slight increase in the receipts, the total for the week being 9,427 packages. This has nearly all been used up, some of the medium (this) going to Europe on a venture, though against the advice of those best posted, while a false report that butter was worth 40c. (gold) in California induced free shipments in that direction, the last steamer taking some 2,200 packages. The truth is that 37½c. was the highest price in California, and long before the present shipments arrive out, the market there will quite likely be lower. The local trade, which really takes most of the butter, is weaker on all but a little strictly fine, and that is not very firm. While dealers manage to get 42@43c., in a small way, for extra Delaware and other choice State firkins, with a few half-firkins sold at 45c., and a little of the best selected Welsh at 41c., a farmer coming in with a whole dairy, even if fine
