OIL MEAL has been in limited demand, and closes heavy at $2 40@$2 45 ⅌ 100 lb. cash.

PROVISIONS—The depression and heaviness in our Pork market so noticeable at the date of our last review continued up to Monday; prices of Mess declined to $21 50, a further concession of $3 per bbl.; on that day a better demand prevailed and a part of the decline was recovered with a more general demand, the much lower prices current attracting much attention; the demand for the future subsided; the delay in packing at the West renders a large increase in the weight of hog certain, and with the well known increase in numbers there is very little confidence even at the present low prices; our stock is large and is likely to increase daily. To-day the market opened firm but closed lower and heavy; the sales, cash and regular, are 5,000 bbls. Mess at $22 50@$23 15 for Mess, closing on Change at $22 75; at the Afternoon Provision Market a fair business was done; sales of 2,000 bbls. at $22@$22 25 for Mess, which is a decline of 62½@75c. ⅌ bbl; Western Repacked Beef has arrived quite freely, and with a moderate demand prices declined and close heavy; sales of 200 bbls. at $9@$13 for Old Plain Mess; $20@$23 50 for New do.; $18@$19 for Old Extra, and $18@$22 50 for New do. Tierce Beef has been offered more freely, but in the absence of business prices are nominal. Beef Hams are lower and nominal at $35@$39 for Western. Bacon has been much depressed; the offerings of Old (recently arrived from Liverpool) have been liberal, and of New for early delivery, and has been unsettled; sales to-day of 150 boxes New Western Short Clear to arrive on private terms. Lard to-day opened firm but closed heavy; sales of 1,050 pkgs. (part last evening) at 12¾@12⅞c. for No. 1; 12⅞c. for City, and 13¼@13⅜c. for fair to prime Steam and Kettle Rendered.

RICE—The market remains very dull, and we hear of only small jobbing lots at about 13@13½c. for Carolina, and 9¾@10c. for Rangoon.

SUGARS—There is no improvement in the demand for Raw Sugars to-day, and in the absence of any amount of business, prices must still be considered at the decline made upon the recent forced sales; the few lots taken are chiefly to meet pressing necessities, as buyers refuse to operate until gold has become more settled, we quote nominally as follows: Cuba, at 9¾@9¾c. for inferior to common refining; 10@10½c. for fair to good do.; 10¾@11½c. for fair to good Grocery; 11¼@12½c. for prime to choice do.; 9@10c. for Centrifugal (hhds and boxes), and 9¾@7¾c. for Melado. Refined are very dull and nominal at about 13¾@15¼c. for Powdered, Granulated and Crushed; 14¼@14¾c. for Soft Whites, and 13¾@13¾c. for do. Yellows. Messrs R. L. & A. Stuart have reduced their figures for Refined ½c. ⅌ lb. as follows: Crushed and Granulated, 15¼c.; Ground, 15¾c.; White A, 14¾c., and Yellow C, 14¼c.

SALT—Liverpool Salt has been in moderate request and steady, with sales in lots at $2 for Ashton's; Turks Island is lower, but a fair business was done; sales of 10,000 bush. at 55c. We quote:

STEARIN—The market is well supplied, and is much lower and unsettled at the close; sales of 180,000 lb at 12@14c. for fair to prime, and 70,000 lb Grease at 8¾@11c.

SPELTER—Sales of 25 tuns Silesian at 6c., gold.

TALLOW—The arrivals have been fair to-day and the market has declined in sympathy with gold, and closes heavy; sales of 70,000 lb at 11¼@11½c. for Western; 12@12½c. for City, and Butchers' Association at 12½c.

WOOL—We have no new feature to advise our readers this week, the market remaining in the same sluggish state as noted for some time past, manufactories being the only operators, and they purchase only such lots as would supply immediate wants; in prices there has been no special change, but they are entirely nominal at the close. We quote Domestic Fleeces at 45@48c. for Native and one-quarter Merinos; 40@45c. for One-half and Three-quarter do.; 50@60c. for Full-blood Merinos, and 60@65c. for Saxony Fleeces; 30@40c. for No. 1 Pulled; 52@58c. for Superfine do. and 55@60c. for Extra do.; 22@27c. for Common Unwashed California; 35@40c. for Fine do.; 20@32c. for Texas, and American Combing at 60@70c. N. Y. WHOLESALE PRICES OF COUNTRY PRODUCE.

FOR THE WEEK ENDING NOV. 20, 1866.

(Expressly for THE N. Y. TRIBUNE by our own Reporter.)

The following are the current rates of articles in good condition, as sold by commission houses at wholesale. Shippers receive 5 to 10 ⅌ cent less, deducted for commissions, beside freight and other charges. Parties receiving produce to sell, often with the request that immediate returns be made, cannot always obtain the prices which transient buyers have to pay. Our figures are intended more for the farmer than the merchant, and we prefer not to disappoint by giving the outside prices of very choice articles. Boxes or packages should be carefully marked with paint, and the name of the sender should also be painted upon one end. Nail an invoice or list of the articles upon the underside of the cover, and send a letter by mail, containing an invoice and directions, also stating how and when sent. Clean packages and care in putting up will add much to the value of the produce.

BEANS AND PEAS.

The market is nearly bare of beans. A few old pea and mediums are held as high as $2 75 per bushel. Choice new marrows would bring $3 25, if not $3 50. We quote:

Beans, pea, prime, ⅌ bush	$2 50@$2 60
Beans, medium prime, ⅌ bush	2 40@ 2 50
Beans, kidney, ⅌ bush, prime	2 40@ 2 60

BUTTER.

The butter trade is in an unsettled state this week, for while small lots or dairies of very fine State butter are bringing 42c., and occasionally a little more in the hands of dealers who know just where to put them, many farmers are in town with their own butter, which they cannot sell at over 35@38c. In fact, some very good Delaware County dairies have been sold at 35c. Still there are sections where butter is held stiff at 40c. in the country. The feeling here is certainly weaker than last reported, and buyers are very particular in their tastes. Much of what the makers call really fine is passed by as not good enough to suit their custom. We drop quotations about 2c. ⅌ lb, though some dealers have instructed their country buyers not to pay within 5c. what they have been giving, and much more is now sent forward to be sold on commission. Some small lots of Canada butter are offering at 25@28c., which will lose the owners' money. Receipts for the week are 13,540 packages, which is 2,009 more than last week, and much of it has gone into cellar, it being impossible to sell it. There is no outlet for butter, and no indications that it can be sent abroad at other than grease prices. We quote:

State, fresh, prime, ⅌ lb	38@40
State, half firkins, Choice, ⅌ lb	40@42

CHEESE.

We find 33,577 boxes of Cheese have been received during the week, while not over 20,000 boxes have been shipped abroad. This large gain of nearly 7,500 boxes over the previous week tells heavily on the market, the more so since shippers are scarcely operating at all just now. They are buying very sparingly, but want only Fancy Cheddar Cheese for the Christmas market. The stock is piling up in the city, and many dealers will only receive to sell on commission. Although more Cheese are now here than are wanted, still it will be better for owners to send forward most of their stock before the freights advance, as they are sure to do upon the approach of Winter. Beside, there is risk in sending in extreme cold weather. If here they can take the benefit of any sudden demand, and soon be on their way to Europe. The trade just now is at a standstill, and the few sales made are at a decline of ½c. Some very good Factory has been sold at 16c., while farm dairies are not moving at all, and there is almost no call for English Dairy. We quote:

English Dairy, skimmed, poor	⅌ lb 8@14
English Dairy, common to fair	15@16
English Dairy, Cont., fine	17½@18½
English Dairy, Ohio, ⅌ lb	16½@17½

EGGS.

Eggs have been coming in strong for a week past. In addition to the Fall lots, large quantities of limed eggs are being received, making 3,418 bbls. for the week. This is 1,200 bbls. more than were reported last week, and prices are easier. Fresh eggs are generally selling at 35c., in lots, with single bbls. at 38c., and even 40c. We quote:

New-Jersey and Pennsylvania, fresh, ⅌ doz	38@39
State, good marks	36@37
Western and Canada, ⅌ doz., loss off	35@36
Limed, ⅌ doz., loss off	31@32

FRUITS AND BERRIES.

Apples are not doing as well, few Western selling for more than $4, and State fruit above $4 50 ⅌ bbl. Cranberries are firmer, and some fine Grapes. There are still many common grapes on the market, which dealers are working off, some to peddlers, others for wine, at 6@8c. ⅌ lb. A few fine Catawbas are bringing 20c. ⅌ lb. We quote:

Apples, Ohio and Michigan, ⅌ bbl	$4 00@$4 25

FRUITS AND NUTS DRIED.

Small lots of State apples are selling at 13c., while others are held at 14c. ⅌ lb. Chestnuts are lower, and so are unpeeled peaches. We quote:

HOPS.

Moderate sales have been made during the past week, at our previous quotations, which we renew, and there is an unusual quietness or dull feeling pervading the trade, which occurs to check operations. Receipts of the week, 882 bales. We quote:

Old Foreign	40@55
New American, Inferior	30@45
New American, Prime	50@55

MEATS.

Pork and beef continue very dull, at still lower prices. The live stock markets have been largely overstocked, and hogs are heavy. We quote:

Beef, hind quarter, ⅌ lb	10@14

POULTRY AND GAME.

Live fowls are plenty and sell slowly at lower rates. Dressed has varied during the week, receipts being large and the weather favorable. Turs of chickens and turkeys have been sold at as low ⅌ lb. not in prime order, at times. Fresh poultry is doing a little better just now, the receipts being lighter, as they or two past, and we should expect to get the highest price quoted except for fat birds, neatly dressed, carefully put up in clean straw, and in good condition when opened. It is only the beautiful poultry which fulfills these conditions at the present time. We quote:

VEGETABLES.

There is a demand for sweet potatoes for the Bermuda market, and in the absence of Western Reds Garnet Chills are being shipped, also some Jersey Whites. This causes an advance in these varieties. Other sorts are unchanged, with dull sales. Large quantities are on the canals bound for this market. We quote:

SUNDRIES.

There is a little more honey coming forward, mostly buckwheat. It goes off less lively. Some new corn meal has been sold at $2 20, but it will not keep. Our quotations are for old. Very choice feathers will occasionally bring $1 ⅌ lb, if new. We quote:
