### SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless To Flush Kidneys And Neutralize Irritating Acids

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate the sensation, or setting up an irritating inflammation, causing a burning, scalding at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a teaspoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is innoxious, harmless, and is made from the salt of grapes and lemon juice, combined with lithin and is used by thousands of folks who are subject to urinary disorders caused by uric acid disorders. Jad Salts is especially for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithin-water drink, which quickly relieves bladder troubles.
