Successors.—This Company will act as Attorneys for securing Patents for new inventions in this country and Europe on the most reasonable terms.—Conduct Infringement Cases—and procure renewals of Patents.

Our Examining Rooms and Selling Department.—We respectfully submit to the public that ours is the only Responsible Soliciting House in the World that has an Exhibition Room, and Efficient and Successful Selling department attached. On Patents taken out by us we require no advance fee for selling.

We are in regular communication with upwards of 150 Patent Sellers throughout the country who depend wholly for their supply of Patents upon us. Our Exhibition Rooms (office Broadway and Barclay Street, in the very heart and centre of the city), are daily visited by numbers of capitalists and men of enterprise, seeking investments in valuable Patents, for the purpose of reselling in subdivisions, while other and heavier capitalists are always ready to purchase a useful Patent and engage in its manufacture, and thus secure a lucrative monopoly. These sources of demand that are daily augmenting are fully sufficient to absorb the entire supply of Patents now being issued, and that at fair prices.

Assignments of Patents for sale are respectfully solicited. Any information free. Responsible Agents wanted in every country and town who have fixed places of business—to such we will pay $30 per quarter, and 5 per cent. on all sales, to act as our Agents, for the explanation (one hour or more per day) of the models of such patents as may be placed in their hands for sale. To good Salesmen who will give whole time to business, will pay $50 per month. Also traveling Agents wanted at a fair salary.

Agents will be required to give some satisfactory security or deposit the cost price of models, which will be refunded when returned.

DR. JOHN BULL'S COMPOUND

CEDRON BITTERS,

The Latest and Most Important Discovery of the 19th Century

No man's name is more intimately connected with the history of Materia Medica of our immediate time, or more favorably known as a public benefactor, than that of Dr. JOHN BULL, of Louisville, Ky., his inimitable preparation of Sarsaparilla, has long stood at the head of the various compounds of that valuable drug. His Compound Syrup of Wild Cherry has become a household word throughout the west and South, and his Worm Lozenges in less than a year after their introduction attained a reputation as wide spread as the continent of North America. But the crowning glory of his life remains to be attained in his latest discovery, the Cedron Substitute, for he does not claim to be the discoverer of CEDRON, which is the basis of the bitters now offered to the public. That honor belongs to the native inhabitants of Central America, to whom its virtues have been known for more than a hundred years. Armed with it the Indians bids defiance to the most deadly malaria, and handles without fear the most venomous serpents. It is a relief with them that while there is breath left in the body the Cedron is potent to cure, no matter what the disease may be.

While Dr. Bull is not prepared to endorse this extravagant profession, he is nevertheless satisfied from a thorough examination of the evidence relating to its virtues, that as a remedy, and preventive for all diseases arising from exposure either to changes of weather or climate, or to the miasmatic influences, it stands without a rival, and justly deserves the reputation it has so long in Central America and the West Indies, in

DYSPEPSIA,

And its attendant train of symptoms, it acts more like a charm than a medicine. There is nothing in the range of the Materia Medica, that can for a moment bear a comparison with it in this disease.

A full account of this wonderful plant may be found in the 17th edition of the U. S. Dispensatory, pages 1387 and 1388.

A series of experiments in which Dr. Bull has been for years engaged, has just been brought to a successful termination, and he is now enabled to offer to the public a combination of Cedron with other approved tonics, the whole preserved in the best quality of copper distilled Bourbon whisky, which he is confident will be equal to the world.

He might furnish a volume of certificates, but the public have long since learned to estimate such things at their true value. The safest plan is for every one to test for himself the virtues of a new medicine. Give the

CEDRON BITTERS

One trial and you will never use any others.

It is not necessary to publish a long list of diseases for which the Cedron Bitters are a specific.

In all diseases of the Stomach, Bowels, Liver or Kidneys;

In all affections of the Brain depending upon Derangement of the Stomach or Bowels;

In Gout, Rheumatism and Neuralgia;

And in Fever and ague, it is confided to supercede all other remedies. It not only cures those diseases but it prevents them.

A wine glass full of the Bitters taken an hour before each meal will prevent the ill effects of the most impure air or city miasma, and screen the person taking it against disease under the most trying exposure.

ALLEN'S LUNG BALSAM.

The Great Remedy for Curing Consumption, Coughs, Colds, Asthma, Croup, Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest or Lungs, Difficult Breathing, and all the Diseases of the Pulmonary Organs.

IT IS ONE OF THE MOST valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucous; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that

IT IS WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME.

It is warranted not to produce costiveness (which is the case with most remedies), or effect the head, as it contains no opium in any form. It is warranted to be perfectly harmless to the most delicate child.

There is no real necessity for so many deaths by Consumption, when Allen's Lung Balsam will prevent it if only taken in time.

Do not despair although all other medicines have failed, but give this remedy a trial.
