WEDNESDAY, Nov. 28—P. M.

Gold opened at 142¼, rose to 143¼, dropped to 140¾, and finally closed at 141¼. The Government has been a seller of gold to-day. The export by the Persia was $250,000.

The stock market is dull, and tends to lower prices upon the whole list. The chief purchases were to cover short contracts, and buyers for investment do not yet appear. The bulls seem to have lost their courage with their margins, and are not disposed to do anything. A few wealthy operators on Friday came to the rescue of the market in stocks largely held by them, but it appears that upon the prices made by their purchases they were the largest sellers. There is nothing in Wall-st., or among merchants, to encourage new speculations for an advance until the wreck of last week's panic is cleared away, and the Treasury board from through the Secretary's annual report. Its character, as foreshadowed by telegrams from Washington, is conservative, and in favor of returning to specie payments, without resorting to any more "stimulants" in the form of currency to the South, or more legal tender in any form. At the Regular Board U. S. 5s of 1874 fell 1¼, and old 5-20s ¼. The active Railway shares dropped from ¼ to 1½ per cent, and are heavy at the reduced price. After the call, and up to the close of business, prices drooped, and no large amount of stocks could have been sold except at large sacrifices. The latest quotations were: New-York Central, 112@112¼; Erie, 70¼@70¾; Hudson River, 121@121¼; Reading, 111¾@112; Michigan Southern, 80¼@81; Cleveland and Pittsburgh, 84@84¼; Rock Island, 103¼@103¾; North-Western, 42¼@42¾; North-Western Preferred, 71@71¼; Fort Wayne, 104¾@104¾.

Money is offered to strong houses at 6 per cent, but houses of fair credit readily pay 7 per cent. People owning money are coming to the conclusion that it is worth more than property at present, and that its buying power will increase as the year draws to a close. In commercial paper no change. Best names sell at 6¼@7 per cent. Long paper of houses not well-known can only be used at high interest. Bills at 60 days, on London, are quoted at 108¾@109 for commercial, 109¼@109¾ for bankers'; do. at short sight, 110¼@110¾; Paris, at 60 days, 5.17½@5.13¾; do. at short sight, 5.15@5.11¼; Antwerp, 5.17½@5.15; Swiss, 5.17½@5.15; Hamburg, 36¼@36¾; Amsterdam, 41@41¼; Frankfort, 41¼@41¾; Bremen, 78¼@79¼; Prussian thalers, 72@72¼.

Freights are more active, and rates are firmer. The engagements to Liverpool are 140,000 bush. Barley, at 5¼d.; 7,000 bush. Oats at 4½d.; 50 hhds. Tobacco at 22s. 6d.; and per steamer, 40,000 bush. Grain, at 7d.—shipper's option as to its being Wheat, Corn, or Barley. To London, 1,000 bbls. Flour, at 2s. @2s. 1½d.; 21,000 bush. Barley, at 6d.; 2,000 bush. Wheat, at 6½d. To Glasgow, 9,000 bush. Barley, at 6d. A bark with 3,500 bbls. Petroleum to Cork for orders at 5s. if to the United Kingdom, or 5s. 6d. if to the Continent. A Norwegian brig, with light Pipe Staves to Cadiz, at $22 50.

The following shows the exports (exclusive of specie) from New-York to foreign ports for the week ending Nov. 27, and since the beginning of the year:

	1864.	1865.	1866.
For the week	$4,845,104	$5,022,750	$3,466,641
Previously reported	191,788,462	151,942,898	168,436,426
Since January 1	$196,633,566	$156,965,648	$171,903,067

The business of the Sub-Treasury was: Receipts, $2,884,919 84—for Customs, $335,000; Payments, $1,475,991 57; Balance, $105,320,962 89—Gold Notes, $512,000.

At the London Stock Exchange the following were the quotations by Cable:

	Nov. 12.	Nov. 14.	Nov. 16.	Nov. 23.	Nov. 26.	Nov. 28.
U. S. 5-20s	69½	70	69½	70½	71	70½
Erie	52½	51	49½	50	47½	47
Illinois Central	78	78	77½	78½	77½	77½
Consols	89½	90	90	90	89½	89½

The earnings of transportation companies begin to show the effects of stagnating trade, and are generally lower.

The Chicago Tribune of Monday says:

The mercantile trade of the city during the week has been very light, and not at all satisfactory to those interested. Prices of merchandise have suffered a more or less decline, owing to the fall in gold, and the general belief that values must go lower before the bottom is touched. The week closes on a quiet money market, though at the close the demand for accommodation shewed signs of renewing activity. The market is in a peculiar condition, owing mostly to the tardiness of the packing season. There is no great superabundance of currency, but the discount houses would be glad to find an outlet for their surplus funds for ten or twenty days. Having made arrangements to carry the pork crop, as soon as it begins to move, the banks do not feel inclined to increase their regular discount lines to any great extent. For prime paper, the market works easy, at the usual bank rate—10 per cent. In the open market, good outside signatures are negotiated at 12 per cent, and less acceptable documents at 15@18 per cent per annum. There is an active demand for Eastern exchange, and as the amount making is comparatively small, the market works very close, compelling most of the banks to ship currency.

The Cincinnati Commercial of Monday says:

Exchange was a little firmer, though because of comparatively light offerings rather than any material increase in the demand. Money is thought to be rather easier, though the evidences of it are not particularly marked. Borrowers who are in need have to pay as dearly for it as heretofore.

HOPS—With a small stock, and only moderate arrivals in prospect, prices are firm and a good demand prevails; we quote at from 20@40@60c., as to growth and quality.

HEMP—The stock of Manila is reduced materially, and of what little there is here now is in the hands of one house; the inquiry is good and prices have an upward tendency; we quote at 12@12½c. gold, in Boston and here; other kinds remain dull and prices are nominal.

Dressed Hogs are rather more plenty, and with the unfavorable weather, prices are lower. We quote at 10½@11½c. for City. SEEDS—The market is unsettled for Clover Seed; Old at 13¾@14c., and New at 15¾@16c. Timothy Seed is only in moderate demand, but prices are firm at $3@$3 75. Rough Flax Seed is selling at $3 10@$3 25. Calcutta Linseed remains dull, but prices are without change; we quote nominally at $2 56½@$2 60, gold, in Boston and here.

TALLOW—The market is fairly active, but prices are hardly so firm; sales of 125,000 lb. at 12@12½c.

WHISKY—The market is moderately active, and is firmer; sales of 100 bbls. choice Western, in bond, at $3.

THE DRY GOODS TRADE.

NEW-YORK, Nov. 28—1 P. M.

General dullness still prevails in the Dry Goods market. The intervention of Thanksgiving Day has a tendency to check operations for the moment. There is also a general disposition to await the opening of Congress for any gleams of light upon the future of finance and politics. Should the report of the Secretary of the Treasury foreshadow any reduction of the duties upon manufactures, the effect upon the value of some classes of goods would be quite important. Beyond all this, however, there is the old source of inactivity arising from mistrust as to the continuance of present high prices.

The cotton manufacturers appear determined not to run into the error of over-production in which the woolen manufacturers are caught; but are carefully regulating their production to the demand, many of them having put their hands upon short time. It is reasonable to suppose that this course will ultimately tell upon wages and the price of raw materials, and facilitate a cheapened production.

The movement among the woolen mills for running upon short time, or temporarily closing their works, is extending rapidly, and has the effect of partially recuperating the market for woolen fabrics.

Cotton goods are generally steady in price, the firmness of cotton and the curtailment of production having the effect of counteracting the bearish tone among the jobbers.

Brown Sheetings are in limited demand; standards are quoted at 21c. by the jobbers, and 22c. among the agents. The following are the jobbers' prices for leading makes of Brown Sheetings: Amoskeag A, 21c.; Appleton A, 21c.; Atlantic A, 21c.; Atlantic H, 20½c.; Atlantic V, 19½c.; Dwight A, 19½c.; Great Falls M, 20½c.; Indian Head A, 20½c.; Indian Orchard B B, 18c.; Indian Orchard A, 19½c.; Indian Orchard C, 20½c.; Lawrence C, 20½c.; Pittsfield, 18c.; Massachusetts B B, 21c.; Medford, 20c.; Pacific A, 21c.; Pacific H, 21c.; Pacific L, 21c.; Pepperell E, 23c.; Pepperell R, 21c.; Stark A, 23½c.

Bleached goods are generally quiet. The finer grades continue comparatively scarce and bring late quotations readily. The following are the current quotations among the jobbers: New-York Mills, 42½c.; Wamsutta, 37½c.; Bartlett's, 25½c.; James Mills, 24½c.; Pepperells, 64, 47½c.; do. 84, 65c.; do. 94, 80c.; do. 10-4, 90c.; Attawangan X X, 24c.; Hope, 25c.; Lonsdale, 20c.; Bates X X, 32c.; Utica 5-4, 42½c.; do. 6-4, 52½c.; do. 9-4, 97½c.; do. 10-4, $1 05.

Printing Cloths are quiet, but with the firmness in the cotton market prices remain steady at 16½c. for 64x64 cloth.

Prints are rather firmer. The stock is discovered to be lighter than was generally supposed, and as the production is being generally turned upon Spring goods, there is no disposition to concede prices. The jobbers quote leading styles as follows: American, 17½c.; Amoskeag, 16½c.; Merrimac D, 18c.; Merrimac W, 19c.; Sprague's (Frost) 17c.; Sprague's purples, 19c.; Sprague's fancies, 18c.; Garners, 19c.; Richmond, 17½c.; Amoskeag, mourning, 16c.; Arnold's, 15½c.; Pacific, 19c.

Brown drills are quiet. The jobbers generally quote standards at 24c.

Stripes and ticks are in somewhat ample supply, and as the demand is quite limited, prices are weak. The jobbers quote stripes: Amoskeag, 33c.; Whittenton A A, 35c.; Whittenton A, 30c.; Whittenton B B, 25c.; Haymaker, 28c.; Massabesic, 33c.; American 24c.; Pemberton Awn, 47½c. Ticks—Amoskeag A C A, 62½c.; Amoskeag A, 46c.; Amoskeag B, 41c.; Amoskeag D, 31c.; Hamilton, 37½c.; Pearl River, 68c.; Harvest, 38½c. Pittsfield, 15c.; Easton A, 23c.; Albany, 15c.; York, 32½c.; Hampden C C, 30c.

Mous delaines are in steady demand; Hamilton's, Pacifics and Manchesters are jobbed at 25 cents.

The movement in woolen goods is very irregular; agents hold excessive accumulations of all kinds of goods, which they sell at very low prices.

The movement in foreign goods is limited. Importers are offering closing out lots at low prices; and there are few goods which can be reported really desirable, or which sell at a profit. This condition of things, however, always prevails to a certain extent at this late period of the season.

REMARKS.—This is Thanksgiving week—a market which is usually dreaded by drovers, who are in the habit of calling it turkey market. There is more stock at market than was generally expected, and the butchers say more than they want unless they can buy it cheap enough to pay for keeping over. At Cambridge the receipts were over 700 head, a large portion of which was dry cows and young cattle. Trade was dull. With a report of 1,200 Western, the butchers believed that nothing would be lost by waiting. With the exception of one or two pairs of extra oxen, the highest price at Cambridge was 12c., and only a few pairs were sold as high as that. J. Budy sold 12 very good oxen to S. S. Learnard at 12c., 35 sk. E. Wheeler sold one pair of oxen at 12c. and 22 fair Champlain Valley young cattle and cows at 9c., 40 sk. Poor grades of such stock at 7c. to 8c. At Brighton, there were 1,169 Western and over 100 from Maine. Best lots at 12½c., with a few at 13c., and a few at 10c., 35 sk. Little change in prices, but if any change, it is against the drover. The tendency is downward; more so, we think, on Northern cattle than on the Western.

Neither is there much change in the sheep trade, although we think prices rather favor the seller this week. The swine trade is dismal, but the sellers rejoice that there is so little of it. The quotations for hides, spelts and tallow are nominal, the market being decidedly shaky.
