MEDICAL.

CANCERS.

DR. W. C. COUDEN,

Formerly of Cincinnati, has located permanently in

Terre Haute,

Rooms over Coe's Drug Store.

Dr. Couden

Will devote special attention to the treatment of Cancers and Cancerous affections.

In calling attention to my Cancer Antidote, a new treatment for Cancer, permit me to say that it is the most wonderful discovery ever made in medicine, it is the great desideratum so long sought for by the Medical Profession and the afflicted with cancer. Its operation is truly astonishing, without a parallel, and is the only known antidote to cancer, and all cancerous affections; the modus operandi of the antidote is apparently by entering into the chemical composition of the cancer, cancerous, malignant or unhealthy growth, thereby removing all life and vitality, satisfying, killing and destroying the cancer, every particle root and fiber belonging to it, without cutting on the line of the knife, without the pain of burning; without the loss of blood, or in the least affecting the sound flesh. It can be applied to the naked eye or sent upon wound, as easily and freely as water. By this means large cancers can be removed from vital parts, the eye, large blood vessels, &c., where no other treatment could possibly be used, and in doing so we feel assured of making permanent cures when all other treatment fails. The medical testimony and all interested are invited to call, and I will exhibit a large number of cancers that I have thus removed and preserved, and I desired will refer to hundreds of cases cured throughout the country. Consumption, Asthma, Bronchitis, Pharyngitis and all affections, treated by inhalation, or otherwise. Particular attention paid to all diseases of the Eye and Ear, such as partial blindness or deafness, either acute or chronic. I am in possession of almost a never failing remedy for Fits and Apoplectic Diseases.

SCROFULA, RHEUMATISM AND LIVER COMPLAINT,

treated with success. Eruptive diseases, such as tetters, piles and tumors, scald head, syphilis, syphilitic affections, mercurial diseases, dyspepsia and indigestion, enlarged gutter, or swell neck, and all affections of the Kidneys and Spine will receive due attention.

Also a new and successful remedy for removing tape-Worm, and all other varieties of worm. Consultation free.

The public and regular professionals are invited to call and examine my specimens of cancer.

Piano Repairing AND Tuning.

HAVING JUST RECEIVED A full assortment of all kinds of material in Piano making and repairing, I am now prepared to overhaul Pianos and Melodeons, and warrant all work to give satisfaction. As it has been reported by some persons that there was no one here to do repairing, I would state that I have served my full apprenticeship in a Piano manufactory, I am also fully prepared to repair all other kinds of Musical Instruments in the most approved manner.

As the only workman in Terre Haute, all those having instruments needing repairs will do well to call.

Pianos tuned on short notice, also engagements made by the year.

Remember an instrument placed in the care of a workman can be preserved for many years longer, as the action of an instrument requires equally as much attention as the tuning.

CHICAGO.....ILLINOIS.

Symptoms.

The symptoms of Catarrh as they generally appear are at first very slight. Persons find they have frequent attacks, and are more sensitive to the changes of temperature. In this condition, the nose may be dry, or a slight discharge, thin and acrid, afterward becoming thick and adhesive,—As the disease becomes chronic, the discharges are increased in quantity and changed in quality, they are now thick and heavy, and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice is thick and nasal; the eyes are weak; the sense of the smell is lessened or destroyed; deafness frequently takes place. Another common and important symtom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick or slimy mucous, which has fallen down from the head during the night. When this takes place the person may be sure that his disease is on its way to the lungs, and should lose no time in arresting it.

The above are but few of the many Catarrh Symptoms.

A Single Bottle will last a month—to be used three times a Day.

TESTIMONIALS.

From Hon. Thos. J. Turner, Ex-Member of Congress, from Illinois and Speaker of Illinois House of Representatives; and Grand Master of A. F. & A. M. of the State of Illinois.

PEKINEAU, Oct. 21, 1863.

DR. D. H. SEELYE:

DEAR SIR: In reply to your notice of the 17th inst I would say that I was severely afflicted with Catarrh for years, when I became acquainted with you and bought two bottles of your Liquid Catarrh Remedy. Before I had used one bottle I was sensibly improved, and before the second bottle was finished, was completely cured. I can recommend the medicine to all afflicted with Catarrh.

Respectfully Yours,

THOS. J. TURNER.

This is to certify that in the use of Dr. Seelye's Catarrh Remedy, I experienced much relief, and have heard many speak of it as being invaluable for the cure of Catarrh.

CERTAIN AND SAFE.

For the Removal of Obstructions and the Suppression of Regularity in the Menstrual or Monthly Periods.

They cure or obviate those numerous diseases, that spring from irregularity, by removing the irregularity itself.

They cause Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back, and lower parts of the body, Hysterics, fatigue on slight exertions, *Palpitation of the Heart, Lassness of Spirits, Hysteria, Nervous Headache, Giddiness, &c., &c.* In a word, by removing the irregularity, they remove the cause, and with it all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age, and at any period, when or where the menstrual secretions, during which the unfolding nature of their action would infallibly convey pregnancy.
