EARLY MARKET AND MONEY NEWS—ASSOCIATED PRESS EARLY TELEGRAMS.

From The Journal of Commerce.

The publication of newspapers was formerly the only method by which merchants could expect to receive the news of the world. Private correspondence was slow, and newspaper enterprise was swift and far-reaching. But the telegraph changed all this, and the news of distant cities became rapidly the subject of private telegrams, and at length the business of selling news to private subscribers became an established fact. It was no longer possible for the newspaper to withhold intelligence until the publication of regular editions. Extras were not quick enough. Important news affecting the markets was in the street long before type and presses could do their accustomed work. But the sale of news by private hands opened the way to frauds innumerable. It was not always possible for the merchant who subscribed to such sources of news to believe that he was served as soon as others. It was also possible for the agent who had such news in his possession to speculate on it for his private benefit, often making large operations in the markets before he delivered it to his subscribers. Hence a steadfast pressure which has been brought to bear for some years past on the Associated Press, by the most respected and honorable merchants in all departments of business, who desired to put a stop to the secret use of news.

They have earnestly desired that the Association should consent *to distribute the news during the business hours of the day*, so that those who subscribed for it might receive market and other important intelligence from sources which could be depended on, and of whose private use of the news in the markets no possible suspicion could arise. This pressure has become much stronger since the Atlantic Cable was laid, and there has not been a day, for some months, in which more or less business men have not urged on the members of the Association the importance of this matter. *The Association has yielded to the desire, impelled, too, by the fact that numerous private agencies do sell the news in this way, combining much that is not trustworthy with a few facts, and, in frequent cases, using for their sales the very news which the Associated Press has obtained at large expense for the editions of their papers.* The arrangements of the Association are now so far complete that we are enabled to announce to merchants, bankers, and business men in general, that the programme of subscription will be published in a few days, and the news will be regularly delivered during the day to subscribers.

The Importers' and Traders' National Bank have declared a dividend of four per cent, free of all taxes, leaving a surplus of over 30 per cent.

TRUSTEES OF CREDITORS AND STOCKHOLDERS OF THE OHIO AND MISSISSIPPI RAILROAD COMPANY, (E. D.) OFFICE NO. 88 WALL-ST., NEW-YORK, Dec. 28, 1866.

At a meeting of the Trustees, held this day, the following preamble and resolutions were unanimously adopted, and directed to be published for the information of parties interested in the Trust:

Whereas, The Trustees are specifically directed by the Trust agreement, to pay, on the 1st of January, "to the owners of preferred certificates" interest at the rate of seven per cent, in money, in case such payment can be so made "without serious damage or prejudice to the requirements of the Trust," otherwise "in further Preferred certificates;" and

Whereas, The road and property of the Ohio and Mississippi Railroad Company (Eastern Division) are advertised to be sold on the 9th of January, 1867, under the decree of the United States Court in the foreclosure suit, in consummation of which sale there will become due and payable to sundry parties named in said decree an amount of money estimated at $300,000; and

Whereas, The rebuilding of the Great Miami Bridge, and the repairing of the other damage to the road caused by the flood in September last, cannot be delayed without permanent injury to the business and interest of the road; and

Whereas, The Trustees have hitherto collected from the Receiver, in payment for the first mortgage coupons belonging to the Trust, the means whereby they have been enabled heretofore to pay the interest of the Preferred Certificates in money, but are now unable so to procure the means for the payment of the interest due on the 1st of January next, owing to the imperative demands upon the Receiver by the road as aforesaid; therefore

Resolved, That the interest due on Preferred Certificates on the 1st of January next be paid in further Preferred Certificates to the persons or their legal representatives on that day owing the same, and on their request as provided in the Trust Agreement, such further Preferred Certificates to be ready for delivery on and after the 20th day of January, 1867; and inasmuch as the transfer books have been closed for unusual time, that persons so owning Preferred Certificates, not already standing in their names on the books of the Trustees, be requested to present the same in evidence of the ownership and for record without delay. ALLAN CAMPBELL, Chairman.

N. Y. WHOLESALE PRICES OF COUNTRY PRODUCE.

FOR THE WEEK ENDING Dec. 24, 1866.

[Reprinted for THE N. Y. TRIBUNE by our own Reporter.]

The following are the current rates of articles in good condition, as sold by commission houses at wholesale. Shippers receive 5 to 10 per cent less, deducted for commissions, beside freight and other charges. Parties receiving produce to sell, often with the request that immediate returns be made, cannot always obtain the prices which transient buyers have to pay. Our figures are intended more for the farmer than the merchant, and we prefer not to disappoint by giving the outside prices of very choice articles. Boxes or packages should be carefully marked with paint, and the name of the sender should also be painted upon one end. Nail an invoice or list of the articles upon the under side of the cover, and send a letter by mail, containing an invoice and directions, also stating how and when sent. Clean packages and care in putting up will add much to the value of the produce.

BEANS AND PEAS.

Beans are coming forward more freely, but are not yet plenty, nor are they expected to be; sales on the dock were made this week as follows: Fair mediums at $4; Marrows, $5 25; hand-picked Marrows, $5 50. We quote:

Beans, pea, prime, new, ⅌ bush	$ 00@$ 25
Beans, medium prime, new, ⅌ bush	3 00@ 3 10
Beans, kidney, ⅌ bush, prime, new	3 15@ 3 50

Beans, marrow, hand-picked	5 25@ 5 50
Beans, inferior	2 00@ 2 50
Peas, Canadian, in bo'd, ⅌ bush	1 30@ 1 35
Peas, Southern, ⅌ bush	2 00@ 2 10

BUTTER.

With much larger receipts—about 10,000 packages in a broken week—the butter market is less firm. Heretofore buyers have had hard work to hunt up good lots—now holders are hunting up buyers, and the stock is not going off as fast as it comes in. Trade may be set down as very quiet. Selected half-firkins are bringing 45c. in a small way. We quote:

State, firkins, prime, ⅌ lb	40@42
State, half firkins, choice, ⅌ lb	42@44
State, medium to good, ⅌ lb	35@38
Prime State tubs, Welsh, ⅌ lb	35@36

Northern Pennsylvania, ⅌ lb	28@28
"Glades," Pa., ⅌ lb	26@34
Southern Pennsylvania	18@25

CHEESE.

The stock of Cheese is diminishing each week, and some holders are not offering their stock under the impression of an advance before the Spring makes. The stock here is figured at 80,000 boxes, still less than some are supposed to be back. With anything like free shipments these will fast disappear. Receipts for the week are about 8,000 boxes. Shipments were light with gold declining each day, but now, with an upward tendency of gold, there is more inquiry for cheese and prices are little firmer. Some fancy lots are holding for 18c. We quote:

English Dairy, skimmed, poor, ⅌ lb	8@13
English Dairy, common and late made	14@15
English Dairy, Cons., fine	17@18
English Dairy, Ohio, ⅌ lb	15@17

Ordinary to good State	12@14
White, skimmed	8@10
Vermont Dairy	14@16
Pineapple, fine, Conn.	26@30

EGGS.

There is no change in the egg market; receipts of 1,020 bbls. just about equaling the holiday demand. We quote:

New-Jersey and Pennsylvania, fresh ⅌ doz	39@40
State, good marks	38@39
Western and Canada, ⅌ doz., loss off	36@37
Limed, ⅌ doz., loss off	31@33
Western, at mark, ⅌ doz	34@36
Egg Oats, ⅌ bush., good	45@50

FRUITS AND BERRIES.

Good Apples are higher, selling at 6@6½c. in lots, with selections of fine greenings at 8c. Cranberries, too, are higher, but go off rather slowly. Some grapes were sent from Pleasant Valley during the Cold spell which froze stiff on the way. This of course spoils them. A few have recently been received in fine order but there is very little, in fact, no call for them now. The season for grapes has passed. The best Catawbas sell with difficulty at 20c. We quote:

Apples, Ohio and Michigan, ⅌ bbl	$4 25@$ 5 00
Apples, fine State, ⅌ bbl	5 75@ 6 00
Apples, common, ⅌ bbl	3 00@ 4 00
Cranberries, Choice, ⅌ bbl	15 00@ 16 00
Cranberries, Common, ⅌ bbl	10 00@ 12 00

FRUITS AND NUTS DRIED.

Apples go off slowly, in fact the trade in dried fruits of all kinds is light at present. We quote:

Apples, Southern, new, ⅌ lb	8@ 9
Apples, Western, new, ⅌ lb	9@10
Apples, State, ⅌ lb	10½@11½
Apples, sliced, ⅌ lb	13@14

Peanuts, Virginia, ⅌ bush	$2 00@$2 25
Prunes, ⅌ lb	33@39
Raspberries, black, ⅌ lb	40@45

NEW HOPS.

The Hop market this week has been extremely dull, owing to the intervention of the holidays, the unfavorable weather, and heavy decline in gold; prices, however, remain firm at our previous quotations. We quote:

Old American	20@45
Old Foreign	40@45
New American, inferior	35@45
New American, prime	50@55
New American, fancy	60@65

NEW MEATS.

Meats of all kinds are dull this week, owing to the abundance of poultry. Hogs are lower. We quote:

Beef, Sides, ⅌ lb	9@14
Beef, fore quarter, ⅌ lb	7@12
Beef, hind quarter, ⅌ lb	10@16
Mutton, carcasses, ⅌ lb	6@12

Pork, Western, city dressed, ⅌ lb	—@9
Pork, Western, dressed, ⅌ lb	8½@9
Veals, hog dressed, ⅌ lb	14@17

POULTRY AND GAME.

All that was said of poultry last week holds good now, with large additions to an already heavily overstocked market. One thing is now favorable, and that is the fine weather. The stock still comes pouring in, and not a few commission dealers have their stores and those of their neighbors *full*, and still at curbstones are expected to-morrow. Sales are very irregular, all the way from 7c. per lb for unsalitureys, which the Health Commissioners failed to discover, up to 25c. for a few just the finest fresh killed birds of over 30 lb each. Few, however, of the best New-Jersey turkeys brought in in the best order, selling 23@25c., while tuns of really fine Western are selling at 18@20c.—rarely 20c. ⅌ lb. Chickens are not wanted at any price, and if 14c. is obtained for the best, the seller thinks himself very fortunate. Immense quantities are sold at 10@12c. Geese are much lower, and venison so abundant that only small lots will bring 12c. for carcasses. It will be a long time before the poultry markets can be relieved from the largest stock ever accumulated at any one time. We quote:

LIVE.

VEGETABLES.

Potatoes are firmer with an advance on some varieties. Most of the Sweets are so poor they are sold at low rates. Pumpkins and Squashes are higher. We quote:

Garlic, ⅌ 100 bunches	$15 00@$17 00
Onions, ⅌ 100 strings	3 00@ 3 50

HIDES, SKINS AND FURS.

Trade in these is in a very unsettled state, and it requires much caution in buying in the country. Dealers here are instructing their country purchasers to pay only one-half the prices of last season. We quote:

LIVE STOCK MARKETS.

COMMUNIPAW, Dec. 29.—Receipts of live stock at this place foot up 200 beeves, 1,500 sheep, and 8,800 hogs. Slaughtered: 89 cattle, 225 sheep, and 6,469 hogs. Thirteen cars of hogs and two of sheep came in this morning, and are selling to-day. The cattle have all been sold, mostly at 13@13c. ⅌ lb. Sheep, too, are well sold off, one car-load of southwesters at 4½c., another car at 5½c., and one car of good Ohio sheep, of 96 lb, fine wool, at 6½c. A lot of about 50 fat N. J. sheep, of 108 lb, brought 7c., while 159 choice 113 lb Ohio sheep, mixed wool, were sold at 7½c. Hogs are doing a little better, with fairer, cool weather. About 4,000 were sold yesterday, at 7@7½c., and 8 cars to-day at 7½c. Some Western dressed are coming forward, and are selling at 9@9½c.

The hog-killing department of the Abattoir has just been leased to the Slaughterers' Association of New-York, who will begin killing the first of the week. Another change or new feature, to go into operation New-Year's, is that all stock over the New-Jersey Central Railroad is to be billed for the Communipaw Yards.

AT ONE-HUNDREDTH-ST.—Seventeen cars of cattle were received Friday night, making, with some already on hand, 500 head for sale to-day. From appearances there will be a sufficient number on the market next Monday, turkeys being too plenty and too cheap for a heavy demand for beef.
