RIGHTS

For one of the

Most Useful Inventions of the Day,

For Sale by Counties.

A very reasonable investment will buy a County Right for thirteen years, and a stock of Machines, of

HYATT'S PATENT

Knife and Scissor Sharpener.

This useful Machine is rapidly becoming a public favorite and is sure to find its way into every family. Large numbers of them are being sold by the proprietors, and all who become owners of the right to sell them are assured of making large profits in their introduction.

Men in business, who wish to add thereto, or those of small capital who are out of employment, (and those of large capital also,) are offered excellent inducements to become interested in this enterprise.

Among the opinions of this useful invention, we select the following:

"It is very simple in its construction, easily worked, and not liable to be out of order when you are in a hurry to sharpen your knife. It is just the thing wanted, and should be owned by every housekeeper, butcher, tailor and seamstress in the country."—*Fulton County Courier.*

"It is just the thing it claims to be, and for the purpose cannot be excelled."—*Rock River Democrat.*

"We believe the Machine is admirably calculated to do all that is expected of it."—*Henry County Chronicle.*

"The work is done rapidly and well, and we can but believe it will serve a very useful purpose and have an extensive sale."—*Rockford Register.*

"It is the best thing known to sharpen carving knives, kitchen knives, shears and scissors, and is very simple in its opera on. We have tried it, and find it works satisfactorily."—*Christian Times.*

"There is more utility in this machine than almost any other tool we can think of, not excepting the *cider mill!*"—*Geneseo Republic.*

The Small Machine will last an ordinary family three years—the Large one a lifetime.

EVERY MACHINE WARRANTED.

Parties wishing information respecting the sale of Rights and Machines will receive prompt attention by addressing

SCOVILL'S

Sarsaparilla

AND

STILLINGIA,

OR

BLOOD AND LIVER SYRUP!

It is highly recommended by physicians to cure the following diseases, having their origin in a disordered state of the blood:

Scrofula, Tetter or Salt Rheum, Scald Head, Canker, Ulcerations and Enlargements of the Joints, Cancerous Tumors, Kings Evil, Erysipelas, St. Anthony's Fire, White Swellings, Obstinate Eruptions, Pimples on the face, Blotches, Pustules, Rheumatism, Dyspepsia, etc.; Syphilitic and Mercurial Affections are cured; Chlorosis or Obstructions in females, Leucorrhea or Whites, are relieved by the use of this Medicine.

The medical properties of Sarsaparilla in conjunction with Stillingia are well known by all medical men to be the best compound yet discovered to cleanse and purify the blood, and eradicate all humors from the system.

We have given the Recipe to most physicians in the country, that they may know what they are using; and will continue to send it by mail to those desirous of knowing the ingredients entering into its composition, that they may prescribe it in their practice.

This preparation stands at the head of the list of remedies for curing all diseases arising from impurities in the blood or diseased matter lurking in the system.

Thousands who have used the Stillingia and Sarsaparilla will testify to its remarkable effect in removing all impurities from their blood, giving tone and vigor to the whole human frame, and restoring a healthy action to all the functions of the body.

The testimonials received in its favor from many members of the medical faculty would, were we to publish them, fill a large volume.

It is prepared under the supervision of one of the oldest and best practical chemists in the country, (Mr. W. S. Merrill, Cincinnati,) so as to insure a uniformity of composition and purity in all the ingredients.

As a spring remedy to purify and cleanse the blood, leaving it free from all humors and impurity, we assert with confidence, there is no better medicine.

LUNGS AND THROAT.

Is endorsed by our physicians as the safest and best remedy now before the public.

Is safe to use among children, and yet powerful in cases of chronic pulmonary disease.

Brings in certificates almost daily of its wonderful cures in all parts of the country.

There is no medicine within our knowledge that has acquired so great and wide spread popularity, in so short a space of time, as Dr. HALL'S BALSAM FOR THE LUNGS. Its balsamic and healing properties are magical. It is highly expectorant and tonic. It contains not a grain of opium or morphine, the narcotic and astringent properties of which have created so much prejudice against similar preparations.

We believe that *a medicine possessing real merits* will effect cures whenever it is used, at home as well as abroad. Dr. Hall's Balsam for the lungs is no *panegyric* preparation, but one which, if used in season, will save the lives of thousands.—The most distressing coughs frequently relieved by a single dose, and broken up in a few hours time. The afflicted do not have to take bottle after bottle before they find whether this remedy will afford relief or not.

Hear what physicians say of Dr. Hall's Balsam. Says one: "I, with confidence, recommend the Balsam superior to any other preparation. Says another: "I have used it with uniform success, and can confidently recommend it for all those complaints for which it is offered for a remedy. Still another writes: "I have no hesitation in saying that it is a SAFE, CONVENIENT and very efficacious medicine."

A FREE GIFT

TO THE AMERICAN PEOPLE.

WHAT THE FEDERAL TROOPS ARE FIGHTING TO SUSTAIN.

HOW OUR SOLDIERS SHOULD BE PREPARED TO FIGHT.

It is a singular fact that a large majority of the people of the United States are unacquainted with the great importance of the cause for which the soldiers of the Union are fighting. Let every man and woman throughout the United States carefully read and study the Constitution of the United States, they will become convinced of the holiness of our cause and of the wickedness of those who are striving to overthrow this grand palladium of freedom.

We believe that had the reading of the Constitution been adopted as a daily lesson in every school throughout the United States, the doctrines of secession and states rights would never have attained the position of a political question; nor would the country have been called upon to mourn for the unfortunate wrangling and misconstructions that have arisen, and which so many of our statesmen have lost their time in attempting its interpretation.

Millions of our citizens have never thoroughly studied the constitution, and even at the present time, when it is the duty of every citizen of this country to inform himself of the rights and privileges secured to him, under its protecting arm, it is not in one household to five hundred. In view therefore, of correcting this great oversight, and to furnish every man, woman and child throughout the United States with the means of studying this great palladium of liberty, and to protect us against future false doctrines and political dissaters,
