CITY AND SUBURBS.

Yesterday was unusually breezy.

No business in the courts yesterday.

The Kalorama sailed for San Francisco yesterday.

Prof. Fowler leaves to-day for San Bernardino.

Somebody has lost a trunk-key, and can recover it by calling at this office.

Passengers for San Francisco per steamer Orizaba will take the train at 4 o'clock this afternoon.

Mr. Kramer has the city license bills all made out, and the Marshall will shortly commence collecting them.

The Clarendon has changed proprietors. John A. Brown is now playing the part of "mine host."

The Mohongo will sail for New York via Panama on Monday, April 20th-Cabin passage, $90 ; steerage. $50.

A construction party went to the Ten-mile House yesterday for the purpose of building a side track at that place.

A lecturer makes the wonderful announcement, "Hell upset! Satan banished!" Good for the lecturer. When did he do it?

A coal yard is abont to be started in this city. Coal ought to be sold here at a small advance on San Francisco prices.

A match game of billiards for $100 a side is arranged to come off at the Clarendon Billiard Hall next Saturday.

Samuel W. Piercy is at San Bernardino. He will doubtless entertain the good people of that place with a dramatic performance.

The Hebrew B'rian B'rith Society held a meeting last Sunday. We hear that the Society is in a flourishing condition.

A barber is erecting a pole in front of Noyes' former auction store. We conclude that a different kind of shaving will be done there now.

The Aliso mills are turning out twenty tons of cracked corn per day, besides ten tons of corn meal. The mills are running day and night.

For the last month the Lafayette Hotel has not had a spare bed left in the house after 9 o'clock P. M. Hotel business ought to pay well here.

Sam Berge, the city bill poster, is putting up fifteen bulletin boards in addition to the number he now has in different parts of the city. This is a good sign of increasing business.

SANTA CLARA VALLEY.—A gentleman who passed through Santa Clara Valley, Ventura county, reports the entire valley covered with grain fields. Some of the farmers of that section estimate that they will grow a million bushels of barley this season.

CLARENDON BILLIARD PARLOR REOPENED.—It will be seen by reference to another column that Wm. Miner, formerly connected with the mechanical department of this paper, has opened the billiard parlor under the Clarendon Hotel. Miner is "a good boy too," and we wish him the best of success in his new enterprise.

M. E. SOCIAL.—Another one of those delightful social gatherings of the M. E. Church will be held at Mrs. C. E. White's, on Hill street, this evening; and, as all are invited to attend, let no one be the

"Unhappy he! who, from the first of joys,
Society, cut off, is left alone
Amid this world of death."

POTATO ROT.—We reprint the following extract from the *Chemical News* at the suggestion of a farmer who yesterday paid us a visit. Some valuable hints may be drawn from it regarding the want of lime and magnesia in our soil, and the utility of using them as fertilizers:

A WELL-KNOWN CITIZEN IN SAN DIEGO.—The San Diego papers announce the arrival of Dr. Griffin in that place from Los Angeles. The Doctor made the trip overland in his own conveyance, for the benefit of his health. He started on his return yesterday, and was accompanied on his journey by Dr. Winder as far as Guajome.

Different observers state the per centage of magnesia in the ash of sound tubers from 5 to 10 per cent.; in the diseased tubers an analysis shows only 3.94 per cent. An analysis of sound tubers shows over 5 per cent. of lime, but in the ash of diseased tubers only 1.77 per cent. was found. A similar observation was made some years ago by Prof. Thorne, with regard to diseased and healthy orange trees. In the former there was a deficiency of lime and magnesia.

SAN JOSE VALLEY.—From Mr. Joseph Wright, who lives at Spadra, we obtain some items of interest relative to the crop prospects in San Jose valley. The grain is nearly all barley, though some wheat was sown this year. Both the barley and wheat look well and promise an abundant harvest. About double the acreage of last season was seeded this year and the product will be considerably more than double that of last. But a few small lots of last year's crop remain in the valley, the greater bulk having been hauled to the railroad and shipped away. Most of the wheat was sown early, and no fear of rust is apprehended. We trust our farmer friends residing in different parts of the county will, when in town, imitate Mr. Wright—call and give us such crop information as they deem of interest.

LETTER FROM GALLATIN.

EDITOR HERALD: Cloudy this morning; but the recent winds have ceased their boisterous exercises and Spring appears to-day in all its lovliness. The birds chant and the farmers whistle in the green-clad valley, reminding one of an earth's Eden.

Mrs. H. Hoffman Larkin, a medical lady, from New York, opened a course of lectures last night, and judging from her discourse on the subject of "Death," she will always have a good audience. Her way of entertainment is entirely pleasing to all

Everyone is jubilant over future prospects, and all are peace; and *Judge* Thomas has a great grandson.

Yours, N. W.
Gallatin, April 13th.

TRANSPLANTING TREES AT NIGHT.

EDITOR HERALD: In a number of the *Dental Cosmos* I find an extract from the Boston *Journal of Chemistry*, which may be beneficial to the citizens of this county, if placed before them in your valuable paper:

"A gentleman anxious to ascertain the effect of planting trees at night instead of in day-time, made an experiment with the following result: He transplanted ten cherry trees while in bloom, commencing at four o'clock in the afternoon and transplanting one each hour until one in the morning. Those transplanted during the daylight shed their blossoms, producing little or no fruit, while those transplanted during the night maintained their condition fully. He did the same with ten dwarf-pear trees after the fruit was one-third grown. Those transplanted during the day shed their fruit; those transplanted during the night perfected their crop and showed no injury from being removed. With each of these trees he moved some earth with the roots. The incidents are fully vouched for, and if a few more experiments produce the same result, it will be a strong argument for horticulturalists, gardeners and fruit-growers, to do such work entirely at night."

Would it not be a good plan for some of our Los Angeles fruit-growers to try the experiment?

J. G. Powell, Dentist.
Los Angeles, April 14th.

TEN THOUSAND QUESTIONS ANSWERED.—The pamphlet just published at the *Herald* office is the very thing to send to your friends East, North and South. It contains full and interesting articles descriptive of Los Angeles city and county, our agricultural, manufacturing and mineral resources, harbors, railroads, and one thousand and one things besides. The pamphlet is neatly printed and bound, and is sold at the nominal price of five cents. Mail a dozen copies or two, and do your share towards advertising the city; at the same time furnishing valuable information to those who are anxious to know more about our country.

A distinguished member of the Legislature is reported in the Louisville *Commercial* as having candidly acknowledged the corn. Re-appearing after an absence from his seat of three days, he said he had been sick. "What was the matter with you?" he was asked. "Well, some folks call it nervous chills; others pronounce it an affection of the heart; but to be candid about it, I call it a plain case of old-fashioned drunk."

In the town of Waterloo, Seneca county, New York, lives a Mr. G——, who is noted for his fondness of good books; he liked good liquor better. An agent called one day and asked if the house was supplied with a Bible. "Ah, yes," he said, "they always had it." Whereupon Mr. G. searched the house and found a few stray leaves, saying "he had no idea they were so near out fo Bible."

☞ The tide of immigration is steadily setting in, and the firs thing eastern people do is to throw away their New York Hats and buy a new one of DESMONT. They say there is no comparison between the two.

Eastern Dress-maker removed—Miss Logan, late from the East, has removed from Mrs. Park's millinery store to No. 39 Spring street, opposite the Court-house. Ladies may depend on the latest styles supplied directly from the East. Fitted garments and fitted patterns a specialty. ap12-1m

School and Miscellaneous Books, Law Books and Blank Forms—Stationery. Blank Books, Albums, and Ladies' Writing-Cases. Pianos, Organs. Violins and Accordions, and other Musical Instruments for sale at lowest prices, by BRODRICK & CO., Booksellers and Stationers.

There is no doubt that the public are by this time convinced that the only place to buy goods at reasonable rates is the new store Important under the Lafayette Hotel, they have again received a very nice and new line of Dress Goods, Clothing, Shoes, etc. We quote a few articles only to give those who have had no chance yet to visit the Important an idea how low they sell goods: Beautiful plain cashmeres 25 cents per yard; beautiful silk sash ribbons 50 cents and $1 per yard; balbriggan ladies' hose, best quality, $7 50 per dozen; fine double face alpaca, 37½ and 40 cents a yard; ladies' linnen cuffs and collars, 75 cents a set; beautiful grenadines 20 and 33 cents per yard; Clark & Coat's spool cotton, 4 spools 25 cents; embroydered handkerchiefs 6 for $1; black lace veils, 25 cents; also a full line of clothing, boots, shoes, etc., lower than can be bought elsewhere.

To the Afflicted.

Grateful not only for entire relief from terrible suffering of seven years standing but for a perfect cure of internal piles by an operation scarcely more painful than my daily sufferings before the operation, I feel it a duty I owe to those similarly afflicted to give this testimonial of the skillful and efficient treatment of Dr. J. H. Leal of Los Angeles. Dr. Leal's success is more highly appreciated from the fact that several of the prominent physians of Los Angeles had treated me without understanding my disease and of course without success. Drug Store For Sale.

A FINE AND COMPLETE DRUG STORE, situated on the southeast corner of the Plaza, near the Pico House, the principal hotel in the city of Los Angeles. The valuation of the drugs, medicines, and so on, is about $3,000, and can be purchased for $2,000 in U. S. gold coin, cash. In case the purchaser buys the store, it can be moved easily. We have in our neighborhood several fine villages, which are rapidly increasing in population and wealth. For a physician or druggist it will be a great bargain. The proprietor of the store is selling because his business calls him out of the city. All the drugs and medicines in the store have been purchased from the house of Reddington, Hostetter & Co., San Francisco. For further particulars apply at this office or to Dr. Gelcich.
