Marriage and Death Notices fifty cts. Obituaries will be charged at advertisement rates, for notices over four lines.

Transient advertisements will be inserted at former rates, viz: $1 for the first insertion of one square, of eight lines or less, and twenty-five cents for each subsequent insertion.

For Special Notices or City Items 15 cts. per line for the first insertion, and eight cents per line for each subsequent insertion will be charged.

SETTLEMENT OF HOLLANDERS IN AMELIA Co., Va.—In the Schenectady (N. Y.) Evening Post of January 8th we find the following, copied from the Christian Intelligencer:

Rev. Dr. Van Raalte for several months past has been devoting his time and energies to the establishment of a colony of Hollanders in Virginia. He selected the section of country in the vicinity of Amelia Courthouse. A large number of families from Michigan and the Netherlands have already found comfortable homes there and have organized three churches in connection with our denomination. Recently a farm of one hundred and seven acres contiguous to the depot at the Court house having been offered for sale at a low price, the board of domestic missions took prompt measures to secure the same. Mr. S. R. Schiellelin, with characteristic liberality, assumed the responsibility of the purchase. On the property is a large building in which a school has been commenced by Rev. Anson Dubois, D. D., which it is expected will in time become one of the highest grade. The board will need help from the churches to complete the purchase, but this, in view of the great advantages that are likely to result, will, we think, not be promptly furnished. There is reason to believe that the settlement so auspiciously begun in Virginia through the efforts of Dr. Van Raalte, will attract a great many families of Hollanders thither and we hope soon to be able to announce the organization of other churches.

Upon this the Schenectady Evening Star remarks:

We have before spoken in regard to the great importance of this new field, which is already "ripe for the harvest." This settlement, which is now so well under way and so flourishing, is not only attracting large numbers of Hollanders, but it offers great inducements to Northern people, and many families from New York, Pennsylvania and New Jersey have located in the immediate vicinity of Amelia courthouse.

We spent several days there last spring and have no hesitation in recommending the land, the location, the climate and the people, to all persons who wish to settle in any part of the South or West, as preferable, all things considered, to all other localities with which we are acquainted. The Rev. Dr. Dubois, who is well known to our citizens, is ably assisted in the management of the school by the Rev. Mr. Gilmour, who has been connected with the Educational Institution at Hope College, Michigan, which grew up to its present importance under the care of Dr. Van Raalte.

A MOST CURIOUS STORY.—Some months ago Jacob K. Bear, telegraph operator, and express agent at Brownsville, Nebraska, absconded one night with $12,000 left in his hands as agent. He directed a letter to the paper in that place, stating that there were ninety three chances of his arrest to one of his safe escape with his plunder, but for that $12,000 he would take one chance in a hundred. He wrote: "Won't this affair of mine make you a nice little local item?"

When the company learned of their loss they at once set active measures about to capture Bear, but failed. Lately however, he has sent another letter to the Brownsville Advertiser. In it Bear states that losses in gambling led him to commit the theft. He states that one of the packages he stole contained $8,000, and writes:

"But the best natured plans often fail; and now comes the most memorable part of my statement. The package of $8,000 was soldered up in a tine box the exact size of the package, and I also had about $1,000 besides that. It is natural to suppose that I was very much excited when leaving, which was true, for as I was getting into a skiff my foot slipped and I dropped the box containing the $8,000 into the Mississippi river.

"In conclusion, I will say this: I am where I am making money fast, and before the expiration of ten years every dollar of that money will be returned to the United States express company. If I die my life is insured in favor of that company for an amount greater than what they have lost.

"I ask the sympathy of no one, but I am already fearfully punished, not knowing what moment I will be arrested for my crime. And what then? The State prison or suicide if I prefer it. I will also state why I wrote the the note to Holliday & Calhoun in the braggadocio style that I did. I wanted to kill all the love and respect that my wife entertained for me and thus lessen the sorrow and anxiety that she might feel for me after she became aware of what I had done. You have up to this time thought or imagined what a luxurious life I am no doubt leading. You are for once disappointed, as I am one of the most miserable criminals on the face of the earth."

RECEIVED THIS DAY.

STANDARD PERIODICALS FOR 1870, Republished by the LEONARD SCOTT PUBLISHING CO., New York. Indispensable to all desirous of being well informed on the great subjects of the day.

1. *The Edinburgh Review.*—This is the oldest of the series. In its main features it still follows in the path marked out by Brougham, Jeffrey, Sydney Smith and Lord Holland, its original founders and first contributors.

2. *The London Quarterly Review*, which commences its 128th volume with the January number, was set on foot as a rival to the Edinburgh. It resolutely maintains its opposition in politics, and shows equal vigor in its literary department.

3. *The Westminster Review* has just closed its 92d volume. In point of literary ability this Review is fast rising to a level with its competitors. It is the advocate of political and religious liberalism.

4. *The North British Review*, now in its 51st volume, occupies a very high position in periodical literature. Passing beyond the narrow formalism of schools and parties, it appeals to a wider range of sympathies and a higher integrity of conviction.

5. *Blackwood's Edinburgh Magazine* was commenced 52 years ago. Equalling the Quarterlies in its literary and scientific departments, it has won a wide reputation for the narratives and sketches which enliven its pages.

TERMS FOR 1870.—For any one of the Reviews, $4 per annum; for any two of the Reviews, $7; for any three of the Reviews, $10; for all four of the Reviews, $12; for Blackwood's Magazine, $4; for Blackwood and one Review, $7; for Blackwood and any two of the Reviews, $10; for Blackwood and three of the Reviews, $13; for Blackwood and the four Reviews, $15.

Single numbers of a Review, $1; single numbers of Blackwood, 35 cents.

The Reviews are published quarterly; Blackwood's Magazine is monthly. Volumes commence in January.

CLUBS.—A discount of twenty per cent will be allowed to clubs of four or more persons, when the periodicals are sent to one address.

POSTAGE.—The postage on current subscriptions to any part of the United States is two cents a number, to be prepaid at the office of delivery. For back numbers the postage is double.

PREMIUMS TO NEW SUBSCRIBERS.—New subscribers to any of the above periodicals for 1870 will be entitled to receive one of the Four Reviews for 1869. New subscribers to all the five may receive Blackwood or two of the Reviews for 1869.

BACK NUMBERS.—Subscribers may, by replying early, obtain back sets of the Reviews from January, 1865, to December, 1869, and of Blackwood's Magazine from January, 1866, to December, 1869, at half the current subscription price.

Neither premiums to subscribers, nor discount to clubs, nor reduced prices for back numbers, can be allowed, unless the money is remitted direct to the publishers. No premiums can be given to clubs.

The January numbers will be printed from new type, and arrangements have been made which, it is hoped, will secure regular and early publication.

THE LEONARD SCOTT PUBL'G. CO.,
140 Fulton street, New York.

The Leonard Scott Publishing Company also publish THE FARMERS' GUIDE to Scientific and Practical Agriculture. By Henry Stephens, F. R. S., Edinburgh, and the late J. J. Norton, Professor of Scientific Agriculture in Yale College, New Haven. 2 vols. Royal octavo. 1600 pages and numerous engravings.—Price $7. By mail, postpaid, $8.
New York, dec 21—1m

MEDICAL.

BALTIMORE LOCK HOSPITAL.
ESTABLISHED AS A REFUGE FROM QUACKERY.

THE ONLY PLACE WHERE A CURE CAN BE OBTAINED.

DR. JOHNSON has discovered the most Certain, Speedy, and only Effectual Remedy in the World for Weakness of the Back or Limbs, Strictures, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight, or Giddiness, Disease of the Head, Throat, Nose, or Skin, Affections of the Liver, Lungs, Stomach, or Bowels—those Terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

YOUNG MEN,
Especially, who have become the victims of solitary vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most excellent talents and brilliant intellect, who might otherwise have entranced listening Senators with the thunders of eloquence, or waked to ecstacy the living lyre, may call with full confidence.

MARRIAGE.
Married Persons, or Young Men contemplating marriage, being aware of Physical Weakness, Organic Debility, Deformities, speedily cured.
He who places himself under the care of Dr J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS
Immediately cured and full vigor restored.
This distressing affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of impropriety.—Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The System becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, and Wasting of the Frame, Consumption, Decay and Death.

DR. JOHNSON,
Member of the Royal College of Surgeons, London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known, many troubled with ringing in the head and ears when asleep great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

TAKE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind unfitting them for either business, study, society or marriage.
These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.
MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.
Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, Cough, and Symptoms of Consumption.

YOUNG MEN.
Who have injured themselves by a certain practice, indulged in, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and, if not cured, render marriage impossible, and destroys both mind and body, should apply immediately.
What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

MARRIAGE,
reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with your own.

DISEASES OF IMPRUDENCE.
When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those, who from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid
