MONDAY EVENING DEC. 17. 1900

DUG INTO MOUND-BUILDER'S GRAVE.

While excavating for a cellar 200 yards from the famous Mound Cemetery, at Marietta, Ohio, workmen dug into a mound-builder's grave supposed to be more than 200 years old. The grave was covered with three layers of heavy stone with three inches of fine white sand between each layer. When the third stone was raised the bones of a large man were discovered. In the bones of each hand were two solid copper axes. When exposed to the air the bones crumbled, and within half an hour the entire mass was in small fragments. The axes were secured by Dr E. R. Bales, an antiquarian, who found them to be of solid copper and exceedingly hard. They have a shrill ring to them and are imperfect in form, being similar to the common axe of today.

Large bits of charcoal were also found in the grave, as were the bones of wild animals supposed to have been deer. The grave was walled in on all sides, the top and bottom with heavy stones. The body of the mound builder sat in an upright position with the hands in a position as if supporting the body. The head had fallen over on the ribs, and was almost twice the size of that of the present-day man. The axes had peculiar marks on them and weighed about two pounds each.

The grave was 2½ feet wide by 3½ long, and 5 feet deep, and the stones surrounding it were easily broken with the fingers, being soft. The experts say the copper axes are from the Lake Superior region and at least 2,000.

When the stomach is tired out it must have a rest, but we can't live without food. Kodol Dyspepsia Cure "digests what you eat" so that you can eat all the good food you want while it is restoring the digestive organs to health. It is the only preparation that digests all kinds of food.

The Great Difference

Between WEDDING GIFTS and EUCHRE PRIZES bought from our stock and those to be had of other dealers is the exclusiveness of the designs we can furnish. It is not our aim to supply you with some article to be had in any department store in the land, but to give you value received for your money in some article that will not only be attractive but DIFFERENT from the hosts of others seen elsewhere. We cannot go into specifications of the articles we can show, but ask that you do us the favor to call and examine our new goods. We can safely assure you that we have never been so fortunate in the selection of our stock of High-Art China, Glass, Brass Novelties, etc., at this season It is a pleasure to show you the very latest productions of the FOREIGN and DOMESTIC MARKETS, and nearly every line is HANDLED EXCLUSIVELY here by us.

COAL AND WOOD

BY ELEVATING THE QUALITY of our coal we lower the price in economy of consumption. Consumers will find that it is cheaper to use our high grade Lee Coal, that has been screened and freed from slate and stone, than that of an inferior grade. It gives more heat, less ashes and burns longer than any other coal, and our prices are as low as any. Coal and Wood under cover.
