VOLUME CVI.---NO 103. ALEXANDRIA, VA., TUESDAY EVENING, MAY 2, 1905. PRICE 2 CENTS.

Let go or die. That's the alternative of the shipwrecked man with the money bags. A great many people have a like alternative before them. Business men come to a point where the doctor tells them that they must "let go or die." Probably he advised a sea voyage or mountain air. There's an obstinate cough that won't be shaken off. The lungs are weak and perhaps bleeding. There is emaciation and other symptoms of disease, which if unskilfully or improperly treated terminate in consumption.

Thousands of men and women in a like condition have found complete healing by the use of Dr. Pierce's Golden Medical Discovery.

"It gives me pleasure to send you this testimonial so that some other poor sufferer may be saved, as I was, by Dr. Pierce's Golden Medical Discovery," writes Geo. A. Thompson, of Sheldon Ave., Chatham, Ont., Canada. "I had a cough for years, expectorated a great deal, and was slowly fading. Was losing flesh every day. Lost in weight from 150 pounds down to 128. My flesh got soft and I had no strength. Did not say anything to any one but made up my mind that the end was not far off. One day my wife was reading in the 'Common Sense Medical Adviser' about Dr. Pierce's Golden Medical Discovery, and I said, that sounds more like common sense than anything else that I had heard. I at once bought a bottle of your famous remedy and before I had taken half of one bottle I felt better. Took thirteen bottles and it made a new man of me. I gained sixteen pounds and never have had a cough since. I feel splendid and give all the credit to your medicine."

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing *only*. The book contains 1008 pages, over 700 illustrations and several colored plates. Send 21 one-cent stamps for the paper-bound book, or 31 stamps for the cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets. Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Manassas a Dry Town.

For the first time in its history Manassas is without a licensed barroom. The temperance majority in the town council won the fight against the liquor business, and, with the expiration of liquor licenses on the last day of April, Manassas became a dry town

The charter of the town provides that applicants for liquor licenses shall be recommended by the town council before the court can consider applications for license, and seven out of the eleven members of the council have persistently voted against recommending any one of the seven applicants for license to the Circuit Court.

The town is likely to remain dry while the present council is in office, though it is rumored that three of the dry members of the council have been won over to the liquor side, and that the necessary recommendations will be granted at the next regular meeting, or at a called meeting of the council. This, however, is not likely, because all of the members of the council opposed to the granting of licenses are members of the Anti-saloon League, and they went into the fight with the understanding that they would all stand together in the position they had taken on the question.

All the bars did a rushing business Saturday night. Leary & Bro. sold their entire stock of liquors at public auction. Drinks were sold to the highest bidder, and late Saturday night drunken negroes caused much disorder in the town. Special Policeman John Rector was hurt by being hit with a brick in an endeavor to arrest several negroes who were fighting. Several shots were fired at Mr. Rector by the negroes. Mr. Lynch went to the assistance of Mr. Rector, and he was also injured by the negroes, who made their escape.

Body of Boy Buried.

The body of Ralph Smith was yesterday consigned to the grave the second time in Richmond. At the autopsy, in behalf of the counsel for the defense, the bruises on the little body were photographed and parts of the internal organs analyzed under the microscope for evidences that the boy was a degenerate, as charged by his mother. The autopsy is expected to have strong bearing on the mother's claim that she beat him to break him of a vile habit.

Mrs. Estelle Smith, who, it was thought, would have to bear this trial alone, has influential friends who have risen up in her behalf, and some able lawyers are working hard in her interest. One of her brothers (Dr. Charles Townsend) is a wealthy physician of New York, and has come to her rescue. Her husband, Shepherd K. Smith, who denied his identity when arrested in New York, has been fully identified, and is on the way to Richmond to share with his wife the charge of murdering their boy.

All along she has shown more concern for her husband's welfare than for her own, and has uttered no word to implicate him. She married Smith against the wishes of her family and friends, and has lived with him in poverty rather than go to a comfortable home without him.

Shepherd Smith was indicted by the grand jury of the Hustings Court of Richmond yesterday for larceny, he having failed, it is charged, to deposit $80 belonging to his employer, with which amount he was intrusted the day of his disappearance.

Murderer Secured Twelve Dollars.

Edward Pekarz, a Bohemian, aged 25, was arrested in New York yesterday for the murder of Mrs. Sarah Rosenberg, whose body, with the head beaten in, was found at her home in east One Hundred and First street, last Saturday. The woman, who was 75 years of age, had been dead for several days. Pekarz formerly boarded with the woman. The police say that he has admitted that he killed Mrs. Rosenberg for the money she had in the house. He believed she had a considerable sum, but he found only $12. Pekarz gave the following account of the murder: First he caught hold of the old woman by both arms and threw her violently down upon the bed Then he dealt her half a dozen crushing blows upon the forehead with a heavy riveting hammer, which he had brought with him. But his victim still betrayed signs of life, and Pekarz therefore thrust a long-bladed knife twice into her throat. Both the knife and the hammer were afterward found in the room, the murderer in his timorous haste having neglected to conceal them From the wallet which Mrs. Rosenburg had hidden in the bosom of her dress Pekarz obtained $12, and with this as the sole fruits of the murder he made off. He said that he had been having a good time since committing the deed and only commiserated the fact that he did not have at least a day or two to enjoy his liberty. One matter alone seemed to interest him: How soon was he to die?

Says Man Can Live Forever.

Treating lightly the habit of dying, to which men have been slaves for thousands of years, Harry Gaze, of London, told a small company of persons gathered in Odd Fellows' Temple in Philadelphia Monday night that they could live forever if they would just apply their minds to the effort. Gaze is the author of a book entitled "How to Live Forever." Anxious to propagate his theories as to everlasting physical life, he is making a lecturing tour in this country. "Practical psychology, rejuvenating diet and regenerative life" are the first principles in Gaze's scheme. He holds up perpetual youth as being so easy of attainment that one is foolish to grow old If one is old he can regain youth, and if he doesn't like his body he can, by giving thought to the matter, transform it into any mold of form and cast of features that he desires. Thus he can get rid of any defects that happen to mar his beauty or attractiveness. Gaze would get rid of the death of the body by dying littly by little, an atomic or "up-to-date" death, as he described it, while that "rejuvenative diet" and "regenerative life" get in their work by building up the body, replacing the dead atoms, as they are given off, with new ones. Control over the subconscious soul that governs the rebuilding of life is all that is necessary.

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.
