VOLUME CVII.--NO. 101. ALEXANDRIA, VA., THURSDAY EVENING, APRIL 26, 1906. PRICE 2 CENTS.

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papoose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit Mich.

E. S. Leadbeater & Sons, Special Agents.

ALARM IN FRANCE.

Dispatches from Paris say that the strike situation has improved before the government's military and police preparations to crush disorder, and public uneasiness has been considerably relieved. Alarmist reports, however, continue to circulate concerning what may possibly happen May 1. One report says that Spanish and Swiss anarchists have succeeded in bringing 40 bombs into Paris. The police are exercising extreme vigilance and are shadowing the chief agitators and watching the centers of disorder.

The elaborate military precautions include stationing 2,000 troops in the basement of the Grand Palace, where the national art saloons are being held. Infantry and cavalry are also strongly posted at other important centers.

The government appears to be fully aroused to the necessity for adequate preparation.

The police canvass shows that 80,000 men have stopped work, of which number the disorderly element does not exceed 20,000. Against these can be massed 42,000 to 45,000 troops.

The police will endeavor to localize the manifestation to the Place de la Republique, which is the great labor center, and to the vicinity of the Labor Exchange. This will prevent the manifestants from gaining the center of Paris or getting west of the Place de la Concorde, into the residential sections of the Champs Elysee or Passy. It is expected that the strength of the military and police will readily enable them to confine the disorderly element within its own eastern sections, thus reducing the demonstration to isolated affrays, which should easily be controlled.

The police are convinced that there is no danger of a lack of food supplies, owing to the strike in the provision trades. They declare that the dealers in provisions are reaping a harvest by spreading alarmist reports. The police are in favor of closing the stores altogether. An official of the prefecture stated that the situation, while serious, does not warrant its being represented as tragic.

The painters have decided to stop work May 1, and to remain out until they are granted an eight hour day and a weekly holiday.

The strikers already out are comparatively quiet before the overawing force of troops and police. The places of business of the manufacturing jewelers are heavily guarded.

About 1,000 book printers made a manifestation yesterday and several minor affrays occurred.

Two magazines have suspended owing to inability to print their edition. The ranks of the local strikers were increased yesterday by 600 laborers. The metropolitan barbers have announced that they will stop work May 1 unless they are given a holiday Tuesday and two hours for luncheon and rest.

The labor headquarters in Paris show extreme animation. The various sections are holding meetings and are issuing appeals and listening to violent speeches. During a meeting of 5,000 printers two of the orators counselled the stoppage of the delivery wagons of the newspapers.

Reports from the coal mining regions show that there are 40,000 men on strike and 14,000 at work.

The mines in the Department of Pas de Calais still hold out, and show no signs of an intention to resume work. They have organized begging gangs, who threaten persons who refuse to contribute, but, generally, calm prevails. The iron-workers at Valenciennes have mostly resumed work.

Yeast to Cure Cancer.

Yeast bacillus as a remedy for cancer is the latest medical claim. Dr. Doyen, physician and scientist of Paris, in an address before the Medical Congress, in session at Lisbon, asserted that he had employed the process of inoculating patients with yeast bacilli and had by that treatment wrought cures. Dr. Robert F. Weir, who has made cancer the subject of exhaustive study, said that he had little faith in any treatment of the disease which was based upon the germ theory. "We know little of this malady," he added "and about the only ray of hope we have had has been from that mysterious substance called radium. It has been demonstrated that radium has an effect upon superficial cancer, but so far nothing has been found in the way of a remedy which has been of value in treating deep-seated growths." Dr. Franz L. A. Torek, another specialist, said that the yeast bacillus was by no means new, for he had heard of it being employed for several years in Europe.

A Young Mother of 70.

"My mother has suddenly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets Stomach, Liver and Kidneys right, purifies the blood and cures Malaria, Biliousness and Weakness. Wonderful Nerve Tonic. Price 50c. Guaranteed at E. S. Leadbeater & Sons' drug store.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by Gibson and Timberman and W. F. Creighton and Company.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflammation and goes straight to the root of the disease. Obstinate old cases have been cured in a few weeks. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.
