TUESDAY, Nov. 17—P. M.

Gold opened at 136¼, sold at 135¾@134¾@134¼, closing at 134¼@134¼. The clearings at the Gold Exchange Bank were $166,604,000, and the balances $2,951,845 69.

Government bonds opened firm with a good demand at the counters of the large dealers, by investers. At the noon call the market was ¼@½ per cent lower in sympathy with gold, and the market assumed a dull tone. At the close the market was dull and steady. State bonds are steady. Tennessee 6 per cents sold at 70@69½; New bonds, 69@69¼; North Carolina 6 per cents, 64½@64¼; North Carolina 6 per cents, 65; Georgia 6 per cents, 80. Railroad bonds were dull; Pacific Mail sold at 116¼; Delaware and Hudson Canal, 129¼; Adams Express, 49@49½; Merchants Union, 21½@21¾. The Railroad share market was demoralized by the movements of Erie; early in the day this stock had the appearance of being cornered, and the shorts paid as high as 2 per cent for the stock for delivery, but before noon it was in better supply, loaning flat. At the 10 o'clock Board New-York Central sold at 121¼; Reading, 98¼; Fort Wayne, 108¾; Michigan Southern, 83¾; Cleveland and Pittsburgh, 84¾; Cleveland and Toledo, 99½; Rock Island, 106; North-Western, Common, 85; North-Western, Preferred, 86. At the first Board the market showed signs of weakness, and sold off from ¼@1 per cent. Hudson River sold at 123; Illinois Central, 143. After the call there was a pressure to sell. Erie declined to 47; New-York Central, 120½; Rock Island, 105. At the 1 o'clock call Erie sold at 48@49½; the balance of the list was dull. After the call New-York Central delined to 118¾. At the second Board New-York Central sold at 118¾; Erie, 47¼@47; Hudson, 123¾; Reading, 97⅞; Michigan Central, 116; North-Western Common, 83@82½; North-Western Preferred, 84@84½; Rock Island, 104; Fort Wayne, 107½. At last Open Board the market was higher; New-York Central sold at 120¼; Erie, 49½; Reading, 97½. At the close the general market was unsettled and feverish; Erie was excited, and sold at a difference of 3½ per cent between regular and seller three. Government bonds closed steady.

The Erie Railway Company are again before the Courts. Judge Sutherland this morning granted an injunction against the Directors restraining them from removing the effects of the corporation from the State, and calling them to show cause why a Receiver should not be appointed to take charge of its affairs. The injunction is granted upon the prayer of parties who have been heretofore prominent in its management.

The aggregate amount of exports, exclusive of specie, from the port of New-York to foreign ports, for the week ending Nov. 17, 1868, was $3,775,866.

The Chicago Tribune of Friday says:

When the Winter is fairly inaugurated, and capital in New-York is released from the panic fear which now makes it withdraw from circulation, we may expect to see such a movement of produce begin, but not until then, as it is obvious that the banking capital of the West would be inadequate to supply the legitimate demands of trade here, beside moving the grain and four of the West to New-York, and holding it there.

Of printing cloths *The Providence Journal* says:

Market dull and lower. Many of the printers are running on only half time. After getting through with dark work, it is probable many of them will stop for three or four weeks for repairs, before commencing on light work. ASHES—The market is moderately active and steady; sales at $7 75 for Pots and $9 12½@$9 25 for Pearls.

BUILDING MATERIALS—Bricks are dull and heavy, but not quotably lower. Cement is unchanged. Hair is firm. Lime intensely dull and in fair demand. Laths are nominal. Lumber is plenty and dull. We quote:

BEESWAX—There has been a moderate demand for Yellow Western and Southern, and the market ruled quite steady; sales of 3,000 lb at 44½@45c.

BRISTLES are unchanged; the demand is moderate; we quote at from 40c. @$2 50 for American Gray and White.

BROOM CORN—The demand is fair, and the market is firm for Prime, and heavy for Common. Sales at 10@12c. ⊕ lb.

COTTON—The demand has been fair but the market is irregular. The low grades are plenty and lower, but the prime qualities continue scarce and on these figures remain steady; including 100 bales to arrive, the sales are 3,152 bales, of which 754 were taken by spinners, 256 by speculators, and 2,142 by exporters. 268 of the latter in transit; sales also of 100 bales Middling, for January, at 22½c. We quote as follows:

The stock in the country, as made up this morning, embraced 166,653 bags, of which 1,500 were at New-Orleans, 1,000 at Galveston, 1,300 at Mobile, 36,000 at Baltimore, 2,000 at Philadelphia, 2,500 at Boston, and 129,353 at this port. West India grades are dull, but if choice, rule quite steady. Java pretty much all in second hands; we quote Java in bags and mats at 21@24c.; Maracaibo, 14@17c., and Laguayra, 14½@16½c., gold. The demand for Brazil Coffee to-day has been very light, and we hear of no transactions worth reporting. Jobbers appear to have all they want for present use, and with the general feeling of dullness which prevails in all classes of merchandise, there is no inclination to increase stocks.

COAL—The inquiry for Domestic has proved light for the season, owing to the very high prices current. The arrivals are liberal and are likely to be large through the Winter. Sales from yard at $9@$11 50 ⊕ ton. Foreign is improved and is firm.

CANDLES are moderately active and the market is steady; sales of 210 boxes Adamantine, 12 and 14 cn., at 20@22c. Sperm and Patent are selling at 45@50c. for the former, and 50@60c. for the latter.

FLOUR AND MEAL—The market for Western and State Flour, at the opening of Change was very firm for the low grades and some advance looked for, but ere the close the demand abated and the better feeling was less apparent; the sales are 7,600 bbls. at $5 30@$6 for Superfine State; $6 50@$7 for Extra State; $7@$8 for Fancy State; $6 30@$6 50 for the low grades of Western Extras; $7@$8 for good to choice Spring Wheat Extras; $7@$9 for Minnesota and Ohio Extras; $6 75@$7 50 for Shipping Ohio; $7 90@$9 50 for Trade brands; $9 60@$10 20 for Family do.; $7 50@$9 50 for Amber Winter Wheat Extra Indiana and Michigan; $9 20@$11 20 for White do., do., and Family do., at $11 20@$11 75; $9 70@$15 for St. Louis Extra, Double Extra, and Triple Extra. California Flour is dull and in the absence of sales prices are nominal. Canadian Flour is inactive. Southern Flour is fairly active, and the market steady; sales of 900 bbls. at $7 60@$10 10 for ordinary to good Extra Baltimore and Country; $7 60@$11 45 for Extra and Family Georgia and Virginia; and $7 70@$15 for Extra and Family Maryland and Delaware.
