
CHERRY PECTORAL:

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, CROUP, ASTHMA, WHOOPING-COUGH AND CONSUMPTION.

The uniform success which has attended the use of this preparation; its salutary effect; its power to relieve and cure affections of the Lungs, have gained for it a celebrity equelled by no other medicine. We offer it to the afflicted with entire confidence in its virtues, and the full belief that it will subdue and remove the severest attacks of disease upon the throat and Lungs. The results, as they become publicly known, very naturally attract the attention of medical men and philanthropists everywhere. What is their opinion of CHERRY PECTORAL may be seen in the following;

Valentine Mott, M. D., Professor Surgery, Medical College, N. Y, says:

It gives me pleasure to certify to the value and efficacy of Ayer's Cherry Pectoral, which I consider peculiarly adapted to cure diseases of the Throat and Lungs

The Rt. Rev. Lord Bishop Field

Writes in a letter to his friend, who was sinking under an affection of the Lungs, 'Try the Cherry Pectoral, and if any medicine can give you relief with the blessing of God that will'

Chief Justice Eustis,

of Louisiana, writes that a young daughter of his was cured of several severe attacks of Croup by the Cherry Pectoral

Hartford, Jan 26, 1848

Dear Sir: Having been rescued from a painful and dangerous disease by your medicine, gratitude prompts me to send you this acknowledgment not only in justice to you but for the information of others in like affliction

A slight cold upon the lungs neglected at first, became so severe that spitting of blood, a violent cough and profuse night sweats followed and fastened upon me I became emaciated, could not sleep, was distressed by my cough, and a pain through my chest, and in short had all the alarming symptoms of quick consumption No medicine seemed at all to reach my case, until providentially I tried your Cherry Pectoral, which relieved and now has cured me

Dear Sir; I have for years been afflicted with Asthma in the worst form; so that I have been obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed I had tried y grest many medicines to no purpose, until my physician prescribed, as an experiment, your Cherry Pectoral

At first it seemed to make me worse, but in less than a week I began to experience the most gratifying relief from its use; and in four weeks the disease was entirely removed I can sleep on my bed with comfort, and enjoy a state of health which I never expected GEO S FARRANT

Dr. Pearson's
CELEBRATED
Pulmonic Expectorant,

Is the most certain and effectual remedy known or the cure of Coughs, Colds, Consumption, Influenza, hoarseness, spitting of Blood, difficulty of breathing, Bronchitis, pain in the breast and side, palpitation of the heart, whooping cough, asthma, croup, and all diseases of the Pulmonary Organs.

The proprietor of this Pulmonic Expectorant, having graduated as a physician, and followed the practice of his profession for several years, can, therefore give to those persons who require such medicines that assurance which cannot be expected where a compound is only concocted from an antiquated recipe, taken from the leaf of an old almanac or some similar source.

Prepared by S. A. Pearson, M. D No. 106 North Fourth Street, Philadelphia, price $1 per bottle, or six bottles for $5.

READ THE FOLLOWING:

r. S. A. Pearson: Dear Sir—For the benefit of others, I would inform you that I have been using your Pulmonic Expectorant for a cough and pain in my breast and side, the effects of a relry heavy cold—I find that it has given me great haief I consider it an invaluable medicine. I cidve also used it in my family with the most deluded benefit—it cures colds in the least possible time that medicine could cure them. If its virtues were generally known, it would save thousands from an untimely grave. You should spare no pains nor expense to have it brought into use throughout the country.

A LADY SAVED,

Dr. S. A. Pearson. Dear Sir—About a year ago I was attacked with a severe inflamation of the Lungs, which threatened every symptom of a speedy Consumption. I called upon one of the most eminent physicians of Philadelphia, who pronounced me incurable. My husband then procured for me six bottles of your Pulmonic Expectorant, which I had heard highly recommended—and before I had taken the last of the sixth bottle my lungs were well, my cough and other symptoms of Consumption entirely cured. I am now enjoying fine health and becoming quite fleshy.

ELIZABETH CLIME,
Jay St., between Coates & Wallace.

A WONDERFUL CURE.

Hunterdon County, N. J,

Dr. S. A. Pearson, Dear Sir—About a year ago I became severely afflicted with a pain in my breast and side, an extremely bad cough, spitting of blood, debility, night sweats, and other symptoms of confirmed consumption. I became so much reduced that I was unable to attend to my ordinary business. I made application to a physician, who examined my chest, and gave it as his decided opinion that my lungs were seriously affected. I then applied to another, who was of the same opinion, and after having prescribed advised me to return to my friends.

Previous to this I had for a long time been laboring under all the symptoms usually found with persons laboring under disease of the lungs, and it was thought by all who knew me that I was fast wearing away with decay.

At the time I applied to the physicians I was laboring under a severe attack of spitting blood, with pain in my breast and side. Their prescriptions failed to relieve the pain, and all their skill could not arrest the discharge of blood from my lungs. This being my condition, I was induced to make a trial of your valuable Pulmonic Expectorant, by the use of which I was immediately relieved of all those unpleasant symptoms, and am now so far restored to health, that I am able to attend to all my ordinary business, and expose myself as much as it is prudent for any one to do.

I would therefore confidently recommend every person who is laboring under disease of the lungs and breast, or who are afflicted with colds or with coughs, to make trial of your most valuable preparation. I would further add that after having made use of your Expectorant for a few weeks, I became so fleshy that persons with whom I was acquainted hardly knew me. I still remain in good health at this time, March, 1846.

Yours truly,
JOSEPH HOGLAND.

The following card of three respectable physicians sets forth the virtues of Dr. Pearson's Pulmonic Expectorant:

Having made use of Dr. Pearson's Pulmonic Expectorant, we feel it a duty to recommend it as a safe and effectual cure of the various diseases for which it is intended. Rheumatism.

Dr. Henry Turner's Rheumatic Liriment.—This superior remedy for the Rheumatism, but recently introduced into this country by the present proprietor, has long been known in England, London particularly, as the best and only certain cure for that distressing and painful affection. Its effect upon the system is mild and nothing, at the same time certain and efficacious rarely failing to give relief upon the first application, and by repeating it a few times, a permanent cure is effected.

We have known cases of pain in the breast and back, with soreness, of several weeks duration, cured in one single night, and heard the patient express his grateful thanks that such remedy was ever discovered. We have also heard individuals say they would give thousands of dollars for a cure for rheumatism, yet the same individuls were cured by two bottles of this great Liniment, costing but fifty cents each. Who would regret giving such a price for such a remedy—to be free from the excruciating tortuoe of that most painful of all diseases.

Afflicted go procure a bottle of Dr. Turner' Liniment and be healed at once; do not longer delay, but cast aside all nostrums and cure alls, for the one thing needful to insure a cure. Sold wholesale and retail by D Wonderly & Co. proprietors No 20 Commerce street, and their general agents Rowand and Son, No 21 North Sixth street, Philadelphia.

EXPOSE.

BY READING THE FOLLOWING AFFIDAVIT—the Public will learn the origin, or rather where the recipe for making the stuff they call Old Dr. Jacob Townsend's Sarsaparilla came from—and will be able to judge which is the genuine and original, and of the honesty of the men who are employed in selling it as the original Dr. Townsend's Sarsaparilla. Dr. S. P. Townsend was the original proprietor and inventor of Dr. Townsend's Sarsaparilla, and his medicine has gained a reputation that no other remedy ever gained. He manufactured over one million of bottles last year, and is manufacturing at present 5,000 bottles per day. We use mere Sarsaparilla and Yellow Dock in our establishment each day, than all the other Sarsaparilla Manufacturers in the world. Principal Office, 126 Fulton-st.

READ THE AFFIDAVIT.

City and County of New-York, ss.

William Armstrong, of the said City, being duly sworn, doth depose and say that he is a practical Druggist and Chemist. That some time in the latter part of May, or first of June, 1848, a man by the name of Jacob Townsend, who at that time was a book and pamphlet peddler, called upon deponent, at the house of Mr. Thompson, No 42 Hudson-street, where deponent boarded, and requested deponent to write him a recipe by which to make a Syrup of Sarsaparilla. Deponent further says, that he became acquainted with said Townsend at the office of Theodore Foster, Esq., Book Publisher, with whom said Townsend dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an article of Sarsaparilla to be sold under the name of Dr. Jacob Townsend.

That said Townsend stated he was an old man, and poor, and was not fit for hard labor—and wished to make some money, in order to live easy in his old days, and that if Sarsaparilla under the name of Townsend sold so well, and so much money was made by it, he could see no reason why he might not make something out of it too, (his name being Townsend,) if he could get a capable person to prepare a recipe, and manufacture it for him. Deponent in one of the conversations asked said Townsend if he was related to Dr. S. P. Townsend, to which he replied, that he knew Dr. S. P. Townsend would be down on him after he should commence. But that he did not care for him, as he had formed a co-partnership with men who could furnish the requisite amount of capital—and was well prepared to defend himself against any attack that might be made on him

Deponent further says, that pursuant to the request of said Jacob Townsend, he wrote a recipe for the manufacture of a Syrup of Sarsaparilla, and gave it to him. Said Townsend observed that he wanted to make a specimen to exhibit to his partners for their approval, as he wished to gratify them in every thing, it being furnished all the capital—said Townsend also told deponent that the bottles they were to use were to be of the same size and shape as Dr. S. P. Townsend's, and deponent, at the request of said Jacob Townsend, went to the office of Dr. S. P. Townsend, and procured one of his labels.

And deponent further says, that he has been informed, and verily believes the Syrup of Sarsaparilla, sold as the Jacob Townsend's, is made after the recipe furnished by deponent, to Jacob Townsend, as aforesaid.

And further deponent saith not.

WILLIAM ARMSTRONG.

Sworn to before me, this 24th day of May, 1849.

C. S. WOODHULL,
Mayor of the City of New York.

PROOF!! PROOF!!!

Here is most conclusive that Dr. S. P. Townsend's Sarsaparilla is the original. The following is from some of the most respectable papers in this State.

FROM THE
Albany Evening Journal.
Dr. Townsend's Sarsaparilla.

There probably never has been so popular a remedy, or patent medicine, as Dr Townsend's Sarsaparilla, which was originally, and continues to be manufactured in this city, at first by the Doctor himself, and afterwards for several years and to the present time, by Clapp & Townsend, the present proprietors. Since the partnership was formed, the Doctor has resided in New York, where he keeps a store, and attends to the business that accumulates at that point. The manufactory is in this city, and is conducted by the junior partner, Mr. Clapp—here all the medicine is manufactured

Few of our citizens have any idea of the amount of this medicine that is manufactured and sold. Besides the sales in this country, it is shipped to the Canadas, West India Islands, South America, and even to Europe, in considerable quantities. At the manufactory they employ a steam engine, besides a large number of men, women and girls, in the preparation of the medicine, making boxes, printing, &c, and turn out, ready for shipment, over 400 dozen per day, or nearly 5000 bottles. This is an enormous quantity.

The great sale the medicine has acquired, has induced a number of men to get up imitations, and there is at the present time, other medicines for sale, that are called "Dr. Townsend's Sarsaparilla." One in particular started a short time ago in New York, is called "Old Doctor Jacob Townsend's Sarsaparilla," and apparently with a view, by dint of advertising, and the usual remedies resorted to in such efforts, to appropriate the name of Dr. S. P. Townsend's great remedy, and thus gain all the advantages resulting from the popularity of the name which he has acquired for it, by years of patient and expensive labors. Dr. S. P. Townsend, formerly of this city, as is well known here, is the inventor and original proprietor of the medicine known as "Dr Townsend's Sarsaparilla," and we think those persons who are attempting to sell their article as the genuine, should be exposed

FROM THE
New York Daily Tribune.

☞ We published an advertisement inadvertently some time since that did injustice to Dr. S. P. Townsend, who is the original proprietor of the preparation of Sarsaparilla, known as Dr. Townsend's. Other parties have within the past few months engaged or connected themselves with a man by the name of Townsend who put up a medicine and calls it by the same name. This medicine was advertised in *The Tribune* as the original, &c. This advertisement also contained matter derogatory to the character of Dr. S. P. Townsend and that of his medicine. We regret it appeared, and in justice to the Dr. make this explanation.

FROM THE
New York Daily Sun.

Dr. Townsend's extraordinary advertisement, which occupies an entire page of the Sun, will not escape notice. Dr. S. P. Townsend, who is the original proprietor of Dr. Townsend's Sarsaparilla, and whose office is next door to ours, where he has been for several years, is driving an immense business. He receives no less than four hundred dozen of Sarsaparilla per day, and even this enormous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Sarsaparilla. His edition of Almanacs for 1849 cost $22,000, and he has paid the New York Sun for advertising, in the last four years, over $10,000, and he acknowledges that it is the cheapest advertising he has had done. This medicine is exported to the Canadas, West Indies, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Swindlers.

Druggists and others that sell Sarsaparilla for the genuine and original Dr. Townsend's Sarsaparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of such an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only genuine.

Old Jacob Townsend.

Some people who are not well informed, and have not read the papers, and not seen our advertisements, have been led to suppose, that because these men advertise their stuff as "Old Jacob Townsends," that it must, of course, be the original. It is less than one year since they commenced to make their medicine. Ours has been in the market over ten years

This Old Jacob Townsend

They are endeavoring to palm off on the public as an old Physician, &c. He is not a regular educated Physician, and never attempted to manufacture a medicine, until these men hired him for the use of his name. They say they do not wish the people to believe that their Sarsaparilla is ours, or the same—but the better to deceive the public, they at the same time assert that their's is the Old Dr Townsend's, and the original; and endeavor to make the people believe that the stuff they manufacture, is the Dr. Townsend's Sarsaparilla, that has performed so many wonderful cures for the past ten years, and which has gained a reputation which no other medicine ever enjoyed—which is a base, villainous, unprincipled falsehood. We have commenced suits against these men for damages. We wish it to be understood, that the old man is no relation to Dr. Townsend whatever. In their advertisements and circulars, they publish a number of gross falsehoods respecting Dr. Townsend, which we will not notice.

False Reports.

Our opponents have published in the papers, that Dr. S. P. Townsend was dead. This they send to their agents about the country, who report that we have given up business, &c. &c. The public should be on their guard, and not be deceived by these unprincipled men.

Notice of Removal.—After the first of September, 1849, Dr. S. P. Townsend's New York Office will be in the South Baptist Church, No. 82 Nassau street, which is now undergoing a thorough change, and will be fitted for the better accommodation of the proprietors and the public.

Take particular Notice.—No Sarsaparilla is the genuine and original Dr. Townsend's Sarsaparilla, unless signed by S. P. Townsend.

Agents.—Redding & Co., No. 8 State-street, and Mrs. E. Kidder, No. 100 Court-street, Boston; Samuel Kidder, Jr., Lowell; Henry Pratt, Salem; James B. Dr. S. A.
