BOERHAVE'S

HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND,

FEVER AND ACUE.

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound prepared on scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland settled here and there over the face of this mighty country.—Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and in fact, infusing new health and vigor in the system.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

THE LIVER

INVIGORATOR

PREPARED BY DR. SANFORD,

Compounded Entirely from Gums,

IS ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, that acts as a cathartic, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject the morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operation of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The LIVER is one of the principal regulators of the human body, and when the system are fully developed, the stomach is almost entirely dependent on the health or action of the Liver for the proper performance of its functions; when the stomach fails, the bowels are at fault, and the whole system suffers in consequence—having cause to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find a remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and what is better, PREVENTED, by the occasional use of the LIVER INVIGORATOR.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken at night loosens the bowels, and cures CONSTIPENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves CHOLIC, while

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventative of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures CHRONIC DIARRHEA in its worst forms, while SUMMER and BOWEL complaints, which yield almost to the first dose or two, are cures caused by there is no surer, safer, or better remedy in the world, as it "never fails."

One dose taken a few hours before DINNER, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive FOR FEVER AND AGUE, CHILLS AND FEVERS OF A BILIOUS TYPE, as it operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ Mix water in the mouth with the Invigorator, and swallow both together.

THE LIVER INVIGORATOR IS A SCIENTIFIC MEDICAL DISCOVERY, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of LIVER Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a DISEASED LIVER.

NEW TREATMENT.

PRIVATE

—AND—

CONFIDENTIAL MEDICAL ADVICE!!

AT the Buffalo Private Hospital—Established for the cure of Syphilis, Seminal Weakness and the Secret Infirmities of Youth and Maturity by Dr. AMOS & SON, Buffalo, N. Y. Office, corner of Main and Quay streets, (up stairs.)

A MOST SCIENTIFIC INVENTION.

An Instrument for the cure of genital Debility, or Nocturnal Emissions, more properly known as Seminal Weakness, etc. Can be permanently cured in from fifteen days to two months, by the use of this instrument, when used conjointly with medicines.

YOUNG MEN TAKE PARTICULAR NOTICE.

Dr. AMOS and SON take pleasure in announcing that they have invented a most important instrument for the cure of the above diseases. It has been subjected to a test by the most eminent physicians in London, Paris, Philadelphia and New York; it has been declared the only useful instrument which has ever yet been invented, for the cure of Seminal Weakness, or any disease of the genital organs, caused by the secret habits of youth. Price Ten Dollars, by Mail or Express.

A CURE WARRANTED.

Dr. AMOS and SON have devoted their attention exclusively to this peculiar class of maladies, and the relief they have consequently been able to render their fellow-creatures, is fully testified and gratefully acknowledged by numerous recent patients and others daily arriving in town, from all parts of the country, for the express purpose only of consultations, while their exertions have been crowned with the most signal advantages, yet from what they have experienced in enquiring into the causes of these infectious complaints, (from their most simple condition to that of the most dangerous and inveterate,) they have always entertained the possibility of their prevention and removal, and likewise invariably found that the most horrible and malignant forms of disease could almost invariably be traced to one of the following causes:—Ignorance, neglect, or the ill effects of unskillful or improper treatment; therefore Dr. AMOS and SON have succeeded in discovering, in the selection of their remedies, a safe, effectual and cautious course; omitting all combination of remedies which bear an equivocal character, as well as those whose premature or injudicious application might be productive of bad consequences in the hands of private individuals. In short, the laudable end of their remedies is the lessening of a great mass of human misery by the alleviation, relief and prevention of those grievous afflictions that are in reality the secret foe of life, and which, while they so extensively surround us, call aloud for our skill and interference for their extermination.

COUNTRY INVALIDS.

Persons in any part of the world may be successfully treated by forwarding a correct detail of their case, with the remittance for medicines, etc.

DAILY EMPIRE.

☞ The following excellent lines received from "Laura," are not original; but we will give them for their excellence. "Laura" should not send familiar lines to an editor, with the expectation of passing them off as her own:—

Happiness.

Delusive phantom, light as air,
Whose shadow we pursue;
Each rising morn with anxious care,
We still the chase renew,
Elate with hope we persevere,
Still flattered with success;
Yet unforeseen events defer
Our visionary bliss.

Our fruitless toil augments our pain;
Our hopes flit swiftly by;
We sigh despairing to obtain
The transitory joy.
Can gold untinted pleasure give?
Can we depend on power?
Can fame the sickening heart relieve,
Or bring one happy hour?

Will titles, birth, or pompous shows,
Youth, beauty, wit, combined—
Will these, I ask, avert the woes
Entailed on human kind?
Yet still our wish we may effect—
Substantial blessings know;
What from the shadow we expect,
The substance will bestow.

With Wisdom dwells our dearest bliss,
Abounding with increase;
"Her ways are ways of pleasantness
And all her paths are peace."
Lay hold on her and you'll possess
The treasure you have sought:
Her price beyond the ruby is,
Or gold from Ophir brought.

An Epigram.

When Eve through early Eden moved,
And tuned her maiden voice,
It was not strange that Adam loved—
He'd only Hobson's choice.
But when BAD girls are found at home,
With chance for scarce ten men,
Not idle grace nor finnet's hum
Will catch the beaux—to make them come
Each girl must RUSTLE then.

Death of the Kentucky Giant.

James Porter, the famous Kentucky Giant died at his residence in Portland, Ky., Sunday night, in the fiftieth year of his age. He was seven feet nine inches in height, and was, we believe, the tallest man in the world He died of disease of the heart. The Louisville Journal says of him:

He seemed to labor under the consciousness that he was an object of universal curiosity, and shunned rather than sought the public gaze. He was modest and retiring—the very soul of honor and honesty. His social feelings were elevated and refined, his affections strong and marked. He was a gentleman of intelligence, and yielded a considerable influence among his neighbors and friends.

The Democrat says:

It is remarkable that for the first fourteen years of his life he was small for his age, so much so that he was often engaged to ride races on the old track, where the Elm-tree Garden now is. At seventeen he was apprenticed at coopering, and his remarkable growth commenced. It is stated that the most he ever grew in one week was one inch it was his habit, while growing, to measure every Saturday night, and his own testimony and that of his family and friends, is evidence of this remarkable fact.

Mr. Porter soon got so tall that it was impossible to cooper barrels, and he was employed on hogsheads. This, however, became equally impossible, owing to his remarkable height, and he was compelled to abandon the business. He then engaged in keeping and driving hacks. In the years 1836-37 he went East, and appeared on the stage in one or two pieces, written especially for him. He returned to Louisville, and a few years later bought the coffee house which he was keeping at the time of his death.

He is described as remarkably pure-hearted and inoffensive. He was a "good boy" to his mother to the day of his death. He never married. His coffin was nine feet one inch in length, and two feet across the breast.

Explosion of the St. Nicholas.

We extract from the St. Louis papers the following additional particulars:

The St. Nicholas was a large St. Louis and New Orleans passenger packet, and was a few months over four years old. She was owned by Capt. Ambrose Reeder and Capt. Ben. V. Glime, the latter of whom was her clerk. She was valued at $25,000 and was fully insured.

The St. Nicholas left St. Louis for New Orleans, last Thursday evening, with a partial cargo and about thirty cabin passengers. She doubtless took a large amount of freight and passengers below.

We have no information as to the probable cause of the explosion.

A dispatch to Memphis on Tuesday evening contains the names of the lost, badly and slightly scalded, and saved. The saved sixteen in number, arrived in Memphis, Tuesday evening. The Sons of Malta and the city authorities undertook the humane responsibility of attending the sufferers.—We have not space at our disposal, or we should publish the registry, as furnished from Memphis; let it suffice to mention that the captain (Mullen) and the chief clerk (Glime) the first and second engineers, thirteen or fourteen deck hands, several bed makers, etc., and some passengers are among the lost.

EFFECTS OF TOBACCO ON THE MOUTH.—Both smoking and chewing produce marked alterations in the most expressive features of the face. The lips are closed by a circular muscle, which completely surrounds them and forms their pulpy fullness. Now, every muscle of the body is developed in precise ratio with its use, as most young men know; they endeavor to develop and increase their muscle in the gymnasium. In spitting and holding the cigar in the mouth, this muscle is in constant use; hence the coarse appearance and irregular development of the lips, when compared to the rest of the features in chewers and smokers. The eye loses its natural fire and becomes dull and lurid; it is unspeculative and unappreciative; it answers not before the world; its owner gazes vacantly, and often repels conversation by his stupidity.—*Scalpel.*

SUICIDE IN OHIO.—The statistics of Ohio for 1858 show that the number of suicides in this State was sixty in all, or one in every forty thousand of the population. The mode of suicide is mainly confined to hanging, drowning, cutting throat, shooting and poison. Of the suicides in Ohio, the mode selected by seventeen was that of hanging, seven by drowning, six by cutting the throat, and ten by poison; the remaining modes were generally by some violence, occasioned by delirium tremens and intoxication.—The suicides in cities appear, as a general fact, to be much more numerous than in the country, as for example: in New York, 1 in 10,500; in Cincinnati, 1 in 15,000; in London, 1 in 5,000; in Paris, 1 in 2,500. The number of suicides given for Europe by Babbi, some twenty years since was as follows: In France, 1 in 20,000; in Austria, 1 in 20,000; in Prussia, 1 in 15,000; in Russia 1 in 50,000.

RELIGION AT HOME.—Religion begins in the family. One of the holiest sanctuaries on earth is home. The family altar is more venerable than any altar in a church built with hands. The education of the soul for eternity begins by the fireside. The principle of love which is to be carried through the universe is first unfolded in the family. "Let them learn first," says the apostle, "to show piety at home."

On the 15th instant the house of a Roman Catholic Priest at St. Thomas, was entered at midnight by two villains, who stabbed him near the heart and left him for dead.—It is not known why or by whom the attempted assassination was made. The wound did not prove fatal.

☞ Composition and Cement for sale.

READ THE FOLLOWING:

CINCINNATI, O., February 18, 1857.

This is to certify that I have examined the samples of J. Beckley and Co.'s Cement and Composition Roof, and can say that I think them equal, if not superior to any Cement or Composition Roof now in use. I have one on my house, adjoining to where I was lately burned out, and can say that it stood the test admirably. D. A. POWELL.

CINCINNATI, June 28, 1858.

This is to certify that we have employed Messrs. J. Beckley and Co. to put their Cement Roof on our tenement at the west end of Eighth street, and thus far it has given entire satisfaction, having been twice tested by severe rains, etc. The burning of a tree frame ware-house adjoining, scorching our wood work and destroying our glass, produced no effect on our roof.
