money and woolen goods markets, manufacturers are inclined to restrict their purchases rather than anticipate their wants, consequently they buy only to meet immediate requirements. Scarce and desirable descriptions of wools are firmly held, but for those less desirable there is a softer feeling, with a willingness in some cases to concede a trifle for the sake of ready money.

WHISKY—The market is very dull; small sales of Western at 94@95c.

N. Y. WHOLESALE PRICES OF COUNTRY PRODUCE

FOR THE WEEK ENDING March 30, 1869.

[Reprinted for THE N. Y. TRIBUNE by our own Reporter.]

The following are the current rates of articles in good condition, as sold by commission houses by wholesale. Shippers receive 5 to 10 per cent less, deducted for commissions, beside freight and other charges. Boxes or packages should be carefully marked with paint and the name of the sender should also be painted upon one end. Nail an invoice or list of the articles under the under side of the cover, and send letter by mail, containing an invoice and directions, also stating how and when sent. Clean packages and care in putting up will add much to the value of the produce.

BEANS AND PEAS.

Arrivals of beans, 3,204 bush., or 346 less than the previous week. The market is extremely dull, it being next to impossible to force sales. We noticed some mediums offered at $2 25, while $3 could not be obtained for prettty good Marrows. Still, where there is a call for beans, they have been jobbed out, in a small way, at our outside rates of $2 75 for mediums, and $3 20 for Marrows. Pea beans are scarce, and so are Kidneys. A lot of about 2,000 bushels German beans are on the way to this market. The prevailing opinion is that beans will go still lower. Limas are very slow of sale. Some Canada black-eyed Marrowfat Peas were sold at $2 50. We quote:

Beans, Pea, ℔ bush	$1 75@$3 25	Lima	$ 9 00@ 10 00

BUTTER.

Receipts, 6,269 packages for the week, or a decrease of 122 from the previous week. Arrivals for the corresponding week last year, 4,214 packages. Butter is decidedly sticky, the reduced quotations failing to convey the real state of the trade, if indeed there is what can be called a trade. Scarcely any one wants butter just now. The Eastern markets are so full that Boston is sending butter here, and so is Baltimore shipping her "Glades" to this city; and, as though that were not sufficient, England is returning her Canada butter upon this market. The coming in of the last steamer from Liverpool bringing 100 firkins. The conviction is the last steamer from Liverpool bringing 100 firkins. The conviction is the very general that we have a surplus of old butter, while the new make is coming in quite freely—339 packages yesterday, with 129 expected to-morrow from a single shipper or country dealer. The new is selling from 45 to 50c., the most common price being 48c. While the finest old butter is peddling out in a small way at 52c., we consider 50c. the real quotation, a small dairy of 25 half tubs, choice Cortlandt Co. selling at 50c. True, a single package is occasionally sold at 55c., but is gilt-edged of extra finish. The really fine butter is not plenty. It is the medium and ordinary State and the poor Canada which is such a load to carry that it weighs the market down, and England must needs add the last straw to the camel's back. The next California steamer takes out about 175 firkins of butter. Receipts for March, 37,260 packages, against 22,800 same time last year. We quote:

CHEESE.

Receipts, 2,466, with 1,123 exported for the week. Corresponding week last year, receipts, 18,861, with 22,892 exported. It will be noticed that we are shipping very heavily at this time last year, while there is really no demand now. These sent abroad during the past week are mostly very poor cheese, some of them brought as low as 8c., and shipped to get rid of them. There are some hard old double skimmed cheese, requiring an ax to cut them up, which will only bring 4@6c. We note a better feeling for fine factories, with somewhat free orders from Ohio, the central portion of this State, and the Far West. Other cities, being bare of cheese, throw their orders here, and 22c. is now refused for the finest cheese. Still very good factories are selling at 21½c. Some new cheese are expected in a fortnight. We quote:

EGGS.

Receipts, 4,857 packages for the week, which are 2,294 less than for the previous week; corresponding week last year, 6,514. These lighter receipts, with a good demand, cause such a scarcity that we advance of 1c. ℔ doz. is noticed. It is understood that the last lot gathered in the country, prevents collecting and forwarding the eggs. Quite likely they will come in with a rush before the week is over, and prices decline again. Some Southern, badly packed, were sold at 25c., as they run. Those packed in bran, or hulls, generally turn out good, if perfectly dry. We quote:

FRUITS AND BERRIES.

There is a good demand for sound cranberries, which are higher. Few apples, save russets, are on sale. We quote:

FURS AND SKINS.

No change can be reported, nor many transactions until after the Leipsic Fair and sale, which begins the 1st of April. Lower rates are anticipated. It takes fine No. 1 skins to bring our outside quotations. We quote:

HOPS.

Exports for the week just ended, 1,700 bales. Receipts, 1,927. Trade is very quiet, with less speculative demand. Very low Wisconsins are selling above 9c. Exports to Europe have reached 26,164 bales up to date. A Wisconsin paper, The Mirror, says that 25,301 bales have thus far been shipped from Milwaukee City alone. MEATS.

Shipments of meats, &c., for the week: 2,159 boxes bacon, 2,193 pkgs. of lard, 2,264 bbls. and tierces beef, 446 bbls. pork. Dressed hogs are lower, with scarcely any coming from the West save those received alive. Beef and mutton are unchanged. Hog-dressed retires have sold well, very fat animals reaching 18c. in some instances. We note:

POULTRY AND GAME.

Live fowls are in demand during the Jews' holidays. The first wild pigeons have just been received. They are still very scarce and worth $3@$3 50 per doz. Some soft grouse are offering at 50c. per pair, while really fine, fresh birds would bring $1 12. Wild ducks are lower. Dressed poultry sells slowly, with considerable soft, musty stuff arriving, some of it not offered when opened. The weather is getting warm for sending, except from the North or Canada. We quote:

VEGETABLES.

A few Bermuda potatoes have been received during the week. They are putting out at $13 per bbl.; tomatoes at $3 25@$3 50 per small crate. A few green peas from the far South have come forward. They are quoted at $14@$15 per bbl. More are expected in a few days; also some cabages. Florida sweet potatoes do not sell, even at $3 per bbl., nor Virginias at $5, the light demand for sweets running on Delawares. Round potatoes move slowly. We quote:

FIRST MORTGAGE BONDS

OF THE

ST. LOUIS AND ST. JOSEPH R. R.

OF MISSOURI.

Coupons payable May and Nov. 1, at the Farmers' Loan and Trust Co., in the City of New-York. The principal, as well as the interest, is payable in coin. Length of road, 72¼ miles, from the City of St. Joseph to Lexington, making a through line, with the connection now completed, from Omaha to St. Louis, and, on completion of the Union and Central Pacific Roads, with San Francisco. The total amount of Bonds, all that can be issued, is $1,500,000—less than $14,000 per mile—which are secured by a first mortgage on the entire property of the Company. A portion of the road is now in successful operation; the balance is being rapidly constructed, and will be completed during the Summer.

The Farmers' Loan and Trust Co. are the Trustees for the Bonds, who receive the money and pay it over to the Company on the completion of each section of the road.

The road is being built entirely with cash, economically and in a substantial manner. The Directors and officers are all men of the highest standing and responsibility. The counties through which it runs are the most populous and richest agricultural districts in the State, making the security first class—one that we recommend to our friends as a desirable investment, equal, in our estimation, to any we have ever sold. The California Pacific 7 per cent Bonds were closed out by us in January last, and are now selling at an advance of from 5 to 6 per cent, and are in good demand at the price. We confidently look for a corresponding, if not greater, advance in the St. Louis and St. Joseph 6 per cent Bonds.

The Company, through the undersigned, offer a limited amount at 87½, and accrued interest in currency, reserving the right to advance the price without notice. Government and other marketable securities received at market rates. For Pamphlets and further particulars, apply to
