We quote: London, 60 days, 108; London, sight, 108½; London prime commercial, 107½@107¾; Paris, long, 5.22½@5.21½; Paris, short, 5.20@5.18½; Antwerp, 5.25@5.22½; Swiss, 5.25@5.22½; Hamburg, 35½@35¾; Amsterdam, 40½@40¾; Frankfort, 40¼@40½; Bremen, 78½@78¾; Berlin, 70¼@70½.

The transactions at the office of the Assistant Treasurer, were: Receipts for Customs, $419,000; for Gold Notes, $72,000; total Receipts, $1,009,634 09; total Payments, $1,161,974 59; Balance, $89,760,530 67.

Custom receipts for the week ending April 10: Boston, $661,438. New-York, $3,903,267; Philadelphia, $231,113; Baltimore, $191,337; San Francisco, $139,240; total, $5,121,399.

The easy tone of the money market had a stimulating effect upon Government bonds and railway shares; the former advanced ⅛@¼ per cent, with a good demand from foreign banking houses who were buying on the improvement in the London market, where prices are fully ½ per cent higher than they were yesterday. Railway shares show an improvement of 1@1½ per cent. At the advance there was an active demand both from the shorts and from the bulls, who anticipate a sharp upward movement in the shares of the trunk lines having connection with the Pacific Railroad, now nearly finished. It is now certain that the road will be in operation by the 1st of May, and speculators for an advance expect a sharp advance upon the opening of traffic with San Francisco. The entire chain of roads connecting with Omaha, with the exception of Erie, have been held for the past year by parties controlling large amounts of money, who have foreseen that a great increase of business must be developed upon the opening up of the trade with the Pacific States, and the majority of stocks have been virtually out of the market during the past six months. Holders have paid the market rates for money in expectation of the rapid increase of business upon the development of this new traffic. The advance has been in many instances very great. As compared with the corresponding month of last year the following changes are shown in prices:

	Ap'l 16, '68.	Ap'l 15, '69.		Ap'l 16, '68.	Ap'l 16, '69.
N. Y. Central	110	165	Reading	87	93¾
Rock Island	85	133½	N. Western	60	83
Fort Wayne	99½	132½	N. West. Pref.	69½	95
Hudson R.	123	148	Toledo	99	69
Mich. S.	84½	96½	St. Paul	56	79½
C. & Pitts.	84½	91½	St. Paul Pref.	63½	84½

Of the above list New-York Central has been in the receipt of a scrip dividend of 80 per cent, which is not yet legalized, but is called with the old stock. Cleveland and Toledo has received a scrip dividend of 10 per cent in addition to the regular 8 per cent cash dividend. The balance of the stocks have been in the receipt of dividends, ranging from 8@10 per cent in cash, with the exception of St. Paul Common, which had a scrip dividend. The earnings of the roads so far show an increase over last year, and it yet remains to be seen to what extent they are to be increased by the through business to the Pacific States and Territories.

The English revenue returns for the quarter and for the financial year ending March 31, show the following facts: On the quarter the net increase of the revenue is £731,514, and on the year £2,931,772, but this is mainly to be attributed to the additional income tax raised on account of the Abyssinian war. During the last quarter there was an increase in excise of £218,000; stamps, £44,000; taxes, £17,000; property tax, £204,000; post office, £100,000; crown lands, £1,000; and miscellaneous, £179,314; making a total of £780,314, but from which has to be deducted a decrease of £52,000 in customs, leaving a net increase of £731,314.
