THE COURTS.

THE ALLEGED CUSTOM-HOUSE FRAUDS.

The examination in the case of the United States agt. Apson O. Doolittle, charged with defrauding the Government by means of forged and fraudulent weighmasters' pay rolls, was continued before Commissioner White.

All the parties to the case disclaim any improper motives as having actuated them in having the examination kept as private as possible, as two of the parties accused had not as yet been arrested, and because it was usual and customary in such cases not to give publicity to the facts until all the accused were either arrested or it had been found impossible to capture them. Mr. Ethan Allen summed up the case for the defense. He claimed that no money alleged to be fraudulently obtained had been traced to the possession of the defendant. Errors had been discovered in the pay rolls, and, through a custom prevailing in the Custom House to some extent, some incidental expenses other than for labor were charged on the pay-rolls as labor expenses. It was impossible that a weighmaster should be personally cognizant of the correctness of all the items of his pay-rolls. He, necessarily, depended much upon the representations of others in relation to the items on the pay-rolls. Assistant District Attorney Jackson in summing up the case for the Government, contended that the evidence showed positively that the pay-rolls were fraudulent, and called for money which had never been earned. It was the business of the defendant and his duty, under his official oath, to use all diligence in ascertaining the character of the items in the pay-rolls signed by him, before he signed and certified to their correctness. It had been shown that the defendant had received at various times much larger sums of money to liquidate the pay-roll claims than were disbursed by him to the parties claiming pay. The Commissioner decided that no case had been made out showing that any guilty purpose had existed in the mind of the defendant to defraud the Government, or that he was designedly connected with any other parties in any effort to defraud the Government. The accused was thereupon discharged.

INJUNCTION IN A RAILROAD SUIT.

In the Supreme Court Chambers before Judge Cardozo on Saturday in the suit of Hungerford against Ludlow, Patton & Co., a motion was made to vacate an order appointing a receiver and to dissolve an injunction. The case involves a large amount of Mariposa stock certificates some $350,000 at the par value.

The plaintiff has obtained an injunction restraining the defendants from selling or using the stock, and had a receiver appointed to take possession of the certificates, which the defendants seek to get rid of by their motion. Mr. E. M. Felt for the motion, Mr. Clark Bell and Mr. Booth against.

ALLEGED BOUNTY FRAUD.

John S. Bliss, who had been indicted by the U. S. Grand Jury of this district for defrauding a volunteer named John S. Haney out of $100 bounty money, was arrested in Connecticut, and brought to this city. He was brought before Commissioner Shields, and gave $2,500 bail to appear for trial. He was subsequently taken before Commissioner Betts, and gave $500 bail on each charge, to answer two other charges made against him of having fraudulently obtained bounty money.

DECISIONS.

SUPERIOR COURT—SPECIAL TERM.—By Monell, J.—Haden agt. DeMets; Sluyter agt. Williams; Rhodes agt. Dymoch; motions denied. Cowdrey agt. Carpenter; motion denied and order granted. Muller agt. Sander; English agt. Stoney; motions granted.

CIVIL.

In the Surrogate's Court, Surrogate Tucker last week granted letters of administration on the estates of John Hart, Michael Brosnan, Patrick Barry, Bridget Doyle, Christian Non, Jane E. Tyler, Justina Welf, Edward Finn, Ann A. Reilly, George B. Olmstead, Edward McCaffrey, Abraham P. Demarest, Garret P. Demarest, Thomas McCarthy, James W. Barker, Elizabeth Berthold, John Duffy, Francis Scarff.

CRIMINAL.

At Essex Market Police Court, yesterday, John F. Felix was brought before Justice Shandley, charged by Andrew Brown of No. 156 Cherry-st. with the larceny of a boat valued at $80 from the foot of Market-st., E. R., on the night of June 2. An accomplice, Thos. McGuire, escaped. Held in $500 bail.

At the Jefferson Market Police Court, on Saturday, before Justice Dodge, Adolphus Berez, Emanuel King, and Paul Barbier were charged by Theodore Bertrand of No. 415 West Thirty-seventh-st. with attacking him on Friday night, beating him severely, and robbing him of $20. The prisoners pleaded innocent to the charge of robbery, and gave bail in $1,500 each to answer..... Jennie B. Noe was arrested, on the complaint of Emma Brown, for having, on the 26d day of August, 1868, sold her the furniture of the house No. 105 West Twenty-seventh-st., representing that there was no mortgage upon it. A claim of $400 was afterwards presented, however, by Moses Buckingham. Miss Noe was committed to answer, in default of $5,000 bail.

SATURDAY, July 10—P. M.

Gold opened at 135¾, sold at 136, 135¾, closing 135¾@135¾. The market has been dull and steady throughout the day. The amount of specie shipped to-day by the steamers was less than was expected. The Periere took $342,400, and the City of Paris about $275,000. The Alaska, for Aspinwall, took $31,907. The clearings at the Gold Exchange Bank were $76,386,000, and the balance $2,967,343.

The Government bond market was strong and excited, with a further advance of ¼@½ ⅌ cent in quotations. The new bonds were most active, from the fact that the purchases by the Government are almost entirely confined to the later issues. The '62, '64, and old '65 loans have been absorbed by the foreign markets, and are not offered except in small lots. The advance in the new bonds has brought a large number of investment holders into the market as sellers at present prices. These sales have been made at the counters of the large dealers, and the proceeds, in a majority of cases, reinvested in the 10-40 loan, or in currency 6 per cents. There is also an active exchange going forward in the Central Pacific gold 6 per cents, and some large transactions have been made during the week. The 10-40 loan has been absorbed to a great extent in this manner, and the currency 6 per cents are now selling freely. The amount of floating bonds of this issue has all been taken by investors, with the exception of $5,000,000 or $6,000,000. The loan has 30 years to run, at 6 per cent, payable in lawful money. Should the present Sinking Fund law continue to be enforced during the present Administration, it will not be long before the price of gold and currency will approximate, so that the Government will be able to fund its gold debt at a low rate of interest. When this occurs the 30-year 6 per cents will be the longest outstanding loan, and it cannot be paid until maturity. At present prices, it is considered the cheapest loan on the market, and will soon be absorbed.

State bonds were dull and weak, in sympathy with the decline in Tennessee and North Carolina bonds, both of which issues continue to be pressed for sale. The new issues of North Carolinas sold at 43½, a decline of 3 per cent since yesterday. New Tennessee declined 1½ per cent, selling at 55½; Virginia six per cent ex-coupon sold at 58; Missouri 6 per cents, 87½; Georgia 7 per cents, 90; New-York State 7 per cent bounty loan sold at 108. The Railway bond market was dull; prices were generally a fraction lower. Bank stocks were steady; Bank of Commerce sold at 123½; Metropolitan, 138; Tenth National, 94; Central National, 109. Western Union Telegraph was steady at 37⅞@38. Express shares were firm; Adams sold at 59½@59¾; Wells-Fargo advanced to 25; United States, at 59½@59¾; Wells-Fargo Mail opened at 89¾, sold at 88¾, 73; American, 40¾; Pacific Mail opened at 69¾, sold at 68¾, closing at 69¾; the transactions were unimportant.

Railway shares opened dull and steady, with light transactions. The most active stocks were New-York Central and Michigan Southern. The dealings in the balance of the list were unimportant. The market was sustained upon bids for moderate amounts of stock. The absence of a large number of brokers and operators from the street gave a quiet tone to the market. New-Jersey Central advanced from 99 to 102½ on small transactions. Fort Wayne was firm at 152; Chicago and Alton sold at 158; Delaware, Lackawanna and Western, 112; Hannibal and St. Joseph preferred, 119; Morris and Essex, 89½. At the Second Board the market was firm. Michigan Southern was quoted ex-semi-annual cash dividend of 4 per cent, selling at 104@105, closing at 105½. After the Bank Statement was published the market was strong, advancing ½@¾ per cent, closing firm at the advance.

The week closes upon a good supply of money to brokers at 7 per cent in currency. Some few loans were made at com interest, but the supply was abundant, and at the close of bank hours balances were offered at 6 per cent. Commercial paper continues dull, but is quoted at easier rates; prime acceptances were done at 12 per cent. The large gain in reserve places the banks in a stronger condition than they have been for several weeks.

Sterling Exchange was firm but dull at 109½@110 for prime 60 day bills, and 110¼@110½ for sight. The market was inactive after the sailing of the steamer.

The transactions at the Office of the Assistant Treasurer were: Receipts for Customs, $278,000; for Gold Notes, $217,000; total Receipts, $1,183,467; total Payments, $2,425,949; Balance, $97,203,699.

The Bank Statement shows a heavy gain in the net reserve of $7,880,174. The specie has increased $6,746,645 the legal tenders, $1,965,465. The deposits have increased $3,267,722, and the circulation $69,972. The heavy gain in specie has been made by the banks from their collections of interest on their bonds deposited at Washington.

A private dispatch received from Raleigh yesterday, from a high official in North Carolina, says that a suit was recently brought in the courts of that State by the University Railroad Company—one of the roads to which the State appropriated bonds—to compel the Governor to issue the bonds. This he declined to do on the ground

that work on the road had not been begun and that the appropriation must first be sanctioned by a vote of the people. The decision of this question will not, it is said, affect the validity of the bonds issued to the Wilmington, Charlotte and Rutherford, the Western, North Carolina and the Western Division of the same, the Tarboro and the other roads whose bonds have been placed on the call at the Stock Exchange. This action is well timed, and will probably check any further issues of bonds for the present. A similar suit is reported in the case of some of the Tennessee Railroads, which have had bonds issued to them without having a mile of road, but have sold their bonds in this market. These reports had a depressing effect upon the new bonds of both States, holders selling large amounts from the fear that they would be pronounced worthless. Should the action of the Governor of North Carolina be sustained by the Courts, it will have a beneficial effect upon the State credit, and give a firm tone to its securities.

THE MARKETS.

[Carefully reported for THE TRIBUNE.]

SATURDAY, July 10, 1869.

ASHES—The market is materially active and firm at $7 ⅌ ; $7 62½. Pearls are dull and nominal.

COTTON—The market again rather dull, but offerings moderate, and, with favorable afternoon advices by cable, the tone is rather stronger at former figures; sales of 116 bales (127 last evening), of which 65 were taken by spinners and 53 by speculators; ordinary to Ordinary Middling at 26c. for December; 250 bales at 26½c. do.; 100 bales at 29½c. for January, and 700 bales at 26c. do. We quote as follows:

	Uplands, &c.	Mobile.	New-Orleans.	Texas.
Ordinary	23	23½	23½	23½
Good Ordinary	26½	26½	26½	26½
Low Middling	28½@29	28½@29	28½@29	28½@29
Middling	29½@30	29½@30	29½@30	29½@30

COFFEE—A moderate demand prevails for Rio from the trade at former rates, the market closing unsettled for large parcels; sales of 677 bags ex-Edina, and 351 ex-Garron, on private terms.

FLOUR AND MEAL—Our Flour market the past week has been quite active; the trade have purchased more freely and strong, and Choice Spring Wheat Extras have rapidly advanced, and all lower grades have commanded higher figures, but Medium and Low Winter Wheat Extras are without much change, though they have sold more freely, the lively export demand for Red and Amber Winter Wheat for export, causing them to attract more attention, and they are held with increased confidence, and sell more freely. Very choice brands of Minnesota and Iowa Extras have rapidly improved, and command prices quite as high as really good White Wheat Extras. This is the feature in the trade worthy of the special attention of millers and the trade, as should this continue Choice Spring Wheats hereafter are likely to command Prices fully up to our best Amber Western. Our stock of really good Family Extras is much reduced, but the consumption of them is so moderate that there is little advance in Extra No. 2 and Superfine have been in demand, have steadily improved, and closed firm. Rye has been in more active request for export at $5 50@$5 20, chiefly $5 75@$5 90. The new Flour offering from St. Louis is of excellent quality. Our export trade is quite certain to be larger than last year, and the prospect for shipping brands has proved light, and the business for the future has been very moderate at $6 50@$6 70 for the latter part of July, and $6 60 for August delivery. The exports of the week have been moderate, reaching 34,979 bbls., including 12,102 bbls. to Europe, 8,298 bbls. to the West Indies, 3,350 bbls. to the British Provinces, America and the West Indies have done doing, but prices are irregular, the low grades are lower, and medium and high grades dull and heavy. The sales are 16,000 bbls. at $5 40@$5 75 for Superfine State; $6 40@$6 60 for Extra State; $6 60@$7 for Fancy State; $6 05@$6 45 for the low grades of Western Extras; $6 50@$6 75 for good to choice Spring Wheat Extras; $6 50@$8 75 for Minnesota and Iowa Extras; $6 50@$6 75 for Shipping Ohio; $6 75@$7 20 for Trade brands, and Family brands at $7 10@$8 40; $6 75@$7 50 for Amber Winter Wheat Extras Indiana and Michigan; $7@$7 50 for White Wheat do. do.; Family do. at $7 60@$8 75, and $7 10@$12 for St. Louis Extra and Double Extra. Corn Meal is more active and firmer; sales of 950 bbls at $4 10@$4 40. Corn Meal is more active and firm; sales of 1,150 bbls. at $4 75 for Yellow Western; $4 50 for White do., and $5 ⅌ bbl. for Brandywine.

GRAIN—We have had a more active but variable Wheat market. On Tuesday, the market for Spring opened somewhat excited under the rapid advance established at all Upper Lake markets, and the more favorable intelligence from Europe contributed to the buoyancy, but ere the close of Change the demand abated, and a material advance in freights caused buyers to hold off, and prices were not maintained to the close. Wednesday, the market opened extremely dull under a very rapid decline in gold, but ere the close of Change a little demand prevailed and prices of all kinds improved, the more favorable private advices from Europe stimulating the export inquiry. Thursday, we had a very active, excited, and higher market, the demand chiefly for export, the highly favorable news from Europe giving quite as much to the speculative and large purchases of Spring were made for future delivery at extreme prices; the major part of the business was confined to shippers, though many cargoes of Spring to arrive, were taken for investment. The exports of the week have been large; they are 337,767 bush. against 72,108 bush. for the corresponding week last year. To-day there is less excitement, and lower prices have ruled, the public news from Europe being less favorable, prices of Spring are lower, and favor the buyer at the close. Winter is inactive, and is lower. Millers hold off. The sales are 31,000 bush., part to arrive, at $1 51 for No. 2 Chicago Spring; $1 51@$1 52 for No. 2 Milwaukee, the latter for part of it load; $1 52@$1 55 for Red Western; $1 57 for Amber do.; $1 60 for Common White Middlings; $1 65 for White Genesee; $2 for New White Southern and $1 70 for Amber do. (Delaware new). Barley Malt is quiet but firm; sales of 1,000 bush. at $2. Oats opened firm, but buyers held off, and prices declined, and closed steady; the sales are 56,000 bush. New Ohio and Western at 72@73c., and small lots, at 74c. ⅌ bu. in store. Rye is dull and quiet at $1 35 for Western, and $1 32 for State. Indian Corn has improved daily, at times the market has been much excited; the unfavorable reports of the growing crop have induced a brisk speculative and consumptive demand, and with limited arrivals and a very rapid advance at the West prices have been advanced 8c. per bush., and the tendency is still upward; to-day the market has been very active, shade lower, closing with the week sustained, though closing quiet; the sales are 49,000 bush. at 70@90c. for Damp and Unsound; New Western Mixed at 91@97c. for canal lots, and 96@98c. for railroad lots, the latter very choice; Western White at 95@96c., and Western Yellow at 96c.@$1.

HAY—The supply is more liberal, and the market dull and heavy at 85@90c. for shipping, and 90c.@$1 10 for Retail lots.

HEMP—Manila is in moderate demand at 12½@12½c., gold. Other kinds are unchanged.

HOPS—There has been nothing doing, but the market is steady; we quote at from 10@12c. ⅌ lb.

MOLASSES—There has been nothing of importance selling to-day, and prices remain nominally as before.

NAVAL STORES—Crude Turpentine is scarce and nominal; Spirits are firm at 42@43c., and N. Y. bbls. 44c. Rosins are firm and in fair demand at $2 27½@$2 35 for Common to Good Strained; $2 40@$2 65 for No. 2, and $3 50@$4 50 for No. 1. Tar is quiet at $3 50@$3 75.

OILS—Crude Fish Oils are without special change; the demand is moderate; we quote Whale at $1 60, and Sperm at $1 80. Manufactured do. at $1 15@$1 17 for Bleached Winter Whale; $2 for Unbleached Winter Sperm, and $2 10 for Bleached do. American Linseed is dull at $1 18@$1 20 for casks and bbls. English do. is nominal. Lard Oil is steady at $1 40@$1 65. Red Oil at 10@9c. Bone, 35c., and Straits, 30c.

PROVISIONS.—We have had an active though irregular pork market. The trade have purchased more freely of late, and evidence more inclination to purchase for future delivery. The limited arrivals and steady reductions in our stock have inspired more confidence in the future, and but for the unnatural and forced stringency in the money market, a much larger and more satisfactory business would have been done. Prime Mess Pork has been in limited request, but as the supply is moderate prices are without important change. To-day there is a firmer feeling generally; there seems to be a disposition on the part of buyers to take hold; trade, however, is dull, about $@12½@$12 25, cash and regular, is the price of New Mess. We hear of no sales beyond a few small lots to the trade—no criterion to the market. Beef remains dull, but prices are unchanged; sales of 50 bbls. at $8@$12 for Plain Mess, and $13@$16 for Extra do. Tierce Beef is dull and heavy at $20@$25 for Prime Mess. Cut Meats are moderately active at $25@$30 for India do. Beef Hams are moderately active and steady; sales of 50 bbls. at $28@$30 for Southern and Western. Cut Meats are in more active demand, but prices are irregular; sales 500 pkgs. at 10c. for Pickled Hams, and 20@20½c. for Bagged Hams. Bacon is dull and prices nominal. Lard is quiet and unchanged; sales of 150 pkgs., at 16½@16½c. for No. 1, 17½c. for City; 19½@19½c. for Fair to Prime Steam, and 19½@20c. for Kettle Rendered; also, 250 tcs. buyer balance of this month, on private terms.

PETROLEUM—There is a firm tone to the market, but no activity; we note sales of 600 bbls. Crude in bulk at 17c., and 1,000 bbls. Refined N. S. W. at 32½@32½c.

RICE—The inquiry is moderate and the market steady; sales of 50 tcs. Carolina, at 8½@8½c.

SUGARS—A very fair demand prevails for raw, and as refined stock continues to sell freely, prices are maintained, closing steady on a basis of 11½@11½c. for fair to good Refining; sales of 500 hhds. at 11½@11½c. for Cuba; 10½c. for Porto Rico; 600 boxes Havana, 11½@12½c., and 300 Cerosse St. Domingo at 10½c. Refined is in good demand and very firm. Messrs. R. L. & A. Stuart have advanced White A to 14½c.; Yellow C. to 14½c., but still quote Powdered, Granulated and Crushed at 15½c.

SEEDS—Grass Seeds are dull and prices are nominal at 12@14c. for Clover, and $5 for Timothy. Rough Flaxseed is selling at $3 50@$2 70. Calcutta is dull but prices are unchanged; we quote at $2 10@$2 20.

TALLOW—The market is more active and firmer; sales of 125,000 ℔ at 11½@11½c.

WHISKY—The market is very poorly supplied; holders are firm and demand $1 04, at which price 50 bbls. sold.
