WEDNESDAY, July 28—P. M.

Gold opened at 136¾, sold at 136¾, 136¾, 136¾, 136¾, closing 136¾@136.

The clearings at the Gold Exchange Bank were $163,068,000, and the balance $2,123,922 99. There was no shipment of specie to-day.

Government bonds opened strong and active, with a heavy demand for new 5-20 bonds, 10-40, and Currency 6 per cents. The market continued firm until the second board, when there was a reaction of ⅛@¼ per cent on the 5-20s, but at the last call prices became strong and closed firm, continuing in active demand by banks who desired to exchange them for the 5-20s held by the Controller of the Treasury, as security for circulation. Currency 6 per cents were in active investment demand, selling at 108¾@109¾. At the Government purchase to-day the total offers amounted to $7,000,000. The following awards were made:

State bonds were dull and weak; Tennessee 6 per cents sold at 63; New bonds, 56@57; North Carolina Old bonds declined 1½ per cent, selling at 57½; New bonds were 2 per cent lower; Georgia 6 per cents sold at 85; Missouri 6 per cents, 87¾; Louisiana Levee 5 per cents advanced ½ per cent, selling at 65. Railway bonds were steady under a moderate investment demand. Bank shares were dull, with the exception of Tenth National, which advanced 5 per cent, selling at par; Bank of Commerce sold at 125½. Miscellaneous shares were dull, with sales of Western Union Telegraph at 37@37½; Quicksilver, 15½. Express shares were neglected. Pacific Mail was excited, opening at 83½, selling at 85½@83½, closing at 84@84½.

The Railway speculation continues to center in the Vanderbilt stocks to the exclusion of the remainder of the list. The fluctuations were unusually violent during the day and attended with great excitement. New-York Central opened at 217½, declined to 209½, selling afterward at 212½@210, closing 211½. Hudson sold at 197½, 180, 185, closing 185 bid. Harlem was less excited, and ranged from 163½@166, closing 164½. Reading was buoyant at the opening, selling at 101½, but declined after the Board to 98½, in sympathy with the New-York Roads, finally closing at 99½. The Western list was dull and without interest. Michigan Central sold at 131; Michigan Southern, 106@105½; Cleveland and Pittsburgh, 107½@107¾; Northwestern, 70¾@79¾; North-Western Preferred, 93¾@94½; Rock Island, 114½@113½; St. Paul Common, 76½; St. Paul Preferred, 86½; Fort Wayne, 153; Delaware, Lackawanna and Western, 133½. New-Jersey Central was steady at 101½@102½; Hannibal and St. Joseph Common sold at 127@126½. The market remained dull until the second call, the transactions being unimportant. In reference to the consolidation of the New-York Central and Hudson Roads, the following facts are known: The meeting at Saratoga to-day is on behalf of the New-York Central interests, and was called to give additional powers to the Committee in regard to outstanding contracts. It is anticipated, however, that a basis of consolidation will be agreed upon before adjourning, and it is now stated that the scrip dividends will be made on a basis of 20 per cent additional for New-York Central, and 65 per cent for Hudson River. The movement in Reading is based upon the largely-increased tunnage of the road, which is now heavier than ever before transported by that road; it is also stated that hereafter the dividends will be made in cash, and that no further issues of stock will be made. At the Second Board the market was steady. After the call Reading became buoyant, advancing to 100½, closing at 99½. At the close the market was dull and without special activity. The New-York roads were less active, and prices were barely steady.

Money has been in good demand at 6@7 per cent; the lowest rate was for loans on Government bonds exclusively, while the rate on stocks was 7 per cent, with an active demand at that rate. Commercial paper remains at 8@10 per cent for prime names. The Sub-Treasury payments on account of the purchase of bonds to-morrow will be made one-half in National currency and one-half in greenbacks. To-morrow a purchase of one million will be made for the Sinking Fund. These purchases close the operations of the Secretary for the month.

The injunction restraining the issue and use of the bonds of the town of Thompson in aid of the Monticello and Port Jervis Railroad, was to-day, after an elaborate argument before the Supreme Court at Special Term, dissolved by Justice Ingalls. The Court holding every point raised against their legality untenable.

The Virginia State Treasurer will commence the payment of one per cent on the January interest of the State registered bonds on Aug. 15; and as soon thereafter as possible the payment of the coupons will be made.

Messrs. Howe & Macy offer in another column, as a first-class investment, 20-year 8 per cent bonds of the city of Montgomery, Alabama, at 90 per cent. The interest is made payable in New-York on the 1st of January and July. Full particulars can be had at Nos. 30 Wall-st.

The early discovery of the Rock Island certificate fraud has broken up an extensive plan for swindling the stock brokers. *The Evening Post* says:

In regard to the forgery of the share certificates of the Chicago, Rock Island and Pacific Railroad Company, we have learned the following particulars: That the accused, Geo. A. Abbott by name, some time since endeavored to open accounts with three stock brokerage firms, representing to one that he was from Chicago, and to the others that he was from New-Hampshire. When asked for the customary reference he gave to each the names of the other two firms. Messrs. Wm. Heath & Co., on whom he endeavored to pass the counterfeit Rock Island certificate, had previously requested him to close his account, having had suspicion that all was not right. In so closing his account he asked them to sell 200 shares of Rock Island, 100 of which he had previously bought through their firm. It appears that he had obtained a photographic copy of the original one hundred share certificate, and had then taken it (the original) to the office of the Company, and received therefor in transfer another certificate bearing a different number. Messrs. Heath & Co. having obtained the number of the canceled certificate, had no difficulty in detecting the duplicate, as it bore the canceled number. The counterfeit certificate was a complete copy of the original, and calculated to deceive the most expert. It appears that Abbott had an appointment with another firm, who were to sell 200 shares of Michigan Central Railroad stock, which it is thought he had counterfeited in the same way.

The London Economist of July 17 has the following in reference to American securities:

The tendency of these securities has been stronger in the upward direction this week, the cause for which it would appear lies more in the daily increasing abundance of money than anything else. As the prices of the Government bonds are low comparatively purchases are encouraged also to some extent by the constant endeavors made to reduce the National Debt, efforts which indeed suggest to the mind the maxim "more haste less speed." The 1867 issue of 5-20 bonds being still relatively cheaper has commanded the most attention. Illinois Central and Erie Railway shares have likewise found buyers at improving figures, while the Great Western Consolidated Mortgage and Debentures have declined ½ each day. American Government bonds have been steady to day, the 5-20's, closing, 82½, ¾; ditto 1867, 79½, 80; 10-40s, 73½ to ¾.

LIVE STOCK MARKET.

WEDNESDAY, July 27.—The cattle trade is weak, with 1,512 fresh and 218 stale animals in the One-hundred-th-st. yards, including sales made yesterday. There were several very good droves, and only one lot of Texans, which made a better average in quality than last Wednesday. Prices are about ½c. lower, scarcely any of the very fine animals exceeding 16c. Very poor cattle could scarcely be sold at all, for the reason that Texan beef from cattle killed yesterday was sold in Washington Market to-day at 2½@3c. ⅌ lb. This of course was on the last end, to close out, but so much thin beef is selling at 7@10c. that wholesale butchers are shy operators. The stock was nearly all worked off, with the exception of a lot of Texan cattle. The following sales are reported:

Ulery & Goff had 90 fat 8½ cwt. Kentucky cattle, which S. Ulery sold at 15@16c.

Miller & Morehouse sold 105 head of the Wood & Gillespie cattle, brought from West End. They were pretty good 7½ cwt. Illinois steers, and brought 15½c.

Westheimer & Richardson sold 46 of the Loughman cattle, fat 7¾ cwt. Ohio steers, which cost 9c. gross in Albany, and run out here at 14½@16c.

Hughes & Co. sent in the best drove of the day, or for many days and weeks even. They were fed by J. Hughes and J. Sniddeths in Fayette County, Kentucky, laid at 840 lb. here, and brought 15½@16c., by T. J. Goff. None were really sold below 16c., but were called 56 lb per cwt., when they would actually make nearer 60 lb. Others were sold at 16c. to dress 59 lb, some to make 60 lb, and some on the leg which will probably prove more than 16c.

Healey & Co. sold 52 thin rough 5½ cwt. Canada cattle at ⅌70 each.

H. M. Valentine, jr., run out 60 Kentucky cattle, fine top, ⅞ cwt., at 14½@16c.

Culver, Wheeler & Co. sold 48 fat 7½ cwt. Kentucky cattle at 15½@16c.

P. F. Cary had 44 fair 7½ cwt. Illinois steers sold at 14½@15½c.

W. Thompson had 223 cattle, viz: 39 good 8 cwt. Kentucky grades, sold for B. C. Coon, at 15½c.; 84 for Coon & Hoseboom, 7½ cwt. Kentucky cattle, at 15@16c. The 114 Texans for Coon & Mulhall were not selling.

Merritt and Burchard, for themselves, 61 fat Ohio steers, costing 9c., alive, at Albany. They were laid at 7½ cwt., and brought 15@16½c., having a very fine top. Also, for R. V. S. Ramsay, 16 Ohio steers, 1,350 lb. alive, for which butchers offered 15c., and were likely to get them.

T. C. Eastman, for A. Mann, 130 old-fashioned 7½ cwt. Illinois steers at 14@16c., and 36 common cattle, for himself, 6½ cwt., at 14c.

T. Gillis & Co. run out 32 ordinary Kentucky cattle, 1,100 lb gross, at ⅌89 each, and 35 poorer Illinois steers, 1,050 lb, at ⅌80.

Sheep are scarcely changed from Monday, but the feeling is not quite as strong, with only 2,606 arrived this morning. There were 4,700 yesterday. Sales to-day, at Communipaw, 1,176 Ohio sheep, averaging 85 lb, and brought 8½c.; by Bellis & Pulcock. At Fortreight-st. J. Kirby sold 150 thin, 65 lb State sheep at 5@5½c.; 66 Canada lambs, 55 lb, at 6½c.; 20 do., 59 lb, 10c.; 35 State do., 54 lb, 9½c.; 57 of 57 lb at 9½c., and 60 calves at ⅌2 25@$2 75 each. Hunt & Elliott sold 12 State sheep, 60 lb, at 6½c.; 141 lambs, 62 lb, at 9½c.; 39 of 55 lb, 9½c.; 30 calls at ⅌2 50 each; 29 Canada lambs, 60½ lb, at 9½@9½c.

Arrivals of hogs, 4,078. Dressed advanced ½c. on Cheaps, all those in good order selling at 12½c. A few rough hogs went at 12½c. The market is very firm.
