FIFTY DOLLARS FORFEIT.

DR. HUNTER WILL FORFEIT $50 IF FAILING to cure any case of secret disease that may come under his care, no matter how long standing or afflicting. Either sex may be cured in his Private Rooms, 41 South SEVENTH Street, Philadelphia, without fear of interception from other patients. Strangers and others who have been unfortunate in the selection of a Physician respectfully call.

IMPOTENCY—Through unrestrained indulgence of the passions, by excesses self abuse, the evils are numerous. Premature impotency, involuntary seminal discharges, wasting of the organs, loss of memory, a distaste for female society, general debility, or constitutional derangement, are sure to follow. If necessary, consult the Doctor with confidence; he offers a perfect cure.

READ AND REFLECT. The afflicted would do well to reflect before trusting their health and happiness, and in many cases their lives, in the hands of physicians ignorant of this class of maladies. It is certainly impossible for one man to understand all the ills the human family are subject to. Every respectable physician has his peculiar branch, in which it is more successful than his brother professors, and to that he devotes most of his time and study.

YEARS OF PRACTICE, exclusively devoted to the study and treatment of diseases of the sexual organs, together with ulcers upon the body, throat, nose or legs, pains in the head or bones, mercurial rheumatism, strictures, gravel, irregularities, diseases arising from excesses, or impurities of the blood, whereby the constitution has become enfeebled, enables the Doctor to offer speedy relief to all who may place themselves under his care.

☞ Medicines forwarded to any part of the United States.—Price Ten Dollars per Package.

Female, DR. DICKINSON'S CELEBRATED MAGNETO-ELECTRIC MACHINE. No acid or other ingredient required; its power being obtained from a permanent magnet. No family should be without one. Price only Ten Dollars. sept 23, 1858—1y21

French Millinery

REMOVAL.

MRS. J. A. HENDERSON,

WOULD respectfully inform her customers & the public generally, that she will remove to her

New and Elegant Store,

BOERHAVE'S HOLLAND BITTERS.

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND,

FEVER AND AGUE,

And the various affections consequent upon a disordered STOMACH OR LIVER, such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Dependency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in the European States, its introduction into the United States was intended more especially for those of our fatherland settled here and there over the face of this rising country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising the drooping spirit, and, in fact, infusing new health a vigor in the system.

CAUTION!—The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy an inferior article until you have given Boerhave's Holland Bitters a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

☞ Sold at $1 per bottle, or six bottles for $5, by the

SOLE PROPRIETORS,

BENJAMIN PAGE, JR. & CO.

MANUFACTURING

Pharmaceutists and Chemists,

PITTSBURGH, PENNSYLVANIA.

August 19, 1858—1y17

CAUTION.

Merchants and Traders will be on their guard and not be imposed upon by a counterfeit of Morse's Indian Root Pills, signed *A. B. Moore.* All genuine Indian Root Pills have the name and signature of *A. J. White & Co.* on each box.

Above we present you with a likeness of Dr. MORSE the inventor of MORSE'S INDIAN ROOT PILLS. This philanthropist has spent the greater part of his life in traveling, having visited Europe, Asia and Africa, as well as North America—has spent 3 years among the Indians of our Western country—it was in this way that the Indian Root Pills were first discovered. Dr. Morse was the first man to establish the truth, that all diseases arose from "IMPURITY OF THE BLOOD—that our strength, health, and life depended upon this vital fluid.

When the various passages become clogged, and do not act in perfect harmony with the different functions of the body, the blood loses its action, becomes thick, corrupted & diseased; then as a single pain, sickness and distress of every name, our strength is exhausted, our health we are deprived of, and if nature is not assisted in throwing off the stagnant humors, the blood will become choked and cease to act, and thus our light of life will forever be blown out. How important then that we should keep the various passages free and open. And how pleasant to us that we have it in our power to put a medicine in your reach, namely, Morse' Indian Root Pills, manufactured from plants and roots which grow around the mountainous cliffs in Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pills are made is an Saponine, which opens the pores of the skin, and assists Nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant that opens and unclogs the passage to the lungs, and thus, in a soothing manner, performs its duty by throwing off phlegm, and other humors from the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out beautifully by the primary or water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills while engaged in purifying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in great quantities by the bowels.

From the above, it is shown that Dr Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely root out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; consequently all sickness and pain is driven from the system, for they cannot remain when the body becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die; is because they do not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence, a large quantity of food and other matter is lodged, and the stomach and intestines are literally overflowing with the corrupted mass thus undergoing disagreeable fermentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery, until life is taken from the body by disease. Dr Morse's PILLS have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble frames have been scorched by the burning elements of raging fever, and who have been brought as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's Indian Root Pills. After one or two doses had been taken, they were astonished, and absolutely surprised, in witnessing their charming effects. Not only do they give immediate ease and strength and take away all sickness, pain and anguish but they at once go to work at the foundation of the disease, which is the blood. Therefore, it will be shown, especially by those who use these Pills, that they will so cleanse and purify, that disease—that deadly enemy—will take its flight, and the flush of youth and beauty will again return, and the prospect of a long and happy life will cheer & brighten your days.

Sold by KAUFFMAN & Co., Lancaster, and by one agent in each Village in the county. Wm. Mudge & Co., sole proprietor of Dr. Trask's Magnetic Ointment, Earlville, Madison county, N. Y., General agents.

BROAD-WAY HOUSE.

Cincinnati, Ohio.

The undersigned, having again assumed the management of this well known establishment, begs leave to say to those who visit Cincinnati, either for business or pleasure, that they will find the Broadway Hotel one of the most convenient and desirable stopping places in the city.

This commodious Hotel is near the Rail Road Office and Depot and the Public landing; more so than any other Hotel in Cincinnati—and is within a few minutes walk of the Post Office, the principle Business localities, and the places of Public amusement.

An extensive range of Bathing Rooms and a Barber's Shop will be found in the Building.

This house has all the comforts and convenience that can be found in any first class Hotel in the West. The whole establishment has just been thoroughly overhauled, renovated and re-furnished, and the Proprietor feels assured that those who make his house their home during their stay in the City will have no reason to complain either of his accommodations or his charges. JOSEPH H. CROMWELL.

September 13, 1858—1y1

AYER'S

Ague Cure,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. *Prevention* is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where FEVER AND AGUE prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice,* and other kindred complaints, arising from a low state of the body or obstruction of its functions. They are an excellent alterative for the renovation of the blood and the restoration of tone and strength to the system debilitated by disease.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

HAMMONTON LANDS

RARE OPPORTUNITY.

TO ALL WANTING FARMS—In a healthy place, *Twenty-five miles* from Philadelphia, on the Camden and Atlantic Railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10,000 acres are divided up into farms of twenty acres and upwards. The soil is of *the best* quality for the production of fruits, grains, &c. The price is $15 to $20 per acre, payable in easy quarter yearly instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land, by enabling *every industrious man to buy a farm.* It is now being extensively improved, by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. The water is excellent, and no such things as fever is known.

The soil is sandy or clay loam with a *clay bottom* and *retentive* of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced, both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market.

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot at cheap prices from the mills. Other mills are now being opened, and others are being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first. Carpenters and builders are on hand to put up houses in the best terms.

In settling here the intending emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family in his new home by those pestilential fevers which make the graves of so many millions of the emigrant hardy in far off regions away from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented and ask himself why the property has not been taken up before. The reason is, it was never thrown in market: and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and location at most held on refusal.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cents per annum.

Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid.—Route to the land:—Leave Vine Street Wharf, Philadelphia, for Hammonton by Railroad at 7½, A. M., and 5½, P. M., when there inquire for Mr. Byrnes.—Boarding convenience will be found. Letters and applications can be addressed to S. B. COUGHLIN, 202 South FIFTH Street below walnut, Philadelphia. Maps and information cheerfully furnished.

September 16, 1858—3m20

NEW ARRANGEMENT!

China, Glass and Queensware.

WM. STEWART

Has removed his establishment

To the New Greene Building,

Opposite the Tallmadge House,

WHERE he is prepared to sell at Wholesale or Retail, the largest and finest assortment of

CHINA, GLASS

AND QUEENSWARE,
