IT IS NOT TOO MUCH TO SAY

SINCE ALL,

OLD AND YOUNG,

AFFIRM ITS TRUTH.

YES: That Prof. Wood's Hair Restorative

Will preserve *infallibly the growth and color* of the hair, if used two or three times a week, to any imaginable age. Perfectly restore the gray, cover the bald with nature's own ornament, the hair; make it more soft and beautiful than any oil, and preserve the scalp free from all disease to the greatest age. Statesmen, Judges, Attorneys, Doctors, Clergymen, Professional and Gentlemen, Mechanics and Ladies of all classes, all over the world, bear testimony that we do not say too much in its favor. Read the following, and judge:

HICKORY GROVE, St. Charles Co., Mo., Nov. 19, 1857

Prof. O. J. Wood—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and the effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head sometime has been perfectly covered with sores, and some called it scald head.—The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can, therefore, and do hereby, recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are yours respectfully,

GEORGE W. HIGGINSBOTHAM,
SARAH A. HIGGINSBOTHAM.

Prof. Wood—Dear Sir: My hair had for several years, been becoming prematurely gray, accompanied by a harshness which rendered the constant application of oil necessary in dressing it. When I commenced using your Hair Restorative about two months ago it was in that condition, and having continued its use it I within the last three weeks, it has turned to its natural color, and assumed a softness and lustre greatly to be preferred to those produced by the application of oils or any other preparation I have ever used. I regard it as an indispensable article for every lady's toilet, whether to be used as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have permission to refer to me in all who entertain any doubt of its performing all that is claimed for it. MRS. C. SYMONDS,

Cincinnati, O., Feb. 10, 1857. 114 Third Street.

WASHINGTON, Mo., Dec. 9, 1857.—Prof. Wood—Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it. I had the fever, some time last May, and nearly every hair in my head came out. Now my hair has come in a great deal thicker than ever it was. Nothing but a duty and sympathy that I feel to communicate to others who are afflicted as I have been, would induce me to give my name to this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative

Your, respectfully, A. R. JACOBS.

The Restorative is put in bottles of 3 sizes, viz: large medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large bottle holds a quart, 40 per cent. more in proportion, and retails for three dollars.

The Swan Corner.

There is not in our city a pleasant retreat,
Like the famous "*Swan Corner*" where choice spirits meet,
Where *Nicholas Fox* presides, as the Germans might say,
Or *Nicholas Fox* in the plain English way.
Where throughout the place O public for comfort and ease
So winning his ways and adapted to please,
Who grateful for favors received in the past,
To customers gaining who stick true and fast:
Whose groceries selected to mark us the best,
Are known through the country, and cheapest confest
Which prices are of *Pumpkin Seed* have not in vain,
And purchasing once will sure buy again.
Who find for their *Horses* the *Sheds* most complete,
The safest and coolest along the Main Street!
Whose *Bar room* with pure healthy liquors supplied,
Is showing a custom which can't be denied,
The *Lunch* and the cooling ice water on hot summer days,
And all other mixtures securing high praise:
That give social pleasures and *none* *do* cause,
For Fox is too *cunning* the rowdies to please:
A gentleman known to the gentleman line,
No orgies obscene disgrace his "*Swan*" sign:
For the "*Swan*" is a bird both for purposes and speed,
No other above or below can exceed:
As sails the noble *Swan*, so *Fox* shall sail,
To ample patronage that ne'er shall fail:
Cleave the rough waves with furious rivals raise
And proudly gain the *contests* and the *praise*:
Where *ladies* can *gentlemen* come with no fear,
That rowdies indecent will check their career:
With jokes and with chat to the ensables rare;
Glory in proclaiming that Fox has "*good cheer*"
Where Oysters in season in every style given,
Delighting the palates here earth into heaven:
While song may go round to express all the joy,
A pleasure that's pleasure without an alloy:
Where *Ice-cream Salmon*, both by day and by night,
Is crowded by those who in comfort delight:
Who cool down the fever in this summer time,
While a wreath of smiles of its pleasures sublime:
Where *Ball rooms* for dancing can rich frolics show,
For *gents* and for *ladies*, who turn the swift toes:

Fever and Ague,

from which mankind suffer over a large part of the globe, is the consequence of a diseased action in the system, induced by the poisonous miasm of vegetable decay. This exhalation is evolved by the action of solar heat on wet soil, and rises with the watery vapor from it. While the sun is below the horizon this vapor lingers near the earth's surface, and the virus is taken with it through the lungs into the blood. There it acts as an irritating poison to the internal viscera and circulating organs of the body. The liver becomes torpid and fails to secrete not only this virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulation, and produce violent constitutional disorder. The spleen, the kidneys, and the stomach sympathize with the liver, and become disordered also. Finally, the instinct of our organism, as if in an attempt to expel the noxious infusion, concentrates the whole blood of the body in the internal excretories to force them to cast it out. The blood leaves the surface, and rushes to the central organs with congestive violence. This is the CHILL. But in this effort it fails. Then the FEVER follows, in which the blood leaves the central organs and rushes to the surface, as if in another effort to expel the irritating poison through that other great excretory—the skin. In this also it fails, and the system abandons the attempt exhausted, and waits for the recovery of strength to repeat the hopeless effort another day. These are the fits or paroxysms of FEVER AND AGUE. Such constitutional disorder will of course undermine the health if it is not removed.

We have labored to find, and have found, an antidote,

Ayer's Ague Cure,

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does *cure* this afflicting disorder with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and thus keeps those who use it free from its attacks; keeps the system in health though exposed to the disease. Consequently it not only cures, but protects from the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Dumb, or Masked Ague, Periodical Headache, or Bilious Headache, Bilious Fevers, Neuralgia, Rheumatism, Gout, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affections of the Spleen, Hysterics, Colic, Paralysis, and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "AGUE CURE" removes the cause of those derangements, and cures the disease.

This it accomplishes by stimulating the excretories to expel the virus from the system; and these organs by degrees become habituated to do this their office of their own accord. Hence arises what we term *confirmation*. Time may accomplish the same end, but often life is not long enough, or is sacrificed in the attempt, while this "AGUE CURE" does it at once, and with safety. We have great reason to believe this is a surer as well as safer remedy for the whole class of diseases which are caused by the miasmatic infection, than any other which has been discovered; and it has still another important advantage to the public, which is, that it is cheap as well as good.

HOSTETTER'S

STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nauses nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

BROADWAY HOTEL,

CINCINNATI, OHIO.

THE undersigned, having again assumed the management of this well known establishment, begs leave to say to those who visit Cincinnati, either for business or pleasure, that they will find the Broadway Hotel one of the most convenient and desirable stopping places in the city.

It is convenient to the Rail Road Office and Depots and the public Landing; more so than any other Hotel in Cincinnati—and is within a few minutes walk of the Post Office, the principle business localities, and the places of public amusement.

An extensive range of Bathing Rooms and a Barber's Shop will be found in the Building.

This house has all the comforts and conveniences that can be found in any first class Hotel in the West. The whole establishment has just been thoroughly overhauled, refitted and refurnished, and the Proprietor feels assured that those who make his house their home during their stay in the city, will have no reason to complain either of his accommodations or his charges. JOSEPH H. CROMWELL.
