PETER'S VEGETABLE PILL

PETERS' celebrated MACHINE MADE PILLS—Acknowledged, in consequence of their great Anti-Bilious qualities, to be the best of all remedies in Scarlet Fever, Billious Fever- Fever and Ague, and all diseases which have their origin in an accumulation of bile.

No Medicine ever discovered, will stand a comparison with Dr. PETERS' PILLS, as an antidote to bile. In this exists the chief feature of their almost miraculous agency, in so many diseases, and of their amazing and unrivalled popularity in both Hemispheres. Hence, in the afflictions at the head of this advertisement, they are the great *desideratum*—the very *ne plus ultra*; and accordingly, persons liable to, or suffering under those diseases, should lose no time in procuring such a simple, economical, and efficient remedy. Numerous, indeed are the certificates which the Proprietor has received, of their efficacy in complaints produced by a redundancy of bile; but though this proof is not surprising, as he was fully aware, before he had made public the result of many years laborious experiment, that he had discovered the long sought consummation—which should be, to overflow of the bile, what the lancet is to overflow of the blood.

The Proprietor is not actuated by self-interest in his sincere wish that every person bilious affected, should give his Pills a trial; but, by the full conviction that it would result in their recovery, and thus be the means of extending their utility—which, as he is an inventor as a physician, and as a member of the human family, is dear to him.

Of the great efficiency of his Pills in Ague and Fever, Dr. Peters' had recently a flattering and a singular evidence:

The proprietor of a factory in North Carolina, being experimentally aware of their virtues in this particular, prescribed them to his workmen as preventives—and thus by regulating their systems, forestalled the encroach of bile, (so unusual and dangerous in that latitude) and kept them uniformly healthy. Among a batch of twelve men, however (foreigners,) recently employed, there were two, who, either out of vanity, or confidence in their own bodily vigor, or bad hardiness, refused to take the medicine—the consequence of which was, that in less than a month they were both severely attacked by the fever and ague—while their ten comrades, as also the other members of the factory, remained in robust health. It need scarcely be added, that the invalids were now glad to take the medicine which they had previously rejected, or that they are now warm patronizers of it—especially as it speedily shoved them from a bed of pain, and a ruthless and dangerous visitor. In a word, PETERS' PILLS are the GREAT BILIOUS ANTIDOTE—and, with a supply of them, Bilious Fever, Fever and Ague, and other Bilious affections can be kept at a distance—or else speedily expelled, in case they have fastened on the patient before he was aware of the conquerer or that so specifily destroys them.

Prepared and sold by Dr. Joseph Priestly Peters, 120 Liberty street, New York.

BOSTON NOTION.

THE LARGEST AND CHEAPEST NEWSPAPER IN THE WORLD.—The spirit of the age is utilitarian. Improvement is stamped upon the face of every thing.—All the useful arts are progressing with unparalleled rapidity; and the art of printing is coming in for its full share of the common improvement. Determined not to be outdone in any thing that pertains to his profession, where there is a fair chance for exertion and enterprise, the undersigned has determined upon issuing a sheet TWICE the size of the Boston Weekly Times, (and to take the place of that paper,) and will contain eight columns more matter than the Brother Jonathan. This sheet will be called the BOSTON NOTION, and it is determined that it shall fully sustain a cognomen so full of meaning, and so intervoven with the established character of our Yankee City. It will be the largest newspaper in the World—with no exception—and will be printed on a sheet thirty seven by fifty-two inches. It will be entirely filled with reading matter, and will contain three thousand eight hundred and eighty-eight square inches, or twenty-seven square feet of print in fine type! and a single number will contain more reading than an ordinary book of three hundred pages. These great dimensions will enable the publisher to draw largely upon the most popular periodicals and magazines of the day, both American and foreign; and as the selections will be made with great care, it is believed this paper will be a welcome visitor to every family. Besides a new synopsis of the current news of the day (as published in the Boston Daily Times,) it will contain Poetry, Popular Tales, Theatrical Criticisms, Police and other Court Reports, Humorous articles, &c.

The whole world of literature will be ransacked to fill it. From the study of the Philosopher down to the Police courts, through all the regions of reason, poetry, romance, wit, and the ample record of folly, we shall glean from the past and the present, and from all nations, to present as pleasing and useful combination of recorded thought and current history, as the world can produce. This is our "BOSTON NOTION."

The great amount of wisdom and fun—of wit and philosophy—of novelties and antiquities—we are enabled to offer for six cents per copy—only six cents!—and we can do it, because of the facilities of our press and office, and the connections of daily and weekly publications. For Three Dollars we can sell a year's volumes, equal in quantity of matter, with every variety also, to Fifty-two volumes of Novels such as are issued from the press at this day. Fifty-two large volumes for three dollars Effected by improved machinery, and by a determination that we will not be outdone in enterprise and usefulness.

TERMS—Three Dollars a year, always in advance. No orders, no matter from what source, will be attended to unless accompanied with the cash. Single copies, six cents each.

Postmasters or others remitting TWENTY DOLLARS, shall have EIGHT copies sent to such persons as they designate.

Mail sub-scribers will have their papers deposited in the Post office in this city every Saturday evening.

GEORGE ROBERTS, *Publisher.*

POST SCRIPT.—The NOTION will be published on a DOUBLE SHEET, every three months, and sent gratuitously to all subscribers who have paid for one year.

Publishers of newspapers throughout the country, who will give the above Prospectus two or three insertions in their respective papers, shall receive the Notion and Daily Times for one year.

BROTHER JONATHAN.
THE LARGEST NEWSPAPER IN THE WORLD.
Published every Saturday Morning at 9 o'clock.

The proprietors of this great mammoth sheet—the "Great Western" among the newspapers have the pleasure of spreading before the reading public a weekly periodical containing a greater amount and variety of useful and entertaining miscellany, than is to be found in any similar publication in the world.

Each number of the paper contains as large an amount of reading matter as is found in volumes of ordinary duodecimo which cost $2—and more than is contained in Irving's Columbus, or Bancroft's History of America, which cost $3 a volume—and all for SIX CENTS a number or three dollars a year.

BROTHER JONATHAN being a genuine Yankee, and thinking that some things can be done as well as others, determined to present to his readers a MEDLEY unheard of and unrivalled by any other paper, of Anecdotes, Amusements, Allegories, Accidents, Biography, Bon mots, Conversations, Crimes, Droleries, Errors, Essays, Eloquence, Facetiæ, Geography, History, Jests, Learning, Morality, Marvels, Music, News, Novelties, Oratory, Poetry, Philosophy, Quiddities, Romance, Religion, Sports, Spectacles, Sorrows, Sufferings, Tales, Trials, Teachings, Wisdom, Wit, and Wonders, &c. &c. &c.

As a Family newspaper, BROTHER JONATHAN will be found to present attractions beyond any other:

——"He comes the hera'd of the noisy world."
"News from all nations lumbering at his back."

The earliest intelligence, foreign and domestic, and the latest novels of the Literary World will be promptly served up for the gratification of the reader.

Strictly neutral in politics, it will contain nothing in favor of or against any party, and will as sedulously avoid any of the controversies which agitate the religious community. Strict morality, virtue, temperance, industry, good order, benevolence to our common country, and our fellow men, will be advocated and inculcated in every page of Brother Jonathan.

TERMS OF BROTHER JONATHAN.
THREE DOLLARS A YEAR IN ADVANCE.

For FIVE DOLLARS two copies of the paper will be sent one year, one copy for two years.

The Evening Tattler is published every day at the same office, and is put to press at 12 o'clock meridian, and season for the great Northern, Eastern and Southern mails which all close at two o'clock, P. M.

All country newspapers who give this prospectus three insertions, will be entitled to an exchange, on sending a number of their paper to this office, containing the advertisement.

All letters and communications should be addressed, postage paid, to

THE NEW YORKER,

NEW VOLUME,—PRICES REDUCED TO THE CASH STANDARD,—ENTIRELY NEW TYPE &c. &c.

The publishers of THE NEW YORKER respectfully announces to the public that the Seventh (annual) Volume of their Folio (common newspaper form, and the Ninth (semi-annual) Volume of their double Quarto or octavo edition for preservation and binding will be issued on Saturday the 21st day of March. On and after that date, the following changes will be made:

The Folio New Yorker will be afforded to subscribers at the reduced price of TWO DOLLARS per annum, payable inflexibly in advance.

The Quarto New Yorker will be afforded to subscribers at THREE DOLLARS per annum, payable in all cases in advance.

Both papers will be printed on an entirely new type, and in a new and beautiful dress, on the same large Imperial paper as at present.

In fine, the only changes which will be made in either paper will consist in the entire renovation of its mechanical execution and appearance, and the reduction of the prices 15 and 20 per cent. respectively to accommodate them to the CASH STANDARD. Hereafter no subscription will be received without payment in advance, and no paper will be sent after the first of May next, to any sub-scribers who shall not then have paid in advance.

The NEW YORKER will pursue the same general course and maintain the same character as hitherto, with such improvement in details and execution as experience has suggested or may suggest. Its columns will be devoted to:—

I. *Original and Selected Literature.*—Comprising Tales, Poems, Essays, Review of new works, brief Notices of new publications, Biographical, Historical and Humorous Sketches, Anecdotes, &c. &c. In the department of Original Literature, the Editors have the assistance of able pens, while their Selections are culled from the widest range of British and American current and Periodical Literature.

II. *Political Intelligence.*—Under this head, brief notices of movements of Parties throughout the Union are certainly given, with accounts of all important Conventions, Nominations, &c., but especially of every Election of any moment, with the votes compared with those of previous years.—Condensed accounts of the Proceedings of Congress, important action of State Legislatures, &c., will also be given; and it is believed that in this department The New Yorker already holds a rank not beneath that of any Journal in the Union. The utmost care will be taken to render its statements of Election results not only accurate and liable but so lucid as to foreshadow in some degree forthcoming events; and in this respect it is confidently recommended to those who feel a strong interest in the pending Presidential contest.

III. *General Intelligence.*—Under this head a condensed but comprehensive summary of the News of the Day, Foreign and Domestic, will from week to week be given.

Such is and shall be The New Yorker; and while its publishers do not commend it to public favor as the *largest*, the *cheapest*, nor yet as the *ablest* and *best* Periodical in the world, they cheerfully submit its claims to the judgment of those acquainted with its character; and they fearlessly appeal to Twelve knowns for a confirmation of the fact, that no other paper embodying an equal amount of original matter, requiring an equal amount of Editorial capacity and labor, was ever published in this country or Europe at a low a price as *Two Dollars* per annum.

Terms.—The Folio common newspaper edition of The New Yorker will be issued every Saturday morning (being regularly mailed to distant subscribers on the previous evening) at TWO DOLLARS per annum, in advance. Six copies will be forwarded one year for Ten Dollars, in advance, and any larger number at the same rate.

The Quarto Edition is published and mailed every Saturday evening on a double medium sheet of sixteen large three column pages, Music weekly, and afforded at Three Dollars per annum, payable in all cases in advance. Two copies will be mailed for one year for Five Dollars (post paid) in advance, and any large number at the same rate.

Subscriptions to either are respectfully solicited by
H. GREELEY & Co. 1 Ann St.

☞ Editors with whom we exchange, or who may desire an exchange with us, are respectfully requested to give our new Prospectus, or part of it, one insertion in their columns, or to make such mention of it as they may think proper. All who publish it will be entitled to an exchange for one year.

☞ We will pay twenty-five cents each for a few perfect copies of Nos. 1 and 17, of Vol. V, and No. 6, of Vol. VI, of our Quarto Edition. Those who can spare those numbers will greatly oblige us by sending them, and shall be credited or paid as above.

QUARTO EDITION OF THE NEW WORLD.

We this week, at the request of the numerous subscribers, issue an edition of the NEW WORLD in a quarto form, for the purposes of binding and preservation. The amount of new and interesting literature which we give in the course of a year, is esteemed by many too valuable to be thrown aside as ephemeral, and we have at length yielded to their solicitations to afford it to them in a more desirable shape. The price of the works which we have thus far published in the NEW WORLD would, in London, exceed one hundred dollars; and they are, with hardly an exception, of that standard character of value and interest not be deminished by time.

The quarto NEW WORLD will be elegantly printed, and will be embellished generally with a piece of music. It will be published in a form well adapted for binding; and will contain all the matter of interest that may appear in the folio edition. As we shall print only a limited number of copies, agents and postmasters are requested to send in their orders without delay. Editors with whom we exchange are respectfully requested to apprise their readers in regard to our quarto edition.

Terms of the quarto edition, $4 per annum; two copies for $7; three copies for $10; five copies for $15 The usual commission to postmasters and agents who send subscribers free of postage. All subscriptions must be *invariably* paid in advance.

NEW SUBSCRIBERS

Will be furnished, gratuitously, with proof copies of two of the most *magnificent engravings* ever published in this country, painted by *Chapman*, and engraved by *Danforth*; the first being a representation of the "*Landing of Columbus in the New World*," as described by *Washington Irving*; and the second the "*Landing at Jamestown, in Virginia*," as described by the Hon. *J. K. Paulding*, the present Secretary of the Navy. These *beautiful pictures* are intended either for *framing* or the *portfolio*, and are particularly valuable, not only as illustrating the writings of two *eminent authors* by *American artists*; but as perpetuating events in the history of this country interesting to every person of taste and refinement, and to all who feel a pride in their native land.

As a refined and elegant repository of the *belles lettres*, embracing every subject within the range of polite literature and the fine arts, the *New-York Mirror* has received the spontaneous and universal commendation, not only of the press of the United States, but of Great Britain.

The *first number* of a *new volume*, of this beautiful parlour journal, will be issued on the *twenty-seventh day of June next*, at which time, as the work is generally bound at the end of the year, it is desirable that *new subscribers* should commence their subscription. As it is the intention of the proprietor to print no more copies than shall be required, this *early notice* is given in order to prevent the disappointment that usually takes place in applications for the first numbers of a *new volume*.

The *N. York Mirror* is the oldest, and unquestionably, the *cheapest* periodical in America. Every number contains a great variety of useful, interesting, and amusing matter, on every subject connected with polite literature and the fine arts; and these form, at the end of the year, an immense volume of *four hundred and sixteen imperial quarto pages, vignette title page, table of contents, splendid engravings*, and *fifty pieces of popular music*, arranged for the piano-forte, guitar, etc.—a library in itself, and all this is afforded at the very trifling cost of five dollars a year, a sum almost inadequate for the extraordinary equivalent rendered to subscribers.

Our friends are more numerous, our resources more ample, and our exertions to render the *Mirror* the first of periodicals shall be as *unflagging* as ever. At *home* we have a list of nearly two hundred contributors, embracing most of the talent and genius of America; and we have established a permanent correspondence both in *London* and *Paris*.

Four superb engravings will be given in the course of the new volume, *from original designs*, painted and engraved expressly for the work, by eminent artists. A number of *curious etchings* on wood will also be given.

In catering for the general taste, we shall never omit to set aside a due proportion of space for the especial amusements and edification of our fair and gentle country women in the sunshine of whose favor the *Mirror* has so long flourished as a favourite journal.

In issuing this new volume, we feel confident that while we continue to merit, we shall continue to receive, the liberal support which we take this occasion to acknowledge; and we shall commence a new volume with renewed spirit, and a steady determination to render the *Mirror* all that its most ardent friends could wish.

CONDITIONS.—The *Mirror* is published every Saturday, at No 1, Barclay-street, next door to Broadway. It is elegantly printed in the extra super-royal quarto form with brevier, minion, and nonpariel types It is embellished once every three months with a *splendid super royal quarto engraving*, and every week with a popular piece of music arranged for the piano-forte, harp or guitar etc. For each volume an exquisitely engraved *vignette title-page*, and a conspicuous *index*, are furnished. The terms are five dollars per annum, payable, in all cases, *in advance*. It is forwarded by the earliest mails to subscribers residing out of the city of New York. Communications *post paid*, must be addressed to the editor. No subscriptions received for a less period than one year.

☞ Post-Masters generally are requested to act as agents for the work.

☞ Remember, all letters ordering Mirror, must contain $5, and be post paid and that

☞ *The terms are always in advance.*
