BULL RUN.

BY A FIRE ZOUAVE.

Oh, it's all very well for you fellers
That don't know a fire from the sun,
To curl your mustaches and tell us
Just how the thing oughter been done:
But when twenty wake up ninety thousand,
There's nothin' can follow but rout,
We didn't give in till we had to;
And what are yer cougin' about?

The crowd that was with them ere rebels
Had ten to our every man;
But a fireman's a fireman, we covey,
And he'll put out a fire if he can;
So we run the mashees at a gallop,
As easy as open and shut,
And as fast as one feller went under,
Another kept takin' der butt.

You oughter seen Farnham that mornin'!
In spite of the shot and the shell
His orders kept ringin' around us
As clear as the City Hall bell.
He said all he could to encourage
And lighten the hearts of the men,
Until he was bleeding and wounded,
And nary dried up on it then.

While two rifle regiments fought us,
And batteries tumbled us down,
Them cursed Black Horse fellers charged us
Like all the Dead Rabbits in town.
And that's just the way with them rebels,
Its ten upon one or no fair;
But we emptied a few of their saddles—
You may bet all your s'ap on that air!

"Double up!" says our Colonel, quite coolly,
When he saw them come riding like mad,
And we did double up in a hurry,
And let them have all that we had.
They came at us counting a hundred,
And scarcely two dozen went back;
So you see, if they bluffed us on aces,
We make a big thing with the Jack.

We fought till red shirts were as plenty
As blackberries strewing the grass,
And then we fell back for a breathing,
To let Sixty-nine's fellers pass.
Perhaps Sixty-nine didn't peg them,
And give them uncommon clin'rets?
Well—I've just got to say if they didn't
You fellers can smell of my boots!

The Brooklyn Fourteenth was another,
And them Minnesota chaps too;
But the odds were too heavy against us,
And but one thing was left us to do:
We had to make tracks for our quarters,
And finished it up pretty rough;
But if any chap says that they licked us,
I'd just like to polish him off!

Proclamation by the Governor.

WHEREAS, A joint committee of both Houses of the Congress of the United States requested the President to recommend "a day of public humiliation, prayer and fasting, to be observed by the people of the United States, with religious solemnities and the offering of fervent supplications to Almighty God for the safety and welfare of these States; his blessings on their arms and speedy restoration of peace;" and, whereas, because it is at all times fit and becoming for all people to acknowledge and revere the supreme government of God, the President has appointed Thursday, the 26th of September, as a day of humiliation, prayer and fasting for all the people of the nation. Therefore,

I, William Dennison, Governor of the State of Ohio, do earnestly recommend to the people of this State, that, according to the several creeds and modes of worship, they do keep and observe that day, in order that their prayers may unite with the prayers of the right-minded of other States, for guidance by the Supreme Ruler of nations, to the end, that law and order and peace may be re-established, and the blessings of civil and religious liberty secured and perpetuated throughout the wide extent of our country.

In testimony whereof, I have hereunto set my hand, and caused the great seal of the State of Ohio, to be affixed, this 14th day of September, A. D. 1861, of the organization of our State the 59th, and of the independence of the United States the 86th.

By the Governor, W. DENNISON.

Waiting.

Those who are strong and reliant can afford to wait, and the waiting of the Government to-day, at Washington seems to us an indication of power, and gives us fuller assurances of success than though we heard constantly of squads marching hither and thither under the telegraphic prestige of "movements anticipated." Much may be won by persistent waiting, at the present time, for every day must weaken the rebels. They are like the army worm and have to move. They cannot wait. Their own impulses are against waiting; their necessities are against it. They have sprung into existence on the wave of a revolution, and must move on with it. To go back without a blow would be fatal to their cause. They would lose in the estimation of their own people and of the world. Therefore they must fight. We hear every day of their restlessness, and the attack will not be long delayed, we think. But there behind their fortifications our army—now well fed, well clothed and well disciplined—are waiting patiently and coolly, for the moment to strike. Every day sees them better prepared, under the eyes of their general officers. There is no taint of demoralization among them. They are satisfied with their leaders and their cause, and have unbounded confidence in the result. When the time comes they will show to the world that waiting has been a world of power to them, giving them courage and muscle for the contest.—*Boston Gazette.*

Is It Patriotic?

When the existence of our Democratic form of Government is threatened by the most formidable rebellion known in history—when the united energy of the American nation is required to preserve its own life—is it the part of patriotism to throw obstacles in the way of the most cordial and thorough union of the people? Is it the part of patriotism to rake up old party prejudices and strive to keep the people divided by party lines when their common interest imperatively demands that they should be a unit in meeting this formidable danger? No; this is the work of politicians, demagogues—not patriots. The men engaged in this work may call themselves Democrats, but the historian will write them down under a different appellation. Can a man be a true Democrat and yet be constantly engaged in sowing division among the people, and thus aiding a rebellion that aims at the destruction of Democratic government on this continent? We maintain that the only real Democratic party now, is the Union party. Its majestic voice will be uttered in Ohio on the 24 Tuesday of October, and it will be like the swell of the ocean when rocked by the storm. It will carry terror to the hearts of traitors, but joy to the heart of every patriot.—*Sandusky County Democrat.*

All in an Nut Shell.

The Cincinnati *Commercial* says, "the men from whom we have heard the loudest praises of the Fremont proclamation are Democrats and Kentuckians. They say it is all right. It don't free anybody's negroes but those of traitors, and are we to suppose that a General is to take care of an enemy's negroes for him? General Fremont has simply refused to enter into the negro trade. As the shortest way of managing contraband negroes, he turns them loose to shift for themselves. He don't undertake to sell them for the benfit of the United States, or to feed them at the government expense. If this is "radical" it is a case of radical common sense.

There are three kinds of men, says Prentice; live onces, deads ones, and such fellows as John C. Breckinridge and Humphrey Marshall.

Popularity in politics, is to see your name in large type, posted upon a fence. Somebody will inquire who you are, and when the first rains come you will disappear.

NOTICE.—STATE OF OHIO, WOOD CO. SS.

William Hamman vs. the heirs of Almeron Rollins, Michael Shaffer, et al.

John Carroll, and Marcia Carroll, his wife, Julia Ann Rollins, Sophia Rollins, Celestia A. Rollins, William Rollins, Harriet A. Rollins and Mary E. Rollins, the children and heirs at law of Almeron Rollins, late of Wood county, deceased, and Michael Shaffer will take notice that on the 19th day of August, 1861, the plaintiff, William Hamman, filed in the Clerk's office of the court of common pleas, of Wood co., O., his petition, the object and prayer of which is to correct an error in the description of certain lands as set forth in the deed of John A. Kelly, as administrator of the estate of the said Almeron Rollins to plaintiff. Said petition avers that the lands actually advertised and sold to plaintiff by said Kelly as such administrator, were the east half of the north-east quarter of section thirty-two (32) in township number four (4) north of range number twelve (12) east, in Wood county, Ohio; but that said lands were erroneously described in said administrator's deed as the east half of the north-west quarter of said section. Plaintiff asks to have said error corrected in said administrator's deed, and also in a deed from plaintiff to said Michael Shaffer, and also in a deed from said Michael Shaffer to one William Dowling. Defendants are notified that unless they answer or demur to said petition on or before the 19th day of October, 1861, the same will be taken as confessed, and a decree may be entered accordingly. COURT OF COMMON PLEAS, WOOD COUNTY, OHIO.

James Armitage vs Merret M Young.

The defendant, Merret M. Young will take notice that on the 30th day of August, 1861, the plaintiff, James Armitage, filed a petition in said court against him, the object and prayer of which petition is to obtain judgment against the defendant for the amount of two promissory notes executed and delivered by said defendant to plaintiff, and also for a balance due upon an account and being for the several sums of one hundred and ten dollars with interests at the rate of ten (10) per ct. per annum from March 18, 1858, and of seven hundred and ninety-six 7-100 dollars ($796 7-100) with interest from January 25, 1860, at the rate of ten (10) per ct. per annum, and of sixty-one 10-100 dollars ($61 10-100) with interest from April 29, 1861. Plaintiff also seeks to collect said sum by the aid of the provisional remedy of attachment, and has attached the following lands and tenements of defendant, to-wit: 19 and 84-100 acres off the west part of river tract number eighty (80) in the United States reserve, at the foot of the rapids of the Maumee river, in Wood county, Ohio, and bounded as follows: On the south by the center of Grassy creek, on the west by the west line of said river tract number eighty (80) on the north by the Maumee river, and on the east by a line drawn parallel to the west line of said river tract number eighty at a distance of eight chains, 7½ links easterly thereof. Also a right of public way from said 19 84-100 acres to the Perrysburg and Oregon road along the route surveyed and reported for a county road to the commissioners of Wood county, by Wellington, surveyor. Said petition will be answerable on the second day of December, 1861.

DON'T DELAY TO PURIFY THE BLOOD.

DR. WEAVER'S

CANKER AND SALT RHEUM SYRUP,

For the Cure of

Canker, Salt Rheum, Erysipelas, Scrofulous Diseases, Cutaneous Eruptions, Sore Eyes, and every kind of Disease arising from an impure state of the Blood.

The most effective Blood Purifier of the Nineteenth Century.

It is the prescription of an educated Physician, and all who are afflicted with any of the above named diseases, should use it without delay. Such letters as the following are often received.

Jeromeville, Ashland Co., Ohio, Nov. 29, 1860.

Messrs. J. N. Harris & Co., Cincinnati, Ohio.

Gentlemen:—I deem it a duty as well as a pleasure, to inform you what Dr. Weaver's Syrup and Cerate has done for me, and hope that this letter may come to the notice of persons similarly afflicted. In the year 1859 I was attacked with canker, or some kindred disease, on both my legs, which extended until from my knees to my feet was one raw sore. I consulted and obtained medicine and prescriptions from nearly all the physicians in this vicinity, but obtained no relief. Your agent at this place, Mr. Hoffman, recommended me to try the Syrup and Cerate, which I fortunately did, and am now a sound and well man by their use.

With great gratitude, I remain, Yours truly,
JOHN WEIRBAUGHT.

Mr. Weirbaught being a well known gentleman of Ashland, makes this information most reliable.

By taking the Syrup as directed, it will drive the diseases from the system, and when cure out on the skin, a few application of

DR. WEAVER'S CERATE, OR OINTMENT,

and you have a permanent cure.

The Cerate has proved itself to be the best Ointment ever invented, and where once used, it has never been known to fail of effecting a permanent cure of old sores, tetter and ringworm, scald head, chilblains and frost bites, barber's itch, chapped or cracked hands or lips, blotches or pimples on the face. And for Sore Nipples and Sore Eyes, the Cerate is the only thing required to cure. It should be kept in the house of every family.

Price of Syrup $1. Cerate 25 cents per bottle.

Directions accompany each bottle.

SEWING MACHINES.

GREAT IMPROVEMENTS IN SEWING MACHINES.

THE EMPIRE SHUTTLE MACHINE

PATENTED FEBRUARY 14th, 1860.

Salesroom, 510 Broadway,..... New York.

This Machine is constructed on an entirely new principle of Mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be simplicity and perfection combined.

The following are the principal objections urged against Sewing Machines:

1.—Excessive fatigue to the operator.
2.—Liability to get out of order.
3.—Expense, trouble, & time in repairing.
4.—Incapacity to sew every description of material.
5.—A disagreeable noise while in operation.

THE EMPIRE SEWING MACHINE IS EXEMPT FROM ALL THESE OBJECTIONS.

It has a straight needle, perpendicular action, makes the lock or shuttle stitch, which will neither rip nor ravel, and is alike on both sides: performs perfect sewing on every description of material, from leather to the finest Nansook muslin, with cotton, linen, or silk thread from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the least possible friction, it runs as smooth as glass, and it is

EMPHATICALLY A NOISELESS MACHINE!

It requires fifty per cent. less to drive it than any other machine in market. A girl of twelve years of age can work it steadily, without fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction render it almost impossible to get out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article, to call and examine this unrivalled machine.

Put in a more special manner do we solicit the patronage of

Merchant Tailors, Dress Makers,
Hoop-skirt Manufacturers, Corset Makers,
Coach Makers, Gaiter Fitters,
Shirt and Bosom Makers, Shoe Binders,
Vest and Pantaloons Makers.

Religious and charitable institutions liberally dealt with.

PRICE OF MACHINES, COMPLETE

No. 1, or Family Machine, $45 00, No. 2, Small sized Manufacturing, $50 00, No. 3, Large sized Manufacturing, $75 00.

CABINETS IN EVERY VARIETY.

We want agents for all towns in the United States, where agencies are not already established, to whom a liberal discount will be given, but we make no consignments. T. J. McARTHUR & Co.,

GREAT REDUCTION IN THE PRICES! —OF— SINGER & COMPANY'S STANDARD MACHINES

Well known to be the best for manufacturing purposes:

No. 1, Standard Shuttle Machine, formerly sold at $90, reduced to..... $70
No. 2, Standard Shuttle Machine, formerly sold at $100, reduced to..... $75

Singer's Letter A Machine

Is the best Machine in the world for Family Sewing and Light Manufacturing purposes: Price, (without hemmer,) and beautifully ornamented, $50.

The Nos. 1 and 2 Machines are of great capacity and application for manufacturing purposes.

Our No. 3 Machines are especially adapted to all kinds of light and heavy leather work, in carriage trimming, boot and shoe making, harness making, etc., etc. They are of extra size, with an arm long enough to take under it and stitch the largest size lasties. Tailoring is scarcely any part of a Trimmer's stitching that cannot be better done with them than by hand; so, too, the saving of time and labor is very great. The table of these machines is 24 inches long, and the shuttle will hold six times the usual quantity of thread. The large machines work as fast as sail ones.

We would ask for our Letter A Machines, the special attention of Vest Makers and Dress Makers, and all those who want Machines for *light manufacturing purposes.* They embody the principles of the standard machines, making like them, the interlocked stitch, and are destined to be as celebrated for family sewing and light manufacturing purposes as our standard machines are for manufacturing purposes in general.

We have always on hand, Hemming Gauges, Silk, Twist, Linen and Cotton Thread on Spools, best Machine Oil in Bottles, etc., etc.

We manufacture our own needles, and would warn all persons using our machine not to buy any others. We know that there are needles sold of the most inferior quality, at higher prices than we charge for the best. The needles sold by us are manufactured especially for our machines. *A bad needle may render the best machine almost useless.*

Our customers may rest assured that all of our Branch offices are furnished with the "genuine article." In case of small purchases, the money may be sent in postage stamps or bank notes.

Correspondents will please write their names plainly. It is all important that we should, in each case, know the Post Office, County and State.

All persons requiring information about Sewing Machines, their sizes, prices, working capacities, and the best methods of purchasing, can obtain it by sending for a copy of

I. M. SINGER & CO.'S GAZETTE,

Which is a beautiful pictorial paper entirely devoted to the subject.

IT WILL BE SENT GRATIS.

We have made the above REDUCTION IN PRICES with the two-fold view of benefiting the public and ourselves. The public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are laid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The best designed machines, BADLY MADE, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair.

The qualities to be looked for in a Machine are: Certainty of correct action at all rates of speed, simplicity of construction, great durability, and rapidity of operation with the least labor. Machines to combine these essential qualities, must be made of the best metal and finished to perfection. We have the ways and means, on a grand scale, to do this. The purchasers of Machines, who use daily bread it may concern, will find that those having the above qualities not only work well at rapid as well as slow rates of speed, but last long in the finest possible working order. Our Machines, *as made by us,* will earn more money with less labor than any others whether in imitation of ours or not. In fact, they are cheaper than any other machines as a gift.

MOORE'S PATENT THIRTY-FIVE DOLLAR

DOUBLE LOCK STITCH

FAMILY SEWING MACHINE

IN SIMPLICITY OF DESIGN AND PERFECTION OF WORKMANSHIP UNSURPASSED BY ANY MACHINE YET MANUFACTURED

Its simplicity in operation is such that a child ten years old can use it with ease. Its several parts being constructed on philosophical principles, it is not liable to get out of order. It makes a strong, elastic and durable stitch. It sews from two common spools, and makes but little noise.

All who contemplate buying, or wish to see the best Sewing Machine now in use, are respectfully invited to call on N. H. CALLARD, in whose Tailor Shop it is now in practical operation.

MEDICINAL.

DR. J. B. SMITH!

Would respectfully inform the citizens of Wood county that he has permanently located himself in Bowling Green for the purpose of practicing Medicine and Surgery. In addition to a regular course of study, Mr. S. has made himself acquainted with the special mode of distinguishing diseases by an examination of the urine of the patient as practised by the late DR. DELANBAUGH, and for all Chronic Diseases will say unhesitatingly that by following Mr. D's practise in such cases, he has had better success than from any other method of treatment.—Among the diseases which Dr. S. professes to treat successfully may be mentioned the following, viz: Dyspepsia, Liver Complaint, Consumption in its early stages, Diseases of the Spleen, Asthma, Spitting of the Blood, Palpitation of the heart, Rheumatism, White Swelling, Dropsy, Scrofulous Diseases, Jaundice, Female Complaints, in all their varied forms, Low Spirits or Melancholy, Fever Sores, Ulcers, &c. If patients with any of the above or kindred Chronic Diseases will send some of their urine taken in the morning in a clean vial, Dr. S. can make a satisfactory diagnosis of the case nearly as well as if the patient were present.

BLOOD PURIFIER AND BLOOD PILLS.

BOTANY · CHEMISTRY · EXPERIENCE · PHARMACY ·

DR. ROBACK'S SCANDINAVIAN REMEDIES.

When Dr. Roback, the renowned Swedish Physician, introduced his Blood Purifier and Pills into the United States, he set forth in plain terms their curative properties. This was years ago. The task of recommending them has since been taken out of his hands. Enlightened men, whose character for sound judgment and philosophy gives their opinions weight in the community, men who observe, reflect and make "assurance doubly sure," before they decide, are everywhere approving and urging the use of these wonderful preparations. All who confide in the wisdom and honesty of this class, or who choose to investigate for themselves, are now of one mind on this important subject.

The evidence in the possession of Dr. Roback which is at all times accessible to the public, establishes the following:

FACTS:

That the BLOOD PURIFIER and BLOOD PILLS have been proved by analysis to

CONTAIN NO MINERAL:

That they cure the almost universal complaint,

DYSPEPSIA,

with unerring certainty, and in a very short time.—That after all other medicines have proved useless they relieve LIVER COMPLAINT, and restore the health and strength of the sufferer. That SICK FEMALES, who have languished for years in helpless weakness and despondency, recuperate with almost miraculous rapidity under their invigorating operation. That all Sexual Disabilities are removed by their cordial and gently stimulating properties. That they recruit SHATTERED CONSTITUTIONS, however, they may have been trifled with and abused. That their direct tendency is to lengthen life, and render it enjoyable. That operating directly upon the poison of disease in the blood, they

CAUSE SOON TO HEAL,

and discharge from the system every taint of Scrofula, whether hereditary or otherwise. That they

RECRUIT THE DEBILITATED,

and that there is no disease of the stom
