TERRIBLE DISCLOSURES.

SECRETS FOR THE MILLION—A MOST WONDERFUL AND INVALUABLE PUBLICATION.

DR. HUNTER'S MEDICAL MANUAL.

BEING an original and popular treatise on Man as Woman; their Physiology, Functions and sexual disorders of every kind, with never-failing Remedies for the speedy cure of all diseases of a private and delicate character, incident to the violation of the laws of Nature and of Nature's God.

PRICE TWENTY-FIVE CENTS.

The Author of the above volume is a graduate of one of the first medical schools in the United States and having devoted a quarter of a century to the study and treatment of Syphilis and kindred disorders as a specialty, he has become possessed of most invaluable information in regard to the same, and is able to compress into vade mecum compass the very quintessence of medical science on this important subject; as the results of the experience of the most eminent physicians in Europe and America is thoroughly demonstrated by his own highly successful practice in the treatment of secret diseases in many thousands of cases in the city of Philadelphia alone.

The practice of Dr. Hunter has long been and still is, literally unbounded, but at the earnest solicitation of numerous persons, he has been induced to extend the sphere of his professional usefulness to the community at large, through the medium of his "Medical Manual and handbook for the afflicted."

It is a volume that should be in the hands of every family in the land, whether used as a preventative of secret vices, or as a guide for the alleviation of one of the most awful scourges ever visited upon mankind for the sins of ancestry and impurity of every kind.

It is a volume that has received the unqualified recommendation of the first physicians in the land, while many clergymen, fathers, mothers, philanthropists and humanitarians, have most freely extended its circulation in all quarters where its powerful teachings would be likely to be instrumental in the moral purification and physical healing of multitudes of our people, among the young volatile, and indiscreet, otherwise the pride and flower of the nation.

The author strongly, particularly, most strongly warns against every species of self detilement, and warns parents and guardians, in searching terms, to guard the young of both sexes from the terrible consequences consomitant of their ignorance of physiological laws and sexual impurities and irregularities, whether exhibited by precocious development or arising from vicious and corrupting examples of their schoolmates or otherwise. To those who have already been consigned to the "paths that take hold on hell," a clear and explicit way is shown by which they may secure a return of sound health, and a regeneration of the soul from its terrible pollution.

It is well known that thousands of victims are annually sacrificed at the shrine of Quackery—especially those suffering from Venereal or Syphilitic diseases—strictures, Seminal weakness, Nervous debility, and the numerous maladies which spring directly or less remotely from the indulgence of carnal passions and secret violations of Nature.

In view of these facts, and when it is also considered that about 100,000 persons die annually in the United States of consumption—a large majority being the victims of the voluptuous indiscretions of their progenitors, agreeably to the Scriptural quotation, that the sins of the parents are visited upon the children, even to the third and fourth generation. The Author, imbued with sentiments of enlarged philanthropy, will scarcely be censured for any effort to restrain the views of the age, by the humble instrumentality of his Medical Manual.

One copy, securely enveloped, will be forwarded free of postage to any part of the United States for 25 cents, or 8 copies for one dollar. Address, post paid COSDEN & Co. Publishers, box 107, Philadelphia.

New Principle! No Poison!

Rhodes' Fever & gue Cure,

OR ANTIDOTE TO MALARIA,

FOR THE PREVENTION AND CURE OF

Fever and Ague, or Chill Fever, Dumb Ague and other Intermittent and Remittent Fevers, also of Bilious Fevers, accompanied by Typhoid Symptoms, Typhoid Fever, Yellow Fever, Ship and Jail Fever, General Debility, Night Sweats, & all other forms of disease

WHICH HAVE A COMMON ORIGIN IN

MALARIA OR MIASMA.

This subtle atmospheric poison, which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—north, south east or west,—and will every where yield to this newly discovered ANTIDOTE, which neutralizes the poison, completely purifies the system, and thus entirely removes all the cause of disease.

The proprietor distinctly claims these extraordinary results from its use.

It will protect any resident or traveller, even in the most sickly or swampy localities from any ague or bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the ague in persons who have suffered for any length of time, from ONE DAY TO TWENTY YEARS, so that they need never have another CHILL, by continuing its use according to directions.

JOHN STAUB & CO.

RESPECTFULLY announce to the public that they are no longer in any way interested in the SHAWHAN HOUSE STABLES, but still carry on the LIVERY BUSINESS at their old stand, where the public, as heretofore, will always find good horses and fine carriages—better and cheaper than at any other stable in Tiffin. PASSENGERS will be taken to any section of the country on short notice, DAY OR NIGHT. Any of Staub's friends can have their horses kept and fed in his stable if all times. Saddle Horses and single buggies—or buggies to let without horses; in fact we can accomodate the public in any shape or form. That is our aim and we are bound to do it, without fear of 'friend or foe.'

☞ The rumor that STAUB & CO. have SOLD their LIVERY stock is a LIE; WE still have the best stock of horses and buggies in Tiffin, and our prices are lower than ever.

☞ "OLD JOHN" will be on hand at all times at his stable, where he looks after everything over himself.
