THE DESIGN.

It is the design of the proprietors of these Colleges to perfect a chain of Business Schools from East to West, affording the most ample facilities for young men and young ladies to qualify themselves for responsible positions in life. Their schools at the points above are established on a firm basis, and are all in a most prosperous condition. The teachers in the various departments are thoroughly accomplished practical business men.

THE COLLEGIATE COURSE

Will embrace the most approved and practical forms of keeping books by Double Entry in the various departments of Trade and Commerce, including the General Wholesale and Retail, Commission, Exchange, Commission, Manufacturing, Railroad, Banking, Printing, Mining, Shipping, Boarding, Insurance, Partnership and Compound Company Business. All manuscripts from which the Student copies, are written in a bold, rapid business hand, which will serve as a great auxiliary in securing to him an excellent style of writing.

WRITING DEPARTMENT.

This department is under the immediate supervision of P. R. Spencer, Sons. To the public this is a sufficient guarantee that it will be well conducted. While Mr. S. is constantly at his post, he employs the services of an Author and Teacher, it may in justice be said of Messrs. who are associated with him, that they compare favorably in point of artistic attainment with their accomplished mentor. This is without doubt the most desirable place to pursue Penmanship as a study in the entire West.

THE LADIES' DEPARTMENT

is entirely separate from the gentlemen's, and is fitted up in a neat and convenient manner.

TIME OF COMMENCING.

As there are no terms, and no vacations, students may enter at any time, and pursue their studies without reference to others. By this arrangement, every student is permitted to progress rapidly as his energies will admit.

DAILY LECTURES

Will be delivered on the Science of Accounts, Commercial Law, Political Economy, Commercial Calculations, Banking, Mercantile Correspondence, Commercial Ethics, Railroading, Business Correspondence, Mining, Commercial Geography, etc.

THE COLLEGIATE COURSE

which is intended to embrace all branches "Purely Mercantile, has been recently enlarged, and can now be regarded as one of the most lengthy, thorough and complete series introduced to the public in any similar institution in the United States.

BOOK KEEPING DEPARTMENT

embraces three distinct grades, viz: Initiatory, Regular and Extended Courses, and implies Folsom's New Method, recommended by over twenty of the most reliable Practical Accountants of Cleveland.

NEW METHOD OF TEACHING

utilizes at the very commencing points of the Science, revealing the great, natural two-fold division of the Ledger, which is seen the proper line of demarkation between Realized and Representative Property and the governing law of transfer, as regards its affecting the two classes of accounts, and those of the same class, in every variety of transactions, thus employing this most useful and beautiful science of much of its long-boasted mysteries, omits each its arbitrary and infallible rules, meaningless terms and false assumed, and hence enables the student to acquire correctness of accounts as embodied in actual practice.

THE INITIATORY COURSE

embraces a regular progressive series of manuscript cards, diversified somewhat as to the variety of transactions. It aims to develope the first principles and philosophy of Accounts, rather than mere routine and actual formula, by addressing the reason and judgment of the student, who receives with the view of acquainting and exercising results, and so pushed on his varied studies with much great encouragement, pleasure and independence.

THE REGULAR COURSE

is intended to represent every species of business, from the smallest Retail to the heaviest and most intricate of Wholesale and Commission, as well as Banking, Railroading, etc., demanded at present by our vast and constantly increasing Commerce.

THE EXTENDED COURSE

embraces lengthy, practical courses from the various Business Forms, and is designed for such students as may wish to spend longer time than the time required by the Regular Course, (and this graduation by) preparatory to entering some special business.

By taking in all from the Extended Course, the student will be thoroughly and profitably employed six months.

PENMANSHIP, "Practical and ornamental," in all its varieties, will be taught in the most thorough and efficient manner, by one of the best teachers in the West. Besides a special method of teaching Business Writing, the Chirythmographic System will also be taught. This system, so popular and recommended by our best educational men, is now taught in the Public Schools of Cleveland, Columbus & Toledo. Many other schools are open for good teachers of Chirythmographic, or persons who can be qualified.

DAILY LECTURES on Practical and Theoretical Book-Keeping, Mercantile Laws, Commercial Ethics, Political Economy, Art of Computation, Commercial Calculations, Mercantile Customs, Banking, Exchange, Commerce, Railroading, Commercial History, Business Correspondence, Penmanship, etc.

The New Suit of Rooms, of this College, occupies the finest location in the city, situated as they are on the corner of the Public square and Superior street, affording a fair view of most parts of the city and the Lake. The rooms are neatly and tastefully furnished, surpassing in beauty and convenience, perhaps those of any similar institution in the Union.

The LADIES' COURSE is the same as that of the Gentlemen, affording equal facilities to all who may wish to avail themselves of the Commercial Course.

The Principal having an extensive business acquaintance is enabled to secure good situations for many of his graduates.

AYER'S Cathartic Pills,

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK.

Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

PITTSBURG, Pa., May 1, 1856.

DR. J. C. AYER. SIR: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Yours with great respect, ED. W. PREBLE,
Chief of Steamer Clarion.

Bilious Disorders and Liver Complaints.

DEPARTMENT OF THE INTERIOR,
WASHINGTON, D. C., 7 Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO HALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

POST OFFICE, HAMILTON, Lw. Co., MICH., Nov. 16, 1855.

DR. AYER: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went to Detroit for medical assistance, but got no better. She then commenced using your Pills, and in a few days, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had tried, and was still trying, his skill upon three of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.

GEO. J. GRIFFIN, *Postmaster.*

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, WYOMING CO., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had pronounced incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Episc. Church.

PULASKI HOUSE, SAVANNAH, GA., Jan. 8, 1856.

REVEREND SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout long years, and almost every hamlet of the American land, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families to say dwelling in this continent without some personal experience of its efficacy; and fewer yet the communities in any where which have not among them some living trophy of its victory over the subtle and dangerous disease of the throat and lungs. While it is the most powerful antidote yet known to man for the humiliable and dangerous disease of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon their unprepared. We have abundant grounds to believe the CHERRY PECTORAL saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the incurable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best assistance which our skill can furnish for their cure.

ROXBURY, MASS.

DEAR MADAM,—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the skillful physicians and the most crowded druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately subject. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains as the nutritious food of the country ought to afford; then your nourishment loses its bloom and becomes yellow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the stress of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE:

Palpitation of the heart, pain in the side, weakness of the spine and small of the back pain of the hip joint when you retire, irregularity of the bowels, and also that most excruciating of diseases, the

PILES.

How many thousands of your women are suffering from this disease and pining away a miserable life, and their nearest neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with the largest and good quality, that it will never under any circumstances, do you any injury.

No change of diet ever necessary—eat the best you can get and enough of it.

DIRECTION FOR USE—Adults one table spoonful per day. Children over ten years, dessert spoonful—Children from five to eight years, ten spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Yours truly, DONALD KENNEDY.

Price $1.00 per bottle. For sale by I. L. St. John & Co., R. McD. Gibson, H. H. Snyder, J. F. Wooster, Tiffin, and by Druggists generally. de11-1y
