ORDER OF PUBLICATION.

Territory of Kansas, First District, County of Jefferson. } In the District Court sitting in said County, for the trial of causes arising under the laws of said Territory.

Joan Weinsman, Plaintiff, vs J. C. Manee, Samuel Farro & David Farro, Defendants.

In appearing to the satisfaction of the Clerk of said Court, by the affidavit of Samuel Farro, herein filed, that the defendent J. C. Manee is a non resident of the Teritory aforesaid. It is therefore ordered by the the said Clerk, in vacation that the said defendent J. C. Manee be notified by publication made in "The Independent," for six successive weeks of the pendency of this suit, the object of which is to recover the sum of $550, said to be due and owing from the said defendants to the said plaintiff on a certain promissory note given by the said J. C. Manee, Samuel Farro & David Farro, to the said John Weinsman, on the 23d day of October 1859, and due in six months after date, with interest at the rate of ten per cent per annum. Further that the property of said J. C. Manee, defendent, has been attached by virtue of an order of attachment sued out of said Court and that unless the said J.C. Manee plead, answer or demur to the plaintiff, petition herein files on or before the 12th day of February, A. D. 1861. The allegation set forth therein will be taken as confessed and judgment rendered accordingly and the property heretofore attached in this cause, and sold to satisfy the judgment so to be rendered. In witness whereof I have hereunto subscribed my name and affixed the seal of said Court at my office in the village of Oskaloosa, this 29th day of November, A. D. 1860.

THE PRAIRIE FARMER.

THE Twenty-First volume of this old and popular Agricultural paper commenced on the first day of January, 1860.

It will be the aim of the publishers in the future as in the past, to make a paper that shall be a favorite with the Farmer, the Horticulturist, and at the fireside. In each department we shall endeavor to assist in improvement and instruction, and make it a favorite with the younger portion of the home circle, by so treating of subjects that a desire to more thoroughly understand the TRUE science of farming shall prevail, that the calling may be looked upon as it really is, the most healthful and independent one known.

The list of practical contributors will be much enlarged another year; and no expense necessary to make it THE Agricultural paper of the West will be spared

The paper will ever be found the working-man's friend and advocate.

Terms of the Prairie Farmer for 1860.

Fever and Ague,

from which mankind suffer over a large part of the globe, is the consequence of a diseased action in the system, induced by the poisonous miasma of vegetable decay. This exhalation is evolved by the action of solar heat on wet soil, and rises with the watery vapor from it. While the sun is below the horizon this vapor lingers near the earth's surface, and the virus is taken with it through the lungs into the blood. There it acts as an irritating poison on the internal viscera and excreting organs of the body. The liver becomes torpid and fails to secrete not only this virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulation, and produce violent constitutional disorder. The spleen, the kidneys, and the stomach sympathise with the liver, and become disordered also. Finally, the instinct of our organism, as if in an attempt to expel the noxious infusion, concentrates the whole blood of the body in the internal excretories to force them to cast it out. The blood leaves the surface, and rushes to the central organs with congestive violence. This is the CHILL. But in this effort it fails. Then the FEVER follows, in which the blood leaves the central organs and rushes to the surface, as if in another effort to expel the irritating poison through that other great excretory—the skin. In this also it fails, and the system abandons the attempt exhausted, and waits for the recovery of strength to repeat the hopeless effort another day. These are the fits or paroxysms of FEVER AND AGUE. Such constitutional disorder will of course undermine the health if it is not removed.

We have labored to find, and have found, an antidote,

Ayer's Ague Cure,

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does *cure* this afflicting disorder with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and thus keeps those who use it free from its attacks; keeps the system in health although exposed to the disease. Consequently it not only cures, but protects from the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Dumb, or Masked Ague, Periodical Headache, or Bilious Headache, Bilious Fevers, Neuralgia, Rheumatism, Gout, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitations, Painful Affections of the Spleen, Hysterics, Colic, Paralysis, and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "AGUE CURE" removes the cause of these derangements, and cures the disease.

This it accomplishes by stimulating the secretories to expel the virus from the system; and these organs by degrees become habituated to do this their office of their own accord. Hence arises what we term *acclimatation*. Time may accomplish the same end, but often life is not long enough, or is sacrificed in the attempt, while this "AGUE CURE" does it at once, and with safety. We have great reason to believe this is a surer as well as safer remedy for the whole class of diseases which are caused by the miasmatic infection, than any other which has been discovered; and it has still another important advantage to the public, which is, that it is cheap as well as good.
