Erie Railways, and many miles shorter than either from New-York to Buffalo.

Two hundred and twenty miles of finished road already in existence, cost twice the amount of bonds issued; may fairly be called the best character of real estate loan; title perfect and value constantly enhancing; issue of bonds positively limited to $30,000 per mile of finished road; a very small loan per mile, highly thought of by bankers, and, we believe, a security of the highest grade. The road is earning largely; is a better investment than money in a savings bank. For sale by

REMARKS—The market is in a thoroughly unsatisfactory condition, which a few words will explain. After the close one week ago stock came in sparingly, and prices were rather improving. Now, the 4,451 head completing 6,367 for the week are not extravagant, but two or three things militate strongly against the trade. First is a sudden transition from cool weather to a heated term, with the thermometer running up among the eighties. This caught many of the wholesale butchers with meat on hand, and so little preparation for such a change that almost before they were aware of it the beef was tainting upon the hooks, rendering it more of a question how to get rid of that than to buy more cattle. Mutton and veal were also forced on sale at very low rates, and, capping the whole, comes the mammoth German Peace Celebration in which thousands of people were more interested than in the meat trade. We have seldom seen such an absence of buyers and complete prostration of trade as was witnessed to-day; though drovers paid more for their cattle and were willing to accept the situation, and sell for lower rates, they found it impossible to get bids of any kind, long before the yards were cleared, hence not a few cattle go over. Losses made them feel that the market had declined ½@¾c. ⅌ lb, and but for losing rates about warranted that conclusion, but a considerable of the stock was sold early, before the great depression, we do not rate the market, as a whole, more than ¼c. lower than it was one week ago. And still we have no doubt that there were sales made, before the close, at very nearly ½c. lower than some of the sales of similar stock last Monday. It will be observed that there were very few State cattle, and about the same number Texans, hence extremely low rates were not reached, the only car loads of bulls in the yards not selling. Very little stock of any kind went below 12c., but at 12@13c. the transactions were quite large. Fat cattle reached 14c., with the pick of best droves at 14½c. and 15c., but only in a retail way. The offerings were 106 cars at One-hundredth-st., 92 at Communipaw, and 74 at Weehawken, making 4,451 for Sunday and Monday. Of the Weehawken stock, N. Morris sent 2,038 out of 2,412 during the week. A few of the transactions of to-day, taken promiscuously, were 121 fine 7½ cwt. Illinois steers by Eastman at 13@15c.—probably 15½c. for few selections—with a car 8½ cwt. Ohio at 14½c.

Culver & Co. sold 62 Illinois steers, 7½ cwt., at 14@15c.

C. J. Fagan, 91 common Iowa steers, 6¼ cwt., at 12@13½c.

T. Wheeler, for J. Thomas, 63 prime 7½ cwt. Illinois steers at 14c., average, tops fully 15c.

Merritt & Burchard had 76 Illinois steers, 7½ cwt., selling at 13@15c.

T. Gillis sold his 151 Illinois steers, 1,300 lb, at 13½c.; 57 lb per cwt.

Coney & McPherson run out 195 of their own 7½ cwt. Illinois steers at 12½@14c.; 157 for Maxwell & McPherson, 7½ cwt. fat, at 13½@15c.; 32 thin Missouri, for Glenhill, 6½ cwt., at 12½c.

B. Westheimer, for W. Allerton & Co., who had 719 cattle to-day, 304 Illinois steers, about 7 cwt. average, at close upon 13c.

J. H. Dalbey had 62 Illinois steers, 7 cwt., selling at 13@14c.

Uiery & Cary, for N. Morris, 91 Illinois coarse oxen, 7½ cwt., at 12@14c., and 97 steers, fat top, 7½ cwt., at 13@15c.

P. McCaffrey sold his 102 Illinois steers, 7¼ cwt., at 13½c., and 134 of 7 cwt. at 13@13½c.

H. Meyers run out 88 of 6½@6¾ cwt., at 12½@11c.

F. Samuels sold 132, 6¾@7 cwt., at 12@14c.

W. Seigel had 158, 6½@6¾ cwt., selling at 12@14c.

Toffey & Sons, 64 Cherokees, 4½ cwt., at $64, and 153 Illinois, 6 cwt., at 13c.

W. E. Dudley run out 31 Texans, 6¾ cwt., at 11½@12c., and 139 Illinois, 6½ cwt., at 12½c.

MILCH COWS move slowly, the increased receipts being more than find sale. Trade is very dull. Stock runs rather better in quality, and sales range at $50@$80, one pen averaging about $60.

VEAL CALVES—Countrymen presumed too much upon the cool weather of last week, and now, when Summer heat breaks upon us, it finds the market filled with hog-dressed calves, and no sale for them. They have been turned off by the load, at $1@$3 each, taking no trouble to weigh them. Even then the Sanitary Police came in for a large share. We drop quoting dressed calves, and advise stopping sending them. Live sufer when dressed sell so low, some of the butchers making the latter answer their purpose. We noticed a large lot of them turned out to a butcher at $3 per head. Live are quoted all the way from 5½@6c. for bobs to 8½@9c. for fair to fat State calves, and 9@10½c. for good to prime Jerseys. One lot of 112 State calves, 121 lb, sold at 8c.; 36 at $7 25 each.

SHEEP AND LAMBS—Total for week, 15,876, with 6,960 to-day—19 cars at Communipaw, 14 at Forty-eighth-st., and 3 at Weehawken. This is a moderate supply, but they suffer, in common with beef, from the hot weather and absence of buyers. Prices are rather weaker, when the light run would ordinarily stiffen the market. It will be noticed that sheep are being sold again at Fortieth-st. By dint of hard work, considerable many sheep were sold to-day, clipped at 5½@6c.—few heavy lots up to 7c.—and wool sheep at 5½@6c., viz: By J. N. Pidcock, 334 clipped, Ohio sheep, 84½ lbs., 5½c.; 51 fat, 120 lbs. do., 7c.; 913 wool sheep, 90 lbs., 7½c.; 175 do., 91 lbs., 7½c.; 50 do., 83 lbs., 7½c., and 344 of 95 lbs., 7½c. Total for week, 6,067 at 5¼@5½c., or $6 02 each.

Kase & Co. sold, of clipped sheep, 244 of 83½ lb, at 5½c.; 239 of 82 lb, 5½c.; of wool sheep, 128 Illinois, 82 lb, 6c.; 187 do., 80 lb, 6½c.; 97 Michigan, at 6c., and 185 Illinois, 84½ lb, both lots at 6½c. Total 3,365, at 5½@c. for sheared, and 5½@5½c. for wool sheep, the whole averaging a shade under $5 per head.

Hume & Elliott sold 195 Ohio sheep, 72 lb, 6½c.; 67 Massachusetts, 106 lb, 8½c. Total, 4,728, at $6 45 each.

J. Kirby sold 1,684 at $6 13 average.

McGraw & Reid sold 602 at $5 91.

Lerch & Barnes sold 1,278 at $5 75.

Lambs have declined, with larger receipts, to 15@18c. ⅌ lb.

SWINE—Arrivals for the week only 9,773, with 14 cars at Communipaw and 13 at Fortieth-st. to-day. The receipts are light enough to improve the market, but the reverse is the fact. A general dullness and decline in provisions, cause little demand for hogs, either here or at the West. Live are quoted at 6½@7½c. and dressed at 8@8½c. light pigs barely reaching 9c. *The Chicago Live Stock Reporter* of the 7th inst. thus sums up the trade of March, and hints at the future:

The hog trade of the past month has not for many years been so depressed, notwithstanding the fact that we have never seen the general quality of the supply as good as this season. From the beginning of the month to its close, and to date, the market has steadily declined, prospects every day becoming poorer. The supply has certainly been liberal, but, according to the standard of past seasons, not excessive. Still, it has exceeded the consumptive demand for fresh pork in Eastern and Western cities, and to that extent has been useless except at such prices as cutters may have been disposed to give. We were in hopes from the general aspects of the market in February last that the Spring and Summer trade would be fully up to past averages, but with an ascertained increase of 10 per cent in the number and probable weight of hogs now feeding in the West, compared with the estimate of last year, the general listlessness which characterizes the demand for hog product in the West and the combined determination of Eastern cutters to keep prices down to the lowest point, prospects are far less favorable either for active markets or remunerative prices.
