N. Y. WHOLESALE PRICES OF COUNTRY PRODUCE.

FOR THE WEEK ENDING OCT. 10, 1871.

(Reported for THE N. Y. TRIBUNE by our own Reporter.)

The following are the current rates of articles in good condition, as sold by commission houses, by wholesale. Shippers receive 2 to 10 per cent less deducted for commission, beside freight and other charges. Barrels or packages should be carefully marked with paint, and the initials or private mark of the sender should also be painted upon one end, with a pencil plainly indicating the contents. Nail an invoice or list of the articles upon the upper side of the outer end, and letter by mail one article upon the upper side of the outer end, and letter by mail one article upon the invoice and directions, also stating how and when sent. Clean packages and care in putting up will add much to the value of the produce.

BEANS AND PEAS.

Receipts for the week, 1,25 bbls. beans, or 121 bbls more than last week, corresponding week last year, 1,400 bbls. The demand rule mostly unfavorable, and prices show a slight weakness. Some extra marks have been selling at $2 90, but $2 75 is the best offer to-day, at which price we quote 145 bbls. Red kidneys are generally poor. Prime would sell at $4. Canada Peas are doing better at home, and prices are generally higher. Pea Bean is somewhat variable. We note 50 bbls. in bulk at $1 25, while 100 bbls. free in bbls. sold at $1 24, and 60 do. at $1 25. Southern black eye peas are higher. 150 bags selling at $2 60; sales have been made as low as $2 25. We quote:

There is scarcely anything to change in the butter market. Receipts continue very large—4,200 pkgs to-day—but shippers are operating more freely. They are generally taking a better article and paying higher prices. Its ordinary quality is to-day rather lower than for some days. The consumption or home demand is fair, but it runs almost wholly upon the fine dairies, or fancy ends. Good State dairies of frame and half tubs are selling at 26@28c., with Welsh at 24@26c.—fresh ends a little higher. Shippers are getting a little State, and would take more if they could get a pretty fair article at 20@21c. They are offering 22c. for good, and secure 22 tcs. in and 11 half-tubs at those figures. There is more doing in peaches, a lot of 124 bags Tennessee halves, selling at 35c., to go out of town. The excitement in blackberries continues. Lots are picked up upon arrival, and parties controlling stocks talk of extravagant prices. We note 25 bbls. sold at 17@18c., a lot at 15c., and 100 bbls. at 18c. Rising 1,000 bbls. have changed hands within a fortnight. Huckleberries have declined more than ⅓ ₱ bush. each day during the past week.
