N. Y. WHOLESALE PRICES OF COUNTRY PRODUCE

FOR THE WEEK ENDING OCT. 31, 1871.

(REPORTED FOR THE N. Y. TRIBUNE by our own Reporter.)

The following are the current rates of articles in good condition, as sold by commission houses by wholesale. Shippers receive 5 to 10 per cent less deducted for commissions, beside freight and other charges. Boxes or packages should be carefully marked with paint, and the initials or private mark of the sender should also be painted upon one end, with marks plainly indicating the contents. Mail an invoice or list of the articles upon the under side of the cover, and send letter by mail containing an invoice and directions, also stating how and when sent. Clean packages and care in putting up will add much to the value of the produce.

BEANS AND PEAS.

Receipts for the week, 608 bbls. beans, or 304 bbls. less than last week; corresponding week last year, 590 bbls. Mediums are increasingly firm, the receipts being light. They are advanced 5c., nearly all the choice lots selling at $2 75. Some parties ask $2 80 this p. m. We can count up 230 bbls., in lots varying from 10 to 40 bbls., all at $2 75. Marrows move slowly, the shipping demand being light—286 bbls. last week. The Havana market is lower; we note 15 bbls. at $3; 25 do., $3 20; 20 do. at $3 25, and 30 at $3 25@$3 30, with 37 bbls. very fine, a few days ago, at $3 35. A lot of 11 bbls. pea beans sold at $2 80@$2 90; 10 bbls. red kidney at $3 75; 100 bbls. Canada peas, in bond, at $1 21; 50 bbls. green peas, $4, and 50 bags Southern black-eye at $2 25. We quote:

BUTTER.

Receipts for the week, 16,440 pkgs., or 43 less than last week. Corresponding week last year, 20,734 pkgs. Exports the past week, 3,595 pkgs. There has been a good shipping demand for ordinary butter at 13@15c., with fair to good Western at 18@20c., and some State all the way from 21@26c. Another feature is the advance of Orange County and other fine State pails 5c. directly after our report last week. This advance in pails, with only moderate receipts of strictly fine tubs and firkins, adds 2@3c. to their value. Fine Western also goes quicker, and at rather better figures, but medium and ordinary is not improved. So much butter going abroad—11,138 pkgs. for the month—is likely to be the salvation of the butter trade, at least if it is kept up for a while longer. Total receipts for the month just ended, 90,221 pkgs., against 71,718 same time last year. A few late transactions are, of shipping butter, 250 firkins Ohio at 13c.; 120 firkins Ohio, pretty fair, 16c.; 44 at 13½c.; a small lot State at 22½c.; 150 Welsh, 21½c.; 15 firkins do. at 25c. and 6½c. do. Fine, also to ship, at 26c. For home trade a hard lot of odds and ends at 11c.; a lot Pennsylvania rolls, 13c.; a lot good Michigan butter, 20@22c.; 100 firkins and tubs Ohio, 16@18c.; 15 packages nice Michigan rolls, 22c.; 60 firkins extra mark Ohio, 24c.; 7 State Welsh dairy, 20c.; 1 do., 26c.; 4 dairies fine Delaware County firkins and tubs, straight lots, 30c., with two extra dairies at 34c. and 20 half tubs at 33c. Shippers are fairly at work to-day, and holders are disposed to meet their views, which is doubtless the best thing for the trade. We quote:

CHEESE.

Receipts for the week, 30,015 boxes, or 5,194 less than last week. Corresponding week last year, 36,014 boxes. Exports the past week, 19,797. Corresponding week last year, 30,603 boxes. The Cable advanced to 59s., gold at 111@113. Total receipts of cheese for the month, 176,068 boxes, against 238,664 in October last year. Shipments for the five weeks counted in the month just ended, 106,562 boxes; same time 1870, 124,662 boxes. Our receipts for the present season, beginning with July, are 563,588 boxes; shipments, 369,043. Receipts same time last year, 566,412 boxes; shipments, 748,082. An advance of 2c. abroad had little effect upon this market until near its close this p. m. A heavy failure of an extensive cheese house has doubtless had something to do in the way of keeping down prices. This failure has also had the effect to change the system of credits given at Little Falls, and other country markets, so that cash was required yesterday. Some 8,000 boxes were sold there at 13@13½c. The close here is firm, but shippers do not generally want to exceed 13½c. for fine goods. They did go 14c. for a few fancy factories, to arrive—some 1,400 boxes of yesterday's purchases in the country—and about 200 were sold to the home trade at 14@14½c. We quote:

State Factory, fancy	13½@14	Vermont Factory, good	11½@13

EGGS.

Receipts for the week, 5,709 pkgs., or 1,389 pkgs. less than the previous week; corresponding week last year, 6,394 pkgs. This shows quite a falling off as compared with last year, so far as the present week is concerned, but the 37,629 packages of the past month is 5,000 more than we had in October last year. Limed eggs began early this year, and have continued to come forward strong, holders remembering how badly they did late in the season last year. About one-half the present receipts are limed. They have not improved a particle, but fresh eggs are 1c. higher, good marks of Western selling as well as State. We quote:

FRUITS AND BERRIES.

Apples continue to glut the market, both Fall and Winter fruit arriving freely. Much of the former is somewhat out of order, and sells at $1 50@$2 ¢ bbl.—a car-load Michigan at $1, on which the freight was $1 75. Good Winter fruit is worth about $2 75 by the car-load—choice, $3. Only a few sorts of pears are left, and the Winter varieties show rot. Only a few sorts of grapes are left, and the Winter varieties of Vicars, Winter Nelis, &c., show such ripeness that they have to be sold. Grapes do not improve a particle. They cannot be sold as fast as they arrive, even by putting Isabellas at 3@4c., and Catawbas at 5@7c. A few superior Catawbas reach 8@9c. Cranberries continue to move freely, with a little stiffness in the price, but not enough to warrant marking them up. Three car-loads have been shipped to California. Some California quinces were received, with pears sent from there. They were fine, and brought $2 75@$3 ¢ ½ bush. box. A few late Lawrence pears sold at $8@$10 ¢ bbl. We quote:

Wild ducks vary from 10c. each for poor to 50c. per pair for good mallards. Poultry is lower, both dead and alive, with rather a slow trade. We quote:

$150,000
NEW-JERSEY INVESTMENT
VINELAND RAILWAY BONDS.
$16,000 PER MILE, 7 PER CENT free of tax. Interest due April and October. Principal payable 1890.
The undersigned offers the unsold balance of the first and only mortgage bonds of the Vineland Railway Company, the entire loan being $750,000.
The line begins at the terminus of the New-Jersey Southern Railroad, and extends to the Delaware River; is 47½ miles, and traverses the garden of New-Jersey—almost the entire length passing through a rich and cultivated country, the products of which will be brought to Philadelphia and New-York by this line.
The flourishing towns of Vineland and Bridgeton are on the route.
On the opposite shore of the Delaware River, the Smyrna Road is constructing, and will form a part of a through line to Baltimore.
Thirty-seven miles are now operated, and the remaining ten miles will be laid by September 20.
The road bed is not surpassed in the United States. Traffic is constantly increasing.
The investment is secure beyond question.
For a short time the price will be 89, and accrued interest.
