Read This.

My sincere thanks are due many of my former customers for their kindness in paying their accounts before Christmas. I wish to say to *all*, now, that circumstances, over which I have no control, will make it absolutely necessary for me to collect every dollar due me by the close of the present year.

"Santa Claus."

This is the title of a handsome little quarto sheet for the holidays by the St. Joseph Steam Printing Company. As its prospectus says, it is "published yearly every Christmas, but in case we have two Christmasses the same year, it will be published twice without extra charge." We welcome it into our family as a publication of subperb holiday reading.

The Wood Pile.

The time is past in the West and South when it made no difference how much wood a family burned. Even in regions where wood is abundant, the expense of getting it is a large item of family cost, and people are learning to make their wood pile last as long as possible. There is no agent that aids this economy of fuel so much as a Charter Oak Stove. Try it.

Merry Christmas.

By the time this reaches some of our readers the 1870th annaversary of our Savior's birth will have ushered in, and many will be the glad hearts made joyous by the remembrance of the great event that we celebrate, but especially by the bestowal by friend, parent and lover of numerous nice presents. We hope our patrons will all be bountifully remembered by Old Santa. And should that old gentleman bring more than they know how to dispose of, let them remember their less-favored neighbors.

Festival at Forest City.

The members of Forest City Lodge, A. F. & A. A cordial invitation is extended to the brotherhood and families, and all others that may desire to participate with us.

The Lectures.

On Monday and Tuesday evenings of this week our citizens were treated to a rare literary entertainment by Col. J. H. Warwick. His lecture on "The New Nation," was full of historic merit, and vividly called to mind the earlier as well as the more recent struggles of our people for a national existence. His happy allusions to the heroic deeds under the Stars and Stripes were received with applause by the many, but gave considerable offense to a few of the "unreconstructed" persuasion. Every allusion to the American Flag offends these people, for they are not entirely weaned from the "Stars and Bars."

The lecture the second evening—"An evening with Shakespere and the Poets,"—was attentively listened to and universally admired. The speaker introduced many splendid selections from Shakespere's plays, of "Lear," "Macbeth," "Merchant of Venice," &c.; and from the minor Poets, "Rock me to Sleep," "The Vagabonds," "The Beautiful snow," "Over the River," closing with the great Irish poem of "Shamus O'Brien."

Owing to the extremely cold weather, scarcety of money or want of taste, the attendance at these lectures were small, and the receipts, we regret to say, were consequently smaller than the expenditures. We have suggested three probable causes for the small attendance, but are lead to believe the last the true one, as we are satisfied a minstrel troop, magician, or some "great show" would have succeeded in drawing crowded houses. The Library Association, feeling confident that they would be sustained by the people at large, engaged the lecturer at a cost of $40 per night. Their misjudgment in the tastes and liberality of our people will, we fear, prove a dear lesson, and cause them to be more cautious in the future.

Does He Think of Emigrating?

The Atchison (Kansas) *Champion*, of Tuesday of last week, has the following significant "local item:"

We were pleased to receve a call yesterday from A. B. Cornel, Esq., editor of the Maryville (Mo.) *Journal*. He thinks of locating with a colony in some one of the western counties of Kansas. He will go West to-day, to look out a location.

The above will be news to many people in Nodaway county, who will be grieved at the very thought of separation from the genial editor of the *Journal*. We sincerely regret to hear of our venerable friend's intention to quit Missouri. His amiable disposition toward his colleagues of the press and statesman-like manner he treats political issues, has greatly endeared him to the reading public. Should he succeed in successfully planting a colony in the virgin soil of Kansas and run the *Journal*, we hope he will put us on his exchange list.

German S. S. Christmas Concert.

Saturday evening at 7 o'lock, the German Methodists of this place will hold a concert in connection with the Sunday School Christmas Annaversary, which promises to be an occasion of considerable interest. Besides the fine large Christmas Tree, brilliantly illuminated and hung full with beautiful presents for the children, there will be a full programme of choice English and German songs and speeches. The preparations for the musical and vocal performances, under the lead of Philip Rostock, give a guarantee that the concert will be well worth attending.

Admission, 25 cents; children, 10 cts.

Personal.

Col. J. H. Warwick, accompanied by Mr. Clarke Irvine, favored us with a call. The Colonel is as highly entertaining in private as we found him to be in public. He is on a lecturing tour through Missouri and Nebraska.

—Mr. A. N. Ruley, editor of the Hiawatha (Kansas) *Dispatch* also called on us. He represents everything in a prosperous condition over in Kansas.

The Great Pictorial Annual.

Hostetter's United States Almanac for 1871, for distribution *gratis*, throughout the United States, and all civilized countries of the Western Hemisphere, will be published about the first of January, in the English, German, French, Norwegian, Welsh, Swedish, Holland, Bohemian and Spanish languages, and all who wish to understand the true philosophy of health should read and ponder the valuable suggestions it contains. In addition to an admirable medical treatise on the causes, prevention and cure of a great variety of diseases, it embraces a large amount of information interesting to the merchant, the mechanic, the miner the farmer, the planter, and professional man; and the calculations have been made for such meridians and latitudes as are most suitable for a correct and comprehensive NATIONAL CALENDAR.

The nature, uses, and extraordinary sanitary effects of Hostetter's Stomach Bitters, the staple tonic, and alterative of more than half the Christian world, are fully set forth in its pages, which are also interspersed with pictorial illustrations, valuable recipes for the household and farm, humorous anecdotes and other instructive and amusing reading matter, original and selected. Among the Annuals to appear with the opening of the year, this will be one of the most useful, and *may be had for the asking*. The proprietors, Messrs. Hostetter & Smith, Pittsburgh, Pa., on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood. The Bitters are sold in every city, town and village and are extensively used throughout the entire civilized world.

THE BREVITY OF LIFE.

"'Tis not for man to trifle, life is brief,
Our age is but the falling of a leaf.
We have no time to sport away the hours,
All must be earnest in a world like ours.
Not many lives, but one have we,
How sacred should that one be."

And still how many fritter away their lives, unable to fill any useful purpose, because some lingering disease mults them for it, and they neglect or refuse to use the remedies within their reach. Gift in his wonderful arrangement of nature has provided an antidote for all the ills that human flesh is heir to, and by the aid of science the medicinal virtues of certain herbs, roots and barks have been combined, and the result is now known all over the civilized world as *Mishler's Herb Bitters*. It thoroughly purifies the blood, invigorates the nervous fibres, elevates the standard of all the vital forces, and sustains a most healthful tone of the entire human organization. Sold by all druggists and dealers. Dr. S. B. Hartman & Co., Proprietors, Pa.

HELMBOLD!

TO PHYSICIANS.

NEW YORK, August 15th, 1868.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The component parts are, BUCHU, LONG JAMAICA, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo, Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this its active principle; leaving a dark and unpleasant secretion. Mine is the color of its ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection it will be found not to be a Tincture, as made in Pharmacopeia, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exists. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of profound confidence,
I am, very respectfully,

H. T. HELMBOLD,

Chemist and Druggist of 19 years experience.

(From the largest Manufacturing Chemists in the World.)

Jersey City, November 4, 1868.

"I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

WILLIAM WEIGHTMAN,

Firm of Powers and Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

HELMBOLD'S

Fluid Extract

BUCHU

For weakness arising from indiscretion, the exhausted powers of Nature which are accompanied by so many alarming symptoms, among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forebodings of Evil; in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyment of society.

The Constitution

once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If so much be submitted to, Consumption or Insanity ensues.

HELMBOLD'S

FLUID EXTRACT OF

BUCHU

is a Medicine peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Validism, or Suppression of Customary Evacuation, Ulceration of the Stricture, State of the Uterus, and all complaints incidental to the sex, or the reverse of circumstances.

HELMBOLD'S

Fluid Extract of Buchu

AND

IMPROVED ROSE WASH

will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely supersedding those unpleasant and dangerous remedies, Copaiva and Mercury, in all those diseases.

USE

HELMBOLD'S

Fluid Extract Buchu.

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. Helmbold's Extract Buchu is the great Diuretic.

Sold by Druggists everywhere. Price $1.25 per Bottle, or 6 Bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

Harper's Magazine.

Notices of the Press.

No more delightful articles are printed in the English language than appear perpetually in Harper's Magazine. They are read with equal interest and satisfaction by men of every grade from eighteen to eighty. Its scientific papers, while sufficiently profound to demand the attention of the learned, are yet admirably adapted to the popular understanding, and do much to diffuse correct information concerning current scientific discovery as it could be if it was the organ of the Society for the Diffusion of Useful Knowledge." The great design of Harper's is to give correct information and rational amusement to the great masses of the people. There are few intelligent American families in which Harper's Magazine would not be an appreciated and highly-welcome guest. There is no monthly magazine an intelligent reading family can less afford to be without. Many magazines are accumulated—Harper's is edited. There is not a magazine that is printed which shows more intelligent pains expended on its articles and mechanical execution. There is not a cheaper magazine published. There is not, confessedly, a more popular magazine published in the world.—New England Homestead.

It is one of the wonders of journalism—the editorial management of Harper's.—The Nation, N. Y.

Notices of the Press.

The model newspaper of our country. Complete in all the departments of an American Family Paper, Harper's Weekly has earned for itself a right to its title, "A Journal of Civilization."—N. Y. Evening Post.

Harper's Weekly is the best and most interesting illustrated newspaper. Nor does its value depend on its illustrations alone. Its reading-matter is of a high order of literary merit—varied, instructive, entertaining, and unexceptionable.—N. Y. Sun.

Harper's Bazar.

A supplement containing numerous full-sized patterns of useful articles accompanies the paper every fortnight.

Harper's Bazar contains 16 folio pages of the size of Harper's Weekly, printed on superfine calendered papers, and is published weekly.

Notices of the Press.

Harper's Bazar contains, besides pictures, patterns, etc., a variety of matter of especial use and interest to the family; articles on health, dress, and housekeeping in all its branches; its editorial matter is specially adapted to the circle it is intended to interest and instruct, and it has stories, good stories and literary matter of merit. It is not surprising that the journal, with such features, has achieved in a short time an immense success; for something of its kind was desired in thousands of families, and its publishers have filled the demand. The young lady who buys a single number of Harper's Bazar is made a subscriber for life.—New York Evening Post.

The Bazar is excellent. Like all the periodicals which the Harpers publish, it is almost ideally well edited, and the class of readers for whom it is intended—the mothers and daughters in average families—can not but profit by its good sense and
