"THE EVER READY AND NEVER OUT OF ORDER"

HOMESTEAD $20 LOCK STITCH SEWING $20 MACHINE

For Domestic use.

With table and fixtures complete, reduced to only $20. A perfect and unequaled, large, strong and durable machine, constructed elegant and solid, from the best material with mathematical precision, for constant family use or manufacturing purposes. Always ready at a moments notice to do its day's work, never out of order, and will last a generation with moderate care; easy to understand and manage light, smooth and swift running, like the well-regulated movement of a fine watch; simple compact, efficient and reliable, with all the valuable improvements to be found in the highest machines, warranted to do the same work the same way, and as rapid and as smooth as a $75 machine. An acknowledged triumph of ingenious mechanical skill, essentially the working woman's friend and far in advance of all ordinary machines, for absolute strength, reliability and general usefulness; will hem, fell, tuck, seam, quilt, bind, braid, cord, gather, ruffle, shirr, plait, fold, scallop, roll, emboss, run up breadths, &c., with wonderful rapidity, beatness and ease, sews the strongest lasting stitch equally fine and smooth through all kinds of goods, from cambric to several thicknesses of broadcloth or leather, with fine or coarse cotton, linen, silk or twine. Gives perfect satisfaction. Will earn its cost several times over in a season in the work it does, or make a good living for any man or woman who desires to use it for that purpose; works so faithful and easy and servants or children can use it without damage. Price of machine with light table fully equipped for family work $20. Half case, house, side drawers and cabinet styles each at correspondingly low rates. Safe delivery guaranteed. Free from damage. Explanatory pamphlets illustrated with engravings of the several styles of machines, references, variety of sewing, &c, &c., mailed free. Confidential terms with liberal inducements to enterprising clergymen, teachers, business men, traveling or local agents, &c., who desire exclusive agencies, furnished on application. Address John H Kendall & Co. 421 Broadway New York. 20-1y.

Money One Hundred Years Ago.

One hundred years ago students at Harvard College paid their tuition with live stock and provisions. The currency of the Pilgrims was the first issue of paper money in this country. During the war of Queen Anne a paper currency was established, known as Queen Anne's war currency, which soon became worthless. In 1755, Virginia issued a paper currency, previous to which the clergy were paid in tobacco. In 1715, John Coleman established a bank in Massachusetts, with land for capital and began the issue of loans. Other colonies followed, and the amount of loans by the colonies finally reached to millions, which the mother country paid off at reduced rates to save the credit of the colonies.

In 1775, Congress issued paper money to the amount of $300,000 to be redeemed in coin in three years. The colonies or States also issued paper money, and soon the whole volume of State and National currency amounted to $12,000,000

This money was taken without much question at first, and those who refused it were stigmatized as unpartriotic; but in the following year it began to decline, and in 1780 it was worth almost nothing. A barber shop in Philadelphia was plastered all over with Continental money, and dogs were tarred, stuk over with the same shinplasters and let out to run the streets for the public amusement. To Robert Morris is due the salvation of the Revolutionary. He lent his private fortune and credit to the government, and when all his money was gone and his credit had been liberally used, Washington said he must raise more money to carry out a war measure, the perfection of which only waited for the money, Morris, therefore, issued his own notes for $1,400,000. Washington gained the battle of Yorktown, and Cornwallis surrendered. Every one of these Morris notes were subsequently redeemed. In 1792 the Band of North America was established at Philadelphia, with a capital of $400,000. This was the first bank of the National Goverment.

PRICELESS DISCOVERY

A Sure Cure for Piles.

A Sure cure for the blind, bleeding, itching and ulcerated piles has been discovered by Dr William, (an Indian remedy), called Dr. William's Indian Ointment. A single box has cured the worst old chronic cases of twenty-five and thirty years' standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. William's Ointment supports the tumors, allays the intense itching (particularly at night after getting warm in bed), acts as a poultice, gives instant and painless relief, and is prepared only for Piles and nothing else. Thousands of cured patients attest its virtues, and physicians of all schools pronounce it the greatest contribution to medicine of the age. It matters not how long or severely you have been suffering, you can be cured.

Mr. Joseph R. Ryper, Cleveland, Ohio, writes: I suered for years with itching and ulcerated piles, tried remedy after remedy without relief, until I obtained a box of Dr. William's Indian Ointment some four months ago and it cured me completely. It is certainly a wonderful discovery, and should be used by the many thousands who are now suffering with that dread disease.

☞ $10,000 Reward will be paid for a more certain remedy. Held by all druggists. Dr. G. W. Frazier, sole proprietor, Cleveland, Ohio.

AS THE BEST FAMILY SEWING MACHINE.

Its competitors receiving only an award for some special feature of their machines.

The World-renowned Wilson Shuttle Sewing Machine

Has Unlimited Capacity to do all kinds of Family Sewing and Manufacturing.

ITS PATENT AUTOMATIC "CUT OFF" on the hand wheel prevents the machine from running backwards, and obviates the necessity of taking the work from the machine to wind thread on the bobbins, which must be done with all other Sewing Machines, to the great annoyance of the operator, especially in tucking, hemming and ruffling. It does one-third more work in a given length of time than any other Sewing machine.

WITH EVERY MOTION of the FOOT the MACHINE MAKES SIX STITCHES.

Three Wilson Machines will do as much work in one day as four other Machines.

It requires no special instructions to use it; an Illustrated Direction Book is furnished with each machine.

IT CANNOT GET OUT OF ORDER, AND THE ADJUSTMENTS ARE ABSOLUTELY PERFECT.

A properly executed Certificate is furnished with each machine, guaranteeing to keep it in repair, free of charge, for five years. Machines sold on easy terms of payment, and delivered, free of charge, at any Railroad Depot in the United States where we have no Agents.

What Others Say.

(Herald, St. Joseph, M., 13, 1877.)

The "White" Shuttle Sewing Machine is the first instrument seen in Floral Hall on entering from the cars. They are fast becoming the favorite in this section. For heavy sewing they have no rival; the arm giving space enough for the heaviest goods to pass under, while in fine work they do their work with a rapidity and noiselessness perfectly astonishing. We find here seven different styles of Machines—varying only in the finish; all are equally good and, we believe, as near perfection as the much improved sewing machine can be. These peerless Machines can be bought at prices ranging from $25 to $40. Those in search of a cheap, durable and perfect Machine can do no better than to examine and purchase these Machines.

(Landmark, Platte City, Mo., September 8, 1877.)

B. Whiteley, General Manager of the "White" Shuttle Sewing Machine is on the Fair Grounds, and making a very fine display of the different varieties of his Machine. Mr. Whiteley has met with unprecedented success in our country and section, and we have yet to hear a word of dissatisfaction expressed in regard to what he claims for the "White." In fact many for our citizens are exchanging other and standard Machines for the "White," feeling satisfied that it is the best as well as the cheapest. Owing to the unprecedented number of orders coming in, Mr. Whiteley has been compelled to appoint an extra agent for this county, and no machine agent will come in competition with the "White"—in fact, this Machine is carrying by storm everything in the shape of a Sewing Machine, that comes in contact with it.

If you want to examine or buy one of these machines call on or address,
