Care of Growing Chicks During Warm Weather.

The care of growing chicks, especially during warm weather, is most important, say specialists of the United States Department of Agriculture. Every boy or girl member of a poultry club should give them the best of attention if success is to be had. The baby chicks may be smart little fellows from strong, vigorous parent stock, and they may have been brooded carefully for the first two or three weeks, but unless they receive proper care and management during their later growing period they will not develop, and many of them will be lost through disease or sickness. The chief essentials to proper growth are good coops or houses, cleanliness, proper feed and water, shade, and free range.

Every coop and poultry house used for growing chicks should be kept clean at all times. Sickness or disease starts usually in unclean quarters, and in such places lice and mites are always more plentiful. Coops and houses should be cleaned and sprayed once a week, and clean shavings, chaff, or sand put on the floor. Examine the chicks and houses often for lice and mites, and if found they should be got rid of at once by following the directions in Department Circular 16, Lice, Mites, and Cleanliness which may be had, free, upon application to the Division of Publications, United States Department of Agriculture.

A variety of feeds, with fresh, clean water, is necessary if chicks are to grow properly. Perhaps the three most necessary for rapid growth are grain feed, green feed, and dry mash. Poultry specialists of the department say that in addition to green feed and dry mash, which should be provided regularly, a grain mixture should be fed night and morning, giving as large a quantity as the chicks will eat clean, but no more. A good grain mixture for growing chicks consists of 3 parts cracked corn, 2 parts wheat, and 2 parts hulled oats. When available, kafir or rolled or hulled barley may be substituted for hulled oats. In localities where hulled oats, kafir, or rolled barley can not be obtained, or is too expensive, a mixture of cracked corn and wheat only may be fed until the chicks are old enough to eat whole oats, when 2 parts oats may be added to the corn and wheat mixture.

President Harding's first nomination of a woman to be collector of customs was sent to the senate a few days ago, when he named Jennie P. Musser to be collector at Salt Lake City, Utah.

Are YOU too worn out to succeed?

Nothing will turn ambition into ill-tempered laziness quicker than constipation. And nothing will render the body more liable to dangerous diseases than this same poisonous condition.

Don't be constipated! It isn't safe! It isn't sensible! It isn't necessary! Be well—but don't rely on ordinary laxatives to help you. Try instead the newest scientific treatment for constipation—

RICH-LAX

This preparation not only overcomes constipation, but it does away with all the nausea, cramping and deranged digestion caused by ordinary laxatives.

Guaranteed at Our Store. We are so sure that Rich-Lax will please you that we want you to come to our store and get a bottle and try it entirely at our risk. If it doesn't suit you, if it isn't the best laxative medicine you ever used, simply tell us so and we will promptly refund the full purchase price.

Providing a civil service system in cities of 100,000 inhabitants or over.

Extension and enlargement of Angola Conviet Farm.

Appropriations to pay $102,500 borrowed by the Constitutional Convention.

The Legislature will have the full powers of a regular session and will have authority to enact laws on any other subject that it may see fit.

Biliousness and Constipation.

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally,' writes Mrs. Rosa Potts, Birmingham, Ala.—(Adv.)

By a vote of 305 to 61, the house passed the Porter resolution terminating the state of war between United States and the Central Powers. Only one Republican voted "no" on this strictly Republican measure. Forty-nine Democrats joined the Republicans in voting in the affirmative.

CIVIL SERVICE EXAMINATIONS.

Opportunities to Qualify for Federal Government Positions.

The United States Civil Service Commision announces examinations for government service in New Orleans; July 12, stenographer and typewriter, all services.

For the following positions no written test is required, the grade in the examination being determined largely by experience and like considerations, and applications will be accepted until the dates stated: July 12, field manager, $2000 or over a year; foreman mechanic, $1800 to $2000 a year, air mail service; July 19, pharmacologist, $2500-$3000 a year, bureau internal revenue; July 26, animal husbandman, $1800-$3000, bureau of animal industry; dairy manufacturing specialist, $2500-$3500, dairy division, bureau of animal industry; electrolytic plate finisher, $6.40 per diem, bureau of engraving and printing; lithographic transferrer, $1200 a year, weather bureau; specialist in charge of land-grant college statistics, $1800 a year, bureau of education; August 2, tinner, $1100 a year; October 1, instrument maker, for filling vacancies under various departments, salary ranging from $1400 to $1800 a year.

Application blanks and necessary information concerning any of these places to be filled may be secured from the Civil Service Commission, Washington, D. C., or from the secretary, tenth civil service district, customhouse, New Orleans, La. Circulars may be seen at the office of The Chief.

Who Will do the "Common Labor?"

At the present time there is a lot of unemployment in the country, and congress has listened to the demands for immigration restrictions that will keep foreign labor out of the United States, says the Monroe News-Star. Aside from the question of being "flooded" with this class of new citizens the more important issue is their competition with our own laboring classes. It was quite a different matter during the war. When there was not enough men in the country to do the labor of the mines and factories, there actually existed a strong sentiment that was voiced in the public press, favoring more immigration. The incoming foreigners were not then considered as competitors in the fields of labor, and therefore there was only small objection to their admission to our shores. Today it is different. The facts go a long ways towards demonstrating that the industrial situation rather than Americanization sentiment rules the situation. This may not be right—nevertheless it is not the first time we have been [illegible] that "facts are stubborn [illegible]

In Richmond, Va., at the recent meeting of the Women's Missionary Council of the Southern Methodist Church, the report of the Commission on Race Relationships was received with vivid interest. A Splendid Medicine for the Stomach and Liver.

"Chamberlain's Tablets for the stomach and liver are splendid.. I never tire of telling my friends and neighbors of their qualities," writes Mrs. William Vollmer, Eastwood, N. Y. When bilious, constipated or troubled with indigestion, give them a trial. They will do you good.—(Adv.)

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me.

"I saw after taking some Cardui . . . that I was improving. The result was surprising. I felt like a different person.

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me . . . My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments.
