GENERAL MARKET REPORT.

FRIDAY, April 17, 1874.

ASHES—The receipts to-day are 41 pkgs. Pots are very quiet and values are unchanged; quoted at 6¾c. Pearls are neglected.

BEESWAX—The market is firm, and all arrivals are readily taken up at quotations. The ruling prices, however, are above shippers' limits, and the demand is principally from bleachers and druggists. We quote Western at 34½@35c., and Southern at 33@36c.

BROOM CORN AND BROOMS—Corn is steady, with little or no inquiry; we quote New Green Hurl at 8@11c.; New Green Brush and Stalk Braid at 7@10c., and New Red and Red-Tipped at 5@8c. Brooms are rather more inquired after, but prices are steady.

COTTON—There was a good demand for spot Cotton, chiefly from exporters, and with a further falling off in the receipts at the ports, and a strong market at Liverpool, holders have decided advantage and have advanced their views ¼c. ⅌ lb. We quote as follows:

	Orleans.	Alabama.	New-Orleans.	Texas.
Ordinary.....	13¾	13¾	13¾	13¾
Good Ordinary.....	15¾	15½	15¾	15¾
Strict Good Ordinary..	16½	16¼	16 7-16	16 7-16
Low Middling.....	16½	16⅜	16⅜	16⅜
Middling.....	17½	17⅜	17⅜	17⅜
Good Middling.....	18¾	18⅝	19⅛	19⅛

The quotations are based on Cotton in store, running in quality not more than half a grade above or below the grade quoted.

FREIGHTS—The business in berth freights was on a restricted scale to-day, with steamer room scarce and held for advanced rates, but sail room in fair supply and but little wanted. Vessels for charter continued in active request from the Grain trade at advancing rates, but for other purposes were quiet and but little sought after. The engagements were: To Liverpool, by an outside steamer, 50 tons Oil Cake at 28s. 3d.; 40 bbls. Tallow at 32s. 6d.; by sail, 8,000 bush. Grain at 8¼@8¾d.; 16,000 bush. do. at 8½@9d.; 200, bales Cotton, 7-32d.; to London, by sail, 4,000 quarters Grain at 9¼d.; to Dublin, by steam, 100 bbls. Rosin at 5s. The charters comprise a Norwegian bark, hence to Havre, with 3,000 quarters Grain, one-third bags, at 7s.; a Norwegian bark, with 2,700 quarters do., same voyage and rate; an Italian bark, hence to Cork for orders, and United Kingdom with 3,800 quarters grain at 7s.; a Norwegian bark, with 2,400 quarters do., same voyage, at 7s. 3d.; a North German bark, with 3,600 quarters do., same voyage and rate; an Austrian bark, with 4,000 quarters do., same voyage and rate; an Austrian bark with 3,400 quarters do., same voyage and rate; a Norwegian bark (now at Fortress Monroe), with 4,000 quarters do., same voyage and rate; an Italian bark, with 2,500 quarters, another with 3,000 quarters, and another with 3,500 quarters, same voyage, at 7s. 6d.; a Norwegian bark, hence to Helsingford (Russian Baltic), with 1,900 barrels refined petroleum, at 6s.; a British bark (reiet), from Philadelphia to the Continent, fall range, with 2,500 barrels refined do., on private terms.

GRAIN—The Wheat market opened better under the favorable news from Europe and moderate receipts; the demand is brisk for export; the market closes stronger and fairly active; the absence of a good supply of straight No. 2 Spring checks business, and the absence of teonage aids to the dullness; Winter is stronger and fairly active; the sales are 113,000 bush. at $1 53@$1 67 for Ungraded Iowa and Minnesota; $1 68 for No. 1 Chicago Spring; $1 59@$1 61½ for No. 2 do.; $1 63½@$1 65 for No. 2 Milwaukee; $1 68@$1 71 for No. 1 do.; $1 70 for Red Western, in store; $1 73@1 75½ for Amber do.; $1 80 for White Michigan; included in the sales are 40,000 bush. No. 2 Milwaukee, on the coast, at $1 58. Barley is quiet, but steady; sales of 2,000 bush. Prime Two-rowed State at $1 75, and 5,500 bush. Canadian at $1 55, in store. The sale of Inferior Two-rowed State alluded to in our last should have read $1 50, not $1 90, as misprinted. Barley Malt is steady; quiet; sales of 2,000 bush. Two-rowed State at $1 80. Oats are less active and easier; the sales are 27,000 bush. New Iowa Mixed at 60@62c.; White at 63½@65½c.; Western Mixed at 60@63c.; White at 63½@65½c.; State Mixed at 60@62c., and White at 63@64½c. Rye is strong and fairly active; the sales are 8,000 bush. State, to arrive soon, at $1 14. Corn is less active, is tame, and very quiet at yesterday's prices; the sales are 112,000 bush. Western Mixed at 87@90c., and Old at 90@91½c.; do. White at 88@90c.; do. Yellow at 91@92c.; Southern Yellow at 91@91½c.; do. White at 91@92c.; included in the sales are 8,000 bush. Old Mixed, on the coast, at 90c.

GUNNIES—The market is dull and prices have a downward tendency; we quote 12@12½c. for heavy averages of Domestic Cloth; 9½c. for Calcutta; 12½c. for Borneo, and 13c. for Bags.

HEMP—Manila is without further transactions, and quoted nominally at 9½@10c., gold. Jute Butts dull at 3½@3¾c., do. Jute Butts quiet at 2 9-16@2⅝c., currency.

HOPS—There is only a limited demand; prices are again lower, and the market closes weak. We quote:

	Cents ⅌ lb.		Cents ⅌ lb.
American, new, good to choice.....	25@30	Bavarians (genuine).....	25@30
American, new, low to fair.	10@20	Bavarians (patent).....	23@29
Yearlings.....	18@25	English.....	20@25
Olds.....	8@15	Belgians (nominal).....	19@22
		Californians.....	28@38

We clip the following from Messrs. Emmet Wells's Weekly Hop Circular of this date: Market weak and declining. Prices irregular and unsettled; 30c. is now the outside cash price for the best Hops in market, excepting Californians, choice parcels of which bring 38c. The demand is very limited, and when holders show any disposition to force business, lower figures than we quote have to be accepted; but when bona fide orders come in for Hops full prices can be realized. We make a slight reduction in our quotations this week in conformity with actual transactions, though nearly all quotations must for the moment be considered nominal. There is literally no life to the trade, and nothing at the present time gives us hope for a better market. The majority of holders in the interior are about as firm as ever in their views, and show no disposition to accept present ruling prices. There has been considerable talk about the roots having suffered by the severity of the past Winter, and many growers are doubtful anticipating a better market in consequence.

Domestic receipts for the week.....	267 bales.
Total receipts since Sept. 1, 1873.....	19,799 bales.
Total receipts for same period in 1872.....	21,545 bales.

LIVE STOCK MARKETS.

NEW-YORK, April 17.—BEEVES—To-day's receipts, all at Jersey City, were 24 cars, or 370 head, making 4,176 for the last four days, against 2,618 for the same time last week. The fresh offerings were of better than average quality and well suited to the demand at this season, but with a glutted dressed meat market and unfavorable weather the trade was decidedly against the selling interest, and it required the temptation of a further material reduction in prices to effect sales. A few of the choicest steers, that would certainly make 50 lb and 60 lb to the cross cut, were sold at 12½c., to dress 58 lb, and good, fresh butchering cattle of strong 7 cwt. average went at 11c. ⅌ lb. to dress 57 lb.

A. M. Fuller had 117 good Missouri cattle, 7½ cwt. average, selling at 11@11½c. ⅌ lb so far as sold, with the tops holding from 12@12½c.

H. Meyers sold for Allerton & Co. 107 Missouri steers, 6¾@8¼ cwt., at 11@12½c. ⅌ lb, with a car-load of the best steers holding for 12½c.

D. G. Culver, for Allerton & Co., 111 Missouri steers, 8 cwt. average, at 11¼@12½c. ⅌ lb, to dress 57 lb and 58 lb, including a car-load at 12½c., to dress 58 lb, and $1 ⅌ head.

M. Goldsmith, for Morris, Waixels & Co., 75 Illinois steers, 7½@8¼ cwt., at 11¼@12½c.; 16 do., 7¾ cwt., at 12c., to dress 58 lb; 51 do., 7¾ cwt., at 11¼@12½c.; 18 do., 6¾ cwt., at 11½c., and 18 do., 7 cwt., at 11½c. ⅌ lb, and $1 ⅌ head.

D. Wickert, for Morris, Waixels & Co., 48 Illinois steers, 7¼ cwt., at 11½c. to dress 57 lb.

The cost of fair to prime shipping steers in Chicago yesterday was $5 30@$6 40 ⅌ 100 lb, live weight—a decline of about 30c. ⅌ 100 lb since Monday last.

CALVES—Fresh arrivals were 350 head, making 1,734 for the last four days, against 1,824 for the corresponding time last week. The market was tame and dull at previous quotations, or 5@7c. ⅌ lb for poor to prime milk-fed. Hunter & Elliott sold 33 State teals, 129 lb average, at 8½c. per lb., and 42 do., 109 lb, at 7½c. Wright & Co. sold 43 State calves, 116½ lb average, at 7c. ⅌ lb.

SHEEP—Receipts were 7 cars at Jersey City, 4 cars at Portlieth-st., and 2 cars at Forty-eighth-st., a total of 13 cars, or 2,749 head, making 8,223 for the last four days, against 9,735 for the same time last week. Something more than one-half of the fresh offerings were clipped Ohio sheep of fair to good quality. The unshorn sheep were not generally good, and 1 car-load was especially poor. A worse market for the selling interest has seldom been known here. Buyers regarded a bid of 7½c. ⅌ lb for good unshorn sheep as a special favor for the seller, and 8¼c. ⅌ lb was an outside price for strictly prime, while the poorest lot of unshorn sheep went at 5c. ⅌ lb, and ordinary to good clipped at 5½@6¾c. More than one-half of the receipts remained unsold.

Judd & Buckingham sold 200 unshorn Ohio sheep, 66 lb average, at 5c. ⅌ lb; 178 do., 81 lb, at 6⅝c.; 159 do., 81 lb, at 6⅝c., and 195 clipped do., 83 lb, at 6⅜c.

Philip Lerch sold 708 clipped Michigan sheep, 85 lb average, at 5⅞c. ⅌ lb.

J. N. Polesek sold 68 Illinois sheep, 96 lb average, at 5c. ⅌ lb; 155 Ohio, 94 lb, at 5½c.; 20 Jersey ewes, 80 lb, at 4½c.; and 9 Jersey lambs, 45 lb, at 16c. ⅌ lb.

Barney Kelly sold 350 Illinois sheep, 90 lb average, at 7½c. ⅌ lb.

Hume & Elliott sold 18 State yearlings, 70 lb average, at 8½c. ⅌ lb.

SWINE—Receipts were 16 cars, or 2,187 hogs, making 17,429 since our last report. The market was Monday, against 18,774 for the same time last week. The market was firmer and higher. T. H. Reed sold 142 Ohio hogs, alive, 143 lb average, at 5⅞c. ⅌ lb, and more than 5c. ⅌ lb could have been obtained for good corn-fed hogs. Dressed hogs were scarce, and advanced to 7¾@8c. ⅌ lb.

ALBANY, April 17.—CATTLE—The market opened dull; receipts, 528 car-loads, but 12 cars less than last week; what few sales made show a decline of ½c. ⅌ lb, live weight; milch cows, $52@$55.

SHEEP AND LAMBS were dull, with ½c.
