HOPS—There is very little change in the market to note; prices continue to rule firm; holders are more or less encouraged notwithstanding the stock trade for consumption. English advices are firm; we quote sales of 230 bales of Washington Territory at 13c. sold for shipment East. We quote:

NAVAL STORES—Rosin is more active with prices steady; sales of 2,200 bbls. Strained at $2 35, 100 bbls. Good do. at $2 50, 200 bbls. at $2@$2 75, and 150 bbls. Pale at $7. Spirits Turpentine is inactive with values formerly held; we have only to note 50 bbls. sold late last evening at 36c. Tar and Pitch are dull with unchanged prices.

PETROLEUM—The market for Refined is less active, and values without material change quoted at 11@11⅛c.; sales of 2,500 bbls. deliverable on the 20th at the inside figure. Cases are dull and steady at 17c. Crude is firm with only a light business doing; we quote at 5½c. for spot and future delivery; sales of about 1,000 bbls. at rate mentioned. Naphtha quiet at 10½c. At Philadelphia the market is inactive and steady at 10⅞c. Advices from the Creek denote a quiet market, with figures without quotable change.

PROVISIONS—The Pork trade the past week has been very quiet, the extreme prices current and the occurrence of our annual elections have partly restricted business, and there is an absence of our usual speculative inquiry for future delivery. This is not surprising when the condition of the country and the extreme high prices which prevail are considered. It is very apparent to all that present prices are unsafe as a basis of operations for the future; the purchasing power of the country, it is very plain, is much below even that of last year. Last year the demand from lumbermen was quite heavy, but the prospect is now they will not consume above half of that of last year, and the demand for ships' use is certain to fall off greatly. It is very plain the wants of Europe will be much less than last year; this is especially true of Great Britain, and to some extent true of Germany. We cannot look for a healthy trade in any staple article until business improves and consumers have the means to live as formerly. The great political revolution in the country of late cannot avail to restore confidence, because the members of Congress elected do not take their seats until March next, hence little good can be looked for in that direction during the Winter. It is very evident that the slaughter will commence very late and will be protracted. The business of the week has been chiefly confined to Mess—indeed there is very little else here. Our stock of Mess has been reduced during the month 7,783 bbls., notwithstanding the liberal arrivals during that time, showing a remarkably good export trade, as the bulk of it was taken for the British Colonies and French and Spanish ports in the West Indies, and Central America, though the trade with the Southern States was quite active. In Prime Mess nothing has been done; present prices are much above shippers' limits, and values are uncertain. To-day the Pork market is less active and lower; sales of 250 bbls. Mess at $19 50; 150 bbls in lots at $19 50@$19 60; 250 bbls. Mess, seller, November at $19 50. Beef is in fair demand, though prices favor the buyer under more liberal receipts; sales of 75 bbls. $19 25@$19 50 for Plain Mess; $12 50@$13 for Extra do.; $18@$19 25 for Packet, and $18 for Family. Beef Hams are steady but quiet; sales of 25 bbls. at $22@$23. Tierce Beef is in moderate demand and steady; sales of 50 tcs. City Extra India Mess at $26. Cut Meats are very active and prices are rather weaker for fresh; sales of 12,000 pieces at 6c. for Fresh shoulders; 8¼c. for Pickled do.; 9⅝c. for Smoked do.; 9@9½c. for Fresh Hams; 11c. for Pickled do.; 13@13½c. for Smoked do.; 9⅛c. for Pickled Bellies; also 30,000 lb Cured Bellies in bulk, 10@10¼c. and 35,000 lb Pickled do. on private terms; 75 boxes Clear Bellies, 12½c. Bacon is firmer and in limited supply; sales of 350 boxes City Long Clear at 10¼@10⅜c.; 150 boxes Long Clear for Saturday's steamer, 10⅛c.; 1,500 boxes English Middles at the West, various cuts, 8¼c. Dressed Hogs are more plenty and weaker at 8¼c. Lard is less active and easier for the future, but strong on the spot; sales of 225 tcs. Western at 14⅜@14½c.; for Old Western among 150 tcs. at 13⅞@14c.; for New do., 225 tcs. City, 13⅞@14c.; For future delivery, we hear of 250 tcs., seller November, 13¾c.; 500 tcs., seller December, 12 7-16c.; 3,000 tcs., seller January, 12 7-16@12⅝c.; 2,000 tcs., seller six months, 12⅝@12 7-16c.; 2,200 tcs., seller the year, 12 7-16@12⅝c.

BUTTER—There is a better movement; State Pails of choice grades are in demand, and prices rule firm. Medium grades are quiet, and there is a fair export inquiry for grades ranging from 22@23c. We quote:

CHEESE—The market has improved somewhat since our last, both home trade and for export; shippers are paying for Fancy State 16c., but holders are unwilling to part with their stock at these figures. Western continues in light supply; choice lots when obtainable were freely taken by grocers and the home trade at 14@14¾c., and common do. at 10@12c., the latter taken for shipment to some extent. We quote:

State Factory, fine to fancy	15¼@16¼	State Factory, new, all cream, fair	12¾@14¾
