Hoop Skirts.

NEW SKIRT FOR 1866.

The Great Invention of the Age!!

HOOP SKIRTS.

J. W. Bradley's New Patent Duplex Elliptic (or double) Spring Skirt.

The invention consists of Duplex (or two) Elliptic Pure Refined Steel Springs, ingeniously braided tightly and firmly together, edge to edge, making the toughest, most flexible, elastic, and durable Spring ever used. They seldom bend or break, like the single springs, and consequently preserve their perfect and beautiful shape more than twice as long as any single spring skirt that ever has or can be made.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, operas, carriages, railroad cars, church, pews, arm chairs, for promenade and home dress, as the skirt can be folded when in use to occupy a small space as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards dispense with their use. For children, Misses and young ladies they are superior to all others.

The hoops are covered with two ply double twisted thread and will wear twice as long as the single yarn covering which is used on all Single Steel Hoop Skirts. The three bottom rods on every Skirt are also double steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, etc., etc., which they are constantly subject to when in use.

All are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest, most durable, comfortable and economical skirt ever made.

WEST'S' BRADLEY & CARY, Proprietors of the invention, and sole manufacturers, 97 Chambers, and 79 and 81, Reed streets, New York.

For sale in all first-class stores in this city, and throughout the United States and Canadas, Havanna de Cuba, Mexico, South America, and the West Indies.

WOODFORD!!

THIS Celebrated Thoroughbred Race Horse is nearly 16 hands high, chestnut, well muscled and shaped, was brought to this county in season, and proved himself a race horse; by his own success contending against good blooded horses, not looking a race in this county, as his pedigree will show. The following letter which was received from Mr R. Aitchison Alexander, of Woodford county, Ky., who raised this Colt Woodford and sold him into Ohio, is unquestionable proof beyond dispute of the Pedigree of Woodford:

SPRING STATION, Woodford Co., Ky.,

R. A. Alexander's ch c Woodford;
Gen. Moore's b s Hero;
H. Waller's m Kate Boston, by Lexington dam Anna Stephens by Im. Trustee.

Woodford was the favorite, winning the 1st and 3d heats, and has distinguished himself at several races.—[Wilke's Spirit of the Times.

What may be said of him—he has never yet had a fair chance to show what he could do. He never had the proper handling and was run invariably out of condition being in hands unacquainted with race horses. What was done, was but the result of his uncultivated speed and his great endurance, he being a close descendant of old Boston and Sir Archy. No better blood ever run in the veins of a Horse! Woodford was purchased and brought to this county for the purpose of improving the stock, and will stand the early part of the coming season for a limited number of good mares at the very low price of $25 for the insurance. Mares from a distance will receive good attention and be kept at reasonable rates, on pasture or any kind of feed the owners may direct.

Manhood; how Lost, how Restored.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay on the radical cure (without medicine) of Spermatorrhœa, or seminal weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to marriage, etc; also Consumption, Epilepsy, and Fits induced by self-indulgence or sexual extravagance.

☞ Price in a sealed envelope, only 6 cents.

The celebrated author in this admirable essay clearly demonstrates, from a 15 years successful practice, that the alarming consequences of self abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

Empire Shuttle Machine.

Salesroom, 536 Broadway N. Y. 250 Washington St. Boston. 921 Chestnut St. Philadelphia.

THIS MACHINE, is constructed on entirely new principles of mechanism, possessing many rare and valuable improvements, having been examined by the most profound experts, and pronounced to be

SIMPLICITY AND PERFECTION COMBINED.

It has a straight needle, perpendicular motion makes the "Lock or Shuttle Stich," which will NEITHER RIP nor RAVEL, and is alike on both sides; performs perfect sewing on every description of material, from Leather to the finest Nainsook Muslins, with cotton, linen or silk thread, from the coarsest to the finest number.

Having neither CAM nor COG WHEEL, and the least possible friction, it runs as smooth as glass, and is emphatically a

NOISELESS MACHINE!

It requires FIFTY PER CENT. LESS POWER to drive it than any other machine in the market, a girl eleven years of age can work it steadily without fatigue or injury to health.

Its strength and WONDERFUL SIMPLICITY of construction, renders it almost impossible to get out of order, and is GUARANTEED by the company to give entire satisfaction.

We respectfully invite all those who may desire to supply themselves with a superior article to come and examine this UNRIVALLED Machine.

One half hours instruction is sufficient, to enable any person to work this machine to their entire satisfaction.

THE

MODEL SEWING MACHINE.

[From the New York Herald.]

Prominent among the mechanical triumphs of this most ingenious age, common honesty compels us to notice the Empire Sewing Machine, commended as justly styled perfection itself. Useful as have been the various sewing machines, from time to time presented to the public, each one of them has been cursed with some radical defect, which detracts from general utility. Warned by the experience of his predecessors, the inventor of the Empire Machine has produced an instrument, combining all the advantages for which others are vaunted and obviating every defect which can be attributed to them by the most fastidious critic.

The Empire Machine is a marvellous combination of simplicity, economy and perfect workmanship, being durable, free from liability to get out of order, noiseless, and easy of operation. Its mechanical contrivance is such as to secure stability, freedom from accident, and accuracy as to workmanship By the use of the patented shuttle and straight needle it makes a stitch, which can neither rip nor ravel while, at the same time, it can operate perfectly upon every species, of material from leather to cambric, with threads of cotton, linen or silk, from the finest to the coarsest number.

As the Empire Machine is gradually supplanting its more antique rivals, no one in want of a more useful instrument of this description, be he or she tailor, coachmaker, dressmaker or seamstress, can do otherwise than procure of these economical and inimitable machines, suited alike for family and manufacturing purposes.—The office of the Empire Manufacturing Co. is at No. 536 Broadway, New York City, where they are now supplying these Empire Machines at prices far below the real value of the instruments.—New York Herald.

[From the Phila. Even'g Bulletin, March 10th.]

We are gratified to hear of the continued success in New York, of our townsman, Mr. H. T. Helmbold, Druggists. His store, next to the Metropolitan Hotel, is 23 feet front, 80 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merits of his articles. He returns his office and laboratory to this city, which are also model establishments of their class.

The proprietor has been induced to make this statement from the fact that his remedies, although advertised, are

GENUINE PREPARATIONS

And knowing that the intelligent refrain from using anything pertaining to quackery or the Patent Medicine order most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simplest prescription, much less competent to prepare pharmaceutial preparations,

THESE PARTIES RESORT

to various means of effecting sales, such as copying parts of advertisements of popular remedies, and finishing with certificates.

The Science of Medicine stands simple, pure, and majestic, having fact for its basis, induction for its pillar, truth alone for its capital.

A WORLD OF CAUTION.

Health is most important and the afflicted should not use an advertised medicine, or any remedy, unless its ingredients are known to them, unless the manufacturer, or until they are satisfied of the qualifications of the party so offering.
