ABOUT HUSBANDS.

BY JOHN G. SAXE.

A man is generally better pleased when he has got a good dinner upon his table than when his wife speaks Greek.—*Sam Johnson.*

Johnson was right. I don't agree to all
The solemn dogmas of the rough old stager,
But very much approved what one may call
The minor morals of the "Urse Major."

Johnson was right. Although men adore
Wisdom in woman, and wish learning cram her,
There isn't one in ten but that thinks far more
Of his own grub than of his spouse's grammar.

I know it is the greatest shame in life;
But who among them (save, perhaps, myself.)
Returning home but asks his wife
What beef—not books—she has upon her shelf;

Though Greek and Latin be the lady's boast
They're little valued by her loving mate;
The kind of tongue that husbands relish most
Is modern, boiled and served upon a plate.

Or if, as fond ambition may commend,
Some home-made verse the happy matron show him,
What mortal spouse but from her dainty hand
Would sooner see a pudding than a poem?

Young lady—deep in love with Tom or Harry—
'Tis sad to tell you such a tale as this;
But here's the moral of it—don't ye marry,
Or, marrying, take your lover as he is—

A very man, with something of the brute,
(Unless he prove a sentimental noddy),
With passions strong and appetite to boot—
A thirsty soul within a hungry body!

A very man—not one of nature's clods—
With human feelings, whether saint or sinner;
Endowed, perhaps, with genius from the gods,
But apt to take his temper from his dinner

ENGLISH SYMPATHY FOR MAXIMILIAN.

The conduct of the Mexican Government, in condemning Maximilian to death and his subsequent execution, causes great indignation here and on the Continent.

ANOTHER CABLE.

PARIS, July 5.—The French Government has granted concession to the new Franco-American Telegraph Company, which proposes to lay a sub-marine cable from Brest to some point on the American coast.

STRONG SYMPATHY MANIFESTED IN ALL EUROPE FOR MAXIMILIAN.

A recall of the British Legation from the City of Mexico, and a suspension of diplomatic relations between Great Britain and the Government of Mexico, is seriously proposed.

THE FRENCH GOVERNMENT SUSPENDS RELATION WITH MEXICO.

PARIS, July 5—Evening.—The Moniteur to-day has an article expressing its detestation of the murder of Maximilian.

In the Senate and Corps Legislatif to-day speeches were made denouncing his execution as a crime against civilization. Orders have been sent out suspending from their functions all French consuls in the Mexican Republic.

All festivities in this city have ceased, and all preparations for forthcoming fetes have been abandoned out of respect for the memory of the ill-fated Maximilian.

Mexican News.

PARTICULARS OF THE DEATH OF MAXIMILIAN.

From Mexico we have official intelligence of the execution of Maximilian, Miramon and Mejia. The trials of Maximilian, Mejia and Miramon were ended on the 14th ultimo, and they were sentenced to be executed on the 16th. Juarez suspended the execution for three days, and they were shot on the 16th at 7 o'clock in the morning.

Escobedo writes from Queretaro:

"I have, by the execution of these mastertraitors, made terror the order of the day everywhere; I have imposed large contributions on the rich, and have confiscated their property and their all; where I could not do it in person my delegates have strictly complied with my orders. I hope before closing my military career, to see the blood of every foreigner spilled that resides in my country." (The Mexican Minister at Washington does not believe Escobedo ever wrote any such stuff.)

On the morning of the 18th the Prussian Minister made another attempt to save them, but failed. Maximilian was shot face to the front. His last words were "Poor Carlotta!" Miramon and Mejia were reduced from the rank and shot in the back.

General Berriozabel immediately communicated the news to General Reynolds at Brownsville. There is great rejoicing in Mexico over the event.

Among Maximilian's papers found in Queretaro was a will, by which, in case of his death, he appoints Theodosia Leares, Jose Maria Lecunza and Marques regents of the empire. Portions of Maximilian's service-plate are on exhibition as trophies at Matamoros.

CAPITULATION OF VERA CRUZ.

MOBILE, July 5.—The steamer Tobasco bearing the Mexican flag, arrived here yesterday morning with about five hundred of the Foreign Legion from Maximilian's command. The garrison of Vera Cruz left that city on the 28th of June. The capitulation was signed on the 27th. They marched out with their colors flying, and were saluted by the Liberal forces. They were allowed to retain their arms, and were furnished with national vessels to leave Mexico. Lieut. Colonel J. E. Sudry, of the French army, commands them, and it is said that they will be mustered out here.

PRESIDENT JAUREZ TO RESIGN.

President Juarez expresses an intention of resigning his official position. He is unable to control the intemperate councils of his countrymen, and has to give his enforced sanction to acts, which his judgment does not approve. To save his reputation from becoming too seriously compromised, he deems it prudent to lay aside his official functions.

Decayed teeth are indicative of a disordered stomach. Acidity of the Stomach has a very deleterious effect on the teeth. One's Dyspepsia Cure neutralizes it immediately. It is the most powerful corrector for the stomach known.

Lyon's Periodical Drops.

The Great Female Remedy for Irregularities.

THESE DROPS are a scientifically compounded fluid preparation, and better than any Pills, Powders or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the surest, safest, and most infallible preparation in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing a direct contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine.

Prepared by Dr. JOHN L. LYON, 195 Chapel Street, New Haven, Conn., who can be consulted either personally, or by mail, (enclosing stamp,) concerning all private diseases and female weaknesses. Sold by all Druggists everywhere. C. G. CLARK & CO., Agents.

YOUNG MEN

THE EXPERIENCE OF THE PAST TEN YEARS has demonstrated the fact that reliance may be placed in the efficacy of

BELLE'S SPECIFIC PILLS

for the speedy and permanent cure of seminal weakness, emissions, physical and nervous debility, impotence, or want of power, the result of sexual excess, or youthful indiscretion, which unsexed, ruins the happiness and unfits the sufferer for business, social society or marriage, and often terminates in an untimely grave. Price $1 per box, containing the remedy. It is entirely vegetable and harmless on the system, can be used without detection or interfering with business pursuits, and no change of diet is necessary while using the one dollar.

If you cannot get them of your druggist, send the money to Dr. J. Bryan, 819 Broadway, N. Y., and they will be sent free from observation by return mail. Private circulars to gentlemen sent free on application. [J c a ow 13y

CLEVELAND, O.

Mr. H. begs leave to say to the citizens of Fremont and vicinity that having for many years been largely engaged in the Musical Instrument trade in the Great West, with headquarters at Cleveland, having the very best facilities for furnishing good and reliable instruments and would be pleased to hear from the musical public in this locality, and take good pleasure in referring to Messrs. WILCOX & GREENE of the *Journal.*

THE

BRADBURY PIANO

is a favorite with us, and having dealt largely in this beautiful instrument for many years, we take great pleasure in recommending it to our patrons, and with an assortment from over 20 other good New York and Boston makers, we have unequaled advantages in the West.

THE

JEWETT AND GOODMAN

ORGAN & MELODEON,

Has also a leading place in our *Sample Room* at Cleveland and is now well known to need further comment. As it has become quite a too common practice for parties to call inferior instruments good and sell them for such, we hope to be successful in establishing a permanent trade on a uniform basis of fair dealing and thereby secure the entire confidence of the public.

Hoping that this introductory notice of our music trade may lead to a mutually pleasant and profitable acquaintance with the refined and music loving people of Fremont and vicinity, we are very truly
