FRIDAY, MAY 21—P. M.

The very opening of the stock market this morning was marked by a more steady tone, with a fractional advance in some of the shares, but it soon became apparent that the temper of the room was not yet ripe for a rally, and prices generally sagged heavily. Erie, however, was a notable exception to the rule, this stock having remained firm at and above its opening price. Undoubtedly there has been created a large if not dangerous short interest in Erie, induced by the recent exposure of its affairs by President Jewett's report; and it is thought not unlikely that some of the Germans of the Stock Exchange, who are supposed to have been caught heavily long of the stock, should make an attempt either to collect a premium from the bears for its daily use, or to advance the price upon them. And the rumors of such a purpose, which were this afternoon current, seem to find verification in the exceptional strength of the stock to-day, and particularly at the close. Be this as it may, the condition of the affairs of the Company remain unchanged; and if an effort, as above indicated, should be made and prove successful in advancing the price 4 or 5 per cent, it would afford an excellent opportunity for the unfortunate outside holders of the stock to realize upon their ventures. Pacific Mail formed another exception to the general weakness, and recorded within ⅛ per cent of its lowest price at the opening. St. Paul, Ohio and Miss., and Hannibal and St. Jo. were particularly weak stock, declining from the opening 2⅜, 1⅜, and 3½ per cent respectively, and made subsequently only a partial recovery in the late dealings, when the general market became very strong. The total business of the day resulted in the purchase and sale of 250,000 shares, of which 41,200 were Western Union at 76⅞@77@76½@76¾@76¼@76⅞, making no change from the final price of last night. 400 shares of Atlantic and Pacific Telegraph were sold at 25@24½, a decline of ½ per cent; 34,700 Pacific Mail at 36¾@37⅜@36¾@37¼@36⅝@37⅛, a gain of ½ per cent; 400 shares of Panama at 142¾@141, a decline of 1 per cent; 1,400 shares of Atlantic and Pacific Preferred at 15⅛@14⅝@14⅞, a decline of ⅝ per cent; 600 shares of Pacific of Missouri at 50@49½, a decline of ½ per cent; 15,300 shares of North Western at 38¼@38½@37⅝@38⅜@38¼, no change, and 700 shares of Preferred at 53½@53, a decline of ⅛ per cent; 8,900 shares of St. Paul were disposed of at 35⅛@32¾@33½@33½@33⅜, a decline of 1⅝ per cent, and 700 shares of Preferred at 56@56⅛@54½, a decline of ½ per cent; 1,200 Rock Island at 102½@102⅜@102⅛@102⅝, a gain of ⅜ per cent; 15,600 shares of Ohio and Mississippi at 22¾@22⅜@22⅝@21¾@21⅝@21@22¼, a decline of ⅝ per cent; 2,600 shares of Wabash at 8¾@9⅜@9, no change; 30,700 shares Lake Shore at 67⅝@67½@66¾@67⅜, a gain of ⅛ per cent; 76,000 Erie at 22⅞@22¾@23½@23@23½@22⅞@23¾@23⅝, a gain of 1 per cent; 600 shares of Central and Hudson at 104@104⅛, a gain of ⅛ per cent, and 3,300 shares of Hannibal and St. Jo. at 23¼@20⅞@22¼, a decline of 1⅛ per cent. The market closed irregular, but generally strong, from a demand to close up short contracts. The London market opened strong and higher, and ruled firm until the close, when British and United States securities became weak and declining on reports of a heavy failure in Lombard-st. Money on three months' bills of discount was easier at 3 5/16 per cent, or 3/16 below the minimum rate at Bank of England, which institution made a gain on balance of £216,000. Erie was less active and slightly firmer, opening at 20½, selling at 20⅞, and closing at 20¾. The foreign exchange market was quiet, with nominal rates unchanged, at $4 87½@$4 90½. The selling rates were on the basis of $4 86½@$4 87 and $4 89½@$4 90. The movement of the gold clique has not yet had any material effect upon exchange. Dealings were not large or of great importance. On gold loans the rates were first flat, and then 1, 2, and 1½ per cent, paid for carrying.
